

INFINITI FULL LINE

*No matter which one you choose,
you're in good company.*

To truly understand the concept of Infiniti, it's important to understand the concept of automotive luxury: for some people, it's driving a car that caters to their every need. For others, it's the security that comes with owning one of the best engineered luxury cars in the world. And for the rest, it's simply the peace of mind that comes with investing in a company that's always there for you. To all of these people, we offer everything that's possible. Luxury cars that are designed to be outstanding in comfort and control. Technology that's high in quality and low in maintenance. And service that extends far beyond treating people simply as customers, and more as honored guests. It all adds up to an experience you'll come to know as The Total Ownership Experience®. It begins the moment you enter an Infiniti dealership and continues for as long as you own your Infiniti®. If you're thinking that may be forever, you're beginning to understand the concept of Infiniti. *J.D. Power and Associates* reports that our owners understand this concept. That's why they ranked *Infiniti* the *Best Overall Carline in Initial Quality for 1995*®.

J.D. Power and Associates 1995 Initial Quality Study®. Study based on a total of 26,871 consumer responses indicating owner reported problems during the first 90 days of ownership.

NO MATTER WHAT'S AHEAD OF YOU,
WE'RE BEHIND YOU.

Infiniti not only builds some of the best luxury cars in the world, but also some pretty good relationships. Because, quite frankly, a car is only as good as the company that supports it. And Infiniti supports all of its cars with services like 24-hour Roadside Assistance*, Trip Interruption

