ENCLAVE

BEAUTIFUL

THE PRODUCT OF CROSSOVER THINKING. It began by challenging assumptions – taking on conventional wisdom that segregates form and function. It took original thinking to develop a vehicle that integrates sophisticated design and advanced practicality. Just as it took real creativity to break down the barriers between a premium sedan and a spacious SUV. Introducing the new 2008 Buick Enclave. A stunning display of automotive sculpture that delivers a scintillating brand of driving. Powerful, yet efficient. Comfortable, yet versatile. Sumptuous, yet functional. Buick's first luxury crossover. The new 2008 Buick Enclave.

For more information about Enclave, visit enclave.gm.ca

Enclave CXL shown with available equipment.

CRAFTSMANSHIP

PROMISE FULFILLED. Upholding a designer's original vision requires painstaking attention to detail. How the six-speed automatic transmission shifter is housed in a striking, saddle-shaped centre console. Or how the warm wood tones of the door trim are complemented by rich fabrics, as well as brushed aluminum and bright chrome accents. As with every element of Enclave, the concept is as impeccably executed as it is conceived.

Enclave CXL, shown with 2nd-row centre console*, standard leather-appointed seating surfaces** and perforated inserts in Cashmere.

VAST

THE ULTIMATE LUXURY: SPACE. The first impression is created by the feeling of openness that greets everyone who travels inside Enclave. Bright and spacious accommodations across three rows of luxury seating. Not only are all rows easily accessible, they are also exceptionally comfortable – even the third row. And what’s behind the third row of seats is as much a revelation as its comfort: namely 535 L (18.9 cu. ft.) of space with all seats in the upright position. So even with a full house – with available eight-passenger seating – there’s still plenty of room for their gear. We all need our space – you’ll find yours in Enclave.

*Interim availability.

**Leather-appointed seating surfaces on front and second row only.

INTELLIGENT

IT'S NOT JUST SMART LOOKING. We invite you to be just as meticulous in your examination of Enclave's instrument panel as our designers and craftsmen were in creating it. The aesthetics are exceptionally refined. This is revealed in the way the contours flow together, and in the selection of fine materials – including a standard Mahogany steering wheel. The personality of the design is also evident in the distinctive lapis blue gauge lighting and Deco-styled analogue clock. Enclave: the closer you examine it, the smarter it looks.

Enclave CXL shown with available equipment.

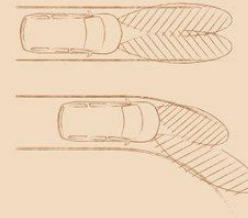

DYNAMIC

YOU HAVE A CONTROLLING INTEREST. Control is a fundamental characteristic of a complete driving experience – so it was an essential starting point in the engineering of the new Buick Enclave. Its form reflects this focus, with a low centre of gravity not only contributing to its sedan-like handling, but also the improved fuel efficiency that results from the exterior's sleek aerodynamics. Driver control is also advanced by a series of sophisticated features that range from the standard StabiliTrak® vehicle stability control system with rollover mitigation, to the available intelligent all-wheel-drive system. It's all about control. And it's all included in Enclave.

StabiliTrak continuously monitors steering angle, wheel speed, brake pressure and lateral acceleration. When the system detects a lateral skid, it intervenes automatically by adjusting brake pressure and engine power to help return Enclave to your intended driving line. A rollover mitigation feature is included with StabiliTrak.

◀ STABILITRAK

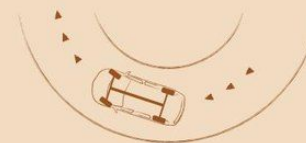

How much of an advantage is it to actually see around a corner at night? The answer is revealed by Enclave's available Xenon articulating headlights. They turn as you turn, based on vehicle speed and turning angle – the outboard light turns up to 15 degrees, and the inboard light up to five degrees, illuminating more of the road ahead.

◀ XENON ARTICULATING HEADLIGHTS

Authoritative power is another essential element of Enclave's driving experience. The 3.6L V6 VVT is the product of a development effort that included several GM technical centres spanning three continents. The result is an engine that is as efficient as it is powerful. Output is 275 horsepower and 251 lb.-ft. of torque, which is delivered across a wide range of engine speeds, thanks to the engine's variable valve timing. The engine is mated with a technologically advanced six-speed automatic transmission that produces smooth shifts and enhanced fuel efficiency.

