Everyone loves to play hide-and-seek.
See if you can find all the hidden objects that can fit inside the Sienna.

Let the fun begin inside the 2006 Toyota Sienna. In addition to 148.9 cu. ft. of cargo volume¹ for all the things childhood entails, you'll find a literal "I Spy" of must-haves for today's family. A passenger-side power sliding door.² An available

rear-seat DVD entertainment system with a new 9-in. screen.³ Side-window sunshades.⁴ Not to mention ten cup holders. Mom and Dad will notice treats like available leather-trimmed seats,⁴ Dynamic Laser Cruise Control^{5, 6} and a DVD navigation system⁷ with backup camera.⁸ Choose from 8- or 7-passenger models and we think you'll agree — the 06 Sienna is quite a find.

¹ Cargo and load capacity limited by weight and distribution.
² Available on LE, standard on XLE and Limited.

³ Available on LE, XLE and Limited.
⁴ Available on XLE, standard on Limited.
⁵ Standard on Limited only.
⁶ See Combinations section footnote 6 for more information on Toyota's Dynamic Laser Cruise Control.
⁷ See Combinations section footnote 10 for more information on Toyota's DVD navigation system.
⁸ See Combinations section footnote 11 for more information on Toyota's backup camera.

Let's play another game!
Can you spot what's different between photo "A" and the other three?

While you might notice something missing on the front lawn (hint, hint), it may be harder to discern the differences between Siennas. After all, every model grade features Toyota's famous reliability and durability. But look close and you'll see that for every kind of family, there's a distinct Sienna.

Sienna LE shown in Silver Shadow Pearl.

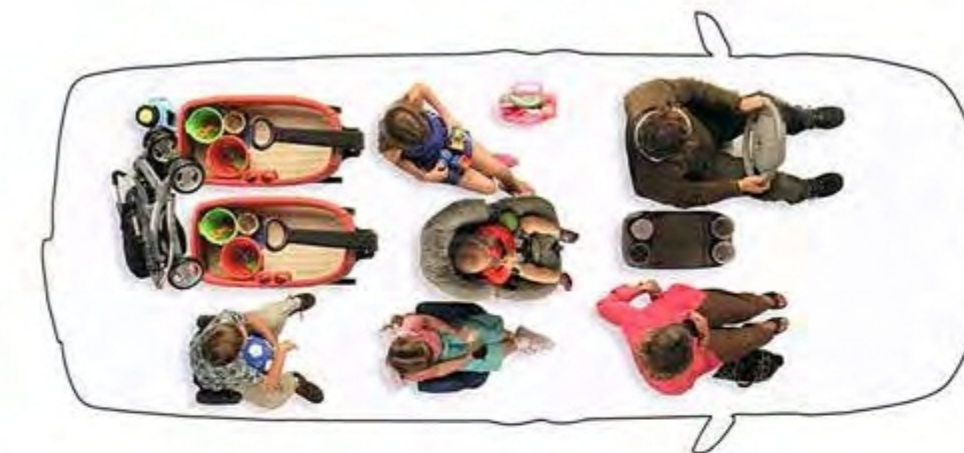

ANSWER: Sienna XLE shown in Silver Shadow Pearl with 17-in. 5-spoke aluminum alloy wheels, side mirror is color-keyed, garden hose is running, UFO is added, airplane is replaced with kite, branches of tree are visible, dormers are missing, second-story windows are missing, cat is on wall, ball is replaced with football, bird is perched on fountain, balcony lattice is different, flag is displayed, front doorknob is on right side of door, second-story doorway arch is decorated, windmill next to fountain is missing, chimney is removed, and flying birds are missing.

ANSWER: Sienna CE shown in Silver Shadow Pearl, no roof rack on van, panda is in tree, additional dormer is added to house, fountain is replaced with seal, flag is displayed on house, front door is arched, clouds are replaced with sun, flying birds are missing. Tree added behind wall, and ball on lawn is missing.

ANSWER: Sienna Limited shown in Arctic Frost Pearl with 17-in. 5-spoke aluminum alloy wheels, side mirror is color-keyed, front grille is chrome-accented, body side moldings are added, a front parking-assist sensor is visible on bumper, driveway is brick, snowman is added, wall is missing, garden hose is missing. Front doorknob is round instead of rectangular, floodlight is added to front of house, potted plant is added, second-story doorway is square, airplane is pulling banner, windmill next to fountain is missing, lamppost is missing, and flying birds are missing.

