

THE NEW HOLDEN VECTRA

SEDAN, HATCH AND WAGON

HOLDEN

There's nothing quite like a Holden.

The new Holden Vectra pushes the boundaries of excellence in sophisticated mid-size motoring.

A new 2.2 litre 16-valve engine in Vectra sedans and the all-new Vectra GL wagon, has secured Holden Vectra's position as a leader in style and performance.

Boasting a suspension tuned for Australian roads,

along with features you'd normally find in more expensive marques, the new Holden Vectra has been engineered for pure driving pleasure.

Sedan, hatch or wagon. Any way you look at it, the new Holden Vectra's a winner.

EXCITING ON THE OUTSIDE
CLEVER ON THE INSIDE

Vectra's dynamic driving characteristics immediately give you a sense of confidence on the road. However, there's no sense without sensibility. Consequently, in your new Holden Vectra you'll find a whole host of safety features.

All Vectra models have a driver's airbag, front seatbelt pre-tensioners, a pedal breakaway system that in the event of a major accident helps protect your lower body, and a lap/sash rear centre seatbelt. ABS and Traction Control are available as options on GL sedan and wagon, and are standard on CD models and GL hatch.

Pyrotechnic front seatbelt pre-tensioners

Vectra's advanced body-lock safety system incorporates rapid response pyrotechnics.

In the event of an accident, a special pre-tensioning device instantaneously takes up any slack in your seatbelt. This system reduces the risk of slipping under the belt and helps prevent you being thrown forward.

Not just another airbag

Every Vectra has an advanced hybrid technology, full-size driver's airbag. Inflated by a combination of heat-producing pellets and high pressure inert gas, it is an important element in driver protection. In addition, a front passenger's full-size 120 litre version is standard on the Vectra CD and optional on GL models.

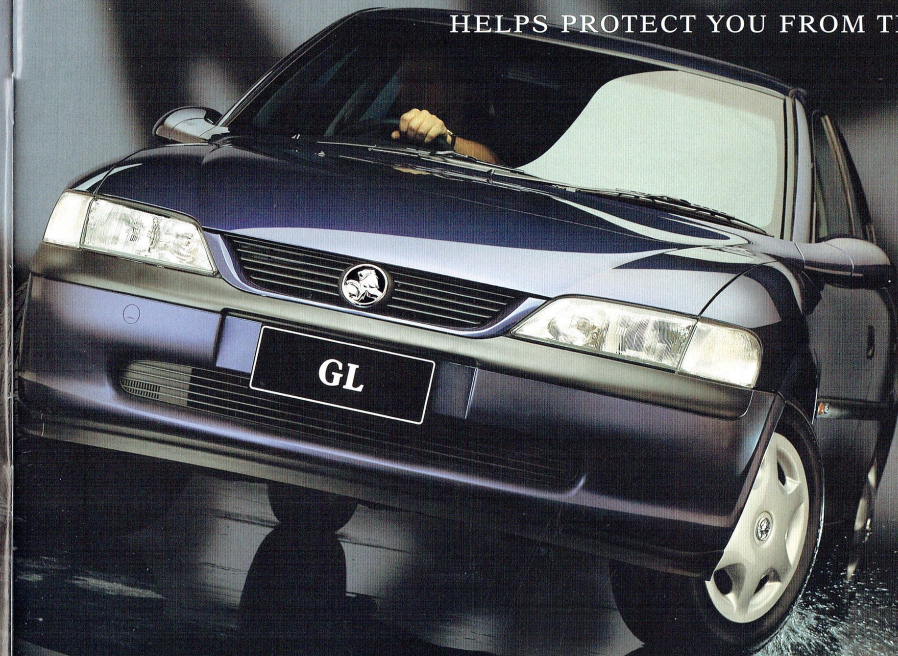

Four-channel Anti-lock Braking

Greatly enhancing active safety, Vectra's advanced Anti-lock Braking System (ABS) helps you steer clear of trouble during hard braking. Acting on all four wheels individually, ABS helps prevent the wheels from locking and the risk of 'plough-on' in wet or icy conditions.

Surface-sensitive Traction Control

Vehicles fitted with ABS also feature Electronic Traction Control. This system senses wheel spin and reduces the output of your engine. Simultaneously, a precisely modulated form of braking acts on the spinning wheel and helps bring it back under control. With its ability to control the front wheels independently of one another, the system provides you with optimal traction which is invaluable on slippery or 'split-friction' surfaces.

