

COUGAR '82

FROM LINCOLN-MERCURY

**1982 MERCURY COUGAR:
THERE ARE MOMENTS
WHEN DESIGN AND
FUNCTION COMBINE TO
CREATE A CAR THAT'S
EXACTLY RIGHT FOR ITS
TIMES.**

Such a car is the 1982 Mercury Cougar.

Cougar offers you outstanding luxury, rivalling many large American cars of the past, but in a trim, contemporary mid-size. Here's a sedan with handsome looks and a whole lot more. Your '82 Cougar is engineered to offer you a ride that's smooth and comfortable.

Cougar's appeal starts with its crisp, formal styling, which is clearly visible in its

bold grille, in its sleek aerodynamic silhouette, and in such attention to details as distinctive deluxe wheel covers. Cougar's beautiful interiors tastefully carry through this luxurious theme. Tailored seats with integral armrests, deep cut-pile carpeting, woodtone in the door trim and instrument panel—all combine to create a formal, rich tone that is distinctively Cougar.

In keeping with the times, Cougar

offers lively performance from its standard 3.3 liter six-cylinder engine. But if your preference runs to more power, you've got it in a new optional 3.8 liter V-6. Either engine teams with Cougar's new standard Select-Shift automatic transmission with locking torque converter which reduces slippage at cruising speeds.

Cougar is offered in two- and four-door sedans, beginning with the already-

luxurious GS. For even more luxury, you can choose the Cougar LS, with its exceptionally rich interior decor.

FOR 1982, PRESENTING A COUGAR WAGON.

1982 marks the introduction of a new station wagon in the Cougar line. Now you can have Cougar's high standard of luxury along with the spacious and practical

carrying capacity of a wagon. (See pages 8 and 9.)

The Cougar lineup for 1982—a beautiful balance of luxury and efficiency.

Equipment note: Some of the equipment shown may be available only at extra cost, and only on specific models. Please see pages 10 through 13 for specific information regarding standard and optional equipment.

Cougar LS four-door sedan in Light Pewter Metallic, with optional rear half vinyl roof and standard LS luxury wheel covers.

COUGAR LS: LUXURY IN A
NEW DIMENSION.

Cougar LS two-door in Black.

High luxury in a mid-size car? Step inside a Cougar LS and you'll see. You relax in the sheer cradling comfort of deeply contoured Twin Comfort Lounge seats. Both are reclining and individually adjustable, so that the driver and front-seat passenger can position their seats to their exact comfort needs. Both seats are luxuriously trimmed in luxury cloth or optional leather seating surfaces—so soft to the touch. Both have deeply padded fold-down armrests and—a nice feature—a handy tray in the center console for

coins, keys, cards, etc.

Other LS luxury touches include: luxurious door trim with woodtone inserts; a handsome, easy-to-read woodtone instrument panel; deep 18-ounce cut-pile carpeting; a deep-well luggage compartment floor that's fully carpeted; cloth headlining; courtesy light switches for the rear doors (four-door only, of course); and even soft chimes as a reminder for seat belts or a door ajar.

Cougar LS. The lap of luxury.

Cougar LS instrument panel.

Cougar LS four-door interior, with reclining Twin Comfort Lounge seats, trimmed in Dark Red luxury cloth.

**COUGAR GS: LOWERING
THE COST OF LUXURY.**

*Cougar GS four-door in
Light Pewter Metallic.*

Cougar GS is a car of remarkable qualities. While it is the lowest priced Cougar, it still incorporates the sleek, trim, aerodynamic styling that is distinctively Cougar; it offers you a smooth, comfortable Cougar ride, and it maintains a high level of luxury.

Standard seat for the GS is the beautifully tailored, family-styled Flight Bench seat, trimmed in handsome cloth, with integral fold-down armrest. With it, your GS comfortably seats six.

However, you may select the added luxury of optional Twin Comfort Lounge seats—in which case your Cougar seats

five. Whichever you choose, you experience real comfort and a sense of luxury.

You get a comfortable ride from Cougar GS—in part, from the smoothing effects of its hybrid MacPherson strut front suspension and four-bar link coil-spring in the rear. Deluxe sound insulation is standard and helps muffle road noise. With rack-and-pinion steering, you enjoy precise handling.

In Cougar GS, you have a car that's as pleasing to drive as it is to own.

Cougar GS instrument panel.

*Cougar GS two-door in Dark Blue
Metallic, with optional aluminum
wheels.*

*Cougar GS interior, with standard Flight
Bench seat, trimmed in Midnight Blue
cloth and vinyl.*

**NEW COUGAR WAGON:
PRACTICALITY OF A WAGON,
LUXURY OF A COUGAR.**

For 1982, the Cougar lineup includes a new Cougar Wagon. And what a wagon! Start with people. There's room for six.

Carrying capacity? With the rear seat up, Cougar Wagon has 41.9 cubic feet of cargo space; with the rear seat down, you get about twice the cargo space—73.6 cubic feet.

Cougar Wagon also offers you a special optional two-way liftgate, shown at right. You can choose to raise the entire liftgate or only flip-up the glass portion—a convenient feature for grocery shopping or stops at the hardware store.

The 1982 Cougar Wagon features all the standard luxuries of the Cougar GS.

On the exterior, bodyside moldings with color-keyed inserts, special striping, the vertical grille, and Cougar hood ornament create a wagon that is truly classic. True to the Cougar level of interior luxury, you get a Flight Bench seat with integral fold-down center armrest, a luxury steering wheel, and rich woodtone accents. The flat cargo floor is fully carpeted, and there's a lockable stowage compartment.

