ESTATE
CAR

NEW
FROM
FORD

the new shape of EXCITEMENT...

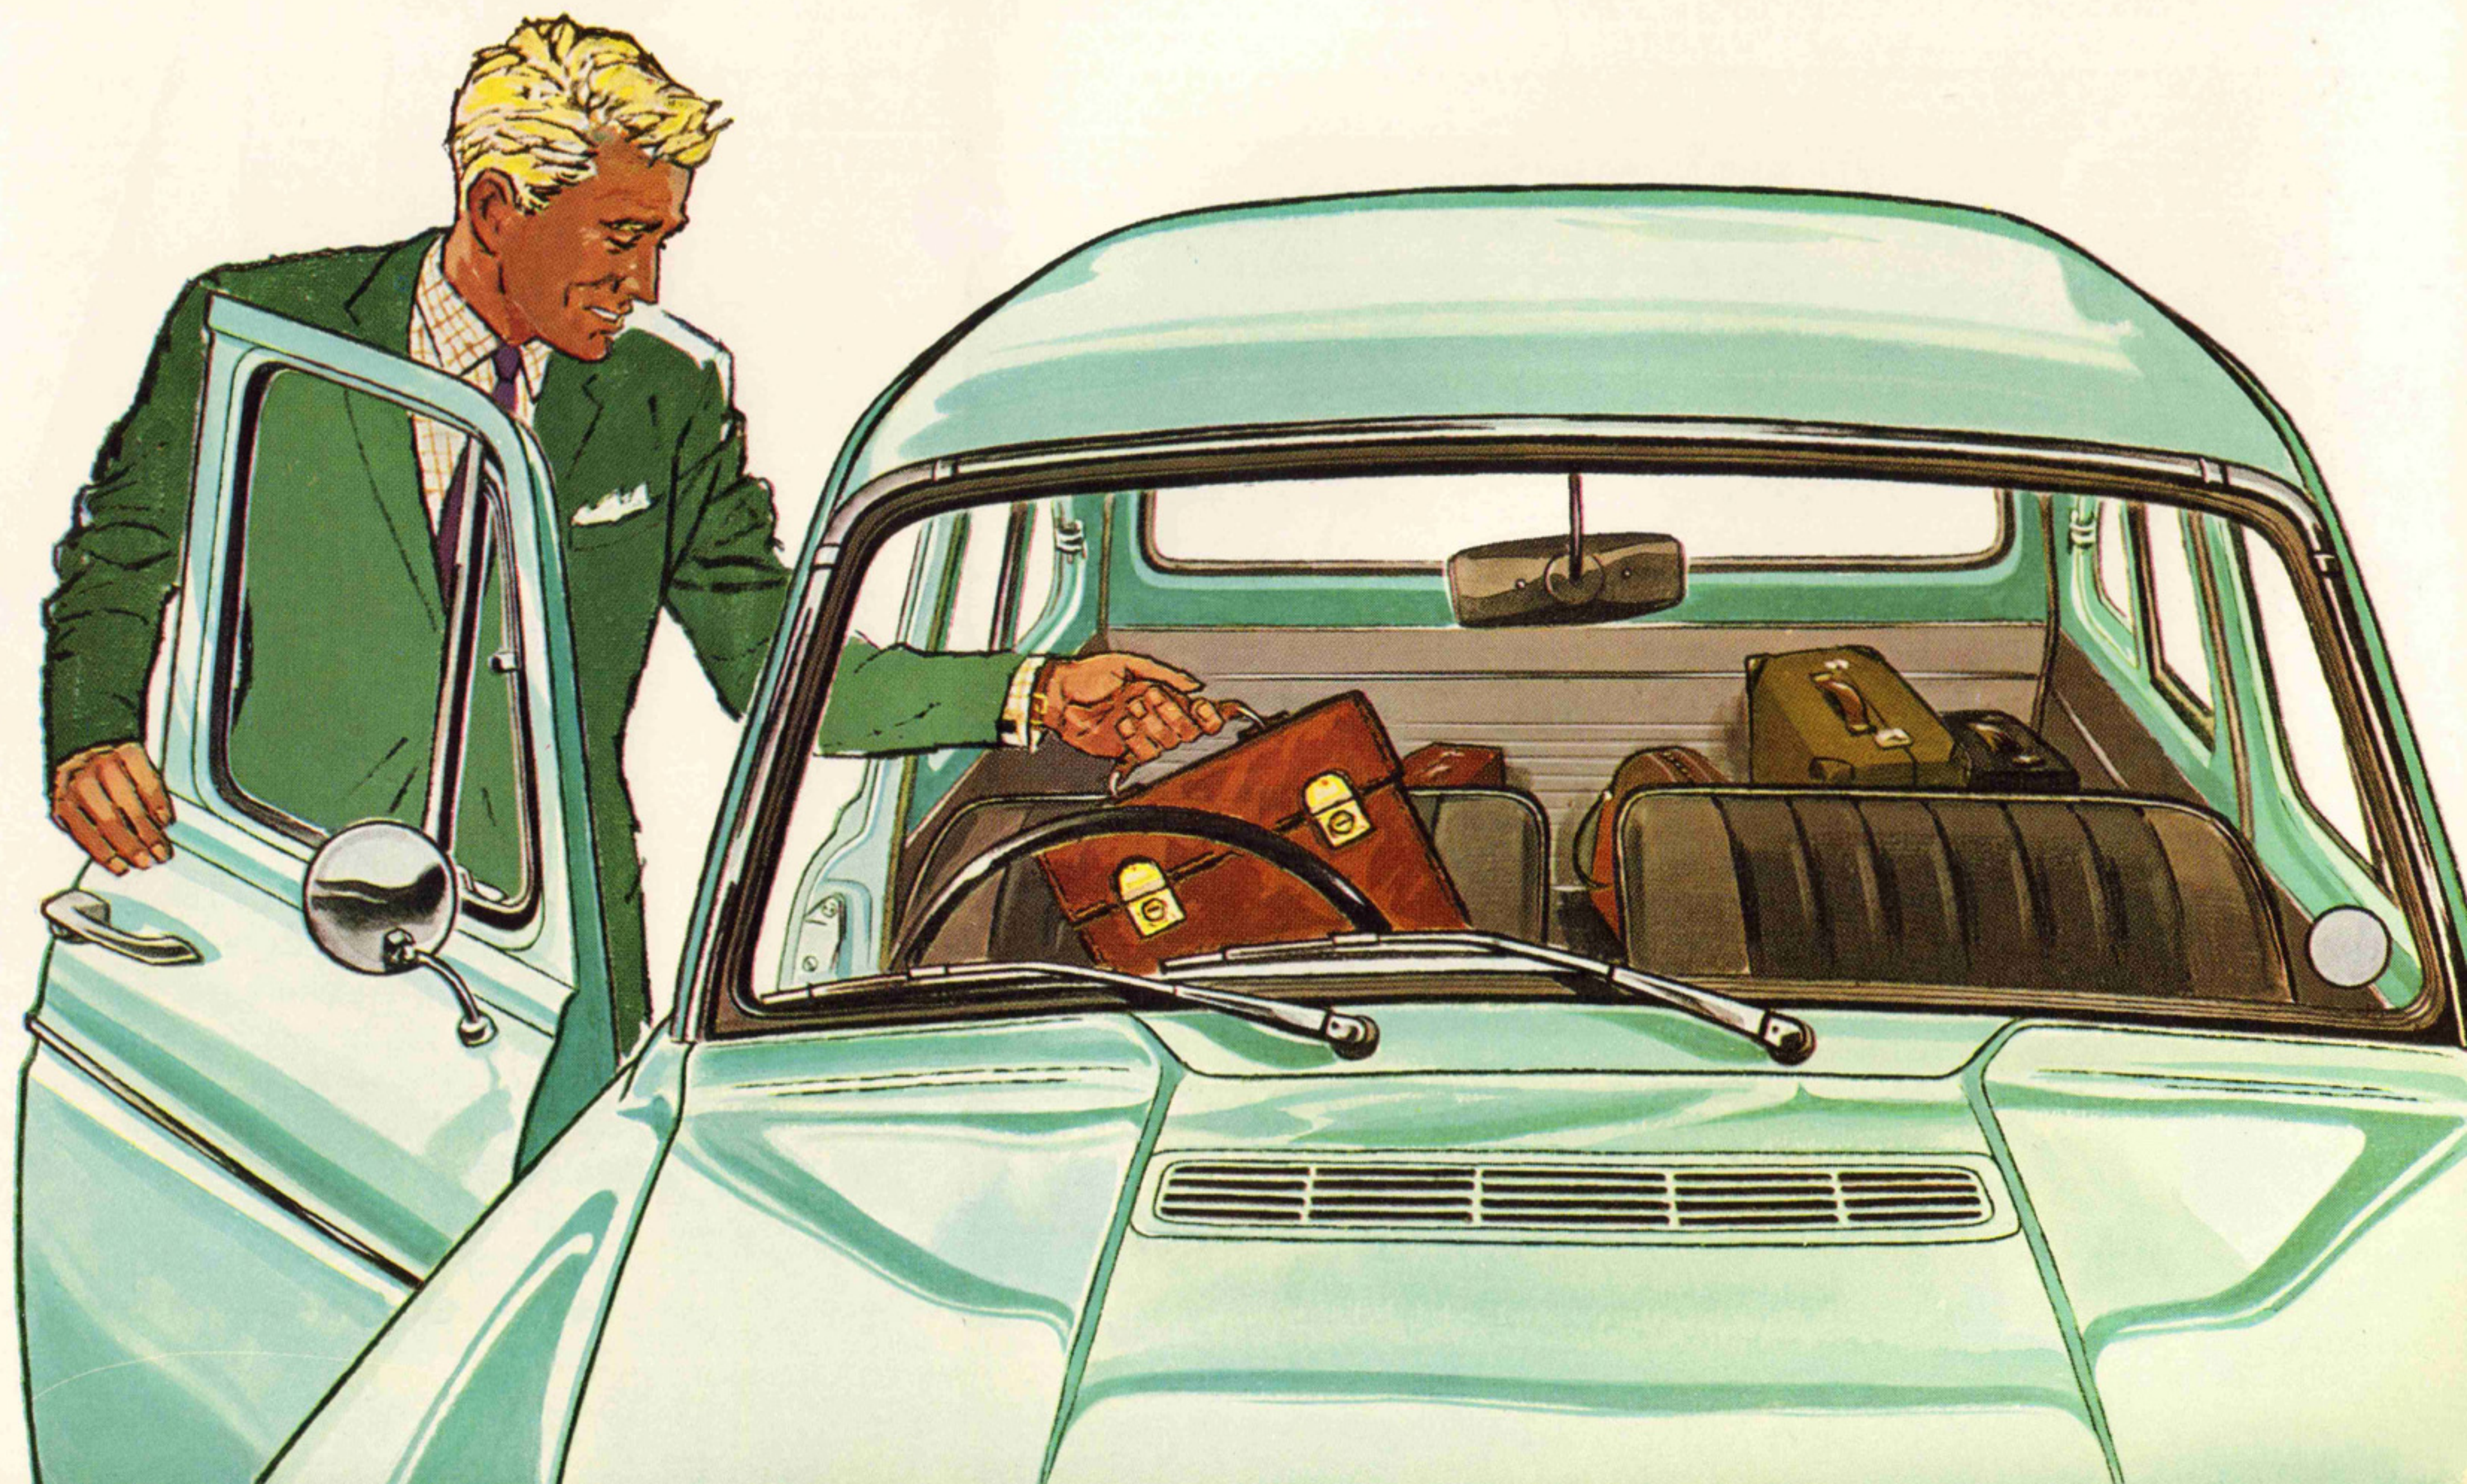

Masterfully developed
from the successful Anglia
saloon by Britain's
top styling team, and brilliantly
engineered for every
condition of road and
weather, the new
Anglia Estate Car is a
comfortable, energetic
and really capacious solution
for those who crave
extra load space

practical proposition

You'll save worry, time and money with the Anglia Estate Car. When there's work to be done — furniture to be moved, goods to be delivered, people and luggage to be collected — you can cope yourself without calling in costly alternative forms of transport. You do things your own way with the Anglia Estate Car!

But work in the Anglia Estate Car is fun, and driving it isn't work at all! It's a wonderful vehicle to start the day — it's light, responsive and quick through traffic. And it's about the speediest and pleasantest way of returning home in the evening. You enjoy all the features that make the Anglia Britain's top-selling car, plus so much extra!

space unlimited...