FROM THE COMPUTER DESIGNED
SAFETY CELL TO BREAKAWAY PEDALS, VECTRA
HELPS PROTECT YOU FROM TIP TO TOE

INNOVATION IN ITS MOST DYNAMIC FORM

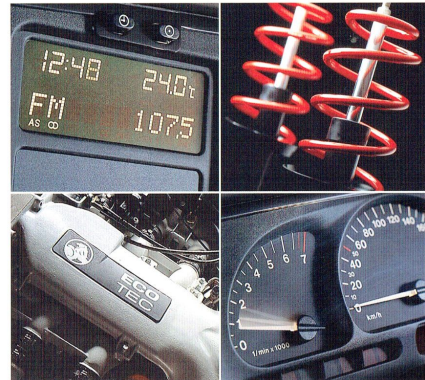

Multi-Function Display

Precision electronics give you a window on the world outside. Easy on the eye, the Multi-Function Display incorporates an external temperature indicator with visual ice warning, a quartz clock with date and an audio read-out showing the radio station you're on. Added to all this, on the Vectra CD you'll find sophisticated monitoring features such as brake pad wear, head and brake light failure, windscreen washer and coolant level warnings.

When you get behind the wheel of your new Holden Vectra, it's easy to feel exhilarated.

With outstanding performance, roadholding and handling Vectra has a unique ability to handle Australia's variety of road conditions, helping you straighten out twists and turns.

You can also feel content in the knowledge that your next service is 15,000km down the road. In short, Vectra makes every journey an exercise in driving pleasure.

Independent front and rear suspension

Vectra features a subframe mounted, double-isolated front suspension. Significantly adding to long distance travelling comfort, it dramatically reduces the amount of noise and vibration transmitted to the cabin.

The multi-link rear suspension echoes the double-isolated principle employed at the front. The perfectly balanced set-up makes for impressive road-holding, improved braking and more predictable lane changing.

Fuel saving neutral idle

On the open road, nothing beats opening up your Holden Vectra. In the city, you'll find it equally remarkable. All Vectra models fitted with automatic transmission feature neutral idle. When your Vectra is at a standstill, the transmission shifts itself from drive to neutral. Then as soon as you release the foot brake, the transmission smoothly shifts back to 'drive' and you effortlessly pull away. An innovation that can lead to savings on fuel bills in city traffic.

ECOTEC power and performance

The new 2.2 litre 16-valve engine delivers 104kW of power and the thrust of 200Nm of torque to the sedans and wagon, while the 2.0 litre delivers 100kW with outstanding economy to the GL hatch. The smooth, refined 2.5 litre V6, with multi-ram intake, pumps the power up to 125kW in the CD hatch.

SENSITIVELY DESIGNED
TO RESPOND TO YOUR SENSES

Sophisticated, yet uncomplicated. Every facet of Vectra's design is a response to the real world needs of you, the driver.

Vectra's spacious interior is a seamless blend of sophisticated information systems, advanced safety features and clever innovations. Vectra's got almost everything you could possibly think of to increase your driving pleasure.

Six speaker stereo sound

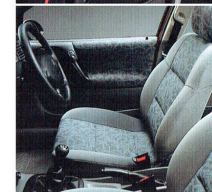

Vectra's audio systems are every bit as sophisticated as the rest of the car. Advanced anti-theft features include PIN coding and having a separate audio display in the Multi-Function Display from the radio/cassette unit. In Vectra CD models, the audio equipment can be operated from controls mounted on the steering wheel and features a CD player.

Versatile rear seating configurations

Vectra's 60:40 folding rear seats incorporate a versatile lockable load-through hatch. Seat backs are also lockable, making it difficult for thieves to gain access to the luggage bay via the passenger compartment.

You are protected in other ways too. Reinforced rear seats and front head restraints help reduce the risk of back and 'whiplash' injuries.

Cleverly designed, thoughtful touches

Vectra puts just about everything you can think of right at your fingertips, and maybe some things you haven't. Numerous storage spaces and cupholders are always close at hand. Everything is cleverly designed down to the last detail. You'll find that the fuel cover conceals a tool for removing valve caps, so you don't get your hands dirty when checking tyre pressures. There's even a control which allows you to alter the height of the headlights to compensate for differing loads.

Optimised driving position with five angle tiltable steering

Vectra features a specially optimised driving position with ergonomically designed front seats and a five angle tiltable steering column. The column has been designed as a high-impact energy absorbing unit, helping minimise the risk of injury in the event of a collision.

The perfect introduction to the Vectra range, the GL sedan, hatch and wagon offer a choice of European style and sophistication.