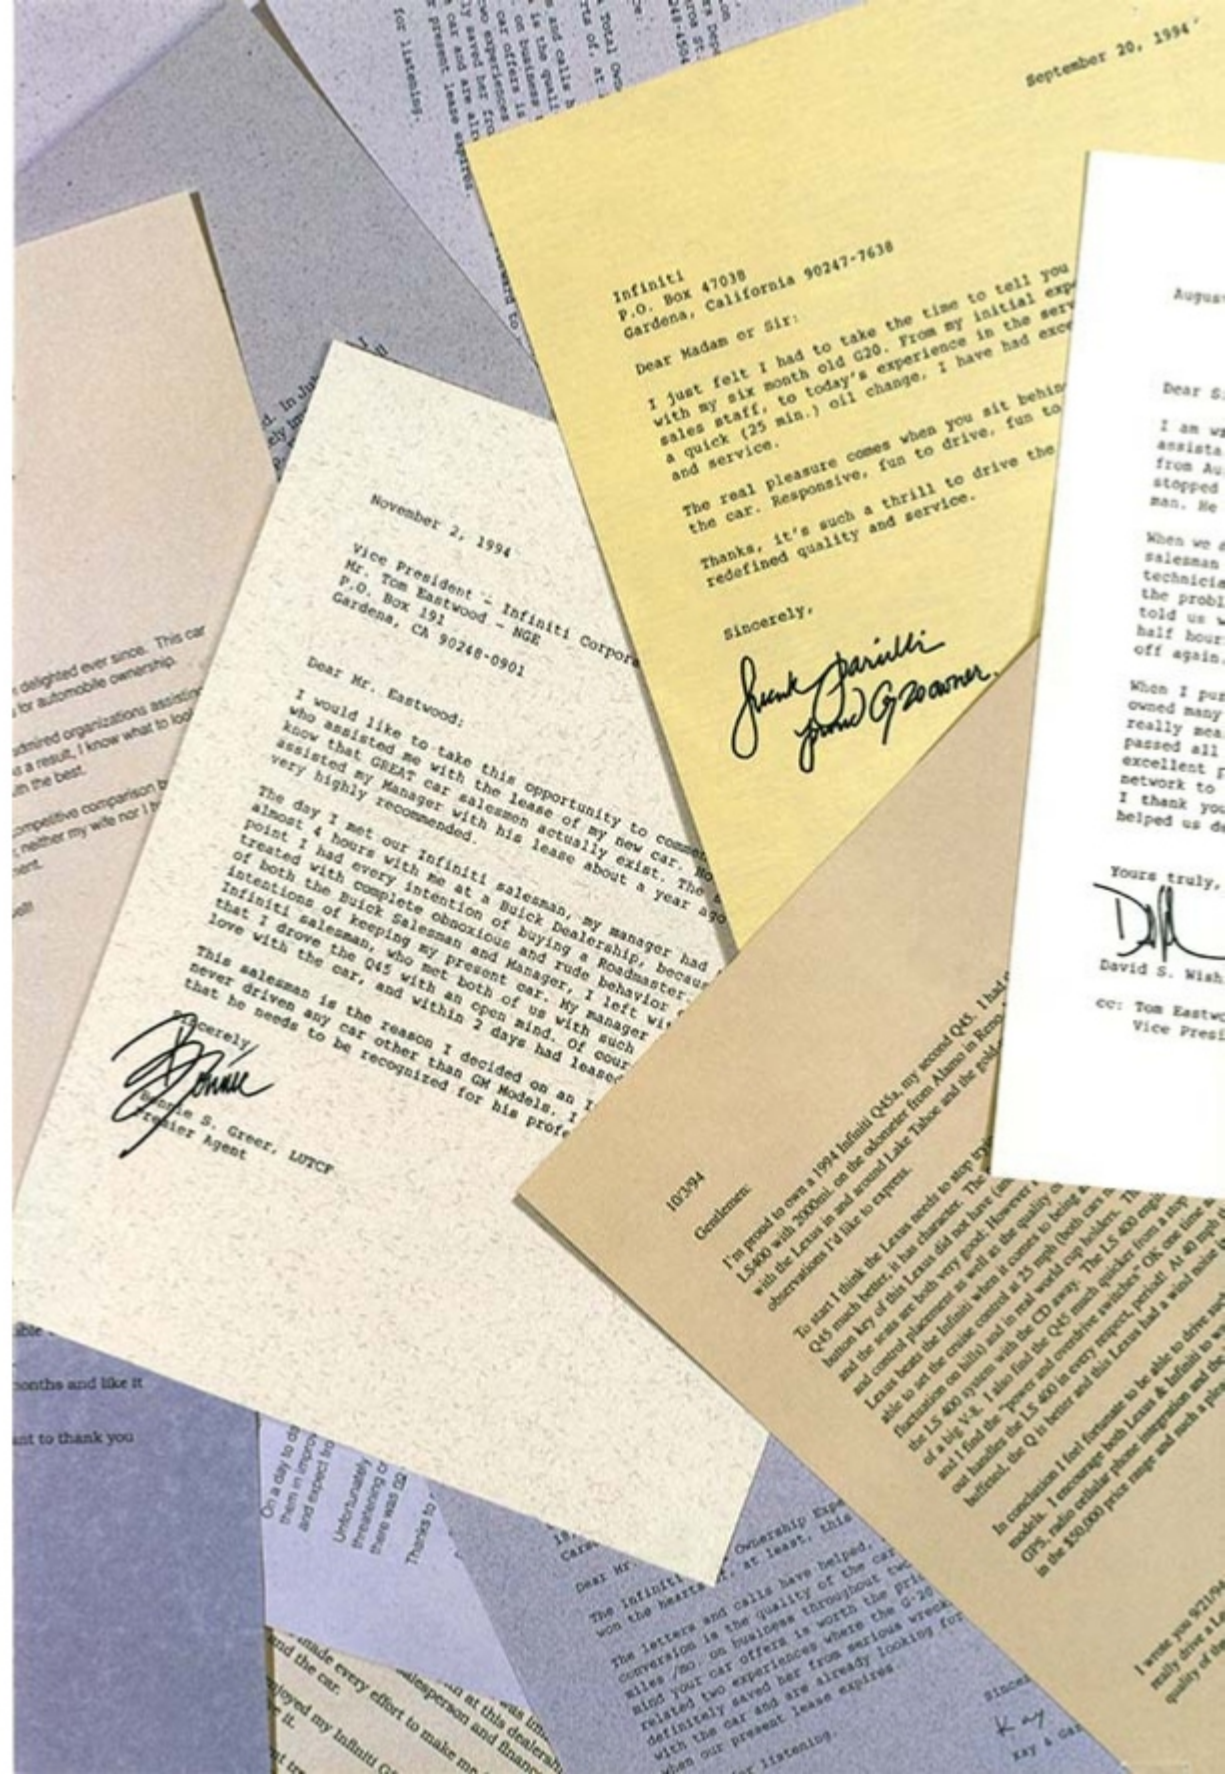

Benefits*, an outstanding warranty package, a free Service Loan Car program**, and even a cup of coffee and good conversation if you want it. It's all something we call The Total Ownership Experience. And it will change the way you look at buying a luxury car. But don't take our word for it, take Gary Brown's

Charlotte, North Carolina who writes, "Infiniti has won the hearts of my entire family." Or James Niemes of Cincinnati, Ohio who claims Infiniti has "exceeded all of my expectations for automobile ownership." Even Patrick J. Conner of Decatur, Georgia says he has "never been happier." And when it comes right down to it, isn't that what luxury is all about?

*Service Coverage Term 4-year/unlimited mileage. See your local Infiniti dealer for details.

**Available during the 4-year/60,000-mile Basic New Vehicle Limited Warranty. Subject to availability. At participating dealers. Must be 71 years of age or older with a valid U.S. driver's license and must provide proof of primary insurance.

Q45

- Front engine/rear-wheel drive • 4.5-liter, 32-valve aluminum-alloy V8
- Multi-link suspension • Alloy wheels • Dual air bags • Crumple zones
 - Seat belt pre-tensioners • Automatic climate control • Custom Bose® audio system • Memory presets that automatically return driver's seat, headrest, steering wheel and outside mirrors to pre-programmed positions
 - Keyless remote entry system • Anti-glare rearview mirror • Power sunroof • ABS brakes • All standard.

For those who feel success doesn't always start at the bottom, may we introduce the top? A car for those who desire all the comfort of a luxury sedan and the control of a performance car, without compromising the integrity of either. The Q45® Luxury Performance Sedan. Soft, gathered leather appointments. Rich wood trim. Power adjustable seats. A six-speaker Bose® 200-watt audio system with a full-logic cassette deck. All the luxuries you expect, even the luxury of performance.

