FORD FALCON ECLIPSE

A distinctive, Limited Edition of Australia's top-selling family car.

Ford Falcon is an outstanding success in the Australian family car market. Now it's available in a special Limited Edition, the Ford Falcon Eclipse, which brings even more flair and value to Australia's favourite car.

This stylish vehicle combines Falcon GL's attributes of roominess, comfort, powerful Alloy Head II engine, Watts Link

rear suspension system, with some very special value added features—features which make the Falcon Eclipse especially attractive to the discerning family car buyer with a keen eye for value.

Added features

To Falcon's sleek exterior, extra touches of distinction have been added. There's a choice of four striking two-tone colour combinations. And these eye-catching colour combinations are enhanced by special body-side mouldings, pin-striping and distinctive wheels fitted with ER78 steel belt radial tyres.

Because this car gives you the luxury of power steering, little effort is needed in driving and, more importantly, in parking and manoeuvring.

Other extra equipment includes a digital clock, intermittent wiper setting and a left-side exterior rear view mirror. There are also map pockets on the back of the front seats and passenger grab handles.

In combination with Falcon GL's standard equipment, these features give Falcon Eclipse a very impressive level of appointments indeed. But remember, the Falcon Eclipse is a Limited Edition. So make your decision now and enjoy the extra value and extra pleasure that comes from owning a vehicle that is out of the ordinary—the distinctive Ford Falcon Eclipse.
