

NAVIGATOR

A new statement of understated confidence.

With daring angles, a bold stance, and technology that puts everything at your fingertips, the reimagined 2015 Lincoln Navigator makes a definite statement.

A warm welcome – and a fresh start.

Even before you open the door, Navigator extends a gracious welcome. Outside, it casts an inviting welcome mat on the ground to illuminate your path, while keyless entry with push-button start makes starting, locking and unlocking your vehicle without your keys a breeze. Welcome. We're glad you're here.

A refreshed look – with refined power.

Inside and out, Navigator is power, wrapped in beauty. Emotive ambient lighting illuminates throughout while power-deployable running boards and a power liftgate make entering and loading easy and convenient. The bi-functional, HID headlamps cast a longer, brighter beam, and LED signature lamps and daytime running lamps give Navigator that extra element of style and function. Wondering about power? With the standard 3.5L EcoBoost® V6 twin-turbocharged, direct-injection engine, you get 380 hp¹ and 460 lb.-ft.¹ of torque to effortlessly move you forward.

¹Figures achieved using 93-octane fuel.

The inside story on comfort and convenience.

Powerful pull with beautiful poise.

Fearless performance – with unwavering control.

The 3.5L EcoBoost® V6 engine with twin turbochargers gives Navigator 380 hp¹ and 460 lb.-ft.¹ of torque for impressive power and overall smooth performance. The 6-speed SelectShift® automatic transmission lets you manually select gears – even with an automatic. Tow up to 8,600 lbs. (3,900 kg)² with ease – and without worry – thanks to standard trailer sway control³ that helps steady your vehicle's motion. And standard Control Trac® 4-Wheel Drive helps you get through rough terrain. Performance and control you can count on. That's Navigator.

¹Figures achieved using 93-octane fuel. ²When properly equipped. ³Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

A responsive ride – with an independent side.

Everyone has a different driving style, and Navigator responds accordingly. In fact, standard Lincoln Drive Control with continuously controlled damping lets you choose between 3 drive modes – Comfort, Normal or Sport – to match your style. And, because road surfaces are always changing, the system continuously monitors the suspension settings hundreds of times per second, then quickly adjusts to make sure that your vehicle and the road are in harmony. Hill start assist helps prevent your vehicle from rolling back when you're stopped on a hill. Electric power-assisted steering – or EPAS – offers just the right amount of steering assistance for your driving situation. The multilink independent rear suspension gives Navigator a smooth ride.

Driver-assist features are supplemental and do not replace the driver's judgment.

A clear focus on high tech.

A seamless connection – with a simple touch.

Staying in touch is effortless in the redesigned Navigator. Voice-activated, turn-by-turn directions and 3D maps are brought to life through SYNC® with MyLincoln Touch™ and a standard Navigation System, while a simple touch of the signature 8" colour LCD screen or your voice starts your favourite song from a playlist on your MP3 player piping through your vehicle's speakers. Don't worry – it will fade just enough so you don't miss an incoming call or text message. A 6-month prepaid subscription to SiriusXM® lets you enjoy 100% commercial-free music, world-class news, sports, comedy and entertainment.² And the 4.2" LCD displays in your instrument cluster are configurable using the controls on your steering wheel. The THX® II Certified Audio System with patented sound-processing technology and 14 speakers brings full studio sound to every passenger, while a media hub with dual USB ports, an SD card reader and an audio input jack lets you plug in your devices.

FORWARD AND REVERSE SENSING. Whether you're driving forward slowly or backing up, Navigator has you covered. The Forward Sensing System uses sensors on the front bumper to detect objects that are in front of you – and then sends an audible tone if something is there. The Reverse Sensing System uses sensors on the rear bumper and a warning sound to help alert you if something is behind you, while a rear view camera gives you a clear picture if something is in your path.

¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyLincoln Touch voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. ²SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

A sense of security – from every angle.

BLIND SPOT INFORMATION SYSTEM. Navigator has features that are designed to help you see things that might otherwise be out of view. BLIS® (Blind Spot Information System) uses radar sensors to help you detect when a vehicle is in your blind spot, and then alerts you with a light in the corresponding sideview mirror. And cross-traffic alert lets you know when a vehicle is crossing behind you as you slowly back out of a parking spot, and alerts you with a glowing icon in your sideview mirror and an alarm.

AIRBAGS. With a structural safety cage, dual-stage front airbags for the driver and front passenger, and full side-curtain airbags for outboard passengers in all rows, Navigator wraps you in security. In addition, the SOS Post-Crash Alert System™ can unlock doors and flash lights to let others know you need help¹ – in case you can't.

ADVANCETRAC. Slippery surfaces and emergency manoeuvres often require a bit more from your vehicle. Fortunately, Navigator helps give you just what you need. AdvanceTrac® with RSC® (Roll Stability Control™) can apply the brakes and reduce engine power to give you more grip on the road and help you stay on your intended path.²

Driver-assist features are supplemental and do not replace the driver's judgment. ¹SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

Lincoln Automotive Financial Services Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Lincoln Automotive Financial Services. Ask your local Lincoln Dealer for details or check us out at LincolnAFS.ca.

Ford Extended Service Plan Help protect your investment and add to your peace of mind by complementing your Lincoln purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with the Lincoln Maintenance Protection Plan (LMPP), which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your local Lincoln Dealer for details.

Lincoln Limited Warranties Your 2015 Lincoln Navigator comes with a 4-year/80,000-km Basic Warranty. Your Powertrain Warranty, Safety Restraint System coverage and Corrosion coverage last even longer. See your local Lincoln Dealer for details.

Lincoln, Ford Motor Company of Canada, Limited warrants that its authorized Dealers will repair or replace any Genuine Lincoln Accessory that is properly installed by the authorized Dealer that sold the accessory and found to be defective in factory-supplied materials or workmanship. The accessory will be warranted for 24 months/unlimited distance, or the remainder of your 48-month/80,000-km (whichever occurs first) Basic Coverage in the New Vehicle Limited Warranty. Contact your local Lincoln Dealer for details.

Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's limited warranty. The warranty coverage will vary by accessory manufacturer. Lincoln Licensed Accessories are fully designed and developed by the accessory manufacturer and have not been designed or tested to Lincoln, Ford Motor Company of Canada, Limited, engineering requirements. Contact your local Lincoln Dealer for details regarding the accessory manufacturer's limited warranty and/or for a copy of the LLA product limited warranty offered by the accessory manufacturer.
