H O N D A C I V I C *S i R*

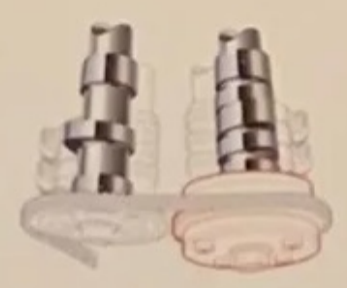

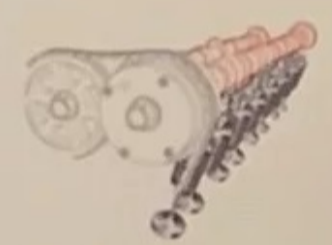

# totally pumped

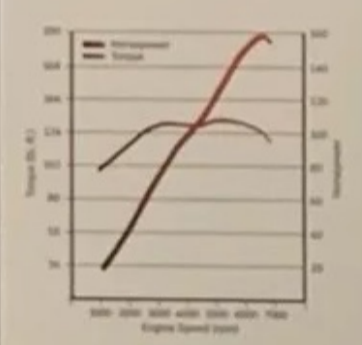

It fits like a racing glove and moves like lightning. It's called the Civic SiR and it represents one of the purest connections ever made between driver and machine. Born out of the world's most demanding racing circuits, this all-new European-manufactured 3-door is all about performance, power and styling. It's a vehicle that opens up your entire being to senses you didn't even know you had - a complete driving experience that lets you strut your stuff. With a 160-horsepower engine and a rally-style shifter that lets you swap off shifts with the flick of a wrist, the euphoria takes hold as soon as you get behind the wheel and never lets go. Add to that the body-hugging, racing-inspired bucket seats and a trio of white-faced gauges that glow red at night, and you're in for the ride of your life. So take the corner, down the straightaway, or just cruise the boulevard. Anywhere you go in the Civic SiR, it will keep you totally pumped every heart-pounding moment along the way.

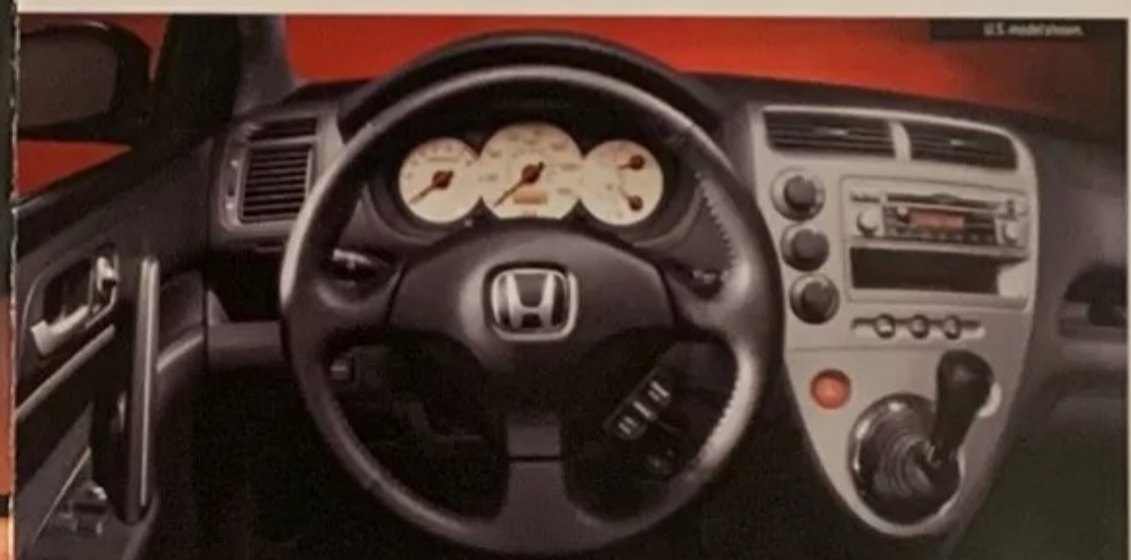

A Dual Overhead Camshaft (DOHC) and 4 valves per cylinder allow air and fuel to flow more efficiently. To give you even more power at both low and high rpm, the i-VTEC™ allows valve lift and timing by switching between two different sets of camshaft lobes.

Variable Timing Control (VTC) fine-tunes the point of the i-VTEC™ by advancing or slowing the valve timing of the intake cam. This widens the torque curve to give you more horsepower by lowering the air and fuel flow. It also helps improve fuel economy.

You want it. You got it. The SiR has a super-wide powerband that allows you to bring it on without a breath - all the way to a 6,800-rpm redline.

HONDA.  
THE PLEASURE  
WILL BE  
ALL YOURS

**FIVE YEAR WARRANTY 100,000 KM**

The Honda No Nonsense Warranty covers all power train components in your new Honda. This includes manufacturing defects on almost everything essential to the basic operation of the vehicle. For 5 years or 100,000 km, the power train warranty also covers items from the engine block and transmission, to smaller but important items such as the water and fuel pumps as well as the drive shafts. Audio components are covered for 3 years. And your car's body is protected for 3 years against surface corrosion and for 5 years against perforation due to corrosion. Plus, we offer 100% battery coverage for the first 2 years and 50% for the third year.

