Accept no substitute. There's only one Jeep Wrangler. It's a living legend, an icon, the ultimate freedom machine. Yet the 1997 Jeep Wrangler has all the mod-cons that no person of the 90's would dream of going without. And still nothing performs like a Wrangler. With an all-powerful 4.0 litre, 6 cylinder engine, Command-Trac 4WD, and unique Jeep Quadra-Coil suspension, the Wrangler will take you to places where other four-wheel drives fear to tread.

The Jeep Cherokee is a vehicle that's as much at home slipping into a parking spot in the city as it is tackling the side of a mountain. If you want to venture off-road, the powerful 4.0 litre, six cylinder engine and Selec-Trac 4WD are ready, willing and able to take you wherever your heart desires. But the Jeep Cherokee also has some standard features that are absolutely essential for city driving, like air-conditioning, automatic transmission, power windows, power mirrors, cruise control and drivers side air-bag.

Whether you choose the luxurious Jeep Cherokee Limited or the Special Edition Cherokee Classic, you know you are buying one of the most recognised brands in the world; the ultimate in rugged go-anywhere, do anything off-road vehicles.
