GRAND MARQUIS
GS, LS, LSE

2006

Built for life in Canada

ELEGANCE, EASE AND REFINEMENT PERSONIFIED

THE GRAND MARQUIS IS THE FULL-SIZE PREMIUM SEDAN THAT BLENDS CLASSIC DESIGN AND CONTEMPORARY ENGINEERING. FOR THE 2006 MODEL YEAR, THE INTRODUCTION OF A LIMITED EDITION

MODEL, AND NEW FRONT AND REAR STYLING CUES ACCENTUATE THE GRACEFUL LINES OF THIS TIMELESS FAVOURITE.

A ROBUST V8 ENGINE, SOPHISTICATED REAR-WHEEL DRIVE CHASSIS AND ADVANCED SUSPENSION SYSTEM GIVE THIS GRACEFUL SEDAN ITS UNIQUE CHARACTER AND IMPECCABLE ROAD MANNERS. SPACIOUS AND SUMPTUOUS INSIDE, THE GRAND MARQUIS OFFERS FOUR DIFFERENT TRIM LEVELS – GS CONVENIENCE, LS PREMIUM, LSE AND LS ULTIMATE – TO PLEASE EVEN THE MOST DISCRIMINATING TASTES.

THE VERY DEFINITION OF A PREMIUM SEDAN

There are some qualities that the classic sedan absolutely must possess: a plush interior, plenty of space, a comfortable ride and a potent V8 powerplant. The Grand Marquis has all these features...and more.

The GS Convenience, LS Premium and LS Ultimate models are powered by a 4.6-litre V8 that produces 224 hp and 272 lb.-ft. of torque – plenty of muscle for passing and merging onto highways. The LSE uses the same engine aided by a dual exhaust system; the benefit is an additional 15 hp and 15 lb.-ft. of torque. All models offer a silky smooth automatic transmission – tuned to match the characteristics of the Grand Marquis' engine, 4-wheel disc brakes with ABS and all-speed traction control.

A sense of comfort naturally extends to the cabin of the Grand Marquis. Inside, there is ample space and a host of standard features, including: a premium AM/FM stereo with CD player, remote keyless entry, an 8-way power driver's seat with power lumbar adjustment, power adjustable pedals, tilt steering with speed control and the SecurILock® anti-theft system.

Other notable options are luxury leather interior, electronic automatic temperature control, power moonroof, heated front seats, organizer for the expansive trunk, and overhead console with compass and Universal garage door opener, bringing even greater degrees of comfort to your surroundings. (See Specifications for standard and optional equipment availability)

The picture is completed by Ford's Personal Safety System,[™] standard on all versions of the Grand Marquis. This system utilizes a network of smart sensors that analyze various data – including whether safety belts are in use and the severity of the crash – to customize the deployment of the dual-stage air bags in the event of a collision.*

*Always wear your safety belt and secure children in the rear seat.