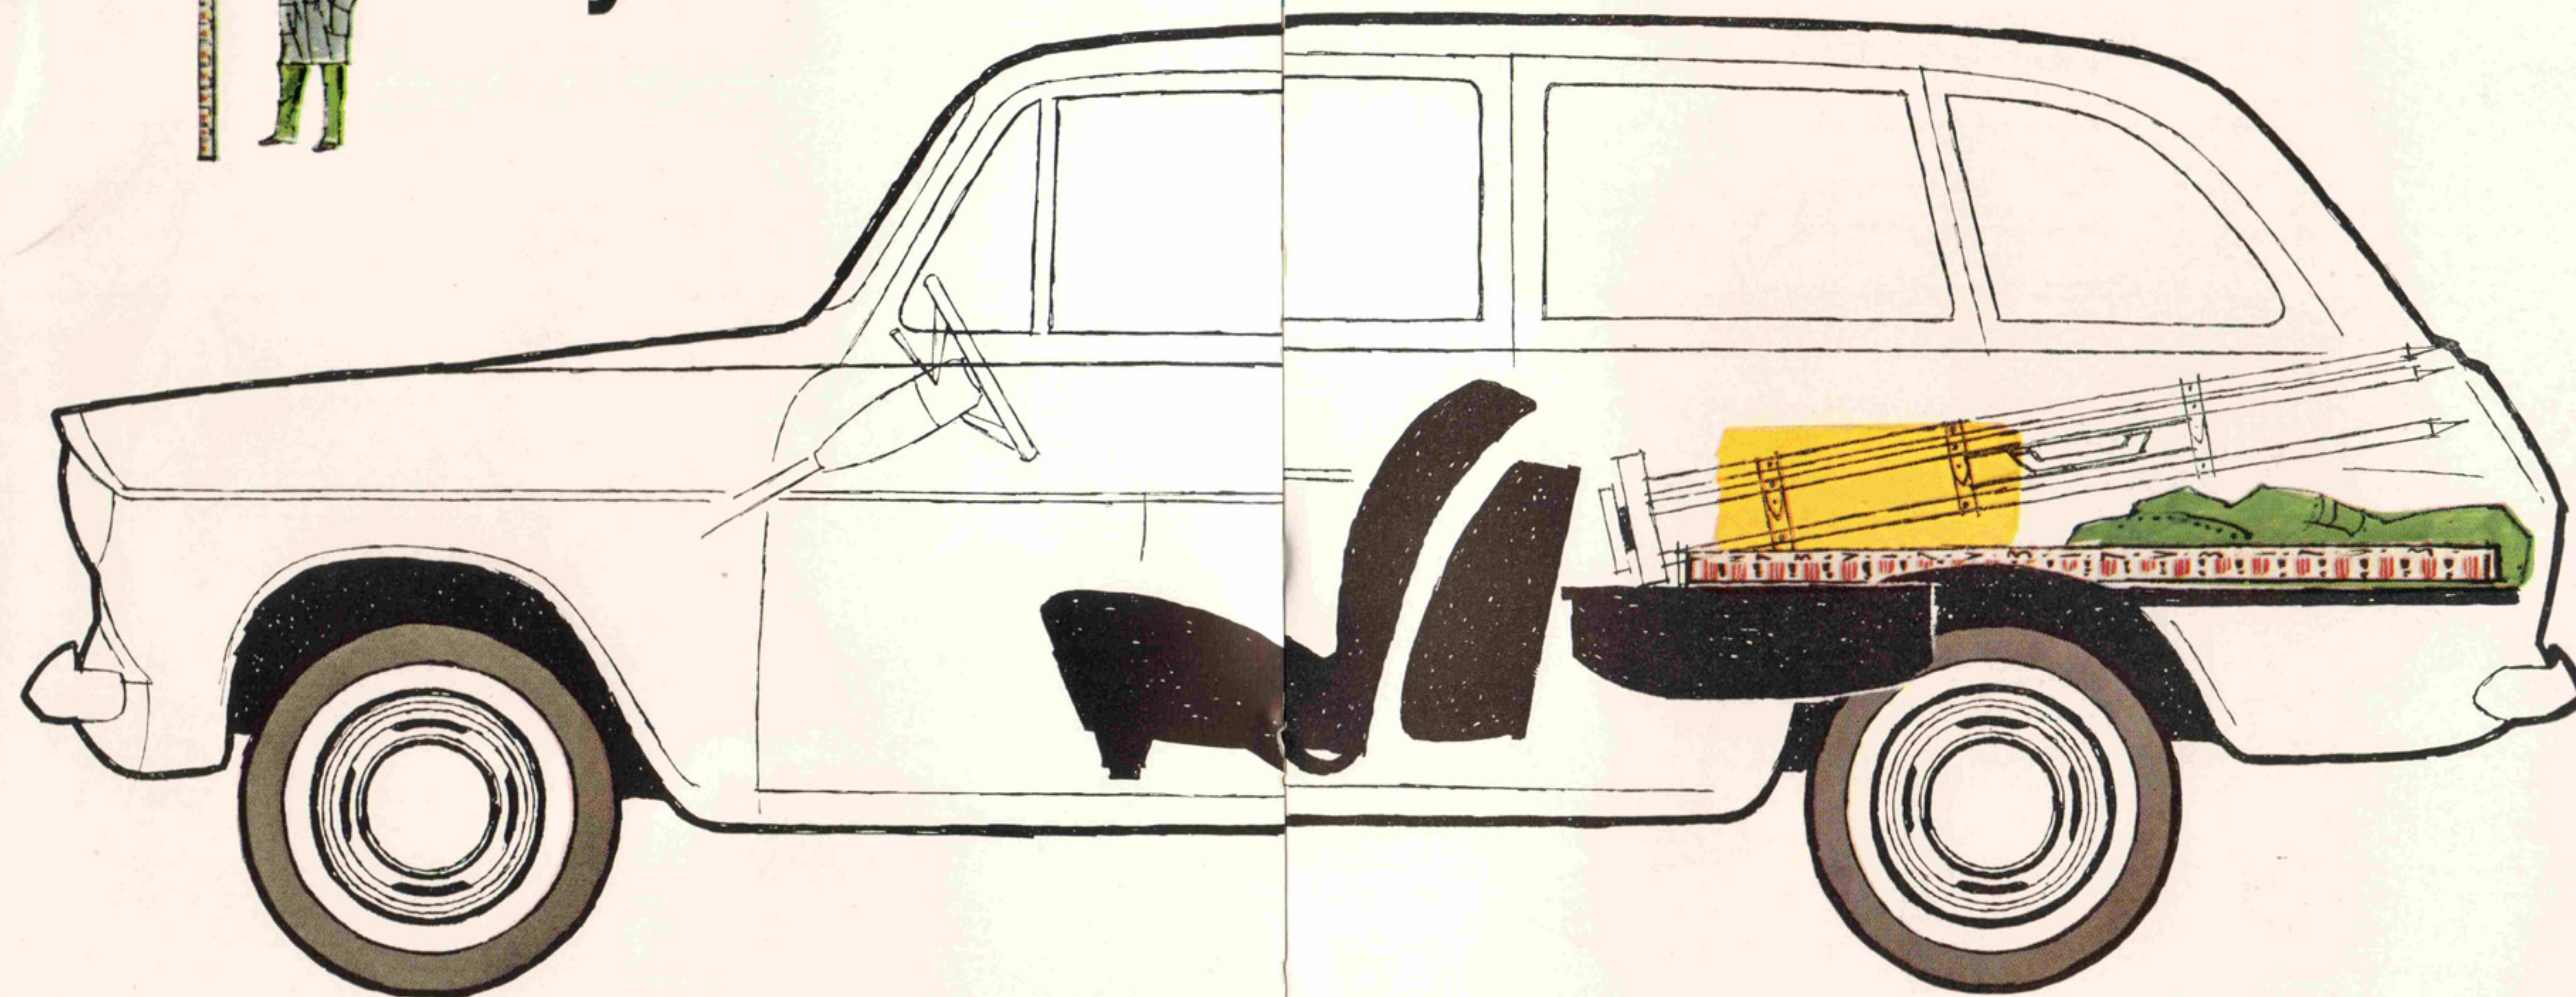

...takes a load off your mind

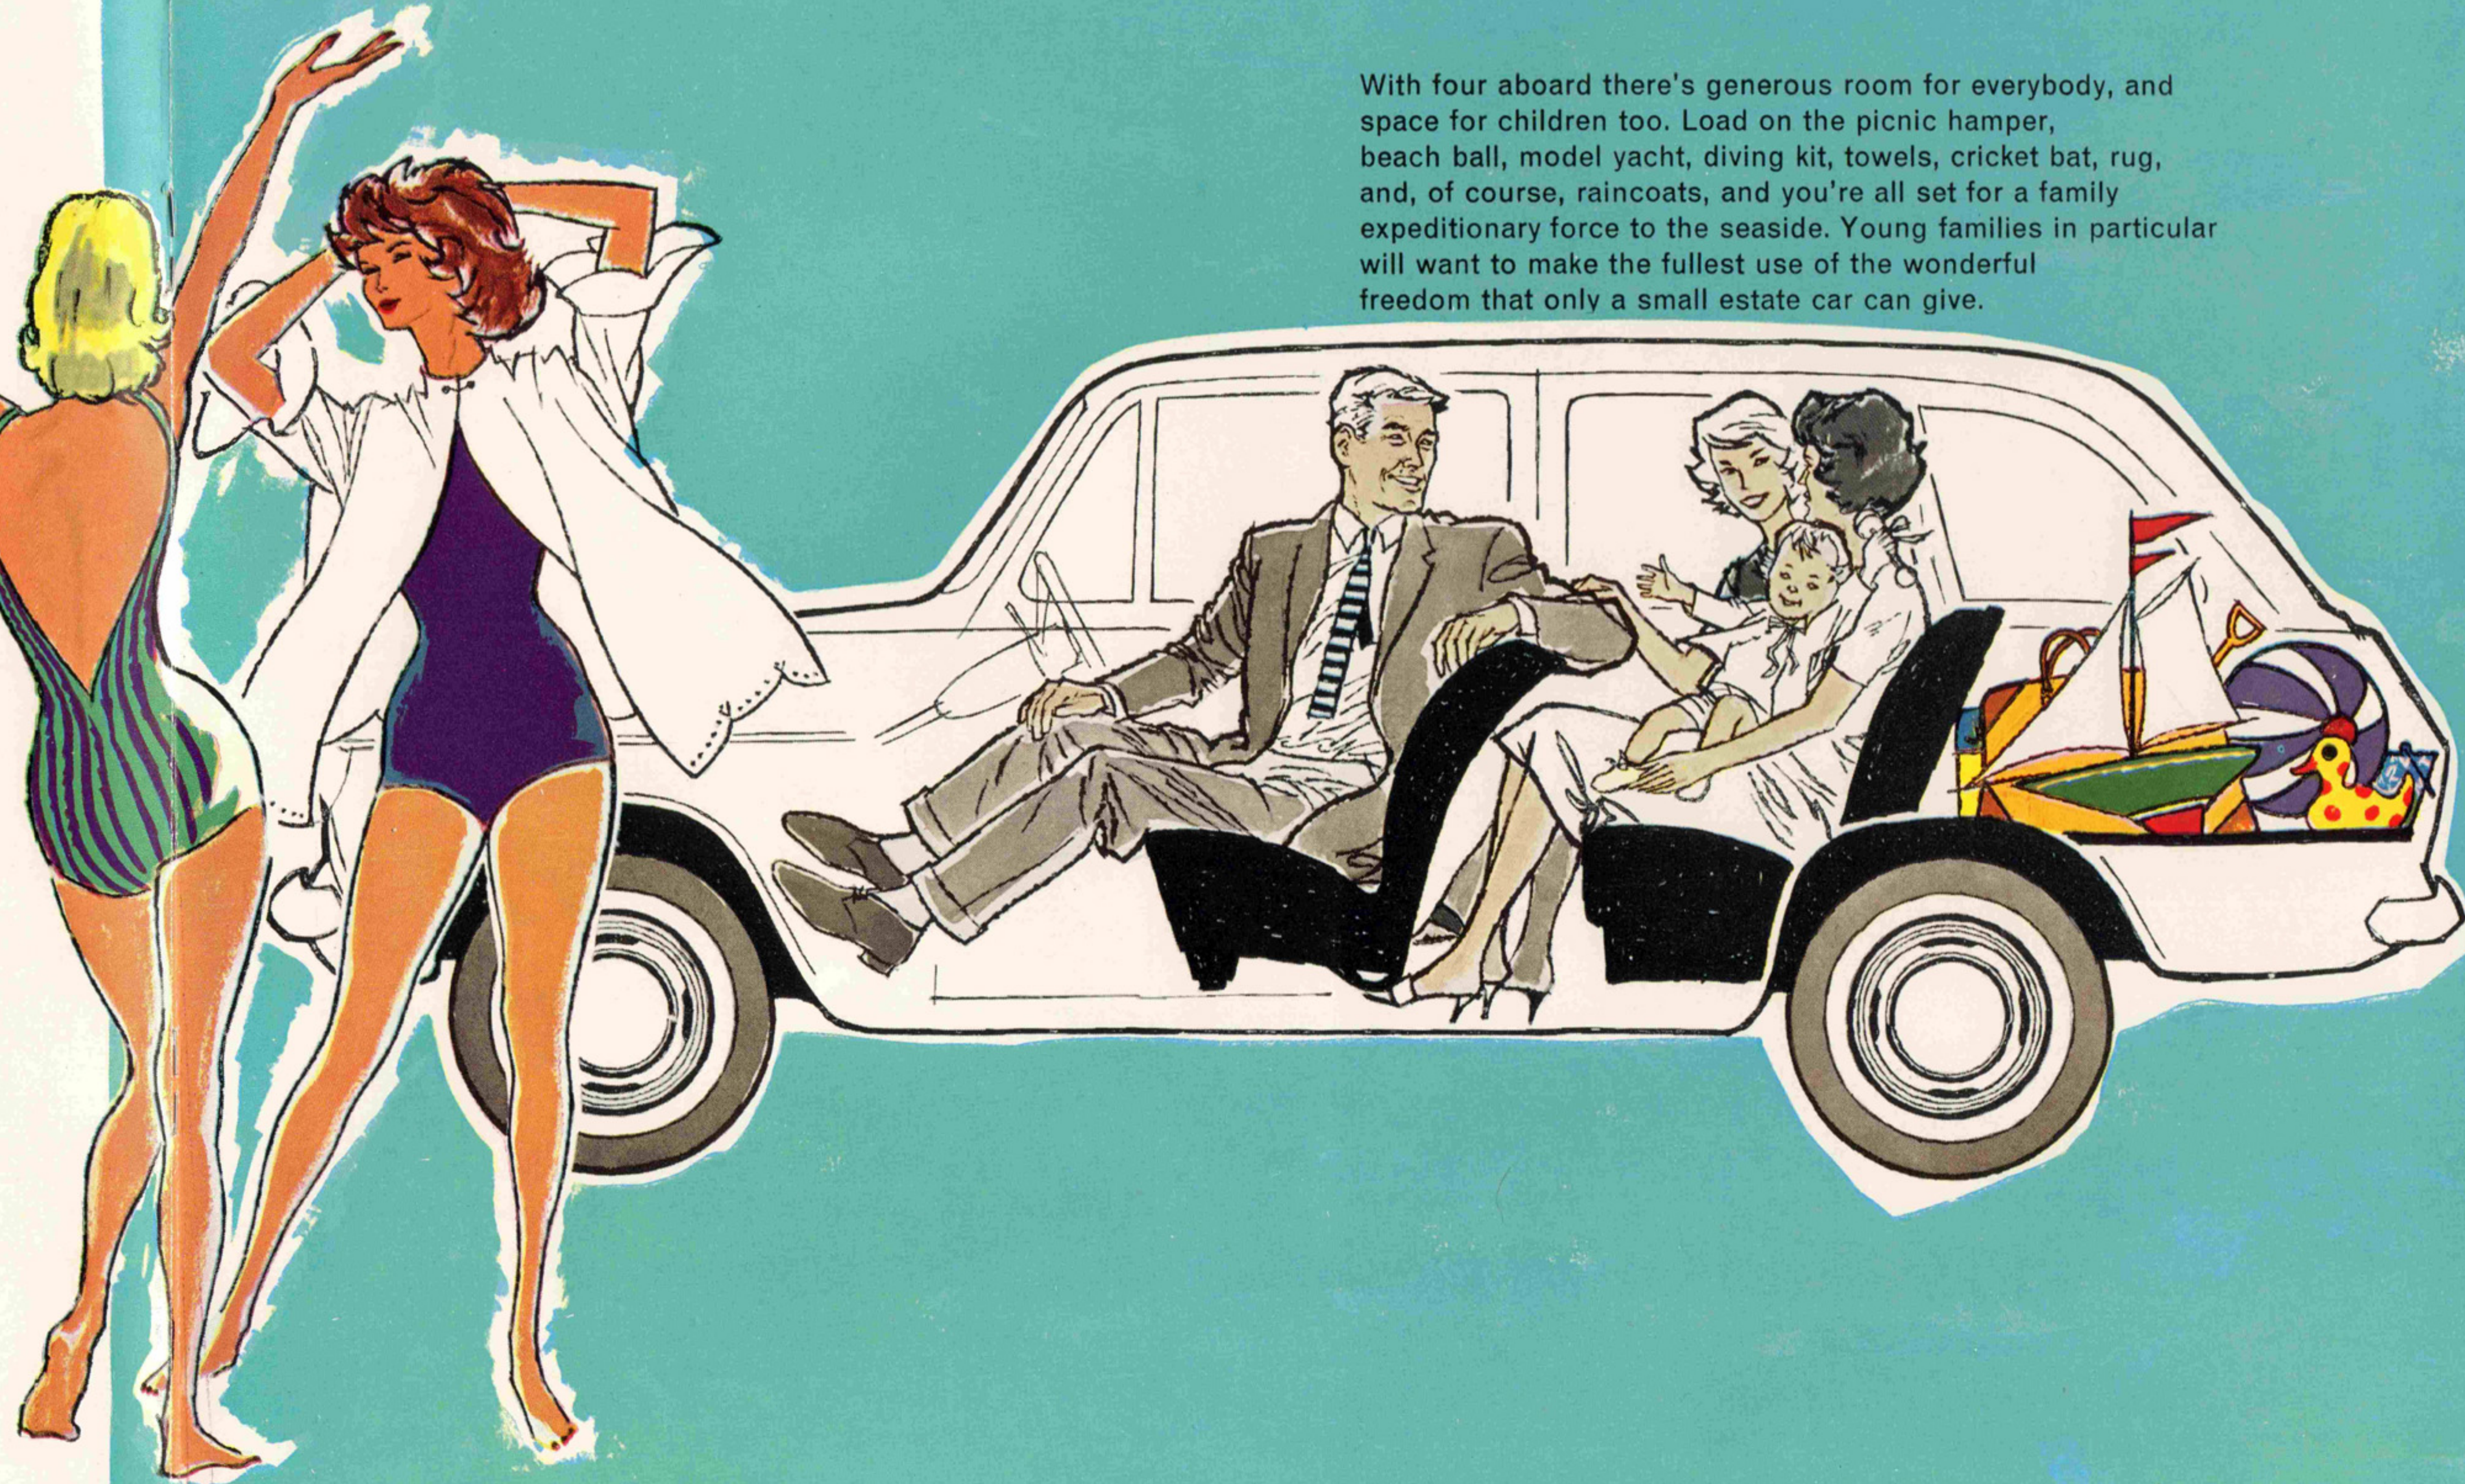

Plan freely . . . take what you will, there'll always be room for more in the Anglia Estate Car. Decide what you *must* have for your holidays, and then add everything you *might* need — it all goes in easily. What a change from the days when two or three tight-stuffed suitcases were the bitter maximum. Long shaped loads are welcome too in this remarkably versatile car . . .

. . . for in two quick movements the rear seat can be folded forward and, hey presto, the load space is more than doubled; you find you have the carrying capacity of a small truck! Tripods instruments, posts, coat-stands, crates — you name it, and you can be sure that the Anglia Estate Car can carry it, smoothly and silently.

