**ROOM FOR THE KIDS AND
ALL THEIR IMAGINARY FRIENDS.**

Sienna's second-row captain's chairs provide remarkably spacious seating.

Move the captain's chairs laterally and create cargo room down the side.

The 8-passenger Sienna is a model of comfort with 14 cup/bottle holders, spacious seating for eight and ample cargo room behind the third row.

You'll appreciate the many options for carrying passengers and cargo in the 8-passenger Sienna, not to mention the convenience of the Front and Center™ second-row seat.

Remove the second row of seats, then stow the third row, and you'll create 148.9 cu. ft. of cargo space.¹ Fold the front passenger seat flat and gain even more.²

¹ Cargo and load capacity limited by weight and distribution. ² Standard on LE only.

PLAY MUSICAL CHAIRS WITH THE KIDS.

THE VERSATILITY OF THE 7-PASSENGER AND 8-PASSENGER SIENNA HELPS YOU KEEP UP WITH THE NEEDS OF A CHANGING FAMILY.

The Front and Center™ second-row seat, available in 8-passenger Siennas, brings your little one within easy reach.

- Standard on AWD.
- Standard on LE AWD, not available on LE 2WD.
- Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer hitch manufacturer and Toyota vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and optional equipment.
- 8-passenger seating is not available on LE AWD, XLE and XLE Limited.
- Dynamic Laser Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important cautions and instructions.
- Auto up/down not available on CE.
- HomeLink[®] is a registered trademark of Johnson Controls, Inc.
- Thirteen cup holders with removable center console.
- The Toyota DVD navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your *Navigation System Owner's Manual* and your Toyota dealer for further details.
- The backup camera, available only with the navigation system, does not provide a comprehensive view of the entire rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance.
- When XLE Limited Package #2 is ordered, the standard 6-disc in-dash CD changer is replaced with a single-disc in-dash player.
- The Toyota driver, front passenger, front seat-mounted side airbags and side curtain airbags are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to deploy in severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceed the design threshold level. The side airbags and side curtain airbags are designed to inflate in certain types of severe side-impact collisions. In all other accidents, the airbags will not inflate. To decrease the risk of injury from a deploying airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying SRS airbag may cause serious injury or death. Please see your *Owner's Manual* for further instructions.

- Adjustable seatbelt anchor on driver-side second-row seat (7-passenger models), and on second-row outboard seats (8-passenger models).
- Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.
- Rear disc brakes standard on XLE Limited.
- Toyota Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details.
- Toyota's Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the Monitor System. See your *Owner's Manual* for details.
- Cargo and load capacity limited by weight and distribution.
- All-wheel drive models come equipped with run-flat tires. Run-flat tire technology is designed for limited emergency use only. If air pressure is lost, vehicle speed must remain below 55 miles per hour; cornering, braking and accelerating must be done with extreme caution; and the tire should be replaced within 100 miles. See your Toyota dealer for details.
- Dealer-installed option on AWD models.
- 2005 mileage estimates determined by Toyota. EPA mileage estimates not available at time of printing. Actual mileage may vary.
- Available on XLE, standard on XLE Limited.
- Extra cost color. Not available on CE and LE.
- Not available on XLE and XLE Limited.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable *Owner's Warranty Information* booklet for details.**Accessories:** For accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.**TOYOTA FINANCIAL SERVICES***

Now that you're thinking about a Toyota, you may also want to consider leasing or financing the purchase of your new vehicle through your participating dealer and Toyota Financial Services (TFS). TFS offers a variety of high-quality finance and lease products to complement your lifestyle. At TFS we realize that purchasing or leasing a vehicle is a major commitment and we have developed some of the finest customer-focused finance and insurance solutions

For accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Owner's Warranty Information* booklet or see your Toyota dealer.

to help protect your interests over time. And in most cases, you may include your cost for these products in your finance or lease contract. Few companies can match the expertise, customer care and total value of TFS. Ask your Toyota dealer or go to www.toyotafinancial.com for details.

*Toyota Financial Services is a service mark of Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc. Products are available to qualified customers through your participating Toyota dealer and Toyota Financial Services.
