

# 2012 Yaris

 **TOYOTA**  
make things better

# make things better.

Three words that influence everything we do at Toyota. They shape our commitment to safety and reliability, proven by the fact that 80% of Toyotas built in the past 20 years are still on the road today\*.

They are words that inspire innovation, with breakthrough technologies like our Hybrid Synergy Drive and the Star Safety System™. They shape our commitment to this country, from our Canadian manufacturing plants, to the programs we support in communities big and small. At Toyota, we all strive to make things better, in our products, our services and in the lives of our customers. It's how we approach everything we do, every day.

Fun is good. Fun plus fuel economy plus incredible reliability? That's better. And that's what you get with the 2012 Toyota Yaris. From its redesigned stylish exterior and roomier interior to its European-tuned suspension, you'll be amazed at how many improvements we fit into the all-new 2012 Yaris Hatchback. You'll find that every second of the drive is enjoyable in a Yaris, but you'll also get a kick out of how long you'll drive between fill ups. And you can enjoy that drive with peace of mind – thanks to the Star Safety System™ that comes standard. Available as a 3-door and 5-door Hatchback or Yaris with a trunk, Yaris is the smaller car that delivers big – and that's how we make things better.

# Yaris Hatchback CE

FUEL CONSUMPTION<sup>2</sup>

# Safety

Not only does every Yaris deliver outstanding crash safety performance, they also come equipped with advanced safety features to give you and your passengers peace of mind. Along with a standard Supplemental Restraint System<sup>1</sup>, Yaris features a set of bumpers ingeniously designed to absorb energy and minimize damage. What’s more, the entire front end and hood feature an invisible cushioning system devised to help protect all parties in the highly unlikely event of an accident. It’s just another indispensable addition to a long list of standard safety features which give you the confidence and assurance you need while driving on the road.

### SUPPLEMENTAL RESTRAINT SYSTEM (SRS)<sup>1</sup>

Yaris comes standard with a comprehensive airbag system, which includes:

- (1)** Driver and front passenger airbags.<sup>1</sup>
- (2)** Front and rear side curtain airbags.<sup>1</sup>
- (3)** Front seat-mounted side airbags.<sup>1</sup>
- (4)** Driver and front passenger seat cushion airbags<sup>1</sup> (only on Yaris Hatchback).
- (5)** Driver knee airbags<sup>1</sup> (only on Yaris Hatchback).

### (A) LATCH

LATCH [Lower Anchors and Tethers for Children] provides an added measure of safety for the smaller members of your family. LATCH includes lower anchors on the outboard rear seats and tether anchors on all rear seats.

### (B) DRIVER AND FRONT PASSENGER WHIPLASH-INJURY-LESSENING (WIL) SEATS (Yaris Hatchback)

The front seats in Yaris employ an advanced Whiplash-Injury-Lessening (WIL) design to help reduce the risk of neck injuries. In certain rear-end collisions, WIL seatback frames are engineered to yield in a controlled fashion and help minimize the motion differential between the occupant’s head and torso, the primary cause of whiplash injuries.

2012 Yaris comes standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place. The Star Safety System™ includes Vehicle Stability Control (VSC),<sup>4</sup> Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA),<sup>5</sup> and Smart Stop Technology (SST).<sup>6</sup>

### VSC VEHICLE STABILITY CONTROL

Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.<sup>4</sup>

### TRAC TRACTION CONTROL

Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).

### ABS ANTI-LOCK BRAKE SYSTEM

Prevents brakes from locking up by “pulsing” brake pressure to each wheel to help you stay in control in emergency braking situations.

### EBD ELECTRONIC BRAKE-FORCE DISTRIBUTION

Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.

### BA BRAKE ASSIST

Detects sudden or “panic” braking and adds the full pressure needed to help prevent a collision.<sup>5</sup>

### SST SMART STOP TECHNOLOGY

Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.<sup>6</sup>

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle. Visit [toyota.ca](http://toyota.ca) for more details.

## Discover more with Toyota

At Toyota, our goal is to continuously make things better for you. That's why we offer a wide range of programs and services before and after your vehicle purchase designed to help make your Toyota experience the best it can be.

Fewer emissions and pollutants.\* More kilometres on less fuel. And designed with power and performance in mind. Available in Prius, Prius v, Camry and Highlander, these latest generation Toyota hybrids offer you the best of all worlds.

Toyota Dealers are dedicated to making the experience of owning a Toyota both satisfying and rewarding. With Toyota Genuine Parts and factory-trained technicians, only your Toyota Dealer can deliver the quality service experience that you and your Toyota deserve.

If you're looking at leasing or financing, we're here to help. We provide competitive interest rates, flexible terms, and an easy online pre-approval process. The toughest decision should be choosing which Toyota you want. Visit us at [www.toyotafinancialservices.ca](http://www.toyotafinancialservices.ca).

Enhance your Toyota ownership experience by joining Club Toyota – a complimentary and exclusive online service for Toyota owners. Benefit from an abundance of interactive services, and information conveniently at your fingertips. Register today at [clubtoyota.ca](http://clubtoyota.ca).

With Extra Care Protection you receive inflation protected coverage from mechanical failures, road emergencies, and much more. It's affordable peace of mind. Consult your Toyota Dealer for details.

The Toyota Mobility program is dedicated to addressing the transportation needs of Toyota Owners who have a disability, or know a family member with a disability or mobility issue. The program offers cash assistance, resource information and financing for adaptive equipment for their vehicle.

All new Toyota cars and trucks include a full tank of gas, roadside assistance and floor mats.

**Toyota Graduate Program** This program assists new graduates in their purchase of a New or Certified Used Toyota. The program differs depending on the model chosen. Be sure to ask your Dealer when purchasing your Toyota. Some conditions may apply.

\*Compared against similarly equipped conventional gasoline powered vehicles. Based on North American sales data and Federal Tier 2 engine emission requirements.

## Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply begin and end with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across Canada fund the Toyota Canada Foundation, a non-profit organization that works to make a difference for Canadians, through direct community involvement supporting the environment, education and safety.

Through initiatives as diverse as the Toyota Earth Day Scholarship Program, Scientists in School, the Traffic Injury Research Foundation, and even the Toyota Volunteer Training Days program with Special Olympics Canada, the Toyota Canada Foundation is committed to Canadian communities, today and tomorrow.

NEW VEHICLE WARRANTY SUMMARY  
NO DEDUCTIBLES – NO TRANSFER FEES

**COMPREHENSIVE COVERAGE – 3 YEARS OR 60,000 KM**  
This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

**POWERTRAIN COMPONENTS – 5 YEARS OR 100,000 KM**  
This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

**MAJOR EMISSION CONTROL COMPONENTS – 8 YEARS OR 130,000 KM**  
This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

**CORROSION PERFORATION – 5 YEARS UNLIMITED DISTANCE**  
Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

[1] All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, a driver's knee airbag, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

[2] These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.

[3] Toyota tests certain phones for compatibility with Bluetooth technology. Some vehicles equipped with Bluetooth technology are available with bilingual capability. Note that the recommendation of any phone and that some problems may occur with any type of handset based on the service coverage available in your area. Please see your Toyota Dealer for details.

[4] Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control.

[5] Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

[6] Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping.

At Toyota **quality**, **safety** and **sustainability** are built into every vehicle we make. To learn more about Toyota's commitment to manufacturing safe, high quality, long lasting vehicles – and to see the awards we've won for doing just that – visit **toyota.ca**.