◀ 3.6L V6 VVT ENGINE AND SIX-SPEED AUTOMATIC TRANSMISSION

The Canadian climate has more than its share of inclement weather that can lead to poor driving conditions; Enclave has the available intelligent all-wheel-drive system needed to overcome them. The system continuously monitors traction at all four wheels. When wheelspin is detected, power is adjusted instantaneously and seamlessly between the front and rear wheels. Now that's intelligent.

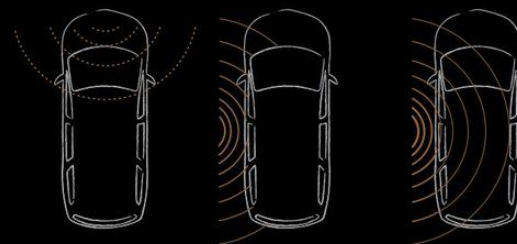

◀ ALL-WHEEL DRIVE

TRANQUILITY

Enclave CXL shown with available equipment.

THE QUIETTUNING® MANTRA: REDUCE. BLOCK. ABSORB. While space defines the physical properties of Enclave's interior, quiet defines its character. It's the product of Buick-pioneered QuietTuning that incorporates dozens of different acoustic technologies and tactics. You can meditate upon the results in the sanctuary of Enclave's cabin. It's a decidedly more peaceful context for navigating through the anything-but-peaceful settings that you inevitably encounter. Relax. Recharge. In the remarkable tranquility of Enclave.

QuietTuning measures fall into three categories. First are those that reduce noise at its source – from the tread pattern of the tires to the damping of the engine mounts. Secondly, materials are used to block the noise path – from triple-sealed doors to an acoustic laminated windshield. Finally, noise is absorbed in the cabin with features like acoustic absorbers and specially designed carpeting.

◀ QUIETTUNING

EXTRAORDINARY SOUND QUALITY. The quieter the interior, the better the sound dynamics – particularly when listening at a low volume. Enclave's exquisitely quiet cabin creates an electrifying sound stage with its high-end audio technology, highlighted by the available rear DVD entertainment system featuring the Bose® 225-Watt 10-speaker audio system with digital 5.1 surround sound. The system was custom engineered to optimize the acoustic dynamics within Enclave's cabin, using thousands of measurements of the interior's absorptive and reflective properties. Which serves as yet another example of the meticulous approach to quality that defines virtually every element of Enclave.

RIVETING

Bose is widely recognized as a leader in the development of audio technology. How appropriate then that Bose and Buick joined forces to provide a sound system of remarkable clarity and faithful sound reproduction. The Bose 10-speaker audio system that's standard on Enclave CXL models and available on CX includes an MP3-compatible in-dash six-disc CD changer, as well as two rear headphone jacks.

◀ BOSE
SOUND SYSTEM

En route to your next destination, your passengers can delight in their favourite movies, television shows or games, thanks to Enclave's available rear DVD entertainment system. Viewing pleasure is enhanced by the vivid and large 200 mm (8 in.) fold-down LCD monitor. The system also features the breathtaking realism of Bose digital 5.1 surround sound.

◀ FOLD-DOWN
LCD MONITOR

No matter what your preference in radio entertainment, you'll find plenty to choose from with Enclave's standard XM™ Satellite Radio.* It offers the largest playlist and the most commercial-free music on the planet – broadcast coast to coast.* Genres range from decades to dance, rock to rap, and country to classical – all with digital-quality sound. There's also news, talk, comedy and sports channels – including more than 1000 NHL games. No wonder more than six million people subscribe to XM Satellite Radio. Ask your dealer for more information.

◀ XM SATELLITE
RADIO

*Includes three trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

ADAPTABLE

THE CABIN ALSO CROSSES OVER. When it comes to configuring your Enclave, the choice is definitely yours. That begins with available seating for eight, in addition to the standard seven-passenger configuration. The adaptability is enhanced by the innovative Smart Slide second-row seats that improve access and increase cargo capacity. There are also two dozen convenient storage areas. Speaking of convenience – how about power right at your fingertips? There are four 12-volt power outlets and a 110-volt power inverter. The vehicle that effortlessly crosses over from people mover to cargo carrier: Enclave.

