

2016 LINCOLN MKT

Gifted with optimism and drive, some individuals are confidently comfortable expressing their authentic selves. Lincoln MKT can relate. A sophisticated fusion of progressive design and purposeful function, MKT entices with its alluring exterior. Then it charms you with its exquisitely tailored, blissfully quiet interior. All the while, its personalized technologies help simplify your life, while treating you to a responsive and exhilarating, yet remarkably smooth ride. Captivating. Rewarding. The 2016 Lincoln MKT.

## EXPRESSIVE DESIGN

### SPACIOUS AND SERENE, LINCOLN MKT CARRIES UP TO 7 AND GRACIOUSLY CARES FOR THEM ALL.

Your focus on living well can also include travelling well – in MKT. Comfortably contoured seats are trimmed with **Bridge of Weir™** leather in the 1st and 2nd rows. You may encounter this premium leather – created using an **organic tanning process** – on fine furniture, ocean liners and jets, too.

Take a seat, and experience an open space beautifully lit by the standard fixed-glass **Vista Roof®**. You and your front passenger are treated to 12-way power, **heated and cooled bucket seats** that include 4-way adjustable head restraints, power lumbar support and a **driver's seat memory** feature.

Your 2nd-row passengers can relax on the standard 60/40 split bench with **heated outboard seats** or in their own heated and cooled bucket seats.<sup>1</sup> Either way, they'll also enjoy **best-in-class<sup>2</sup> 2nd-row leg room**. Plus, both configurations offer easy access to the **PowerFold®<sup>1</sup> 3rd-row 50/50 split bench seat**.

Front and rear **power sunshades** cover the fixed-glass roof to help keep the interior temperature comfortable. The cabin's **particulate air filter** helps you breathe easy. Plus, **acoustic-laminate front-door glass** helps keep your MKT quiet inside. When it comes to matters of contentment, MKT is all in.

<sup>1</sup>Available feature. <sup>2</sup>Class is Luxury Large Utilities based on Lincoln segmentation.

## EXPRESSIVE DESIGN

IN THE SAME WAY AN ARTIST'S STYLE DRAWS YOU TO A PIECE, ELEGANTLY ARRANGED CONTROLS DRAW YOU TOWARD MKT.

Slide behind your leather-wrapped heated<sup>1</sup> steering wheel and take in the richness of the genuine wood accents, designed to add visual interest to the wheel and the instrument panel, as well as the door trim. You'll notice paddle shifters discreetly mounted to the back side of the steering wheel. They allow you to take control of the 6-speed SelectShift<sup>®</sup> automatic transmission with ease whenever you want to spice up your drive.

The position of the driver's seat, the tilt/telescoping steering column, the sideview mirrors, and even the brake and accelerator pedals can be adjusted using power controls, then saved to a memory setting for MKT to recall at the touch of a button.

Providing personalized comfort for you, your front passenger and those in the 2nd row, tri-zone electronic automatic temperature control lets you set a different preferred temperature for each area. This feature also works in tandem with the Remote Start System to prepare the cabin for your arrival. It's one of the many ways MKT keeps drawing you in.

<sup>1</sup>Available feature.

### ADAPTIVE HID HEADLAMPS

To provide more visibility when driving around curves, adaptive HID headlamps feature beams that move in the same direction as the steering wheel. Their bright, white light also provides better visibility than conventional halogen lamps. Paired with the convenience of auto high beams, they contribute to the sparkling style of every 2016 MKT.

INNOVATIVE TECHNOLOGIES

It's important to have a sense of what's happening around you. A **Reverse Sensing System** and rear view camera are both standard on every MKT. The warning sounds and full-colour visuals are helpful when you're backing into or out of tight spaces. Plus, the camera can display visual guidelines to help you estimate distances.

Many a driver has gone around the block just to avoid parallel parking. **Active park assist**<sup>1</sup> can help take the guesswork – and stress – out of it. Ultrasonic sensors measure open spaces to help the system find a parking spot as small as 1.2 times the length of your vehicle. When it does, take your hands off the wheel, then watch the rear view camera screen as the system guides you into it, while you control the brake, shifter and accelerator.

INNOVATIVE TECHNOLOGIES

Every now and then, we need a little nudge in the right direction. Fortunately, the **Lane-Keeping System**<sup>1,2</sup> can alert you with steering wheel vibration pulses if it senses you drifting out of your lane, and can then apply steering wheel torque to help direct you to steer back into it. The **Driver Alert System**<sup>1</sup> uses a forward-facing camera to detect lane markings, and displays a coffee cup icon in your gauge cluster if it detects that you've come too close to – or crossed – the lane marker lines too many times.

