[The unbelievable special edition Falcon XR6 Cab Chassis.]

> The special edition Falcon XR6 Cab Chassis is truly unbelievable. With the sporty XR6 ride height and standard XR features such as 17" alloy wheels*, body styling kit and sports seats, this sexy workhorse will excite you! The Falcon XR6 Cab Chassis also comes with a ½ tonne sports suspension and unbelievable features such as Traction Control† and ABS. But it doesn't stop there. For extra load capacity the Falcon XR6 Cab Chassis is also available with optional one tonne suspension, complete with 16" one tonne rated alloy wheels*. All at no extra cost. And if you're looking for unbelievable savings on fuel costs, the Falcon XR6 Cab Chassis is available with an optional E-Gas engine. So to be one of the few to experience the unbelievable new Falcon XR6 Cab Chassis, see your Ford Dealer today. But be warned. With only 450 built, you'd better be unbelievably quick.

VEHICLE MASSES (kg)							
Model	Suspension type	GVM	Kerb mass	Payload (max)	Front axle load (max)	Rear axle load (max)	GCM (manual/auto)
XR6 Cab Chassis	Sports	2280	1580	700	1165	1170	3360/3720
	1-tonne	2805	1600	1205	1165	1700	3885/4245

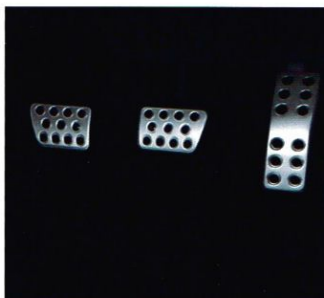

VEHICLE MASS RULES

- A. Kerb mass and payload values are approximate only. Kerb (unladen) mass quoted includes full tank of fuel, without occupants or luggage/cargo and with all standard equipment. Kerb mass also excludes any tray and/or aftermarket body work.
 B. Kerb mass values in table are given for Barra 190 engine with standard 5-speed manual transmission.
 C. GVM (Gross Vehicle Mass) is defined as the sum of the kerb mass and the payload, and when loaded, vehicle also must not exceed the relevant maximum allowable front and rear axle loads (as measured at the wheel to ground interface).
 D. Payload (maximum) is defined as the maximum combined value for the occupants/cargo/added options/additional structures/towball download when towing.

- E. For optional automatic transmission, add 22kg to the kerb mass and deduct 22kg from payload (maximum).
 F. For optional E-Gas engine, add 50kg to kerb mass and deduct 50kg from payload.
 G. For optional heavy duty 1-tonne suspension, add 25kg to kerb mass and deduct 25kg from payload (maximum).
 H. GCM quoted = GVM + towing capacity (1200kg for manual/1600kg for auto) - Towball loading (120kg for manual/160kg for auto). For optional 2300kg towing kit (auto only) add 630kg to GCM for auto.

> Standard sports suspension with 5 spoke 17" alloy wheels*.

> Eye-catching XR alloy pedal covers deliver a true performance feel.

> Optional 1-tonne suspension with 5 spoke 16" alloy wheels (1-tonne rated)*.

*Set of four. *XR6 Cab Chassis on front cover shown with aftermarket tray and sports bar. See your Ford Dealer for the range of aftermarket tray options. Prestige paint (as shown) incurs an additional charge (RRP \$355). †Traction Control not available when optional E-Gas engine is specified. This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of their products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment.
