CHRYSLER

Where quality and technology meet, comfortably.

LeBaron GTS Premium model instrument panel.

LeBARON GTS

This newest Chrysler is the American sports sedan that challenges BMW 528e, Mercedes 190E, and Audi 5000S Turbo in United States Auto Club tests covering braking, cornering, slalom and acceleration.

The 1985 LeBaron GTS is a front-wheel drive four-door liftback sedan with sleek aerodynamic styling incorporating low-profile front end, sloping hood, and aero-wrap flush-mounted windshield.

LeBaron GTS's maneuverability is the combined result of such features as a road-touring suspension system that includes nitrogen-charged dual-path front Iso-Struts and rear shocks; fast-ratio, precision-feel power-assisted rack-and-pinion steering; and front-wheel drive technology.

LeBaron GTS is powered by the proven Chrysler-built 99-horsepower 2.2-liter engine with electronic fuel injection. For increased responsiveness, a 146-horsepower turbocharged version of this engine is optional.

The LeBaron GTS gives you four-door convenience plus a liftback for easy cargo-area loading. It features space, comfort and convenience. Interior features include low-back front bucket seats with recliners, storage in the front console, door and sun visor pockets, cup and coin holders, and more.

LeBaron GTS Premium model interior with optional Corinthian leather seats in Black.

The instrument panel on the High Line version of the LeBaron GTS has electro-mechanical analog gauges. The Premium version has a full Electronic Instrument Cluster with digital readouts for speedometer, odometer and trip odometer, and graphic displays for the tachometer and functions such as fuel level, engine coolant temperature, voltage, and oil pressure.

Some of the equipment shown or described throughout this catalog is available at extra cost.

LASER AND LASER XE

The Chrysler Laser and Laser XE are Chrysler's first true sports cars. Their distinctive front-wheel drive technology provides efficient stability and control. And their sleek shape with a low .35 coefficient of drag makes them effective performers. The standard engine is a 99-horsepower electronic fuel injected 2.2-liter Trans-4. It is coupled to a close-ratio five-speed overdrive manual transaxle. For more power and response, a 146-horsepower turbocharged version of this engine is optional. The split-back folding rear seat provides room for larger luggage while also accommodating a rear seat passenger. You can realize savings on several optional equipment packages.

1985 Chrysler New Yorker, shown in Black Crystal Coat.

NEW YORKER

The 1985 Chrysler New Yorker is the high-tech luxury sedan that gives you outstanding performance with its optional 146-horsepower turbocharged 2.2-liter Trans-4 engine with electronic fuel injection. With New Yorker, you enjoy sophisticated technology, room and stability, courtesy of front-wheel drive. And you can realize special savings on an optional Luxury Equipment Discount Package* with a number of valuable extras including the turbocharged engine and leather seating.

FIFTH AVENUE

The 1985 Chrysler Fifth Avenue continues to provide honest value in a traditional full-size luxury car. It offers an industry hallmark of over fifty standard features plus Chrysler Corporation's exceptional 5/50 Protection Plan† covering this and all other Chryslers and Plymouths. And as with many Chryslers and Plymouths, significant savings are available when you order the optional Luxury Equipment Package.*

*Package discounts are based on Manufacturer's Suggested Retail Price of options if purchased separately.
†Upon expiration of the normal 12-month/12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components, including engine, transmission and axle—plus outer panel rust-through protection, to five years or 50,000 miles, whichever comes first. A deductible may be required. Fleet and lease vehicles excluded. See your dealer for details.

Mark Cross interior option with leather-and-vinyl seating, available on all models. Convertible bucket seat interior shown in Charcoal and Silver.

LeBaron four-door interior, shown in Red cloth-and-vinyl trim.

THE LeBARONS

There's a 1985 Chrysler LeBaron to suit your lifestyle exactly. The practical and prestigious LeBaron four-door sedan. The sporty and distinctive two-door coupe. The innovative family-carrying Town & Country wagon. The exciting LeBaron convertible. All with advanced front-wheel drive technology. All with the optional driving excitement of a responsive 2.2-liter turbocharged Chrysler engine with electronic fuel injection. And all equipped with Chrysler's TorqueFlite three-speed automatic transaxle.

LeBaron four-door has interior space expanded by front-wheel drive technology to provide room for six. The crisp aerodynamic styling is accented by the full padded vinyl roof.

Innovative LeBaron two-door's sporty distinction includes a new full-length center console between the high-back cloth bucket seats. The console contains storage, removable coin holder, and cup holder (cassette holder if you order a radio/cassette player).

The distinctive Chrysler Town & Country wagon provides 67.1 cubic feet of cargo space with the rear seat folded down. The cargo and passenger areas are fully carpeted, and the cargo area is protected by skid strips. A roof luggage rack is standard.

Town & Country wagon is powered by a standard 2.6-liter Silent Shaft engine, built for Chrysler by Mitsubishi Motors Corporation. This engine provides increased power, to handle the loads you can carry. For even more power specify the optional 146-horsepower turbocharged 2.2-liter engine.

The American convertible was reborn with LeBaron convertible. The 1985 Chrysler LeBaron convertible offers you a wide choice of style, comfort and performance. You can choose one in Town & Country trim featuring simulated woodgrain body accents. Inside, add the Mark Cross Package with luxurious low-back front bucket seats and an interior trimmed in leather and vinyl.

You can realize significant savings now on the 1985 Chrysler LeBaron of your choice by specifying either the Popular Equipment Discount Package or the Luxury Equipment Discount Package where applicable.*

*Package discounts are based on Manufacturer's Suggested Retail Price of options if purchased separately.

Instrument panels on the 1985 Chrysler LeBarons have easy-to-read instrumentation, set off by elegant dark woodtone accents. New low-travel controls for heater and optional air conditioner provide more precise temperature settings, more driver choices for directing heated or cooled air and greater selection of air velocity. New radio options include Ultimate Sound System stereo.

LIMOUSINE

The 1985 Chrysler Limousine is the high-tech luxury car with advanced front-wheel drive technology. It has a full 131-inch wheelbase providing seven-passenger capacity. The front-wheel drive design increases interior room and passenger comfort while providing stability and a smooth ride. Efficient power for the Chrysler Limousine is furnished by a standard Mitsubishi-built 2.6-liter Silent Shaft four-cylinder engine. Special Limousine construction involves strengthened structural assemblies and suspension components for durability. The Limousine, like all Chryslers and Plymouths, is built with extensive quality control procedures and corrosion-resistant provisions.

An example of the Limousine's many standard features is the power-assisted sliding glass window in the divider between front and rear passenger areas. The divider also houses two rear-facing folding jump seats. Other standard features include front and rear electronically tuned stereo radios, stainless steel exhaust system, padded vinyl landau roof with opera lamps, and provision for telephone installation.
