

Add a personal
touch to
your Cortina

CORTINA ACCESSORIES

Do it your way. Comfort, vehicle protection and prestige Accessories for Cortina.

Nothing adds the personal touch more than the accessories you choose to express your personality and to make your car a more enjoyable part of your life!

Cortina is a car that's designed to be enjoyed. Over the range of models, Cortina is equipped with a high level of standard equipment. Even so,

there are still accessories you can add yourself — or have fitted by your Ford Dealer — which can add even more comfort, style and value to your car.

Look over the impressive range of Cortina Accessories in this booklet. They are high quality accessories made to high engineering standards.

Start now... and do it your way.

Mud Flaps

Made of heavy-duty rubber. Help protect your Cortina's paintwork from small stone damage and road grime. Recommended for fitting to both front and rear wheel arches.

Weathershield

Fits the driver's side window and minimises draughts. Enables you to drive more comfortably with the window down!

Side Protection Moulding for 'L' models

Self-adhesive vinyl. Helps protect paintwork against door damage by cars parked alongside. Also helps to emphasise the car's modern styling and low profile.

Over-rider Kit

Helps lessen bumper 'locking' in parking spots and in bumper-to-bumper traffic. Made from solid energy-absorbing rubber. Can be readily fitted to front and rear bumpers. Worthwhile in today's heavy traffic conditions.

Long Range Driving Lights

Quartz-Halogen Carello-European design brightens up your night driving for you.

Remote Control Exterior Rear-View Mirror

Internal door-mounted knob provides for mirror adjustment.

Number Plate Frames

Highly polished frames add prestige to your Cortina. Can be fitted by you or your Ford Dealer.

Insect Screen

Designed to keep flying insects out of the radiator core and thereby to help prevent engine overheating. Also keeps your Cortina grille cleaner. Strong nylon mesh construction. Easily removed for cleaning and storage when not required. Strongly recommended for country travelling.

Left Hand External Mirror

Provides for rear vision on the passenger side. Very useful when travelling in centre lanes. Colour-keyed to suit your car by your Ford Dealer.

Sports Road Wheels

13" x 5.5" sporty alloy road wheels. Sporty styling adds a very distinctive 'road-car' look to your Cortina.

Wheel Nut Kit

Special locking nut helps protect your alloy wheels from theft.

Cool Sound . . . Cool Comfort

Selectaire Air-conditioning

Add superb comfort to your Cortina with a Ford Selectaire accessory air-conditioner. Styled to blend with your Cortina's dash, it has also been approved by Ford Engineers to give great performance without overtaxing your 4 or 6 cylinder engine.

It is important when choosing an accessory air-conditioner to have the correctly engineered unit fitted. Fitting an inadequately designed air-conditioner could affect your engine durability AND performance.

Ford Selectaire accessory air-conditioning has been specially manufactured for Cortina and meets the strict requirements of Ford

engineers. Selectaire is quiet-running and reduces humidity effectively.

Ford Selectaire air-conditioning for Cortina has four-multi-directional adjustable outlets to give you a plentiful supply of clean, cool air to add to your driving pleasure and to help keep you alert at the wheel.

When you buy your Cortina, think seriously about installing Ford Selectaire accessory air-conditioning from the start.

Stereo Cassette Player

Enjoy your favourite tapes wherever you drive. The Ford player features slide controls for volume, balance and tone, as well as automatic tape reverse and manual programme selection. It has been designed to lessen risk of damage to your valuable tapes.

Cortina Push-button Solid State Radios

Relax as you drive and enjoy music or news reports. Your Ford Dealer offers two top quality car radios to suit your Cortina. Choose from AM or AM/FM 2-speaker Multiplex for superb sound reception.

