

'09 Mercury MILAN

MERCURY | NEW DOORS OPENED

Leave the Anonymity to Others.

MILAN PREMIER IN BRILLIANT SILVER METALLIC WITH AVAILABLE 6-PIECE BODY KIT BY 3DCARBON™ AND 17" POLISHED-ALUMINUM WHEELS.

Miles of Style.

"Play it safe." "Don't make waves." "Just blend in." Huh? That's never been your style. No wonder Mercury Milan is so appealing. With satin-aluminum accents and stylish colors, Milan is instantly recognizable. Standard 17" wheels on Premier (shown) draw admiring glances, while dual chrome exhaust tips hint at the compelling 221 hp that's under the hood of Milan V-6 models. An available rear spoiler hints at Milan's racy side, while an available new VOGA Package ups the style factor even more.

Substance comes with available new AdvanceTrac® electronic stability control – which manages engine torque and applies braking power to help keep Milan on its intended path. An available Reverse Sensing System alerts you to items behind Milan when slowly backing up.

Seeking an enviable balance of performance, style and confidence? You'll find just what you're looking for in the 2009 Mercury Milan.

MILAN PREMIER V-6 IN BRILLIANT SILVER METALLIC WITH AVAILABLE EQUIPMENT.

Appearances Do Matter. Make the Most of Yours.

Elevate your already high sense of style with the available new Milan VOGA Package on Premier models. With plenty of chrome to accent its White Suede or Tuxedo Black exterior hues, Milan VOGA simply shines.