The Q's 278 horsepower V8 engine, electronically controlled four-speed automatic transmission and a four-wheel independent multi-link suspension combine to achieve an impressive 0-60 in 7.1 seconds, with an electronically governed top speed of 150 mph. Numbers this impressive make the Q faster than some sports cars on the road today, to say nothing of other luxury sedans. The Q45. Who says you can't have it all?

J30

Front engine/rear-wheel drive • 3.0-liter, 210-horsepower V6

- Power adjustable front seats • An illuminated entry system
- A custom-designed Bose® audio system with a cassette deck and an in-dash CD player • Power sunroof • Dual air bags • Seat belt pre-tensioners • Keyless remote entry system • Four-speed automatic overdrive transmission • Interactive engine/transmission control system • Rear multi-link suspension • ABS brakes • All standard.

Touring Package shown (center photo)

Before anyone ever drove the Infiniti J30®, an idea drove the engineers who designed it: when you buy a luxury car, the luxury should be standard. So, they set out to create a luxury car that appeals to all your senses, especially your common sense. They gave it a supple, leather-appointed interior. Elegant walnut accents. A power sunroof. A six-speaker Bose® 200-watt audio system with a cassette deck and an in-dash CD player. Power adjustable front seats. A keyless remote entry system. All the extras you want, but don't want to pay extra for. The result is a luxury car with all the style and elegance of a classic. Plus, all the technical advances of today. Like a 3.0-liter, 210-horsepower V6. A four-speed automatic transmission. Even a rear multi-link suspension, like on the Q45. The Infiniti J30. Compared to the competition, you really don't have many options.

