# TACOMA STEPSIDE

It's as much an attitude as it is a truck.  
Meet the new Tacoma StepSide. A head-  
turning, style-setting sculpture in steel.

## Definitely different.

And packed to the roof with the good stuff.  
Like air conditioning, power steering and  
an awesome sound system, all standard.  
If you thought it would be cool to own  
a Tacoma one day — and cooler still if  
it was a step-side — your day has come.

Choose either the Regular Cab or the  
roomy Xtracab SR5. Then pick the color  
that's you: red, black, silver or green.\*  
Every trip, you'll step out in style with  
the new Tacoma StepSide. There's just  
nothing else like it.