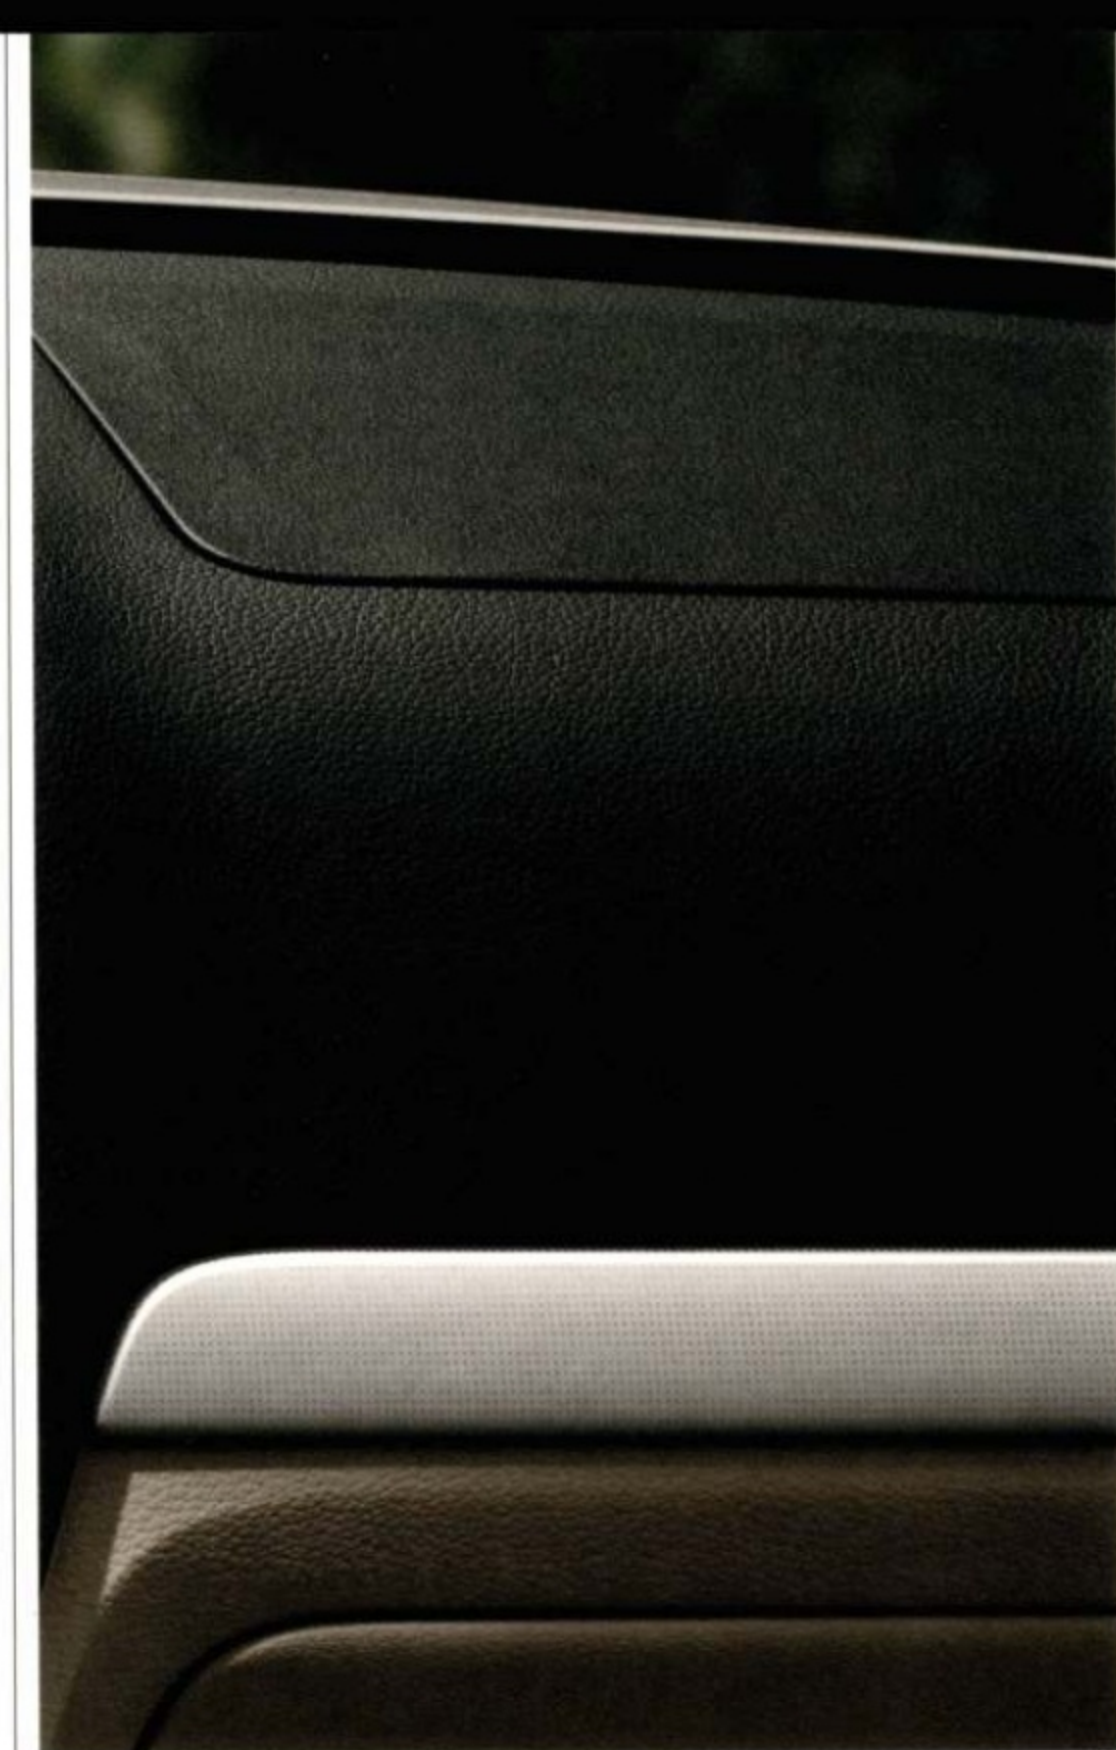

Chrome sparkles on the grille, rear decklid trim, unique "VOGA" badging, front and rear "Mercury" badging, and 17" chrome-clad wheels with "VOGA" center caps. Inside, a high-contrast interior features Cashmere-colored leather-trimmed seats – exclusive to VOGA – against a Dark Charcoal environment. Tone-on-tone Cashmere-colored stitching and an embroidered "VOGA" logo on the front seatbacks and floor mats add further refinement. Cashmere-colored door-trim inserts and unique Cyber Carbon interior appliqué add the finishing touches.

Milan models also get their chance to catch some glances with the alluring Appearance Package. Available on Milan I-4 and V-6 models in Brilliant Silver, White Suede or Tuxedo Black, it surely gets noticed.

The body-color rear spoiler grabs your eye first, followed closely by fog lamps and 17" machined-aluminum wheels with painted pockets. Inside, stylish Dark Charcoal leather-trimmed seats feature contrasting stitching and Alcantara® inserts in Ice Blue. Door-trim inserts and contrasting stitching on the steering wheel and center console are in Ice Blue as well. Ambient Lighting, which lets you alternate between 7 colors of accent lighting, completes the dramatic appearance.

