- 1) Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. See Owner's Manual for detail and limitations.
- 2) Available feature. Includes a three-year connected service plan with regular map updates after which purchase is required. Requires FordPass® App and modem activation. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. Ford BlueCruise is a hands-free highway driving feature. Only remove hands from the steering wheel when in a Hands-Free Blue Zone. Always watch the road and be prepared to resume control of the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations. 2023 Ford Mustang Mach-E® Select includes a 90-day trial with the option to purchase a three-year connected service plan with regular map updates. Requires FordPass App and modem activation.
- 3) Navigation services require SYNC®4 and FordPass® Connect (optional on select vehicles), complimentary Connected Service and the FordPass App (see FordPass Terms for details). Eligible vehicles receive a complimentary 3-year trial of navigation services that begins on the new vehicle warranty start date. Customers must unlock the navigation service trial by activating the eligible vehicle with a FordPass member account. After the complimentary trial, the connected navigation service will terminate, and the system will revert to embedded offline navigation. Service contract is required for connected navigation services.  
  
Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.  
  
FordPass App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.
- 4) Always wear your safety belt and secure children in the rear seat.
- 5) Charge time based on manufacturer computer engineering simulations. The charging rate decreases as battery reaches full capacity. Your results may vary based on peak charging times and battery state of charge.
- 6) Based on original equipment manufacturers(OEM)/automotive manufacturers that sell all-electric vehicles and have active charging networks. Department of Energy data used. FordPass®, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.