It starts with the CE. Besides an impressive 3.3-liter DOHC 24-valve V6 engine with Variable Valve Timing with intelligence (VVT-i), it features a Tire Pressure Monitor¹ for added peace of mind. Next is the LE, complete with convenient roof rack and cruise control, while the XLE offers dual power sliding doors and a 10-speaker JBL Synthesis[®] 360-watt audio system. Finally, there's the loaded Sienna Limited with 17-in. aluminum alloy wheels and Vehicle Stability Control (VSC)² + Traction Control. Whichever you choose, it's clear nothing compares to a Sienna.

¹ See Combinations section footnote 19 for more information on Toyota's Tire Pressure Monitor. ² See Combinations section footnote 18 for more information on Toyota's Vehicle Stability Control (VSC).

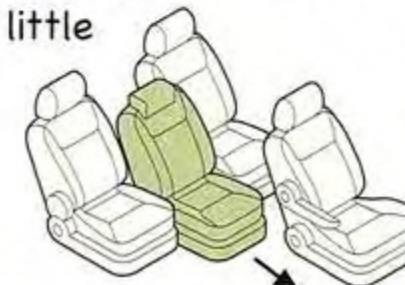

This family sure has a lot of toys. Help them load the Sienna by matching their cargo to the correct seating configuration.

See Features page for answers.

Front and Center™ second-row seat (8-passenger).
Available rear-seat DVD entertainment system (LE, XLE and Limited).
Available JBL Synthesis® 10-speaker audio system includes DVD navigation system¹ with backup camera.² (XLE and Limited).

Meet Dick and his sister Jane. They both love their Sienna and its ready-for-anything flexible interior. Dick thinks the extra space afforded by the multi-function 60/40 Split & Stow 3rd Row™ seat is so cool. Jane notes that for added convenience, there's even an available power third-row seat³ that folds itself. They also like having their own second-row removable captain's chairs⁴ with multiple placement positions. And should they have a little brother, they know he'll be secure in the 8-passenger Sienna's ingenious Front and Center™ second-row seat. The Sienna makes Dick and Jane happy. And when Dick and Jane are happy, the whole family is happy. The end.

