 (Inquiry: TEL. 03-3498-5111, FAX: 03-3498-5112)

Special Agent in Charge, U.S.A., FBI,
400 E. Michigan Street,
Ann Arbor, MI 48106-0700.

TOYOPET IS YOUR PET!

You can "pet" the advantages of the Toyopet. Come as soon as you get into the driver's seat. Find the safety of its cushions, the firmness of its steering and the ease of the interior. Although styled as a compact steel car with an overall length of less than 100 inches, it can seat 6 adults. Seat creasing and noise the van of transportation. Sharp corners and narrow roads are no problem and parking in tight spots is easy.

The Toyopet two-seater has ample room to carry your shopping, to hold personal belongings with ease. The car interior is spacious enough to provide room for 6 adults with the front seat made adjustable to enable you to enjoy the best driving position. Large windows with tinting offers greater maximum light and visibility. Wide doors are designed for maximum accessibility.

Powerful though economical engine of 60 h.p. gives you 33 miles to a gallon.

The biggest advantage of the Toyopet stems in its amazingly low gasoline consumption. It can run 33 miles on a gallon of gas so that with a full 12 gallon tank, you can travel 396 miles without refueling. The Toyopet Model R engine is a V cylinder, overhead valve, square type in which the base and sides are approximately equal. The large valves and specially designed combustion chamber account for its high thermal efficiency and excellent economy.

BEWYAST AND RUGGED SUSPENSION.

Through rugged and flexible, its independent front wheel suspension and shock absorbers, rear springs together with reliable shock absorbers give you a fine cushioning effect.