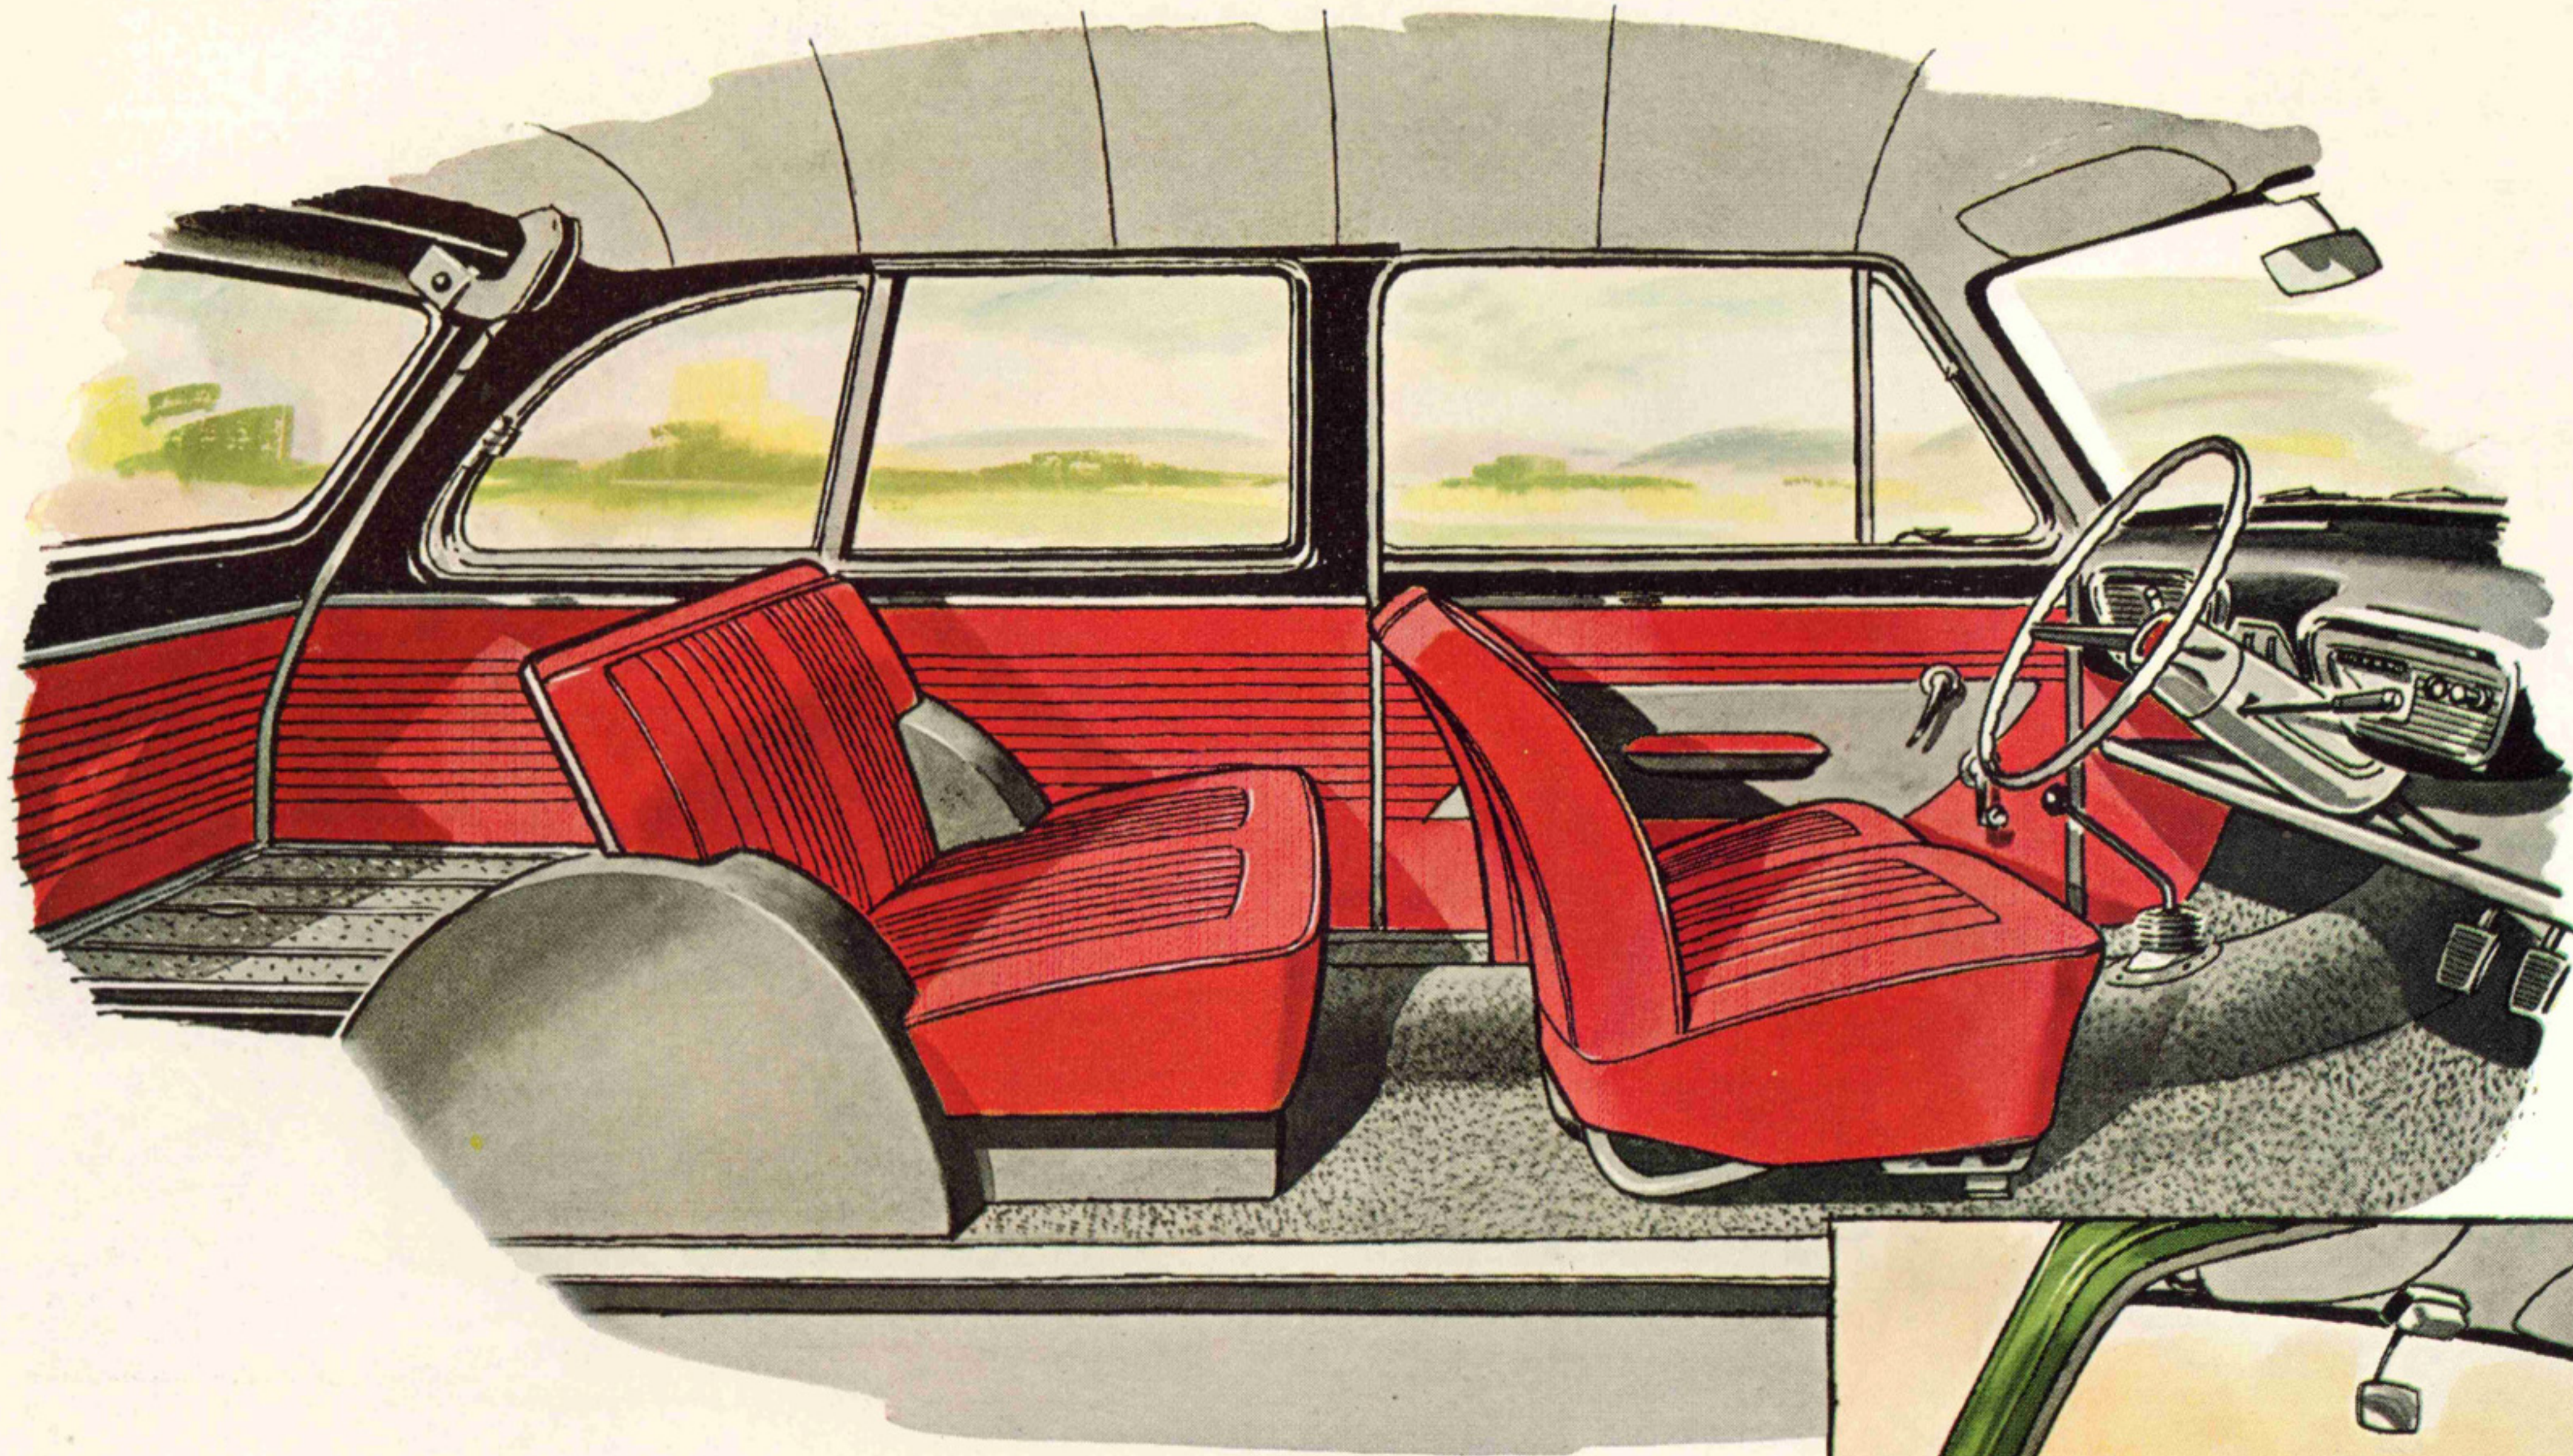

every week-end a holiday

With four aboard there's generous room for everybody, and space for children too. Load on the picnic hamper, beach ball, model yacht, diving kit, towels, cricket bat, rug, and, of course, raincoats, and you're all set for a family expeditionary force to the seaside. Young families in particular will want to make the fullest use of the wonderful freedom that only a small estate car can give.

