

Presenting

CARLA ZAMPATTI'S
LATEST CREATION

THE CARLA ZAMPATTI LASER

"I design for the woman of today. She is bright, energetic, individualistic. She thinks for herself and likes to express herself in everything she does."

From the clothes she wears, the home she runs, the food she cooks, to the car she drives.

She wants quality and style. It's a sense of fashion that goes beyond the fickle and trendy. It's something I try to put into clothes and have achieved in my contribution to the design of the limited edition Carla Zampatti Laser for Ford."

CARLA ZAMPATTI AND FORD HAVE CREATED A FASHION THAT YOU'LL LOOK GOOD IN EVERY DAY.

Slip into a limited edition Carla Zampatti Ford Laser and see how well it suits you. The interior is trimmed in Carla's exclusive designer signature wool-blend fabric. Air-conditioning is provided for your comfort. Rack and pinion steering responds to a light touch, and there's front-wheel drive with four-wheel independent suspension to smooth your ride.

On the outside - three elegant colour combinations to choose from, enhanced by stylish wheels. On the inside - 2-speaker AM/FM radio and cassette player, analogue quartz clock, 3-speed fan-boosted heater/demister, remote control hatchback release and the convenience of a split fold-down rear seat back rest.

Then there are Carla's special touches. A good-sized mirror in the glove box. A carpet protector to help prevent scuffing of the driver's shoes. And because the Carla Zampatti Ford Laser was designed for you, we'll send you a special gift package of Carla Zampatti's perfume, signature scarf and key pouch, with best wishes for delightful driving, from Carla.