And there are special wagon options. Most notable is the stylish Villager option, shown below, with woodtone accents on the sides and liftgate; a bright luggage rack

with woodtone inserts provides additional cargo carrying capacity.

The new Cougar Wagon. Combining carrying capacity and luxury.

New optional two-way liftgate.

Cougar Wagon in Dark Blue Metallic.

Cougar Wagon in Medium French Vanilla, with Villager option and optional luggage rack and wire wheel covers.

OPTIONAL HIGHLIGHTS

- 1. **SPEED CONTROL.** Select and maintain your speed with a touch of the finger for a more relaxing, enjoyable ride. Includes "resume" feature.
- 2. **ELECTRIC REAR WINDOW DEFROSTER.** A great convenience feature. Works as a defogger and also helps keep your rear window free of frost, ice, sleet, and snow.
- 3. **WHEELS AND WHEEL COVERS.** A variety of wheels and wheel covers is

available to add an individual, crowning touch to your Cougar. Choose from (left to right) deluxe wheel covers (standard on GS), luxury wheel covers (standard on LS), wire wheel covers, aluminum TR wheels, and aluminum wheels.

4. **AM/FM STEREO** with 8-track tape (shown here). It's one of a number of superb radio choices (see page 12 for further information). Add the optional Premium Sound System to any stereo of

your choice and you get vastly improved sound from two upgraded high-fidelity rear speakers, and a power amplifier.

5. **AIR CONDITIONING** with manual controls adds cool comfort to your warm weather driving.

6. **VENT WINDOWS.** In addition to the front side windows, the triangular-shaped vent windows conveniently help direct the flow of fresh air within the car.

YOUR CHOICE OF COUGAR MODELS, WITH THEIR STANDARD FEATURES.

COUGAR GS 2-DOOR

COUGAR GS 4-DOOR

- STANDARD FUNCTIONAL FEATURES**
- Dual rectangular halogen headlamps

MAINTENANCE SCHEDULE

The Ford Motor Company wants to reduce both the frequency and cost of scheduled maintenance on its cars to an absolute minimum. And compared to just a few years ago, we're making strides in that direction. For example, in 1973, an engine oil change was called for each 4,000 miles. In 1982, Cougar oil changes are recommended at 7,500-mile intervals. Other recommended intervals are now 30,000 miles between spark plug changes; 30,000 miles between air filter replacements; 50,000 miles or three years between engine coolant replacements. We're proud of these improvements, and we're working constantly to make them even better.

CORROSION PERFORATION WARRANTY

Ford Motor Company offers a limited three-year corrosion perforation warranty excluding exhaust system components on all new 1982 Lincoln-Mercury automobiles. And at no cost to you.

The warranty states that any part which, in normal use, develops perforation from corrosion within three years of retail delivery or first use will be repaired or replaced free of charge by the selling Dealer after inspection by a Ford representative. Exhaust system components or parts which develop corrosion perforation caused by accidents or other damage are not covered.

This warranty valid only in the 50 United States.

...FOR SURE

QUALITY REPLACEMENT PARTS FROM FORD

Your new Mercury Cougar comes equipped with factory-engineered and approved parts including a dependable Motorcraft battery, shock absorbers, spark plugs, long life oil filters, and motor oil. For continued top performance, be sure to specify genuine Motorcraft parts whenever replacement is necessary.

Ford Motor Company's optional Extended Service Plan covers major components on new Mercury cars for longer than the vehicle's basic warranty. The cost is so moderate for the protection you get that it could pay for itself the first time you need it. Ask your Lincoln-Mercury Dealer for complete details of the Plan, which is available on cars sold and normally operated in the 50 United States and Canada.

FORD-PAID REPAIR PROGRAMS AFTER THE WARRANTY PERIOD.

Sometimes Ford Motor Company offers adjustment programs to pay all or part of the cost of certain repairs. These programs are intended to assist owners and are in addition to the warranty or to required recalls. Ask Ford Motor Company or your Lincoln-Mercury Dealer about such programs relating to your Ford or Lincoln-Mercury vehicle.

To get copies of any adjustment program for your vehicle or the vehicle of interest to you:

Call Ford toll-free at
1-800-241-3673.

In Alaska or Hawaii, call
1-800-243-3711.

In Georgia, call 1-800-282-0959 or write
Ford at

Ford Customer Information System
Post Office Box 95427
Atlanta, GA 30347

We'll need your name and address; year, make, model, and vehicle identification number, as well as engine size; and whether you have a manual or automatic transmission.

TECHNICAL SERVICE BULLETINS

All vehicles need repairs during their lifetime. Sometimes Ford issues Technical Service Bulletins (TSBs) and easy-to-read explanations describing unusual engine or transmission conditions which may lead to costly repairs, the recommended repairs, and new repair procedures. Often a repair now can prevent a more serious repair later. Ask Ford Motor Company or your Lincoln-Mercury Dealer for any such TSBs and explanations relating to your Ford or Lincoln-Mercury vehicle.

To get copies of these Technical Service Bulletins and explanations for your vehicle or the vehicle of interest to you:

Call Ford toll-free at
1-800-241-3673.

In Alaska or Hawaii, call
1-800-243-3711.

In Georgia, call 1-800-282-0959 or write
Ford at

Ford Customer Information System
Post Office Box 95427
Atlanta, GA 30347

We'll need your name and address; year, make, model, and vehicle identification number, as well as engine size; and whether you have a manual or automatic transmission.

Buy or lease your Cougar from your
Lincoln-Mercury Dealer.