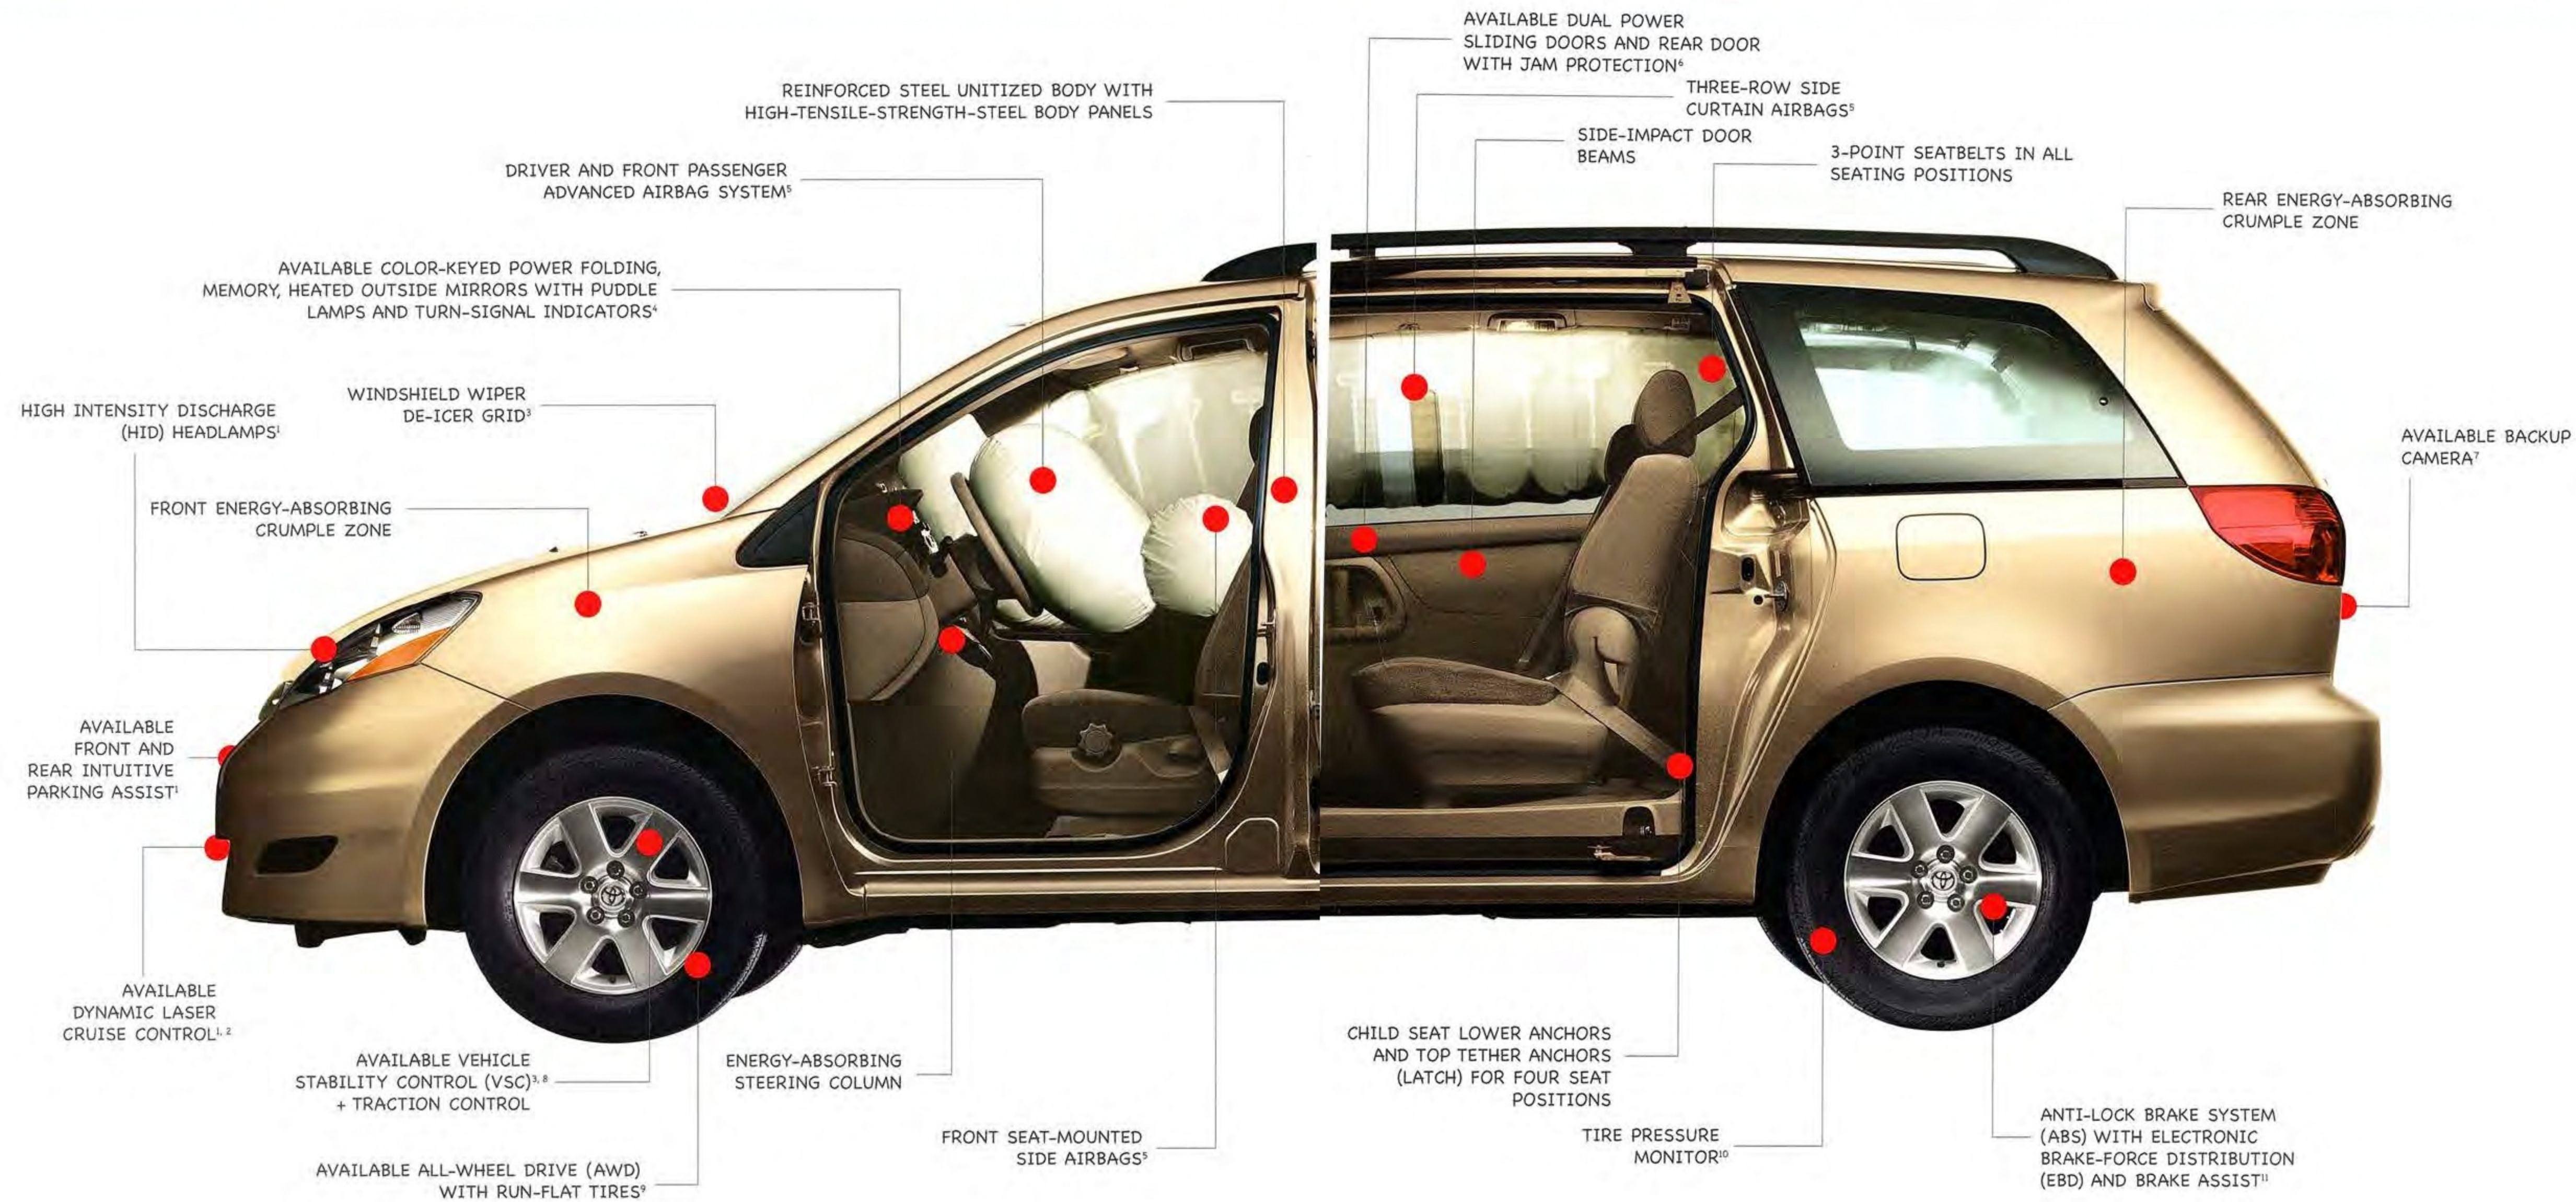

Available Front and Center™ second-row seat.

4. 7-passenger only.

This is a static depiction of deployed airbags.

Time to put on your thinking caps. If you add up Sienna's available safety and convenience features, what number would you get?

- A. 31
- B. 21
- C. 12

Like a mother hen, or should we say Mother Goose, Sienna keeps its eye on the well-being of its passengers. To help avoid any Hump Dumpty moments the road may bring, Sienna features standard side curtain airbags in all three rows⁵ as part of its Advanced Airbag System (SRS)⁵ which also consists of driver and front passenger airbags and front seat-mounted side airbags. Other safety features include available All-Wheel Drive (AWD) and standard Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD) or Brake Assist!¹¹ Add the available Vehicle Stability Control (VSC)⁸ + Traction Control and you've got the makings of a fairy-tale ending whenever you leave the castle.