MILAN PREMIER IN TUXEDO BLACK METALLIC WITH AVAILABLE VOGA PACKAGE.

Depart From Convention.

Satin-aluminum accents set a cool, modern tone throughout the 5-passenger interior of Mercury Milan. For a more understated look, select the available Wales Mahogany Wood Appearance Package to outfit the center stack and instrument panel with dark woodgrain trim. On the steering wheel, you'll find cruise and secondary audio controls that allow you to keep your hands on the wheel while you make adjustments. An available voice-activated, DVD-based Navigation System (shown) displays maps and menus on a large 6.5" color LCD screen, so locating the nearest ATM, hotel or restaurant is easy. In the center console, an audio input jack gives you plug-and-play capability with your MP3 player. When not in use, your MP3 player (or cell phone) can easily be stored in Milan's clever dash-top storage bin. Thoughtful touches like these can be found everywhere in the sophisticated 2009 Mercury Milan.

MILAN PREMIER WITH SATIN-ALUMINUM ACCENTS AND AVAILABLE EQUIPMENT.

- GREEN 
- WHITE 
- YELLOW 
- AQUA 
- RED 
- BLUE 
- PURPLE 

Go With the Glow.

To give your 2009 Milan its own unique glow, available Ambient Lighting allows you to scroll through 7 different colors to create the mood you desire. Light-Emitting Diodes (LEDs), in your choice of green, white, yellow, aqua, red, blue or purple, illuminate from within the front cupholders (above) and from the front and rear footwells.

Premium cloth seating surfaces in your choice of Camel, Dark Charcoal or Medium Light Stone are standard. On Milan Premier, luxurious leather-trimmed seats in Camel or Dark Charcoal feature elegant contrasting stitching. To really wow 'em, go for a dramatic two-tone effect (left) on Premier with Medium Light Stone inserts between Dark Charcoal bolsters and light contrasting stitching. And with 2 special packages – the Appearance Package and VOGA Package – adding even more variety, Milan can truly be tailored to match your desires.

MILAN PREMIER WITH DARK CHARCOAL/MEDIUM LIGHT STONE TWO-TONE LEATHER TRIM.

There's no need to ask for directions when they're available by simply issuing a voice command. Combining Global Positioning System (GPS) technology with DVD mapping, Milan's available voice-activated Navigation System provides turn-by-turn voice guidance in English, French or Spanish; allows you to save destinations; gives you the shortest route; and will even reroute you if you miss a turn.

You Talk. SYNC Listens.™

Vehicles that talk? And follow commands? Developed in concert with Microsoft,® the available Mercury SYNC™ communications and entertainment system allows you to voice-activate Bluetooth®-enabled mobile phones, MP3 players and more! Tell it to call Jennifer. Ask it to play a specific tune. No problem. You talk. SYNC listens. Take it everywhere you go. It's taken "best of" awards everywhere it goes.

"The voice recognition is so robust that it understood commands I gave it at up to 70 mph with the driver's window open. The system is stunningly accomplished," says *The Detroit Free Press*.

Your Tunes. Your Way.

Thanks to the standard audio input jack in its front center floor console (above left), you can broadcast all of your favorite playlists through Milan's speakers. And you'll get 8 strategically placed ones (8" subwoofer included) with Milan Premier's Audiophile® Sound System (above), as well as 170 watts of power and a 6-disc in-dash CD changer. It's available by itself, or along with a power moonroof as part of the Moon & Tune Elite Package.

Convenient steering wheel-mounted cruise and secondary audio controls (above right) are standard on both Milan models. Rocker-type switches on the left allow you to set the cruise control, while switches on the right allow you to increase or decrease audio volume, and more, while keeping your hands on the wheel.

Your Music. No Interruptions.

Music matters. And with over 130 channels of crystal clear, digital-quality sound, SIRIUS® Satellite Radio² is your passport to an amazing range of music (all of it 100% commercial free), as well as news, sports, talk and entertainment. With seamless coast-to-coast coverage in the contiguous United States, SIRIUS lets you hear the music you want to hear – without all the interruptions.

Standard on all Milan models, SIRIUS Satellite Radio includes a complimentary 6-month subscription.

Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc. ²Service not available in Alaska or Hawaii. See your Lincoln Mercury Dealer or contact SIRIUS at 1-888-539-7474 for more information.

You'll Love These Arrangements.

Settle in and you'll quickly discover that Mercury Milan is arranged to accommodate you in style. With a high degree of functionality and lots of clever storage compartments, you'll enjoy its spacious, practical interior.

Up front, Milan's hidden dash-top storage bin is the perfect place to store your cell phone, MP3 player, toll road tickets and more. The front center floor console features two-tiered storage and doubles as an armrest, while available heated front seats keep the chill away.

Lighting the way into Milan's accommodating interior are available front illuminated sill plates.¹ For those in the rear, the available Dual INViSiON[®] DVD Headrests² feature 2 totally independent 7" color Thin Film Transistor (TFT) LCD widescreen monitors incorporated into the front-seat head restraints. Watch the same movie on both screens, or a different one on each. And game/video ports allow connection to portable gaming systems.

Underneath Milan's short, muscular rear decklid, which can be fitted with an available rear spoiler, is a surprisingly roomy 15.8 cu. ft. of cargo space. And because the 60/40 split-folding rear seat is spring assisted, pulling the release handle in the trunk folds the seat down quickly to load longer items. In fact, with a fold-down front-passenger seat (shown at left), you can fit items almost 9' long into Milan.

To bring the outside in, Milan's available power moonroof is the perfect finishing touch to this stylish sedan. It's part of the Sun & SYNC Package on Milan and the Moon & Tune Elite Package on Milan Premier models.

¹Available through your Mercury Dealer as a Mercury Accessory. ²Available through your Mercury Dealer as a Dealer-Installed Ford Licensed Accessory.

Street Smart.

Under the hood, Milan's available 3.0L Duratec V-6 engine is teamed with a 6-speed automatic transmission to produce a lively 221 hp and an EPA-estimated highway mileage of 26 mpg. Whether you're launching off the line with fervor or passing slower traffic, know that Milan's V-6 answers quickly and confidently. Designed for long life, it isn't due for its first scheduled maintenance for 90,000 miles.*

If fuel economy matters most, Milan's 2.3L Duratec I-4 engine gets an EPA-estimated highway mileage of 29 mpg – and produces 160 hp – with the standard 5-speed manual transmission. Opt for the available I-4 Auto Package for a 5-speed automatic transmission and 16" 9-spoke painted-aluminum wheels. For I-4 Premier models, the 5-speed automatic is standard.

All Milan I-4 models earn the Environmental Protection Agency's "Smart Way" designation – given to vehicles that the EPA feels are very good environmental performers.

*Under normal driving conditions with routine fluid and filter changes.

MILAN PREMIER V-6 IN TUXEDO BLACK METALLIC.

Stick to It.

Dodge those potholes with ease. Negotiate rush-hour traffic with conviction. And hug an S-curve so tightly you may need to say you're sorry. Thanks to an advanced Short- and Long-Arm independent design up front, plus a multilink independent in the rear, Mercury Milan's responsively tuned suspension can handle it all. "It's clear that dynamics and driver interaction were a priority in its design," says Edmunds' *Inside Line*. "The Milan consistently demonstrated willingness to corner and change directions at speed with enthusiasm."

To enhance that control and performance, an optional Intelligent All-Wheel-Drive (AWD) system on Milan V-6 models reacts automatically to changes in traction for confident all-weather driving. This active AWD system seamlessly distributes torque between front and rear wheels for optimum traction. And since the wheels with the best grip always receive the most power, Milan AWD really enhances control when the weather turns nasty. Combined with Traction Control, AWD even directs torque side to side on each axle, allowing you to continue in motion even if only one wheel has grip.

MILAN PREMIER V-6 IN BRILLIANT SILVER METALLIC WITH AVAILABLE EQUIPMENT.

In frontal crash test ratings, Mercury Milan earned 5 Stars¹ – the highest possible score.

