LIFTBACK ROOM SPORTS CAR ZOOM

Introducing Toyota's new Corolla FX16 with the versatile convenience of a roomy 3-door liftback and the zoom of a sports car. Its roomy cloth interior provides a versatile companion for shopping, commuting or vacationing. The FX16's nimble, compact size and the 5-speed manual overdrive transmission or optional ECT 4-speed automatic transmission give the FX16 sporty performance that makes getting there more fun. There's 4-wheel independent suspension for a comfortable ride and road-hugging stability. Power rack-and-pinion steering makes maneuvering quick and positive, and Eagle GT tires help provide sure-footed traction.

STREET SMART 16-VALVE HEART

Corolla FX16 is a versatile front-wheel drive performer. The FX16 engine is a fine example of Toyota's leadership in multi-valve, high-performance engine production and, of course, traditional Toyota quality. The thrilling twin cam, 16-valve powerplant redlines at 7500 rpm and can carry you from 0 to 60 mph in just 8.7 seconds and cover the quarter mile in under 17 seconds.* The FX16 power curve is broad and flexible for quick acceleration onto expressways or for effortless passing. You'll find new fun driving with either the FX16 or FX16 GT-S. Uptown commute or out-of-town weekend, the FX16 makes getting there the best part.

According to *Car and Driver*: "...the front-drive Corolla FX16 [is] a car that defines the term 'pocket rocket.'"^{**}

FLAIR!

GT-S SPORT SEAT INTERIOR

ALL-AROUND PERFORMER

The FX16 combines all the driving thrills of a highly tuned road machine with the interior comfort and 3-door versatility of a roomy liftback design. Now you can have equal amounts of sporty performance and room for five, plus over 14 cu. ft. of fully-carpeted storage space. Fold down the convenient split rear seatbacks, and you have almost 30 cu. ft. of

GT-S EASY ACCESS CARGO AREA

cargo space for sports gear, luggage or your St. Bernard. The wide-opening rear hatch lets you load cargo easily at rear bumper height.

BUCKLE UP AND GO!

Slip behind the sporty wheel of the FX16 GT-S and get ready for some fun driving. As you scan the interior, check out the full instrumentation with large speedometer and tachometer clearly visible behind the leather-wrapped steering wheel. Glance outside. Notice that the large glass area gives you excellent visibility in all directions.

5-SPEED MANUAL OVERDRIVE TRANSMISSION

Now the fun begins. Slip the crisp-shifting 5-speed manual overdrive transmission into gear and go. If you prefer automatic, there's an optional electronically controlled 4-speed automatic overdrive transmission with shift pattern selector that lets you choose "Normal" and "Power" shift points to match your style of driving.

On the road, you and your passengers will find a lot to like in the comfortable FX16 GT-S interior. You're surrounded by soft-touch fabrics that are both durable and beautiful. The front seats recline fully, and the driver has the option of a 7-way adjustable Sport Seat. There's luxurious cut-pile carpet throughout, including the fully-carpeted cargo area. Color-coordinated fabric is used for the headliner, sun visors and door trim.

CONVENIENCE FILLED

The FX16 has thoughtful conveniences wherever you look. There are many convenient storage areas: a storage console between the front seats, a spacious glove box, and storage pockets in both doors and both rear quarter

panels. And you can add to your driving pleasure with your favorite music, faithfully reproduced. You can upgrade your FX16 with an optional electronic AM stereo/FM/MPX tuner with four speakers and auto-reverse cassette. Other FX16 comfort options include dual-stage air conditioning, power sunroof, cruise control, and a Power Package, including power windows and door locks, and more. One feature isn't optional at all; it's standard on the FX16: pure driving fun.

GT-S 7-WAY ADJUSTABLE DRIVER'S SPORT SEAT

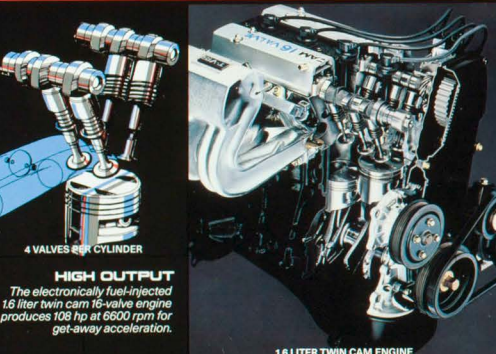

In the words of *Motor Trend* magazine: "We found the FX16 GT-S to be a broad-range automobile...a sporty-looking runabout, with enough room inside to carry most of the items one needs to support a household; a quick, light sportster for getting down the road in fun; a car you could live with and enjoy from day to day. It has looks, grace, poise and speed..."*