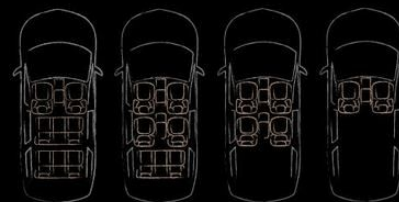

Enclave goes to extraordinary lengths to attend to all its passengers' preferences and requirements. Take, for example, the available power sunroof. It includes a companion rear skylight with a power sunshade to enhance the riding experience of rear-seat passengers.

The Smart Slide™ second-row seats conveniently slide forward, all the way to the back of the front-row seats, opening up more rear cargo room – or a wider aisle for easy entry into the third-row of seats.

◀ SMART SLIDE
EASY ACCESS

The available eight-passenger seating configuration replaces the standard second-row captain's chairs with a flexible 60/40 flat-folding split-bench seat. To increase cargo capacity, you can fold down the third-row split-bench seat, or maximize cargo volume by also folding down the second-row 60/40 split-bench seats. That creates a flat loading floor with an enormous 3290 L (116.2 cu. ft.) of space.

◀ SEATING
FOR UP TO EIGHT

PROTECTED

A NEW ANGLE ON SAFETY: 360 DEGREES. A key to safe driving is expecting the unexpected – no matter what direction it may come from. That's why Enclave takes an all-around approach to safety. A series of features that help you see and be seen from all angles form an integrated system we call Total Vision Technology. At the same time, a 360-degree perimeter safety system employs sensors that can detect an impending front, rear or side impact and then deploy the appropriate occupant protection system. Those are just some of the ways Enclave advances your safety before, during and after a collision. With Enclave's safety package, all the angles are covered.

The Total Vision Technology system includes a number of distinct features – everything from a high seating position and turn signals in the exterior mirrors, to the available Xenon articulating headlights.

◀ **TOTAL VISION TECHNOLOGY**

Before.

There are numerous features that help you avoid a collision, including the available ultrasonic rear parking assist and rear view camera.

During.

Enclave has six standard air bags* – all are part of the 360-degree perimeter safety system.

After.

OnStar** as well as its Advanced Automatic Collision Notification feature are standard.

◀ **BEFORE/ DURING/ AFTER**

The standard OnStar system uses advanced communications technology to enhance your safety, security and convenience. Enclave includes one year of the Directions & Connections Plan with Turn-by-Turn Navigation that provides a wealth of useful information to help you en route to your destination. OnStar can also perform a variety of diagnostic services, and can provide assistance in an emergency. So it should come as no surprise that more than four million people have become OnStar subscribers and over 12 million calls are made each month on the built-in voice-activated, hands-free system. Ask your dealer for more information.

◀ **ONSTAR ADVANCED AUTOMATIC COLLISION NOTIFICATION**

*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

**OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes and existing OnStar service contract. Subscription Service Agreement required.

ADD A PERSONAL TOUCH TO YOUR ENCLAVE. How can Buick Enclave's available dealer-installed accessories enhance your driving experience? Think of the benefits of an advanced two-way remote start/remote monitoring system that can not only start your Enclave remotely, but also keep track of tire pressure and fuel tank level. Or how about a dual head restraint DVD entertainment system with twin flat-screen monitors mounted in the back of each front-seat head restraint? Then there's the bold styling cues provided by the 19-inch and 20-inch aluminum wheels with an available brilliant chrome finish.

The selection doesn't stop there – roof rack cross rails, integrated assist steps and a one-piece cargo tray are also available. And don't overlook the fact that only GM Accessories are integrated into Enclave's comprehensive vehicle development process, ensuring excellent fit, finish and functionality. And they are the only accessories backed by Buick's 4-year/80,000 km New Vehicle Limited Warranty.* Ask your sales consultant for a complete list of the GM Accessories available for Enclave, or visit gmcanada.ca

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

Accessories

OWNERSHIP EXPERIENCE

There is something special about your time spent inside a Buick. It's the way that luxury and technological sophistication combine to create a more rewarding driving experience. The Buick ownership experience is equally distinguished. It encompasses everything from the long-lasting quality and dependability of a Buick to the high level of confidence you'll receive, knowing that your Enclave is backed by the best coverage in Canada:

- 4-year/80,000 km Buick New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Limited Warranty that includes no deductibles and is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs)*.