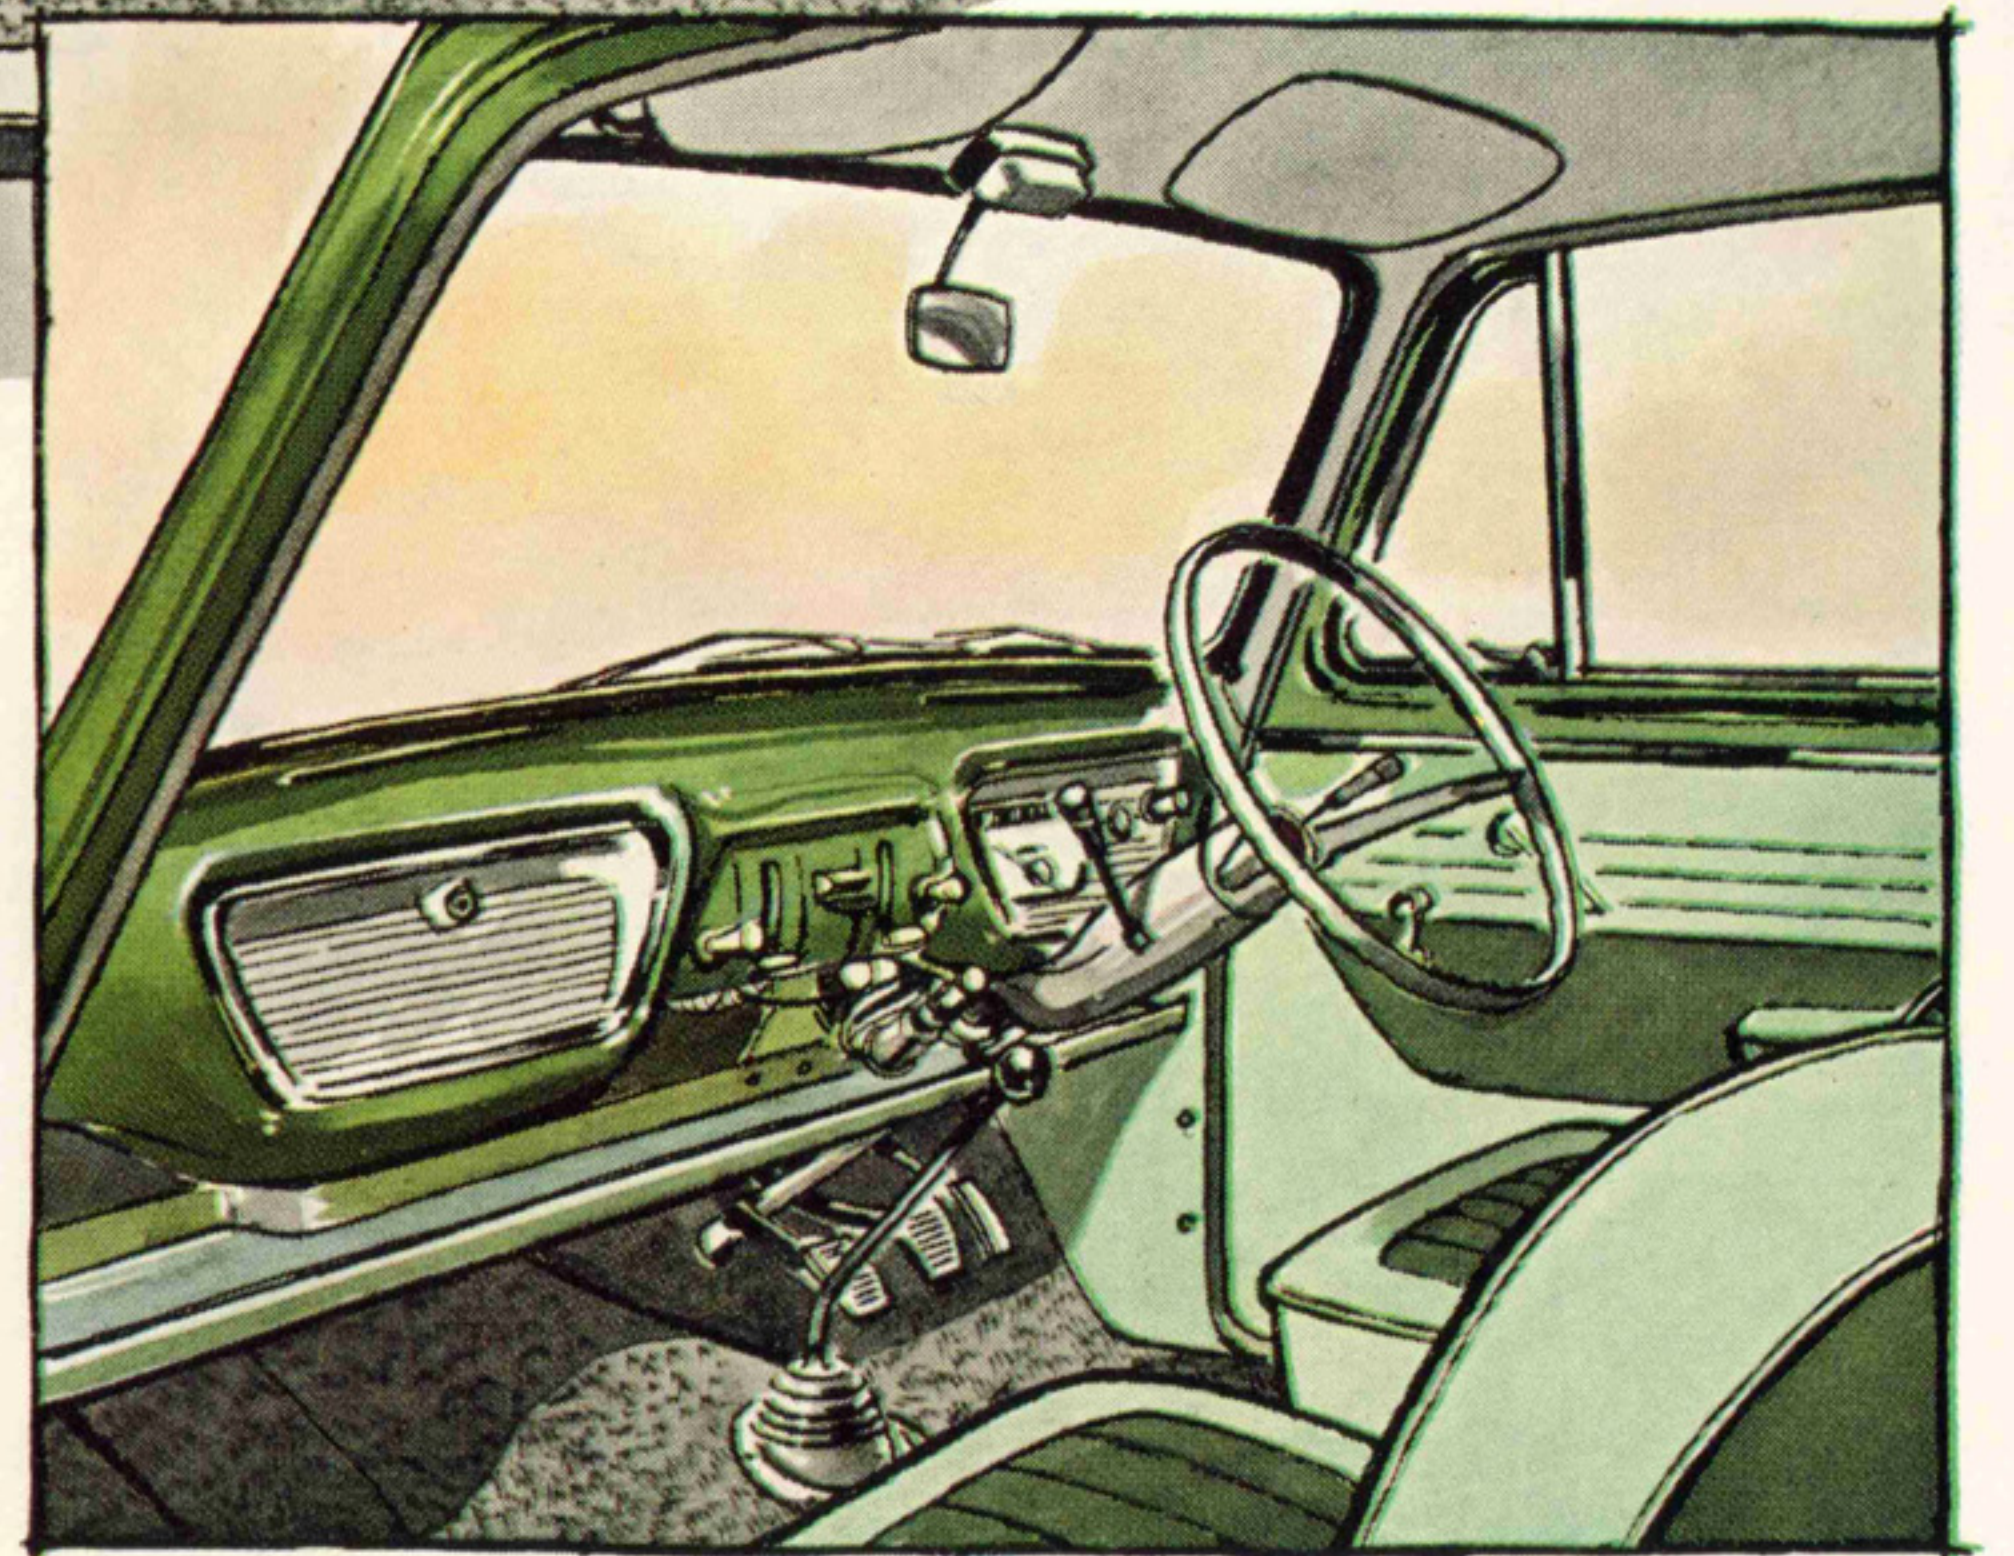

You'll always be
finding new ways of "exploiting"
your Anglia Estate car.

Only full de luxe equipment is good enough for the Anglia Estate Car. See for yourself the smart trim, excellent leg room for front and rear seat passengers, wonderful visibility, padded armrests, washable headlining, rubber-carpeted floor, thickly upholstered seats and the opening rear quarter lights for efficient draught-free ventilation

complete comfort

The bright upholstery, smart trim, and wonderful roominess have already sold tens of thousands of Anglias. Controls and facia design are superb too. Everything is grouped for maximum convenience, and safety.

1
THE COUNTERBALANCED tailgate can be opened fully with less than a foot's clearance behind the vehicle. And it keeps the rain off you when you're loading.

2
MOST OF the loadspace is below the window level, thus lessening the chances of damaged windows and maintaining clear rearward vision.

3
THE SPARE wheel is housed out of the way beneath the floor. It can be removed in seconds thanks to the quick-release fasteners on the hatch.

4
THE FLOOR IS covered in attractive extra-hard linoleum, and is protected from scratches by the bright metal rubbing strips. Loads can be slid in and out without worry.

5
THE FILLER cap is placed towards the centre of the vehicle, and is kept completely clear of the loadspace. Fuelling is equally simple from either side of the vehicle.

6
IN THIS view, the rear seat is folded forward for maximum loadspace. Notice the nylon catches on the wheel arches which hold the seat firmly in position.

about town...

Important occasions demand distinguished transport, and the Anglia Estate Car fits the scene perfectly. There aren't many cars that can be pounding the country tracks in the afternoon laden to the roof with crates and sacks, yet be a perfect host for a night in town that same day. Such is the versatility of this stylish newcomer, beyond a doubt, the world's most *exciting* estate car!

NEW 1198 cc ENGINE OPTIONAL FOR DE LUXE. Four-cylinder. Bore 3.187 sq ins (80.96 mm). Stroke 2.29 ins. (58.25 mm). Capacity 1198 cc. Overhead valves.
