

# FALCON FUTURA

*A respected and long standing leader in its class, Ford Falcon has for years offered features that its competitors are only now starting to claim. The first Australian car with standard drivers airbag. The first with Bosch series 5.3 ABS brakes. The first with an Electronic Engine Management System. Here, performance, style, handling and safety are more than a perception. They are a fact. From a suspension system that is tuned to keep harshness and road noise at low levels to side intrusion beams and integrated front and rear crumple zones, Ford Falcon Futura is the most dynamic, the most driveable, the most value for money Falcon yet. Priced from \$33,341 with auto.*

## LIKE TO KNOW MORE?

☐ Please send me more information on the Ford Falcon Futura.

☐ Please send me more information on other vehicles in the Ford range:

(specify) \_\_\_\_\_

Name: \_\_\_\_\_

Address: \_\_\_\_\_