*Whichever comes first. Conditions and limitations apply, see dealer for details.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:¹

- GM Protection Plan (GMPP) – the only extended service contract backed by the resources and commitment of General Motors; GMPP may be purchased at the time of your sale or lease, or subsequently during the Base warranty period.
- GM Goodwrench Service – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better. Conditions and limitations apply.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- GMAC Financing – on-the-spot financing at your GM dealership²
- GMAC SwapLease – a smart alternative to traditional financing³
- The GM Card – eligible cardholders may be able to redeem up to \$3500 in GM Card⁴ Earnings toward the total purchase price or lease down payment on selected vehicles.⁵ For more information on The GM Card please call 1-800-461-3279.

¹Conditions and limitations apply. ²Subject to eligibility.

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM website at gm.ca
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users)
- For more information about GMAC visit gm.ca or call 1-800-616-4622.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximate based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM Canada emblem, the GM Canada website address, the GM Accessories logo, Buick, the Buick logo, Enclave and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as QuietTuning, SmartLease, Solar-Ray, Smart Slide and StabilTrak are all trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation.

OnStar, the OnStar logo and the OnStar button are registered trademarks of the OnStar Corporation.

TheftLock is a registered trademark of Delphi Automotive Systems.

Bose is a registered trademark of the Bose Corporation.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.

The XM name and related logos are registered trademarks of XM Satellite Radio Inc.

ENCLAVE STANDARD & OPTIONAL FEATURES

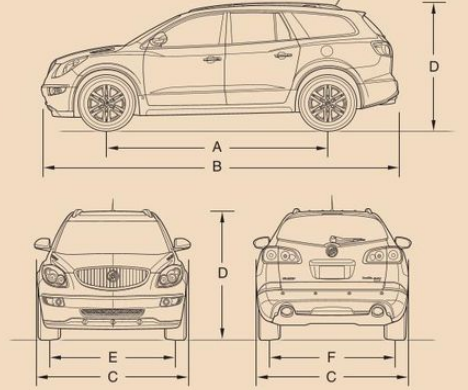

SAFETY AND SECURITY	CX	CXL
Air bags – driver and front-passenger, frontal with passenger-side air bag suppression	S	S
Air bags – driver and front-passenger, seat-mounted side impact	S	S
Air bags – front-, 2nd- and 3rd-row outboard seating positions side head curtain	S	S
Door locks – power, programmable with lock-out protection	S	S
Door locks – rear doors, child-security	S	S
Headlights – Daytime Running lights with automatic light control and Twilight Sentinel®, Xenon HID projector low beam with blue-tint lenses and halogen projector high beam	S	S
Headlights – adaptive forward system, steerable	–	0
Keyless entry system – remote, includes Panic Alarm	S	S
OnStar In-Vehicle Communications and Assistance Service – includes one-year, Directions & Connections Plan with Turn-by-Turn Navigation ¹	S	S
Safety restraints – LATCH (Lower Anchors and top Tethers for Children), 2nd-row outboard seating positions	S	S
Safety restraints – 3-point belts for all seating positions, front safety belt pre-tensioners, dual mode retractors and shoulder belt height adjusters	S	S
StabiliTrak – vehicle stability control system with Proactive Roll Avoidance and traction control system	S	S
Theft-deterrent system – content theft alarm, audible/visible, programmable	S	S
Theft-deterrent system – electronic immobilizer	S	S
Tire pressure monitor – except spare tire	S	S
Traction control – electronic, full-function, all-speed	S	S
Ultrasonic Rear Parking Assist – rear obstacle detection system with audible/visible warning	0 ²	S
MECHANICAL		
Battery – with rundown protection	S	S
Brakes – power, 4-wheel disc with 4-wheel anti-lock braking system (ABS) and dynamic rear proportioning (DRP)	S	S
Drive – front-wheel (FWD)	S	S
Drive – automatic, on-demand all-wheel-drive (AWD)	0	0
Engine – 3.6L DOHC V6 VVT Horsepower – 275 @ 6600 rpm; Torque – 251 lb.-ft. @ 3200 rpm	S	S
Engine – block heater	0	0
Exhaust system – aluminized stainless steel	S	S
Exhaust system – dual with chrome tips	S	S
Remote vehicle starter system	0 ³	S
Steering – power, rack-and-pinion, variable assist	S	S
Suspension – 4-wheel independent	S	S
Transmission – 6-speed automatic with overdrive	S	S
EXTERIOR		
Fog lights – halogen	S	S
Glass – Solar-Ray ⁴ tinted, deep-tinted on all windows behind front doors	S	S
Liftgate – power	S	S
Mirrors – manual foldaway, power remote control, heated with integral turn signals	S	–
Mirrors – power foldaway, power remote control, heated, integral turn signals and driver-side electrochromic auto-dimming with memory feature	–	S