For those of you who want the spirit of a Q45, but in the \$30,000 range, Infiniti developed the finest example of automotive heredity. The Infiniti I30™.

A luxury car that not only echoes the comfort and control of its bigger brother, but exceeds the boundaries of what a mid-luxury vehicle should be. In fact, the I30's cabin has more spacious luxury than its nearest competitor, the Lexus ES 300. Even more

head and front leg room than the Rolls Royce Silver Spur III. And it's equally impressive outside the showroom. Its revolutionary V6 engine helps the Standard Model I30 out accelerate many of the competition's flagship V8s. Which makes you wonder what those other two cylinders are for.

The Infiniti I30. The newest expression of Infiniti.

G20

Front engine/front-wheel drive • High-output, 16-valve 2.0-liter DOHC engine • Front multi-link suspension system • ABS brakes • Dual air bags • Three-point front seat belts with pre-tensioners • Roomy cabin-forward design • Six-speaker premium audio system with an AM/FM CD combination unit • CFC-free air conditioning system • All standard.

Leather Appointment and Touring Packages shown.

Unlike most entry level luxury cars, the Infiniti G20[®] was built around one priority: you. That's why Infiniti designed the cabin first. By moving the passenger compartment forward on the vehicle, Infiniti developed an innovative cabin-forward design. The result is a luxurious and spacious interior with smooth ergonomic styling and exceptional head and leg room. Once Infiniti was satisfied you'd be comfortable, they designed an equally satisfying performance car. With a lightweight, high-performance engine. An Electronic Concentrated Control System (ECCS) which gives every G20 extremely smooth upshifts by working in tandem with the engine. And a first in automotive history: a multi-link suspension system on a front-wheel drive luxury car. All of which makes driving a luxury in itself.

INFINITI FULL LINE

G45 Luxury Performance Sedan

J30 Personal Luxury Sedan

I30 Luxury Sedan

G20 Luxury Sports Sedan

To ensure that every Infiniti owner experiences the same high level of driving enjoyment, our standard equipment includes many features that other manufacturers consider optional. For a more complete specification listing, see the G45, J30, I30 and G20 comprehensive brochures available at your dealer.

Infiniti Division of Nissan Motor Corporation U.S.A. and your local Infiniti dealer strongly encourage you to use your seat belt/shoulder belt whenever you drive. Please ask all of your passengers to buckle up too, especially children. And with children under four, make sure they are secure in an appropriate infant or child safety seat. Every Infiniti is equipped with driver and front passenger side air bags. Used in conjunction with the three-point seat belts, they help reduce the risk or severity of injury in certain frontal impacts. Please keep in mind, however, that air bags are a supplemental restraint system designed to work in conjunction with your seat belt. With a passenger side air bag, please be aware that a rear-facing child restraint must not be placed in the front passenger seat and should only be used in a rear seat. Always follow the child restraint manufacturer's instructions. See the vehicle Owner's Manual for details on proper seat belt and child restraint use.

All illustrations, photographs and specifications in this catalogue are based on the latest product information; some vehicle parts cannot be shown in certain photographs. Some vehicles shown with optional equipment. See actual vehicles for complete accuracy. Infiniti Division of Nissan Motor Corporation U.S.A. reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models, and to discontinue models or equipment. Availability and delivery time for particular models or equipment combinations may vary. For information on availability, additional options or accessories, contact your Infiniti dealer. All specifications, options and accessories shown in this catalogue apply in the 49 continental states. Specifications, options, and accessories may differ in Hawaii, U.S. territories and other countries. Bose® is a register mark of Bose Corporation.