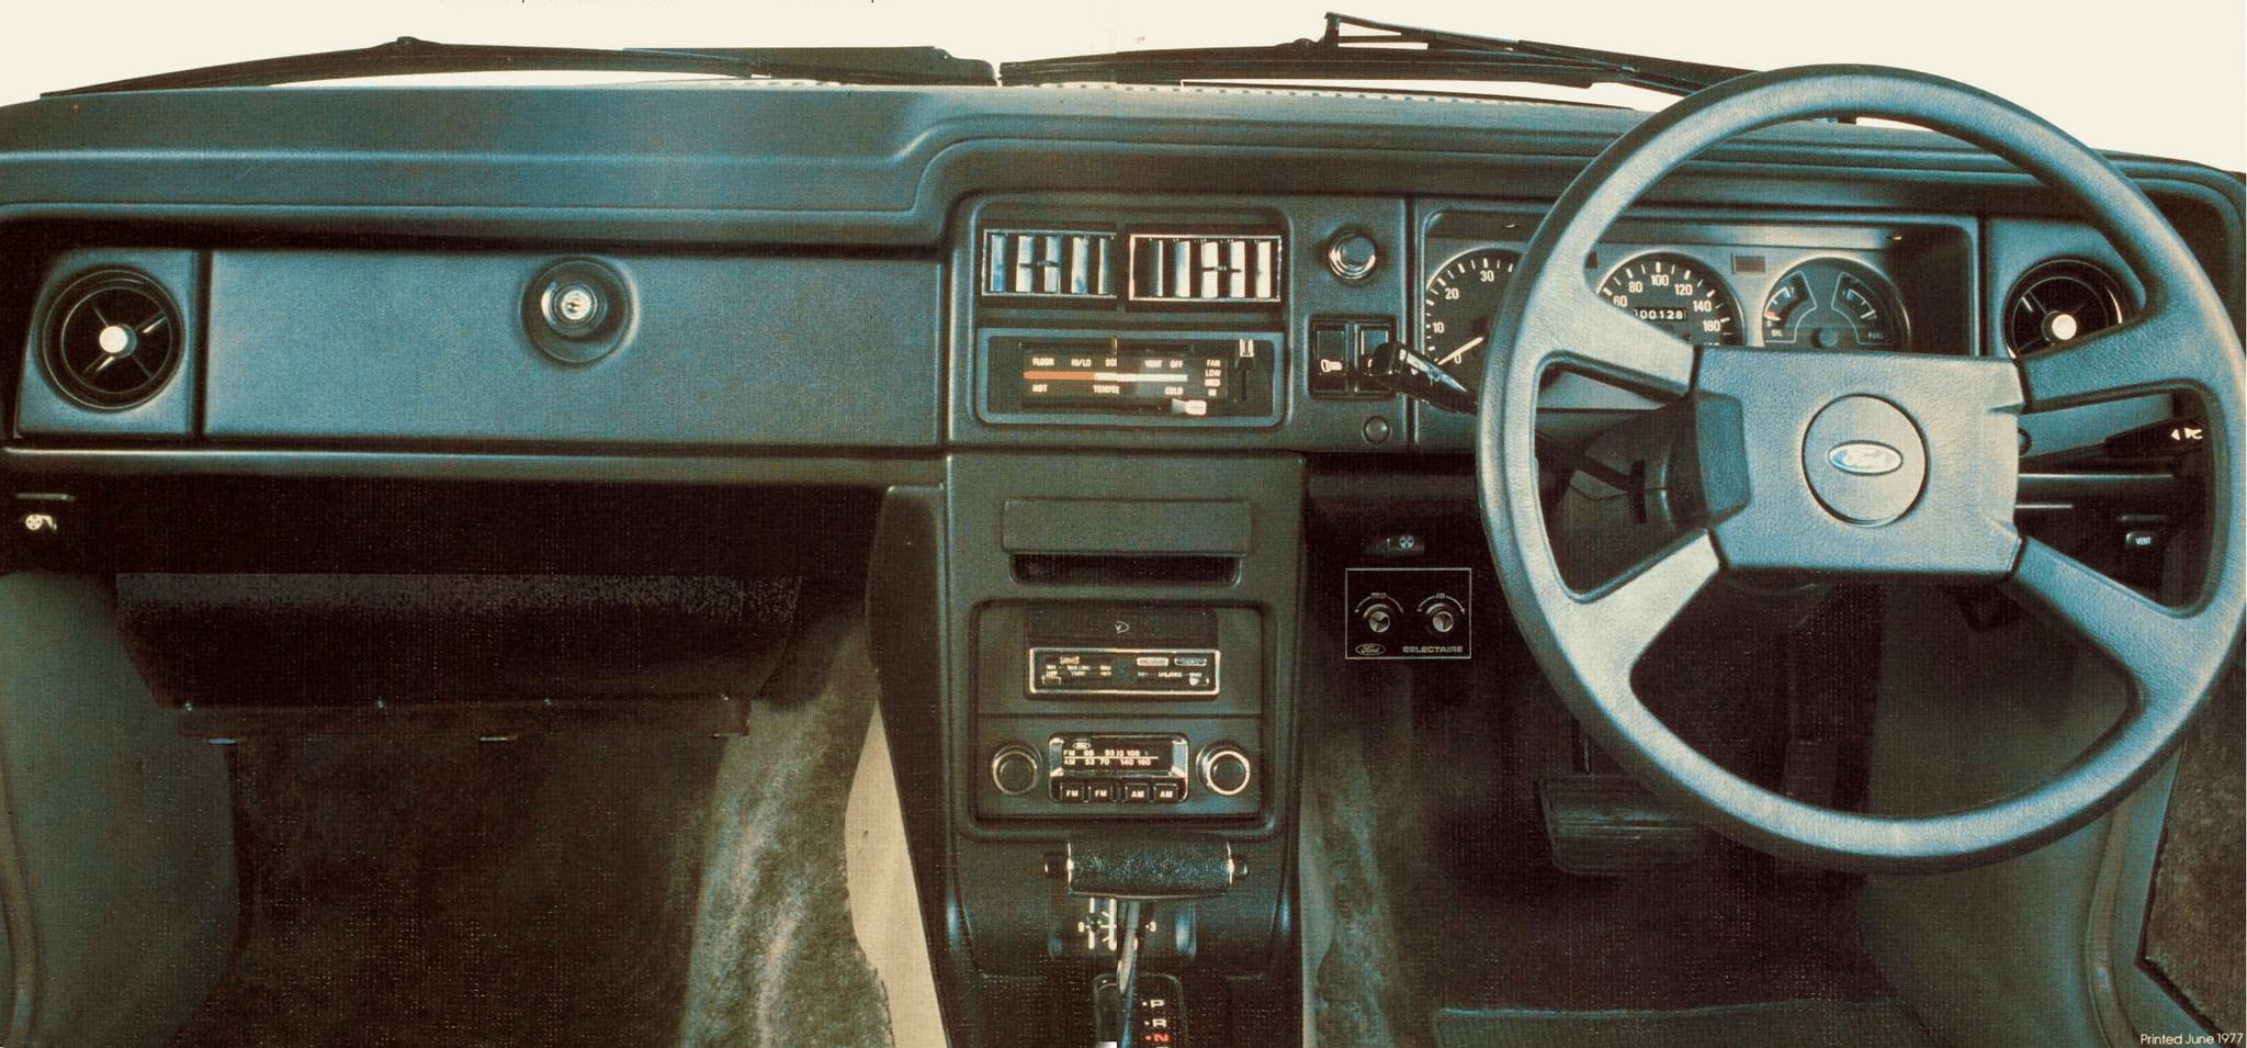

Motorised Radio Aerial

Ford's motorised radio aerial is a beauty. By pressing a button, you can electrically raise or lower your aerial. Reduce the risk of vandalism or other aerial damage.

Floor Mats

Help keep the mud off your deep-pile Cortina carpets with durable Motorcraft carpet or rubber mats.

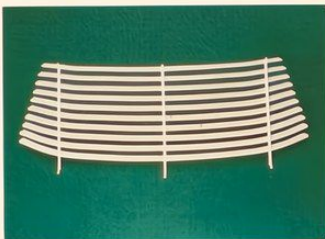

Anti-Glare and Child care

Seat Covers

Neatly-fitting seat covers help protect your car's upholstery. Made from hard-wearing towelling — to absorb moisture and help reduce heat. Non-slip, foam backed. Machine washable and easy to re-fit. Available in a wide choice of colours.

Motorcraft Child Seat

A sturdy restraining seat with 'tamper-proof' buckles. Mounts with normal lap sash belt. Fitting kit also available, at extra cost, for use with rear inertia reel seat belts or rear centre lap belt. When removed from the car, doubles as a handy child seat on picnics. Conforms to Australian Specification 1754.

Venetian Shades

Smart and practical, they improve the comfort of your rear-seat passengers.

Sun Visor

Take the heat off and personalise your Cortina with an attractive Cortina sun visor. Helps protect your eyes from overhead glare, and helps to reduce interior temperature on bright sunny days. Good, practical gear for both city and country driving.

Pack up, Tow and go!

Roof Racks

- Choose from three:
- Gleaming chrome fixed rack for wagons only — combine glamour with practicality.
- Detachable Motorcraft rack for sedans and wagons — can be collapsed for storing.
- Ski-Bars — handy for carrying skis, surfboards, or lengthy handyman items.

Trailer Lighting Kit

For use with Cortina Tow-bar. Kit comprises connection for trailer brake lights, tail lamps and turn indicators. Also available separately are a trailer connection and heavy-duty flasher unit. No splicing necessary.

Tow-bar

Specially engineered for TE Cortina. This tow-bar is of heavy-duty construction and available with painted or chromed goose necks. Correct fitting by your Ford Dealer is recommended. Rated up to 2000 lb gross towing weight.

The Final Touch

Electric Boot Release

This handy accessory enables you to open the boot at the press of a button — without moving from the driving seat! Saves getting out of the car to open the boot in busy traffic or on rainy days.

Rear Spoiler

Gives an added touch of sporty European style to your Cortina's rear end. Easy to fit yourself. Also available, racy supplementary front spoiler for extra air-flow deflection.

Locking Petrol Cap

Helps prevent theft of petrol from your tank. Locks automatically when pressed onto filler neck.
