

# Typhoon warning.

Australia's new turbo supercar: **FE** TYPHOON concept.

*TOTAL PERFORMANCE*

**FORD PERFORMANCE VEHICLES**

# F6 TYPHOON

**UNLEASH THE FORCE:** 4-litre double overhead cam 6 with the devastating power of an intercooled turbo. The F6 Typhoon moves you with 270kW of power and 550Nm of torque - more torque than any Australian built production car ever! And the eye of the storm is safe. Incorporating high performance anti-lock brakes, dual front airbags, side airbags and traction control. That's Total Performance. FPV Total Performance.

Vehicle shown with optional Brembo brakes.