The correct answer is: A. 31. No, it's not a trick question — it's simply a challenge to get so many safety features all on one page.

¹ Standard on Limited only. Not available on CE, LE and XLE.

² See Combinations section footnote 6 for more information on Toyota's Dynamic Laser Cruise Control.

³ Standard on Limited and AWD models, available on CE, LE and XLE.

⁴ Standard on Limited, available on XLE.

⁵ See Combinations section footnote 14 for more information on Toyota's driver, front passenger,

front seat-mounted side and side curtain airbag Supplemental Restraint Systems (SRS).

⁶ Standard on XLE and Limited.

⁷ Backup camera linked with available DVD navigation system.

⁸ See Combinations section footnote 11 for more information on Toyota's backup camera.

⁹ See Combinations section footnote 18 for more information on Toyota's Vehicle Stability Control (VSC).

¹⁰ Not available on CE. See Combinations section footnote 23 for more information on Toyota's run-flat tire technology.

Warranties

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

- Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).
- Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).
- rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).
- missions:** Coverages vary under Federal and California regulations. Refer to applicable *owner's Warranty Information* booklet for details.
- Accessories:** For accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Owner's Warranty Information* booklet or see your Toyota dealer.

All information presented herein is based on data available at the time of printing, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only (may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions).

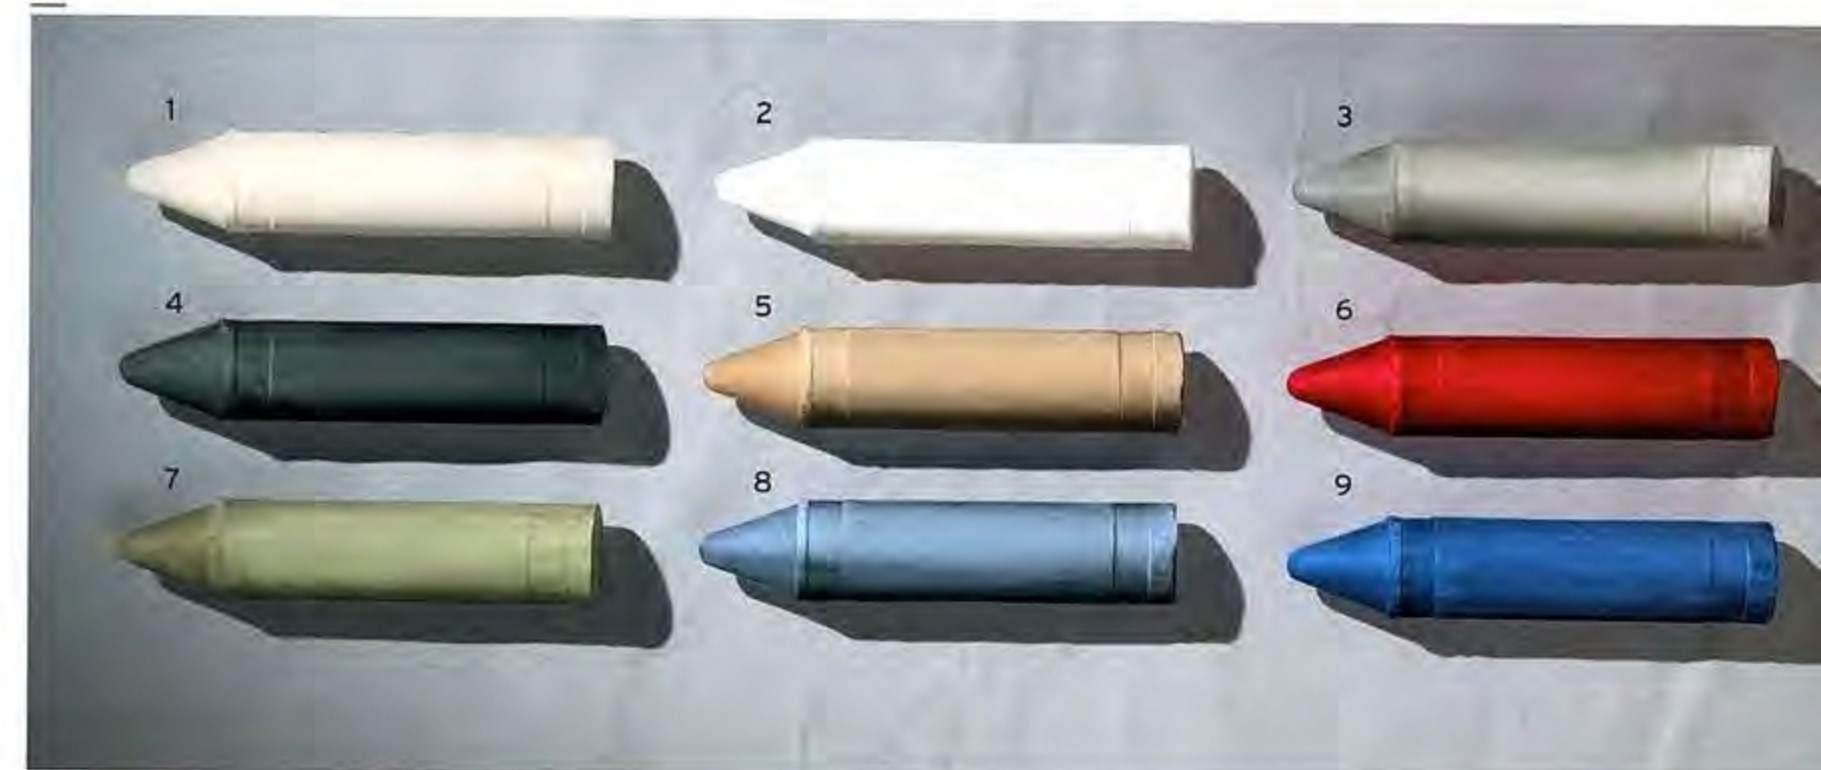

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer hitch manufacturer and Toyota vehicle *Owner's Manual*. The maximum amount you can tow depends on the total weight of any cargo, occupants and optional equipment.
4. 8-passenger seating is not available on LE AWD, XLE and Limited.
5. Limited 2WD model only. Available late Fall 2005.
6. Dynamic Laser Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important cautions and instructions.
7. Auto up/down not available on CE.
8. HomeLink[®] is a registered trademark of Johnson Controls, Inc.
9. Thirteen cup holders with removable center console.
10. The Toyota DVD navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your *Navigation System Owner's Manual* and your Toyota dealer for further details.
