### WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable *Owner's Warranty Information* booklet for details.

**Accessories:** For accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

**L Package<sup>4</sup>** — includes color-keyed door handles and power heated outside mirrors, front and rear bumpers, body side moldings and full hard-shell outside spare tire cover; RAV4 L badging; leather-wrapped steering wheel with audio controls and leather-wrapped shift lever; integrated fog lamps; rear privacy glass; and tonneau cover

- Daytime Running Lights (DRL)
- Rear privacy glass (included in L Package)
- Roof rack (included in Sport Package)
- Color-keyed rear spoiler (requires Sport or L Package)
- Mudguards
- Wide mudguards (requires 16-in. 5-spoke aluminum alloy wheels with P235/60R16 tires and fender flares or Sport Package)
- Auto-dimming rearview mirror (requires Sport or L Package)
- Leather-trimmed seats (requires L Package)
- Heated front seats with adjustable temperature control (requires L Package and leather-trimmed seats)
- Leather-wrapped steering wheel with audio controls and shift lever (requires Sport Package, included in L Package)
- Tonneau cover (included in L Package)
- HomeLink<sup>®5</sup> universal transceiver (requires Sport or L Package)

For accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit [www.toyota.com](http://www.toyota.com), refer to the applicable *Owner's Warranty Information* booklet or see your Toyota dealer.

<sup>1</sup> Titanium Metallic-painted on Super White and Savannah Metallic.

<sup>2</sup> Included in Sport and L Packages.

<sup>3</sup> Toyota's Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the Monitor System. See your *Owner's Manual* for details.

<sup>4</sup> The Toyota driver, front passenger, front seat-mounted side airbags and side curtain airbags are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to deploy in severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceed the design threshold level. The side airbags and side curtain airbags are designed to inflate in certain types of severe side-impact collisions. In all other accidents, the airbags will not inflate. To decrease the risk of injury from a deploying airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying SRS airbag may cause serious injury or death. Please see your *Owner's Manual* for further instructions.

<sup>5</sup> HomeLink<sup>®</sup> is a registered trademark of Johnson Controls, Inc.

<sup>6</sup> Toyota Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details.

<sup>7</sup> Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

<sup>8</sup> Requires either 16-in. 5-spoke aluminum alloy wheels with P215/70R16 tires or 16-in. 5-spoke aluminum alloy wheels with P235/60R16 tires and color-keyed fender flares (4WD models only).

<sup>9</sup> Available for vehicles without factory security or remote keyless entry system.
