

Think \$7,000 of extra features is exciting?
Just wait until you see the Falcon it goes on.

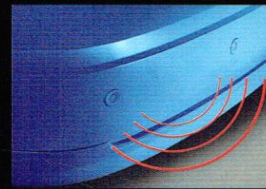

> With such an impressive package of sports and safety features valued at over \$7,000*, plus the fact that air-conditioning is already standard, nothing excites like the special edition Falcon SR. The instant you spot the high arched spoiler and SR badging you know this Falcon is special. Topping the list of performance features is the 4-speed automatic transmission with Sequential Sports Shift for complete manual control over gear selection. In automatic mode, the Adaptive Shift intuitively adopts a shift pattern to suit your individual driving style. Add to that, 17" alloy wheels, leather wrapped steering wheel and Sports Control Blade Independent Rear Suspension, one of the most advanced suspension systems on any Australian built car. Driver and passenger safety also feature prominently with the inclusion of side airbags* and a reverse sensing system. Unique SR sports trim, rear power windows and a six stack CD player complete the package. Choose the optional E-Gas engine and you will cut your fuel costs. Whether you're looking for a vehicle that delivers exhilarating performance or a car with a long list of safety features, nothing comes close to the special edition Falcon SR. **Nothing drives like a Falcon.**

> Side airbags*
