

1987 HONDA

A close-up, low-angle photograph of a car's front end. The image shows the hood, grille, and bumper area. A prominent red stripe runs diagonally across the frame. The car's body is painted in a light blue or silver color. The background is dark and out of focus.

Happiness. By Honda.

Whether your idea of happiness is a hatchback that lets you sit up straight, or a family sedan that can handle the occasional unexpected addition, Honda understands.

All Hondas are designed around people. That's why in 1986 we were rated #1 in customer satisfaction*. Of all cars, imported or domestic.

Honda knows how to make you happy. With wagons that can take anything from a cub scout troop to Mother Nature's wettest weather.

With an aerodynamic line of luxury sedans and hatchbacks that keep setting the industry standard. And raising it.

With a rocket on wheels and a sports coupe designed to let you make a statement without screaming.

You'll find the same intelligent approach to engineering in every front-wheel drive Honda.

The hoodline is low to the ground. The nearly flush windshield and front air dam also help reduce aerodynamic drag.

A winning Formula 1 racing design inspired our 12-valve engine with Programmed Fuel Injection, and the unique double wishbone suspension, standard on the Accord and Prelude.

The interior of every Honda was refined to give you more room. With thoughtful features like the Civic DX Hatchback's reclining rear seats that slide back and forth for even greater legroom.

It's no wonder Honda is first in customer satisfaction. Or, that we continue to be first in owner loyalty of all leading imports!

Take a close look here. Then see your local Honda dealer. You'll be happy you did.

Accord LXi 4-Door Sedan

Some cars are built for power. Others for comfort. This is the perfect balance of both.

Accord LXi Hatchback

This sleek hatchback gives more power to you. For going places. Fast.

Civic DX Hatchback

The shape of this Hatchback tells you what to expect on the inside. RRRRoom!

Civic 4-Door Sedan

With plenty of room for expansion, it's a nice place to raise a family.

Civic Wagon

For creative solutions to space problems, this wagon has room to spare.

CRX

Good looks. And more fun per gallon. Plus 14.7 cubic feet of cargo area.

Prelude Si

The Prelude Si looks fast standing still. It is also a model of comfort.