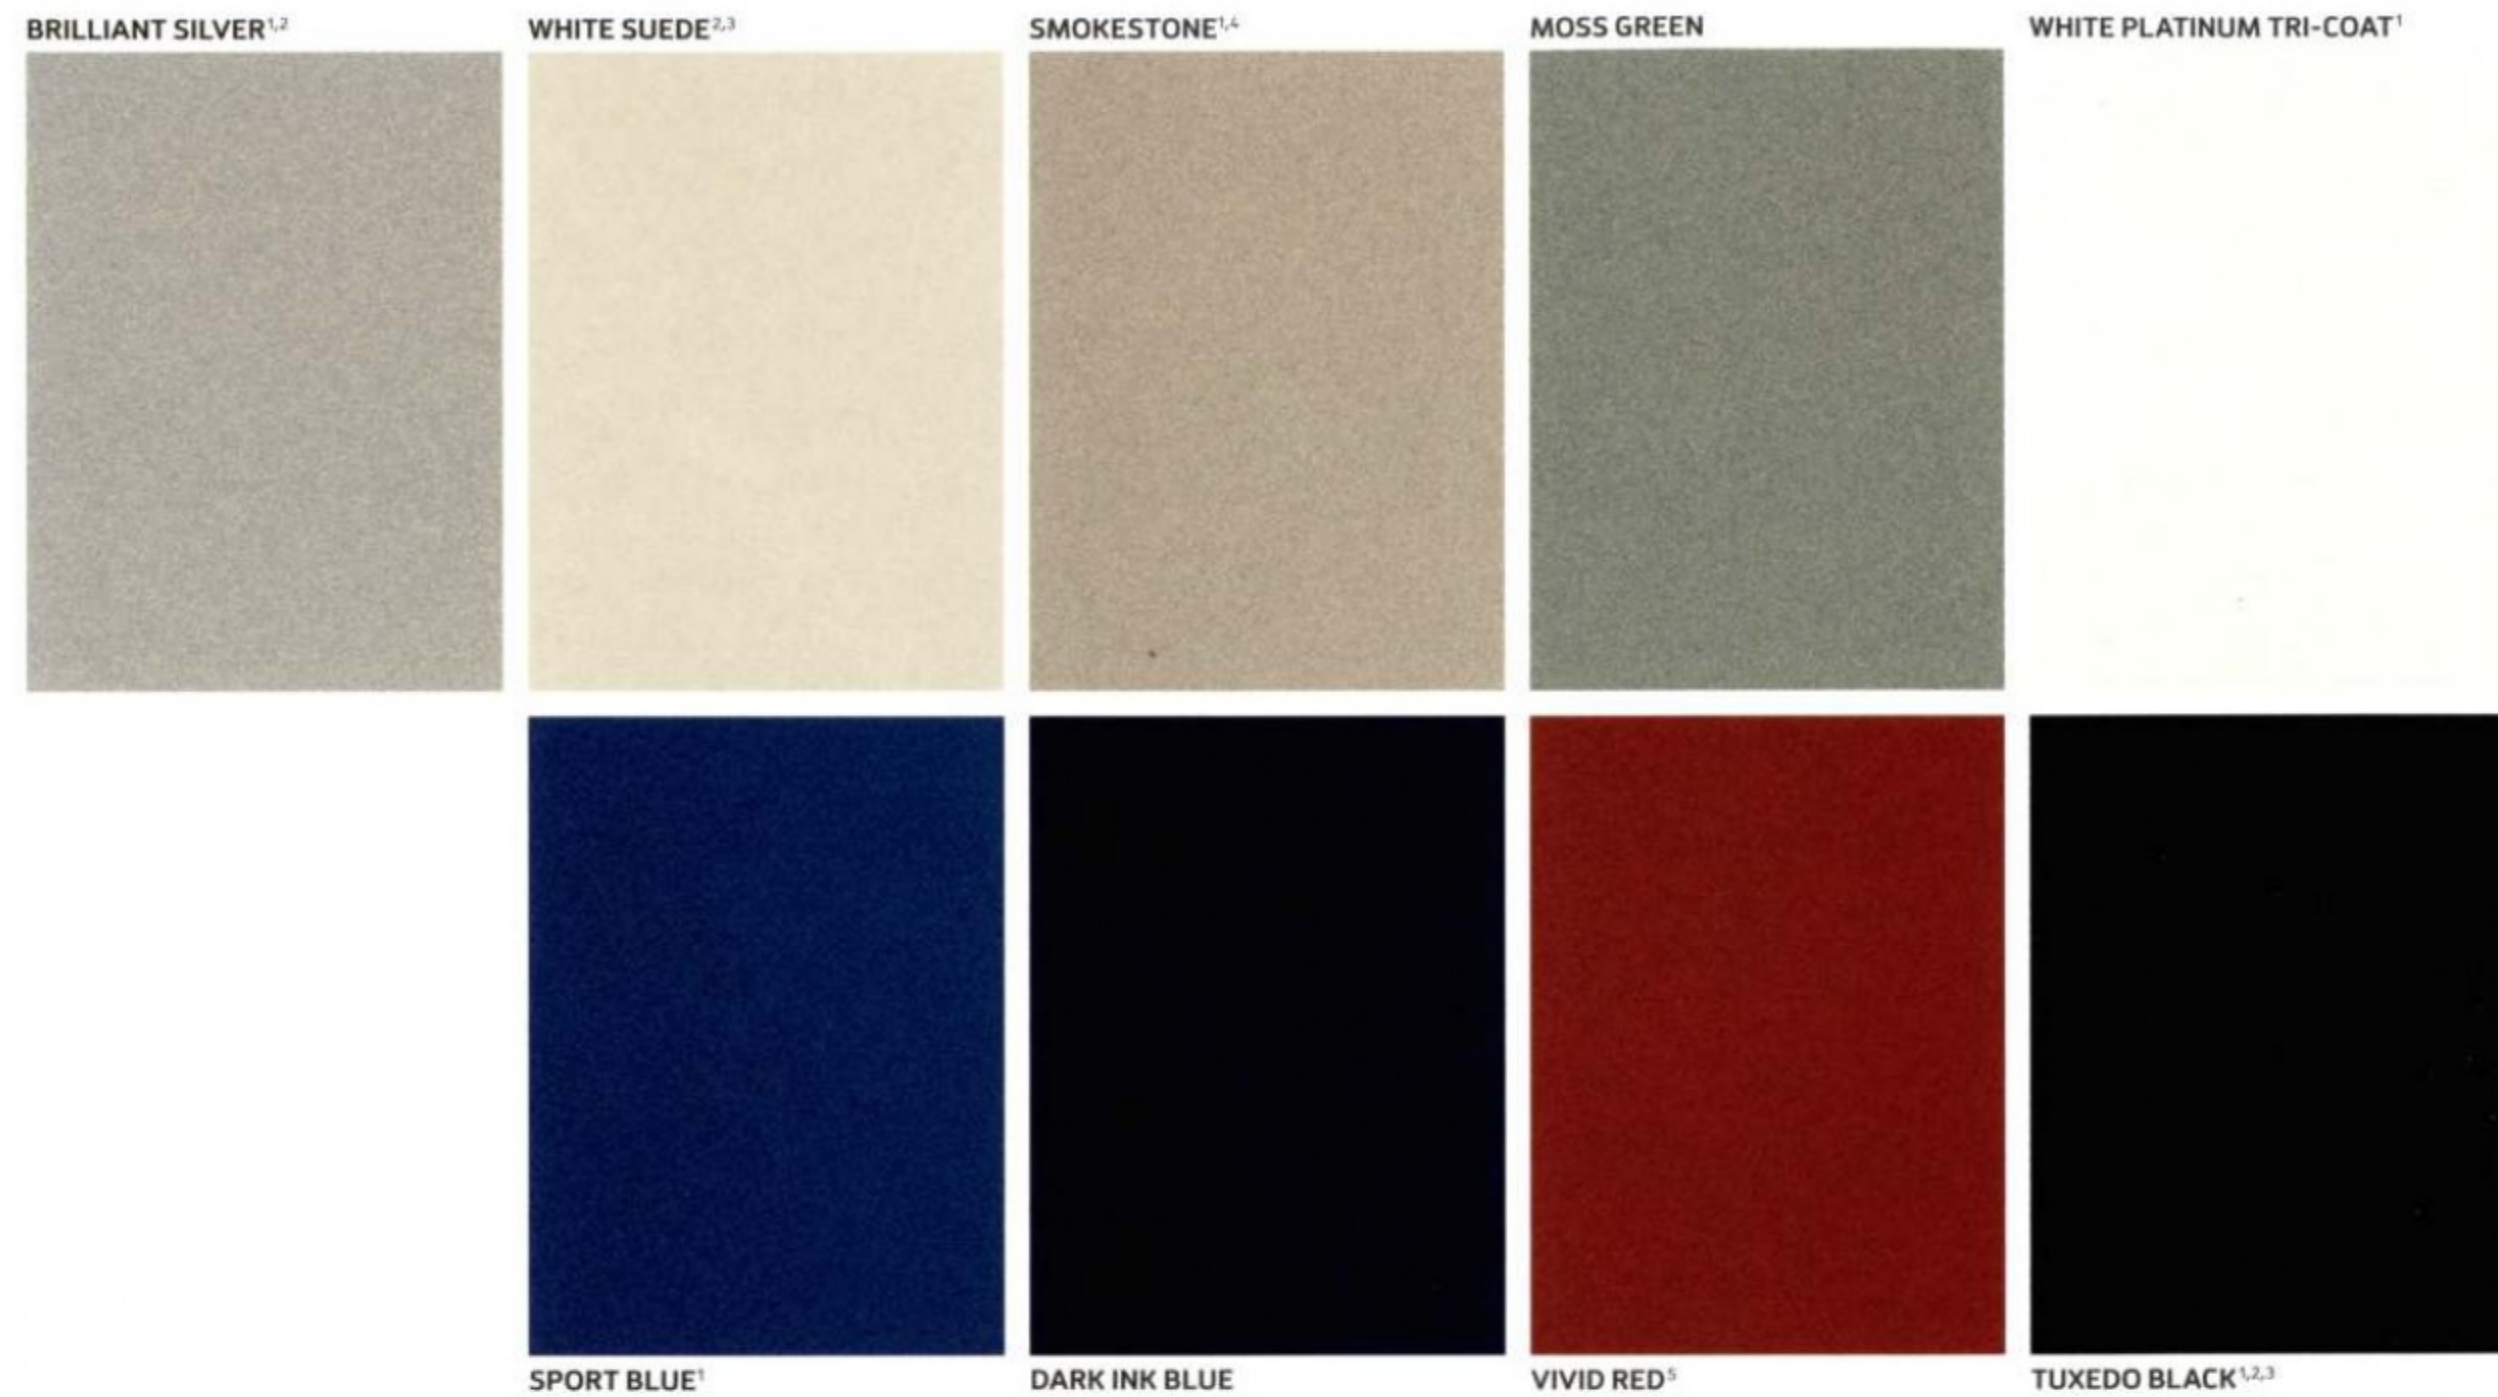

Safety Is Our Standard.

Every 2009 Milan features a suite of 6 standard airbags to enhance your protection in the event of an accident. The Personal Safety System[®] coordinates safety belt and front-airbag management to enhance driver and front-passenger protection in certain frontal collisions. Front-seat side airbags enhance chest protection for the driver and front passenger, while side-curtain airbags provide enhanced head protection for both front- and rear-seat outboard occupants. The Anti-lock Brake System (ABS) helps maintain steering control during hard braking.

The best defense, of course, is avoiding an accident altogether. Milan's newly available AdvanceTrac[®] electronic stability control² can help. With sensors to measure oversteer and yaw, the system constantly monitors vehicle speed, throttle position and steering wheel angle. If it senses wheel slip or loss of traction, AdvanceTrac manages engine torque and applies braking power to keep Milan tracking on its intended path.

