LAND CRUISER WAGON

For over 30 years, Toyota Land Cruiser has stood out among the competition for its durability and reliability. With its powerful 4.2 liter 6-cylinder engine combined with an easy-shifting 4-speed manual transmission and 2-speed transfer case, the Land Cruiser Wagon delivers dependable performance—driving on the highway or carefully inching your way among boulders.

Land Cruiser's reputation for rugged durability has been proven time and again. It comes to you off-road ready, fully equipped with extra heavy-duty suspension, running gear, steel protector plates and HR78x15 Mud & Snow radial tires. An Accessories Package includes chrome steel wheels and more.

Along with that reputation goes spacious room for driver, passengers and gear. Plus plenty of comfort and convenience features: power steering, tilt steering wheel, optional air conditioning. Pick your place, and Toyota's Land Cruiser will take you there.

The Toyota Touch is our commitment to give you more satisfaction and produce better vehicles than anyone else. Toyota and its dealers are committed to this extra effort at every step of the way, from the manufacture of quality vehicles to quality after-sale service.