It always pays to plan ahead – and your MKT can help with that. Using advanced radar technology to constantly scan for slower vehicles in front of you, **adaptive cruise control and collision warning with brake support**<sup>1</sup> can automatically change your vehicle's speed to maintain your choice of 4 preset gaps – without you having to engage the brake or accelerator pedals. If collision warning with brake support senses a potential collision, the system flashes a warning across the windshield, sounds an alarm, and then pre-charges the brakes and increases the brake-assist sensitivity to help provide full responsiveness when you brake.

It can be easy to miss when a vehicle has entered your blind spot. Just as the name suggests, **BLIS® (Blind Spot Information System)**<sup>1</sup> helps keep you aware of things that may be out of your line of view. The system alerts you with a light in the corresponding sideview mirror<sup>3</sup> if its radar sensors detect a vehicle. Cross-traffic alert<sup>1</sup> notifies you with an audible warning and a light in your sideview mirror if it detects a vehicle approaching either side as you're slowly backing out of a space.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. <sup>1</sup>Available feature. <sup>2</sup>Lane-Keeping System does not control steering. <sup>3</sup>BLIS replaces standard integrated blind spot mirrors.

What could be easier than speaking your mind? Our next generation of voice-activated technology – SYNC® 3 – connects you to the world around you with its straightforward new design and features! Audio, phone, navigation<sup>2</sup> and other functions are concisely presented on the full-colour 8" LCD touch screen. Whether you command it using simple, everyday language, or swipe its capacitive touch screen, SYNC 3 delivers high-speed performance. Plus, automatic updates over Wi-Fi<sup>3</sup> help keep it running at its best, so you can keep your eyes on the road and hands on the wheel.

#### SYNC 3

Place and answer calls, and control music from your USB or smartphone, all with simple voice commands. New seamless integration with Siri® brings the power of Siri Eyes Free<sup>4</sup> and your iPhone® into your vehicle. Navigation<sup>2</sup> lets you pinch to zoom maps and makes it easy to enter your destination, find the closest beach or ski resort, and so much more. SYNC AppLink™<sup>5</sup> lets you control compatible mobile apps by voice too.

#### THX II CERTIFIED AUDIO SYSTEM

The 14-speaker THX® II Certified 5.1 Surround Audio System<sup>2</sup> with patented THX Slot Speaker™ Technology and specialized digital sound processing fills the cabin with studio-quality sound, ensuring you experience music exactly as the artist intended.

#### SIRIUSXM

Listen to your favourites all across Canada with SiriusXM.<sup>®</sup> Get the best in audio entertainment, including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment, with your 6-month prepaid subscription.<sup>6</sup>

<sup>1</sup>Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. SYNC voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. <sup>2</sup>Available feature. <sup>3</sup>Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply. <sup>4</sup>You must have a Bluetooth®-enabled phone paired to your SYNC system. <sup>5</sup>SYNC AppLink is available on select models and compatible with select smartphone platforms. Commands may vary by phone and AppLink software. <sup>6</sup>SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

INNOVATIVE TECHNOLOGIES

*POWERFUL PRESENCE*

**3.5L ECOBOOST**

Turbocharge your travels. Lincoln MKT matches your passionate pace with its **365-hp<sup>1</sup>** 3.5L EcoBoost<sup>®</sup> twin-turbocharged, direct-injection engine. You'll especially enjoy its substantial low-end torque when you accelerate to pass other vehicles or to enter a highway. MKT with EcoBoost also features **Intelligent all-wheel drive (AWD)** for a dynamic driving experience – rain or shine.

<sup>1</sup>Figures achieved using 93-octane fuel.

