

# 1993 HYUNDAI

**HYUNDAI**  
Cars that make sense.

The 1993 Sonata is roomy, refined and packed with standard features. Among them is Sonata's well-deserved reputation as the best value in its class. Value in Sonata's case means exceptional room, nimble handling and first-class comfort for driver and passengers alike. Take your choice of a smooth 2.0 liter DOHC dual balance shaft engine or a powerful 3.0 liter V6. You'll find that with abundant standard features like air conditioning and more room than any Toyota or Honda sedan, Sonata

puts many more expensive cars to shame.

Sonata GLS comes with a six-speaker AM/FM ETR stereo cassette system, power windows, door locks and dual power remote mirrors. And its very affordable price lets you add options like sumptuous leather interior trim, a Premium Hyundai/Polk Audio entertainment system with compact disc player, or ABS anti-lock braking.\*

The 1993 Sonata is proof that you *can* have it all; you just have to know where to look.

Passive shoulder belt detached for display only. Do not detach shoulder belts. Buckle up...it saves lives.

**ValueCare Ownership**™ Every 1993 Hyundai includes two years or 24,000 miles of free regular scheduled service and maintenance. See back cover for details.

\*Available GLS V6 models only.

With smart, contemporary styling, advanced engineering, outstanding handling and abundant standard features, it's no surprise this no-compromise family sedan is our best-selling model.

Elegantly enhanced by protective bodyside moldings, bodycolor bumpers and full wheelcovers, Elantra comes well dressed. With dual remote mirrors, storage console, electric rear window defroster and contoured, multi-adjustable bucket seats, it's also very well-equipped.

Elantra's sophisticated multi-valve DOHC engine uses dual balance shafts for exceptional smoothness; this technology is found in some of the world's most expensive cars.

For added luxury, there's Elantra GLS. Exterior accents include color-keyed bodyside moldings and deluxe wheelcovers. Inside, you'll enjoy power windows and door locks, dual power remote mirrors, an AM/FM ETR cassette stereo system and a tilt steering wheel.

If this sounds like your kind of car, you owe yourself the pleasure of a test drive. You might just find that you and Elantra have a lot in common.

Passive shoulder belt detached for display only. Do not detach shoulder belts. Buckle up...it saves lives.

**ValueCare Ownership**™ Every 1993 Hyundai includes two years or 24,000 miles of free regular scheduled service and maintenance. See back cover for details.

The idea behind the 1993 Hyundai Scoupe is simple: style, performance and on-the-road enjoyment shouldn't have to cost a ton of money.

The Scoupe LS you see here makes even everyday driving fun, with an all-new 12-valve engine mated to a five-speed manual transmission. You'll savor the sound of a 50-watt AM/FM ETR stereo cassette system and enjoy the convenience of a tilt steering wheel, power windows and dual power outside mirrors. What's more, you can splurge on enticing options like a removable tilt-up glass sunroof and high-line audio system with compact disc player and still keep your Scoupe very affordable.

By the way, Scoupe's sporty attitude runs in the family. In the 1992 Pikes Peak Rally, our new Scoupe Turbo beat every car in its class, including a Camaro V8 and a pair of 300 ZX Turbos.\*

So here you have it. A car that appeals to your sense of fun, your sense of style...and your common sense as well.

Passive shoulder belt detached for display only. Do not detach shoulder belts. Buckle up...it saves lives.

**ValueCare Ownership**™ Every 1993 Hyundai includes two years or 24,000 miles of free regular scheduled service and maintenance. See back cover for details.

The 1993 Excel is the latest edition of an all-time best seller; smart buyers have snapped up over a million so far. We've never stopped refining and improving America's most affordable car. We found ways to make Excel more durable, reliable and better-equipped. In the process, we've given the auto industry a new definition of value.

Let's start with the obvious. Excel looks better than ever. Unlike some car makers, we finish even our most affordable model handsomely with bodycolor bumpers, protective body-side moldings and full wheelcovers. Underhood, there's a proven 1.5 liter engine with multi-point electronic fuel injection and microprocessor control.

Excel's also packed with a surprising number of standard features inside. With reclining front bucket seats, dual remote mirrors, variable intermittent windshield wipers and electric rear window defroster, Excel shows you how rewarding a smart buy can be.

There's nothing like getting your money's worth. It's an idea that made Excel a best-seller, and it still makes sense today.

**ValueCare Ownership** Every 1993 Hyundai includes two years or 24,000 miles of free regular scheduled service and maintenance. See back cover for details.

Excel GS features contoured, multi-adjustable front bucket seats, sporty interior trim, AM/FM ETR cassette stereo system, center storage console and deluxe instrument cluster with tachometer. It's a great place to spend some quality time.

### Taking good care of you down the road.

We want your driving experience to be satisfying, and your ownership to be rewarding and worry-free. That's why we protect every 1993 Hyundai automobile with some of the strongest, most complete warranty coverage in the business. First, there's *ValueCare Ownership*.<sup>SM</sup> It gives you two years or 24,000 miles of free regular scheduled service and maintenance. Even items like light bulbs, wiper blades and oil changes are covered. About all you pay for is gas.\*

That's in addition to a standard no-deductible bumper-to-bumper limited warranty for 3 years or 36,000 miles, a no-deductible 5 year/60,000-mile powertrain limited warranty and a 5 year/100,000-mile anti-corrosion limited warranty. Hyundai owners also receive 3 years or 36,000 miles of free emergency roadside assistance.\*\*

With all this in mind, we invite you to visit your Hyundai dealer and test drive a 1993 Sonata, Elantra, Scoupe or Excel.