¹Based on 2008 model year testing. Star ratings are part of the U.S. Department of Transportation's Safercar.gov program (safercar.gov).
²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

Mercury uses clearcoat paint for beauty and protection. All exterior paints are Metallic except for White Suede. Colors are representative only.
¹New for 2009. ²Available with Appearance Package. ³Available with VOGA Package. ⁴Available with Camel interior only. ⁵Available on Milan Premier only.

Comparisons based on 2008 competitive models (Midsize Sedan class), publicly available information and Ford certification data at time of printing. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of the catalog, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Lincoln Mercury Dealer is the best source for up-to-date information. Lincoln Mercury reserves the right to change product specifications at any time without incurring obligations.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Lincoln Mercury Dealer for details or check us out at fordcredit.com.

Ford Motor Company Insurance Services Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1.877.367.3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

Ford Extended Service Plan For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Peace of mind comes from a 3-year/36,000-mile bumper-to-bumper **New Vehicle Limited Warranty** that covers repair, replacement or adjustment of parts at no additional cost, as well as a 5-year/60,000-mile powertrain limited warranty which features no deductible and is fully transferable. Roadside Assistance for 5 years or 60,000 miles provides the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Lincoln Mercury Dealer will provide complete details.

Custom Accessories Genuine Ford Accessories will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 36-month/36,000-mile New Vehicle Limited Warranty. Contact your local Lincoln Mercury Dealer for details and a copy of the limited warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. Contact your Lincoln Mercury Dealer for details regarding the manufacturer's limited warranty and/or a copy of the FLA product limited warranty offered by the accessory manufacturer.