## POWERFUL PRESENCE

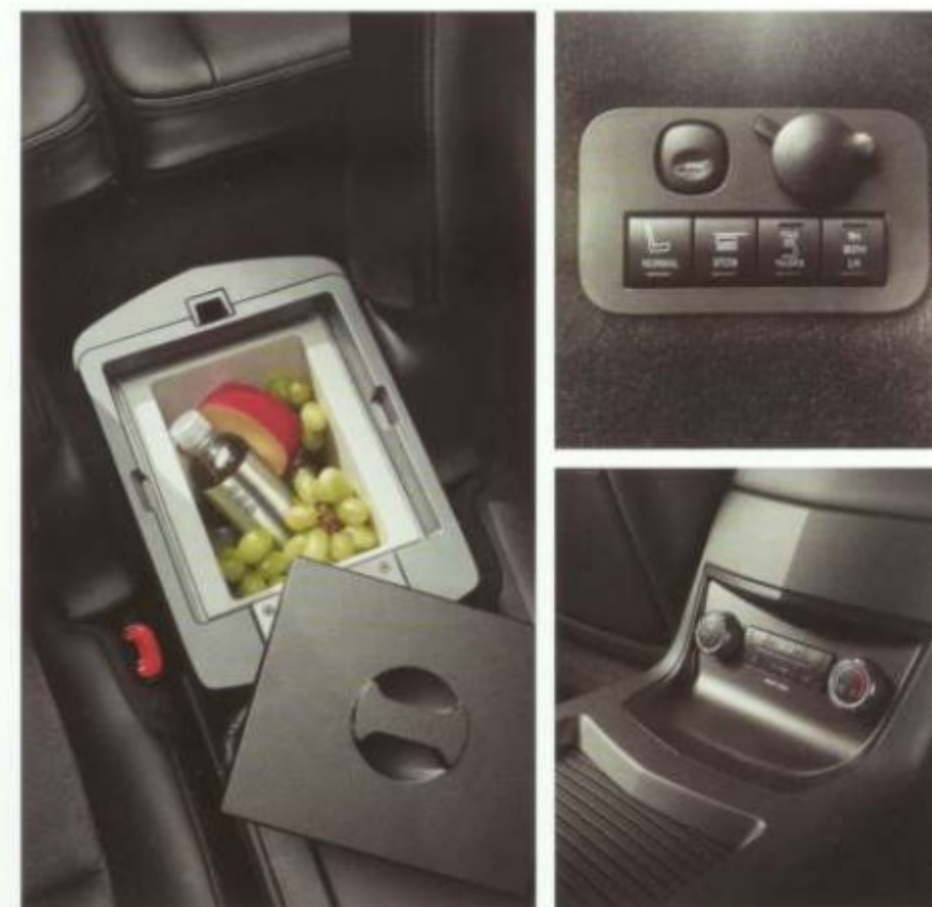

Whether you frequent curvaceous country lanes or aggressive urban on-ramps, MKT is engineered to help you enjoy the ride. **Lincoln Drive Control featuring continuously controlled damping (CCD)** uses sensors to read the road – and your driving input – 500 times per second, then quickly adjusts the firmness and damping at all 4 wheels to help your vehicle be in harmony with the road. The system also lets you select between 3 drive modes – Comfort, Normal or Sport – to match your driving style. **Electric power-assisted steering (EPAS)** automatically adjusts your steering for different driving situations. At the same time, **Torque Vectoring Control** adjusts the speed between your front wheels for enhanced cornering and agility.<sup>1</sup> In addition to detecting if you're entering a curve too fast, **AdvanceTrac® with RSC® (Roll Stability Control™)** and **Curve Control** can selectively apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.<sup>1</sup> Choice. Control. Confidence. That's Lincoln MKT.

<sup>1</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

## PREMIUM EXPERIENCES

Empower yourself to make the most of every journey in MKT. The **power Vista Roof<sup>®1</sup>** opens up to offer everyone incredible views. Keep your favourite snacks and beverages chilled during longer trips with the **2nd-row refrigerated console<sup>1</sup>**, which features cool and freeze modes. A simple press of a button inside your MKT or on the key fob is all it takes to open or close the standard **power liftgate**. Push-button ease can also be yours in the 3rd row, with a **PowerFold<sup>®</sup> seat<sup>1</sup>** that accommodates 2 people or easily folds flat to increase your cargo space. Your 2nd-row passengers can use controls on the back of the centre console to set the **tri-zone electronic automatic temperature control** and adjust their own **heated and cooled bucket seats<sup>1</sup>** for the utmost comfort. It's easy to find your Zen inside the 2016 Lincoln MKT.

THE LINCOLN MOTOR COMPANY

THE LINCOLN

## PLEDGE

### There For You

Our pledge is the collective promise of everyone at the Lincoln Motor Company to be there for you and your Lincoln. As you join the Lincoln family, you're not only choosing an exceptional vehicle, but also exceptional maintenance and service. A few of the many comprehensive services designed for you are:

- 24/7 Roadside Assistance for peace of mind
- Expert advice for all your questions
- Convenient courtesy vehicle available while yours is in service
- Complimentary car wash to brighten your day

We provide all this and more in order to help keep your Lincoln running smoothly. We're here for you. Visit your local Lincoln Dealer or call the Lincoln Concierge at 1.888.658.6554 for details. Available at participating dealers. Restrictions may apply.

**Lincoln Automotive Financial Services** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Lincoln Automotive Financial Services. Visit your local Lincoln Dealer, call the Customer Service Centre at 1.855.768.8909 or go to [LincolnAFS.ca](http://LincolnAFS.ca) for details.

**Ford Extended Service Plan** Help protect your investment and add to your peace of mind by complementing your Lincoln purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with the Lincoln Maintenance Protection Plan (LMPP), which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your local Lincoln Dealer for details.

**Lincoln Limited Warranties** Your 2016 Lincoln MKT comes with a 4-year/80,000-km Basic Warranty. Your Powertrain Warranty, Safety Restraint System coverage and Corrosion coverage last even longer. See your local Lincoln Dealer for details.

**Lincoln Original Accessories** that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 4-year/80,000-km New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Lincoln Dealer for details and/or a copy of all limited warranties.