11. The backup camera, available only with the navigation system, does not provide a comprehensive view of the entire rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will eliminate effectiveness and view may become cloudy.
12. While there are several Bluetooth[®] phones on the market, Toyota recommends the phones listed on its Web site because they have been tested and meet Toyota's high standards for voice quality and functionality. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area.
13. When XLE Package #8, #12 or Limited Package #2 or #3 is ordered, the standard 6-disc in-dash CD changer is replaced with a 4-disc in-dash player.
14. The Toyota driver, front passenger, front seat-mounted side airbags and side curtain airbags are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to deploy in severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceed the design threshold level. The side airbags

and side curtain airbags are designed to inflate in certain types of severe side-impact collisions. In all other accidents, the airbags will not inflate. To decrease the risk of injury from a deploying airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying SRS airbag may cause serious injury or death. Please see your *Owner's Manual* for further instructions. Vehicle complies with "advanced airbag" requirements of FMVSS 208.

15. Adjustable seatbelt anchor on driver-side second-row seat (7-passenger models), and on second-row outboard seats (8-passenger models).
16. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.
17. Rear disc brakes standard on Limited.
18. Toyota Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details.
19. Toyota's Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the Monitor System. See your *Owner's Manual* for details.
20. Available on CE and LE.
21. Available for vehicles with factory security.
22. Cargo and load capacity limited by weight and distribution.
23. All-wheel-drive models come equipped with run-flat tires. Run-flat tire technology is designed for limited emergency use only. If air pressure is lost, vehicle speed must remain below 55 miles per hour; cornering, braking and accelerating must be done with extreme caution; and the tire should be replaced within 100 miles. See your Toyota dealer for details.
24. Dealer-installed option on AWD models.
25. 2006 mileage estimates determined by Toyota. EPA mileage estimates not available at time of printing. Actual mileage may vary.
26. Extra cost color. Not available on CE and LE.
27. Not available on XLE and Limited.
28. Available on XLE, standard on Limited.