**HONDA Plus** Whether you lease or purchase your vehicle, why not prolong your worry-free ownership experience even further with our flexible selection of Mechanical Coverage that extends up to 7 years or 160,000 km. We also offer the option of Roadside Assistance that provides you with emergency services such as Lock Out, Towing, Gas Delivery, Trip Interruption, Car Rental, Tire Road Hazard, and more. Honda Plus is designed, administered and backed by Honda Canada Inc., so you can count on us being there when you need us most. Just ask your Dealer for full details and how you can include Honda Plus with your vehicle purchase.

**HONDA GENUINE PARTS AND SERVICE** You can also protect your investment by bringing your Honda home to your Honda Dealer. Our Genuine Honda Replacement Parts are made to the exact same standards as original Honda Components and are guaranteed by our Genuine Honda Parts Warranty. Plus, they're installed by factory trained technicians who know your Honda best. So when it's time for your vehicle's regular maintenance, don't open your hood to strangers.

**HCFI** Start your Honda experience with Honda Future Value Leasing and enjoy the benefits of automatic GAP protection, low monthly payments, more vehicle for your money, and a closed-end lease. Or consider Honda Future Value Financing\*. This option to leasing offers highly competitive rates with the convenience of one-stop shopping right in the Dealership. In addition, we work together to create a plan to fit your particular budget. Contact your local Honda Dealer for further details on how Future Value Leasing or Future Value Financing\* can benefit you.

\*Available in all areas outside of Quebec.

## specifications

### ENGINE

2.0L, DOHC, 16-Valve, i-VTEC™	
Type: Aluminum Alloy In-Line 4 Cylinder	
Displacement (cc)	1998
Horsepower @ rpm (SAE net)	160 @ 6500
Torque (lb.-ft @ rpm)	132 @ 5000
Compression Ratio	9.8:1
Fuel System: Program Fuel Injection (PGM-FI)	
Ignition System: Full Electronic	
Platinum Spark Plugs	

### DRIVE TRAIN

Type: Front-Wheel Drive 5-Speed Manual Transmission	
Final Drive Ratio (MT)	4.764

### BODY/SUSPENSION/CHASSIS

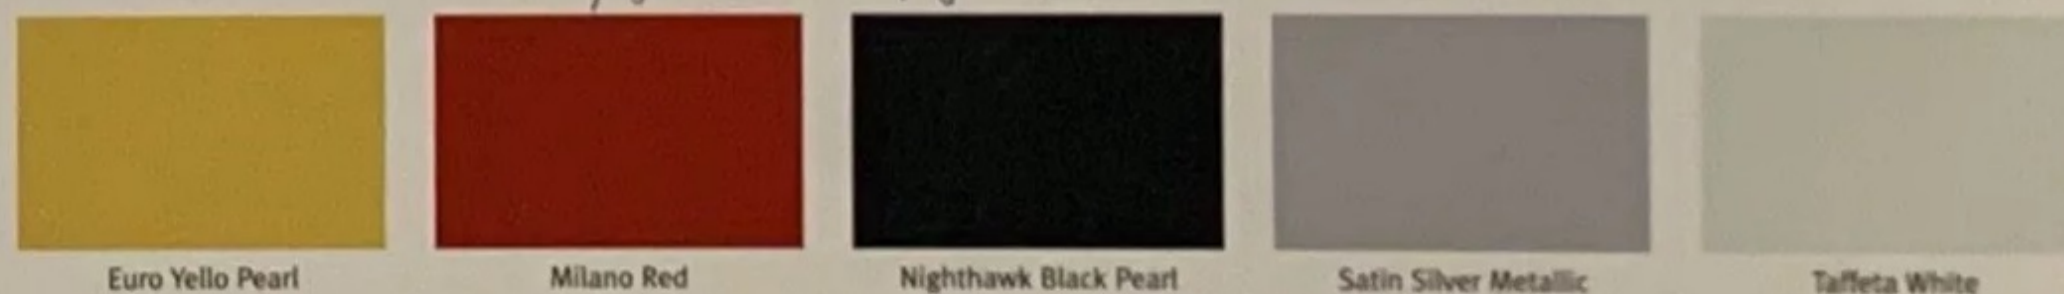

Body Type: Unit Body	
Front Suspension: Independent Toe Control-Link Strut	
Rear Suspension: Independent Reactive-Link Double-Wishbone	
Stabilizer Bars (mm, front/rear)	25.4/15.0
Steering Type: Electrical Power Steering (EPS) System with Variable Gear Ratio (VGR)	
Turning Diameter (Curb to Curb) (m)	5.3
Brakes: Power Assisted Ventilated Front Disc/Solid Rear	
Wheels	15" Aluminum Alloy
Tires: All-Season Radials	P195/60R15 88V M+S

### EXTERIOR/INTERIOR DIMENSIONS

Wheelbase (mm)	101.2	2570
Length (mm)	165.7	4210
Width (mm)	66.7	1695
Height (mm)	56.6	1440
Track - Front/Rear (mm)		1470/1470
Curb Weight (kgs) - M.T.	2800 LBS	1249
Front/Rear Dimensions - Headroom (mm)		961/959
- Legroom (mm)		1072/838
- Hiproom (mm)		1300/1229
Cargo Volume (L)		445
Fuel Capacity (L)		50
Fuel Consumption*, City/HWY (L/100km) - M.T.		9.0/7.1