EXTERIOR (CONTINUED)	CX	CXL
Rearview Camera System – reverse assist for parking or trailer towing (requires available Integrated DVD Navigation System)	–	0
Roof side rails – brushed aluminum	S	S
Spoiler – rear, body-coloured	S	S
Sunroof – two panel, power tilt-sliding front and fixed rear with power sunscreen	0	0
Tires – P255/65R18 all-season blackwall	S	–
Tires – P255/60R19 all-season blackwall	–	S
Wheels – 18" x 7.5" painted aluminum	S	–
Wheels – 18" x 7.5" machined-finish aluminum	0	–
Wheels – 19" x 7.5" machined-finish aluminum	–	S
Wheels – 19" x 7.5" chrome-plated aluminum	–	0
Windshield washer fluid system – heated	0 ⁵	S
Windshield wipers – 2-speed with variable delay (intermittent)	S	S
Wiper/washer – rear-window with variable delay	S	S
INTERIOR		
Air conditioning – automatic, tri-zone climate control	S	S
Air conditioning – rear, manual	S	S
Cargo convenience net	0 ⁶	S
Cargo storage – under rear cargo floor	S	S
Cargo retractable shade	0 ⁶	S
Console – front centre, includes two cupholders and storage	S	S
Cruise control – electronic with resume, coast and decelerate/accelerate features	S	S
Cupholders – 2 front and 2 rear (4)	S	S
Defogger – electric, rear window	S	S
Floor mats – front and rear removable floor mats	S	S
Instrumentation – analogue gauges (speedometer, tachometer, engine temperature, voltmeter and fuel) with enhanced Driver Information Centre (DIC) and exterior temperature display	S	S
Instrumentation – oil life monitor with readout in DIC	S	S
Lights – includes front reading, 2nd-row reading integrated into dome, theatre dimming, illuminated entry/exit features and cargo area	S	S
Mirror – rear-view with OnStar controls, electrochromic auto-dimming with 8-point compass	S	S
Power outlet – 110 volt AC 3-prong outlet in rear cargo area	–	S
Power outlets – auxiliary	S	S
Steering column – tilt adjustable and telescopic	S	–
Steering column – power tilt adjustable and telescopic	–	S
Steering wheel – leather-wrapped with sound system controls and genuine Mahogany wood grain accents	S	S
Sunshades – LH and RH padded; illuminated visor mirrors	S	S
Universal home remote – 3-channel transmitter	S	S
Windows – power, express-up and down driver and front passenger with rear lock-out features	S	S

