

*THIS STORM'S
GOING TO BLOW YOU AWAY*

LIMITED EDITION HOLDEN
STORM UTE

IT WILL RUN CIRCLES AROUND THE REST

This is the limited edition Storm Ute from Holden. With a sports body kit and 16inch alloy wheels, it will create a storm anywhere it goes. Other storms may have a silver lining, this one has titanium trim - on the fascia and console - and menacing black leather bolsters on the seats. With only 1,000 produced, this is a once-in-a-lifetime storm. It's a storm with some serious attitude, ABS, IRS, sports suspension and a responsive 3.8 litre V6 engine.

THEY'LL SEE YOU COMING

This Storm is one like you'll never see again: it comes with a range of not-so-subtle colours - Hyper, Delft, Red Hot and Phantom. And Holden By Design can add a sports bar and X series 17inch alloy wheels.* After all, if a storm doesn't look like a force of nature, it doesn't deserve to be called a storm.
