

**Falcon / Fairmont**

## NEW 4.0L FALCON FEATURE UPGRADES

- ENGINE** ■ New 4.0 litre Multipoint Fuel Injected motor is now standard on GLi Falcon.

Features:

- Overhead Camshaft
- Alloy Head
- 148kW Power (23.3% increase over 3.9 CFI engine)
- 348Nm Torque (11.9% increase over 3.9 CFI engine)
- 7.8 L/100km (37 mpg) Highway Cycle \*
- 12.5 L/100km (24 mpg) City Cycle \*

- V8 now available as an option on all Wagons (including Fairmont Ghia)

\* Australian Standard AS2877

- SAFETY** ■ Optional anti-lock braking system on all Falcon models
- Strengthened 'A' and 'B' Pillars with composite inserts
- Tinted front windscreen with deeper tinted band at top
- Front seat belt 'lockers'
- Power mirrors standard on GLi
- Cruise control optional on GLi, S, S XR8
- Improved visibility by semi-concealed wiper blades

- TOWING CAPACITY** ■ Maximum towing capacity is now 2100kg which is 'best in class'. (Subject to State and Territory Regulations.) Falcon will tow a double horse float (with the appropriate towbar)

- AUDIO SYSTEM** ■ All new AM/FM stereo radio/cassette player with 4 speakers provides significantly improved sound quality for GLi customers
- Alpine premium sound is optional on 'S' and above sedan models (standard on Ghia)
- CD player is optional on 'S' and above sedan models (in combination with the Alpine premium sound system)

- INTERIOR** ■ New steering wheel on GLi, S, S XR8
- Leather-wrapped steering wheel on Fairmont Ghia
- New interior trim materials and colours
- Thicker side and front glass for improved quietness
- Analogue instrumentation on Fairmont/Fairmont Ghia
- Improved NVH levels for quieter, more comfortable ride

- EXTERIOR** ■ Painted bumper bars
- Semi-concealed wipers
- '4.0i Overhead Cam' badges
- New GLi badge
- Four new paint colours

## NEW 4.0L FALCON SPECIFICATIONS

- 4.0 litre Multipoint Fuel Injection engine — Locally designed  
— Locally manufactured  
— Alloy head

This engine provides substantially more power and torque for equivalent fuel economy to Commodore Executive.

- 4 Speed Electronic auto transmission — Power/Economy mode  
— Locally designed  
— Locally manufactured  
— No service or maintenance required for life of sealed unit (under normal operating conditions)

This electronic transmission offers superior smoothness and quietness.

- Composite inserts fitted into 'A' and 'B' pillars for improved roof rollover strength.
- Front seat belt 'lockers' to minimise any movement within the seat belt in the event of an accident.
- Fully adjustable for rake and reach steering wheel offers the most flexible and therefore comfortable driving position.
- Anti-lock brakes optional on GLi for greater safety and vehicle control.
- 60/40 split fold down rear seat on Sedan and Wagon for maximum room and maximum flexibility.
- Largest capacity Wagon in class — 1466 litres capacity with rear seat up  
— 2622 litres capacity with rear seat down
- Maximum towing capacity of 2100kg with suitable towbar package ('best in class'). Can tow double horse float. (Subject to State and Territory Regulations.)
- Driver's lumbar support for added comfort and safety.
- Four speaker stereo sound system with optional CD player on 'S' and above sedan models (in conjunction with the Alpine premium sound system).
- Cruise control (optional) on GLi, S, S XR8 helps relieve driver fatigue.
- All major body panels, engine, chassis and other major items are marked with a unique vehicle/identification number (VIN) labelling system. This 17 digit unique numbering system is backed up with fluorescent marking to deter theft and assist police identification of stolen vehicles and parts.
- High security 'Tibbe' door locks on doors and boot to resist entry.
- Security coded radio across full range of Falcon to dissuade theft.
- Auto-off rear demister.
- 5 Year Anti-Perforation Corrosion Warranty.
- Lifetime Panel Warranty and Lifetime Service Warranty for work conducted by authorised Ford dealers. Never pay for the same repair twice.
