

# The Distinctive New Look of Leadership

The Power safe  
**Valiant**

"Make it the best ever", that's what we said to our designers and engineers. And they have. You can see the outward changes made with the graceful new proportions that give Valiant its long, distinctive styling. You can feel the changes made in performance and ride. There is a long list of new features, too, that let you drive with added safety and confidence. And you have a choice of 3, Safety-matched engines. In every way, styling, roominess, comfort, performance, safety and value, this is the best Valiant ever.

# Highlights of Valiant and Valiant Safari

**"POWER-SAFE" DRIVING:** Choice of 3, Safety-matched engines; the "better-than-ever" 145 HP Slant Six with new freer-flow exhaust system; Hi-performance 160 HP Slant Six with 2-barrel carburettor and modified camshaft; the 195 HP V8 Torqueflite with front disc brakes. When the 160 HP and 195 HP engines are chosen, tyres fitted are 100 mph nylon cord. Double-sided Safety-rim wheels all models.

**AN EVEN BIGGER-ROOMIER CAR:** Wheelbase increased 2" (now 108"); Overall length increased 5.5" (now 193.7"); Extra leg room in rear compartment; Gently curved side glass adds to inside width but keeps a sleek look outside; New design windscreen pillar gives easier entry to the front compartment; Petrol filler pipe redesigned to give even more clear floor-space in the 26½ cu. ft boot.

**EVEN MORE SURE FOOTED ON THE ROAD:** Front track increased 1.5" to 57.4"; Torsion bar suspension. An even softer, smoother ride; The longer wheelbase of course is another factor in the greater stability.

**MORE SAFETY-VISION ALL ROUND:** Big, new, concave-styled rear window; Bigger side windows; Power operated windscreen washer controlled from instrument panel; Non-glare wiper arms and blades; Exterior rear view mirror.

**SAFETY INTERIORS:** Door armrests incorporate flush fitting, interior door handles; Safety, recessed face instrument panel with non-glare top and face; Non-glare wiper arms and blades; Safety-padded sun visors; Full-width instrument panel crash pad; Seat belts standard; Modified-zone, safety-section windscreen; New gearshift and turn signal knobs for added safety; Bigger diameter steering column to eliminate vibration; Remote control hood lock.

**DUAL BRAKING SYSTEM WITH PANEL AND HANDBRAKE WARNING LIGHT:** Included is a dual master cylinder with separate circuits for front and rear brakes. Complete loss of brakes prevented in the event of failure of either of the circuits.

**TORQUEFLITE OR MANUAL TRANSMISSION:** Manual shift linkage refined to give effortless shifting; Manual transmission has synchromesh on all forward ratios. Torqueflite 3-speed, still the finest automatic in the industry, now incorporates a part throttle kick down.

**VALIANT SAFARI** (illustrated bottom right): Has the same mechanical specifications and options as the sedan. In addition, rear seat folds down to give 7 ft. of clear loadspace with tailgate up. Rear air deflectors standard. New, fold-away tailgate handle.

The policy of Chrysler Australia is one of continual improvement in design and manufacture wherever possible to assure a still finer car. Hence, specifications, equipment and prices are subject to change without notice.

## Valiant.. Built to lead... Built to last!
