

NEW FORD METEOR WAGON

REWARD YOURSELF WITH METEOR WAGON

For the family who wants all the rewards of comfort and luxury found in the compact sedans of today, yet needs the practicality and carrying capacity of a wagon, Ford introduces the new Meteor Wagon.

The new Meteor Wagon has the style, the comfort and the features of today's compact sedans with the practicality of a

large load area. The new Ford Meteor Wagon is a real reward.

Available in L and GL models the new Ford Meteor Wagon has received special engineering attention to ensure it's a strong, reliable wagon which can do the hard work while remaining highly responsive and rewarding to drive.

INTERIOR SPACE AND VERSATILITY

To provide extra interior space, the spare wheel has been housed in an easily accessible cradle under the rear floor.

The versatility of the rear interior space is enhanced by split fold rear seat backrests.

This enables you to utilise the space in a number of different ways, depending on your needs.

Use the Wagon like a sedan, with seating for 5 and plenty of load space behind the rear seats. When a long, narrow load needs transporting, simply fold down one side of the rear seat backrest. This leaves seating for 3 or 4 and space for the load. You can also fold down both rear seat backrests and load up the whole rear area.

These are the ways Meteor Wagon will reward you with useful and versatile space.

Meteor GL Wagon rear seat is split 50/50.

Meteor L Wagon has a 60/40 split-fold rear seat.

ENGINEERED FOR LOADS

New Meteor Wagon is engineered for extra loads with strong mechanical components to handle the weight.

The struts/coil spring rear suspension is fitted with heavy duty shock absorbers to help cope with extra loads while maintaining the firm roadholding and smooth ride expected of its four-wheel, fully independent suspension system.

A large capacity brake booster is fitted, ensuring powerful braking whenever the driving situation demands it, whether

you're enjoying the Wagon on your own, or taking the whole family on holidays.

However you use it, whether it's for taking the kids off to school every morning, or hiking off to the beach on the weekend, the new Meteor Wagon will reward you.

FORD METEOR WAGON

Meteor L Wagon

Major Features

- 1.6 litre overhead cam engine
- Rack and pinion steering
