

3000GT

MITSUBISHI

THE 3000GT VR-4.
AN EXOTIC BLEND OF
FORCE AND FINESSE.

With the engine idling, there is little more than a soft, baritone rumble coming from the four chromed exhaust pipes.

THE ULTIMATE GT

Ease the shifter into first gear, and the six-speed transmission responds with reassuring precision. Press down on the accelerator and experience total exhilaration.

Both intercooled turbochargers emit a shrill hiss, and 320 horsepower pours into the full-time all-wheel-drive system. Enormous 18-inch alloy wheels and 245/40 Z-rated tires dig into the pavement, the suspension tenses, and the 3000GT VR-4 launches off the line.

Sweep into the first turn, and same-phase four-wheel steering generates breathtaking stability. The steering wheel

is alive with information about the road. Your confidence soars. Accelerate out of the turn, and all-wheel drive with two limited-slip differentials creates unyielding traction — you power out of a corner with riveting control.

On the open highway, the Active Aero™ system automatically adjusts the front air dam and rear spoiler, leveraging the wind for even more stability — without increasing aerodynamic drag. Electronically controlled shock absorbers immediately adapt to changing conditions.

At cruising speed, pull the shifter back into sixth gear. The engine settles down into an easy rhythm. The suspension relaxes, and the 3000GT VR-4 slices through the atmosphere. Effortlessly. The 3000GT VR-4 must be driven to be believed.

The 3000GT is a rare combination. Stunning performance, and civility that rivals a luxury sedan. It's a technically advanced and highly passionate automobile that expands the classic definition of grand touring.

Consider the 3000GT SL. Its aerodynamically aggressive body work is pulled tightly around a chassis of unusual strength. A liquid-smooth four-cam V6 creates more power than many V8's. And the suspension is at once refined and athletic.

At modest speeds, the performance is understated

and docile. Crack the throttle, and a dual-stage intake system opens, the engine breathes deeply, and 222 horsepower* transforms performance from serene to scalding. A five-speed manual, or electronically controlled four-speed automatic transmission, gives you direct access to the engine's considerable potential.

The electronically controlled suspension is equally adept at coddling the passengers and carving up the road. In Tour mode, the front strut and rear multi-link suspension is

resilient and relaxed, delivering supple control. In Sport mode, the suspension becomes more direct and assertive, generating stunning cornering force and brilliant stability.

Even the braking system is extraordinary. Four massive disc brakes are internally ventilated to stay cool and composed under the most demanding conditions. And a standard anti-lock system guarantees that, while performance is dramatic, stopping is not.

*218 horsepower for CA Emissions Vehicles.

POWER SUNROOF

A SEDUCTIVE ATMOSPHERE FOR SERIOUS DRIVING.

A touch on the remote keyless entry unlocks the driver's door and disarms the security system. Quiet electric motors tailor the height, angle, side bolsters, and lumbar support of the driver's seat. The steering wheel, manual gear shifter, parking brake handle, and front seats are trimmed with exquisitely tailored leather. Sideview mirrors are power-operated and self-defrosting. The windshield wipers are speed-sensitive, and cruise control can be modulated from the height-adjustable steering

GRAND TOURING LUXURY wheel. All of the controls and components have a polished and luxurious feel. Sophisticated ergonomics for the serious driver.

Stellar audio performance is provided by a Mitsubishi/Infinity® premium audio system that is parametrically equalized for the 3000GT interior. Included are eight speakers, graphic equalizer, separate amplifier, steering wheel-mounted remote-controls, and an anti-theft feature. Your music receives power and refinement equal to the 3000GT driving experience.

Even sitting still, there is a feeling of pure exhilaration.

From any angle, the 3000GT makes a stunning impression.

The engine and brakes are cooled by strategically sculpted vents in the body work. The hood bulges to clear the four-cam, 24-valve power plant. Sixteen-inch speed-rated tires and cast alloy wheels fill out the arching fenders. And the low, sweeping roofline is fitted with flush panels of tinted glass.

Twist the ignition key, and Mitsubishi's 78 years of automotive heritage come alive. Sequential multi-point fuel injection and a powerful microprocessor create 222 horsepower. And a dual-stage induction system generates an effortless reserve of torque at low speeds, and maximum power at high RPMs.

Balancing the drivetrain's strength is a chassis that is both aggressive and forgiving. A front strut and rear multi-link suspension is mounted to separate sub-frames, with gas-charged shocks and thick stabilizer bars adding sharpened control. The result is tenacious grip, without the brittle and nervous ride.

Inside is a six-way adjustable driver's sport seat; a new Mitsubishi/Infinity® premium audio system with 150 watts of continuous power; cruise control; and power windows, door locks, and sideview mirrors.

High performance, artistic styling, and an interior equipped for the passion of driving. The 1995 3000GT.

AUTHORIZED MITSUBISHI ACCESSORIES			
Your Mitsubishi Motors Dealer offers a select choice of factory authorized accessories, including: nose mask, car cover, door edge guards, security system with remote keyless entry (base model only), and mudguards.			
ENVIRONMENTAL			
In its design, construction, and development, the 3000GT reflects Mitsubishi's commitment to protecting and preserving the environment: •3000GT air conditioning uses CFC-free refrigerant, which is potentially less harmful to the ozone layer. Ozone-damaging CFCs have also been significantly reduced in the production of molded components. •Asbestos has been eliminated from engine gaskets and brake pads.			
MITSUBISHI TRIPLE DIAMOND CONCIERGE SERVICE SM			
As an addition to the Diamond Care Quality Commitment Program, a toll-free call provides extended courtesies for 3000GT owners, including a free loaner or rental car for up to five days (up to a maximum of \$30 per day) if warrantable repairs cannot be made in one day, emergency road service and free towing, and a Concierge Service coordinator to assist you in making any necessary hotel and air travel reservations. See your Mitsubishi Motors Dealer for details.			

Some optional equipment may only be available as part of a package, or in combination with other optional equipment. See your Mitsubishi Motors Dealer for specific details. For the Mitsubishi Motors Dealer nearest you, call 1-800-55MITSU.

S = Standard O = Optional NA = Not Available D = Dealer-installed option
*Designed to supplement the three-point shoulder/lap safety belts. ¹Driver's belt has ELR feature only. **See dealer for availability of manual or power sunroof.
1. Includes defrosting feature. 2. ECS is not available on 3000GT VR-4 models equipped with the optional power sunroof.

THE MITSUBISHI WARRANTY

Mitsubishi's confidence in the quality of the 1995 3000GT is reflected by the following comprehensive warranties:

- Three-year/36,000-mile New Vehicle Limited Warranty
- Five-year/60,000-mile Powertrain Limited Warranty
- Seven-year/100,000-mile Anti-Corrosion/Perforation Limited Warranty

DIAMOND CARESM

Diamond Care ensures that your new 3000GT is thoroughly prepared, inspected, and explained prior to delivery. After delivery, a toll-free number brings 24-hour road service. For the first 36 months, or 36,000 miles, free towing will be provided to the nearest Mitsubishi Motors Dealer for a warrantable repair. And after the first 1,000 miles of ownership, you are invited back for a free vehicle inspection.

EXTENDED SERVICE

Mitsubishi offers an extended service contract to extend your comprehensive service coverage for up to six years or 100,000 miles. Ask your Mitsubishi Motors Dealer for details.

LEASE PLANS

Mitsubishi Motors offers a wide range of affordable leasing programs designed to meet your needs. Please ask your Mitsubishi Motors Dealer for specific details.