SEATS	CX	CXL
Seven-passenger seating configuration, includes cloth reclining front bucket seats with driver 6-way power seat adjuster and front passenger-side 2-way power seat adjuster, manual lumbar adjusters, 2nd-row Smart Slide flat-folding 60/40 split-bench seat and 3rd-row 60/40 split-bench seat	S	–
As above, but with perforated leather-appointed seating surfaces and heated front bucket seats ¹	0	–
Eight-passenger seating configuration, includes cloth reclining front bucket seats with driver 6-way power seat adjuster and front passenger-side 2-way power seat adjuster, manual lumbar adjusters, 2nd-row Smart Slide flat-folding 60/40 split-bench seat and 3rd-row 60/40 split-bench seat	0	–
As above, but with perforated leather-appointed seating surfaces and heated front bucket seats ¹	0	–
Seven-passenger seating configuration, includes perforated leather-appointed seating surfaces and heated front bucket seats with driver 8-way power seat adjuster with memory and front passenger-side 4-way power seat adjuster, power lumbar adjusters, 2nd-row Smart Slide reclining fore/aft captain's chairs and 3rd-row 60/40 split-bench seat ¹	–	S
Eight-passenger seating configuration, as above, but with 2nd-row Smart Slide flat-folding 60/40 split-bench seat	–	0
ENTERTAINMENT SYSTEMS		
AM/FM stereo with CD player, MP3 playback compatible, seek/scan, digital clock, auto tone control, Radio Data System (RDS), speed-compensated volume, TheftLock and 6-speakers	S	–
AM/FM stereo with in-dash 6-disc CD changer, MP3 playback compatible, seek/scan, digital clock, auto tone control, Radio Data System (RDS), speed-compensated volume, TheftLock and Bose 225-Watt 10-speaker sound system	0	S
XM Satellite Radio ¹	S	S
Rear-seat audio controls includes headphone jacks	S	S
DVD Entertainment System – 2nd-row, overhead DVD player, remote control auxiliary input jacks, 2 wireless headphones, rear-seat audio controls and Advanced Bose 225-Watt 10-speaker 5.1 surround sound system, includes AM/FM stereo with CD player	0	0 ²
Navigation System – DVD-based, includes AM/FM stereo with separate CD slot, rear-seat audio controls and Bose 225-Watt 10-speaker sound system ⁴	–	0 ²
DVD Entertainment with Navigation System – includes Advanced Bose 225-Watt 10-speaker 5.1 surround sound system ⁴	–	0 ²
SPECIAL PACKAGES		
Cold Weather Package – includes remote vehicle starter system and heated washer fluid system	0	S
Convenience Package – includes cargo convenience net, retractable rear cargo shade and ultrasonic rear parking assist	0	S
Trailer Towing Package – includes trailer wiring harness, heavy-duty cooling system and trailer hitch receiver	0	0

1 – Turn-by-Turn Navigation availability impacted by some geographic/cellular limitations, advisor-assisted routing available.
2 – Included with Convenience Package.
3 – Included with Cold Weather Package.
4 – Leather-appointed seating surfaces on front- and 2nd-rows only, 3rd-row is vinyl covered.
5 – Includes 3 trial months beyond which service fees apply. Available in all 10 Canadian provinces and 48 contiguous United States.
6 – At time of print, detailed map coverage is available for most urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is limited outside these areas.
7 – Deletes in-dash 6-disc CD changer.

DIMENSIONS

EXTERIOR, mm (in.)	
Wheelbase (A)	3020 (118.9)
Length (B)	5126 (201.8)
Width (C) – excluding mirrors	2001 (79.0)
Height (D) – excluding roof rack	1836 (72.2)
Front track (E)	1709 (67.3)
Rear track (F)	1709 (67.3)

INTERIOR, mm (in.) front/2nd-row/3rd-row	
Headroom	1026/991/945 (40.4/39.0/37.2)
Legroom	1049/937/843 (41.3/36.9/33.2)
Shoulder room	1575/1560/1458 (62.0/61.4/57.4)
Hip room	1458/1448/1227 (57.4/57.0/48.3)

CAPACITIES	
Cargo volume, L (cu. ft.)	
– behind 3rd-row	535 (18.9)
– with 3rd-row folded	1911 (67.5)
– with 2nd- and 3rd-row folded	3290 (116.2)
Fuel tank, L (imp. gal.)	83.0 (18.2)
Towing max. kg (lb.) ⁷	2041 (4500)

⁷When properly equipped. Trailer towing capacity is the weight of the trailer, its load or contents plus any other weight added to the tow vehicle. Optional equipment, passenger or cargo will reduce trailer towing capacity. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for the vehicle, engine or hitch combination. For details, ask your Sales Consultant about the Trailer Towing Guide or visit our website.