Choose the dynamic sedan, sporty hatch or versatile wagon and you'll find these standard appointments: driver's airbag, power steering, remote locking and a six speaker stereo system to name just a few. You can also select ABS braking and Traction Control on sedan and wagon for further reassurance.

ECOTEC performance

The Vectra GL sedan and wagon have a new 2.2 litre twin cam, 16-valve ECOTEC engine specially tuned for Australian conditions. Lively performance is combined with a super smooth gearbox that has a long-legged overdrive fifth gear that really suits long distance driving. Incorporating finely tuned intake manifold technology, it delivers excellent low end torque and outstanding power at high revs. Vectra GL hatch has a sporty 2.0 litre engine delivering 100kW of power and outstanding economy.

Heated power door mirrors

Vectra's distinctive wraparound power door mirrors are electronically heated to dry off fog, dew and frost. Further aiding visibility, road speed sensitive intermittent windscreen wipers also come as standard. At a standstill Vectra's wipers operate eight times per minute, increasing to twelve times per minute at higher cruising speeds.

Advanced electronics and remote locking

Vectra's long range remote control central locking system gives you the convenience of keyless entry and illuminates the interior for added safety. The control key doesn't operate by direct 'sight' so you can even activate it from inside your pocket. A built-in 'rolling' security code changes every time you use it, making it virtually impossible for hi-tech theft devices to crack.

Height adjustable seatbelts

Vectra's advanced body-lock system features height adjustable seatbelts attached directly to the seat frame for optimal positioning. Maximising effectiveness, electronically activated, quick response pre-tensioners take up the seatbelt slack in the early stages of an accident.

HOLDEN VECTRA GL

HOLDEN VECTRA iD

The all-new Holden Vectra GL wagon combines optimum comfort with superb driveability and handling. Powered by the big new 2.2 16-valve engine, the Vectra wagon offers outstanding performance, plus an impressive list of intelligent standard features.

Features like full size driver's airbag, tilt steering, Multi-Function Display, engine immobiliser, remote locking, underfloor storage compartments, lap/sash rear centre seatbelt and heated electric mirrors.

Compact enough to confidently zip around town, spacious enough to hit the open road with a 1490 litre load, powerful enough to deliver a brilliant driving experience, Vectra wagon is a real winner.

Underfloor storage compartments

For those little things you often want to carry with you, Vectra wagon's special storage compartments are another clever idea. Not only can items be hidden from view, they don't roll around in the cargo area.

Cargo security cover

With Vectra wagon's clever cargo compartment cover you can park your car and walk away with complete peace of mind. The retractable security blind effortlessly slides into place to conceal valuable luggage, and keep your Vectra looking immaculate at all times.

Flat-folding split rear seats

The mid-size Vectra wagon offers the ultimate in flexible carrying capacity. 60:40 split rear seats fold flat, transforming stylish passenger comfort into practical useable space. From the city to the snow fields, from the boardroom to the marina, the Holden Vectra wagon takes you anywhere you need to go, anywhere you want to go.

Optional electric sunroof

Available on Vectra sedan and wagon, this sunroof is integrated into your Vectra's total design and is built-in on the assembly line. It features tinted glass, to flood the cabin with pleasant light, and a sun screen to help keep the cabin cool in summer. It slides open electrically and has a tilt mode to provide ventilation.

HOLDEN VECTRA GL WAGON

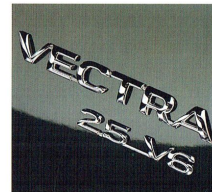

HOLDEN VECTRA CD

ECOTEC V6 power

In the Vectra CD hatch you'll enjoy the power of a 2.5 litre V6. The multi-ram air intake system produces rapid build-up of torque at low revs, lusty mid-range performance and superb rev range. The system's smooth, precise action contributes to an exhilarating driving experience.

The Vectra CD raises the motoring experience to a higher plane altogether. It has a vast array of innovations. Models fitted with the super smooth automatic transmission feature the revolutionary neutral idle system. A world-first for a volume production car. Also standard on the CD is air conditioning. Both the hatch and the sedan also feature power windows, alloy wheels, trip computer, enhanced Multi-Function Display, front passenger airbag, stereo with CD player and steering wheel audio controls, and front fog lamps.

Air conditioning and cruise control

Vectra's whisper-quiet air conditioning quickly creates a more comfortable driving environment. Extra sensitive, it even has a pollen filter to remove allergens and dust. Your road speed can also be sensitively regulated by a special 'tap-up, tap-down' button on the cruise control.

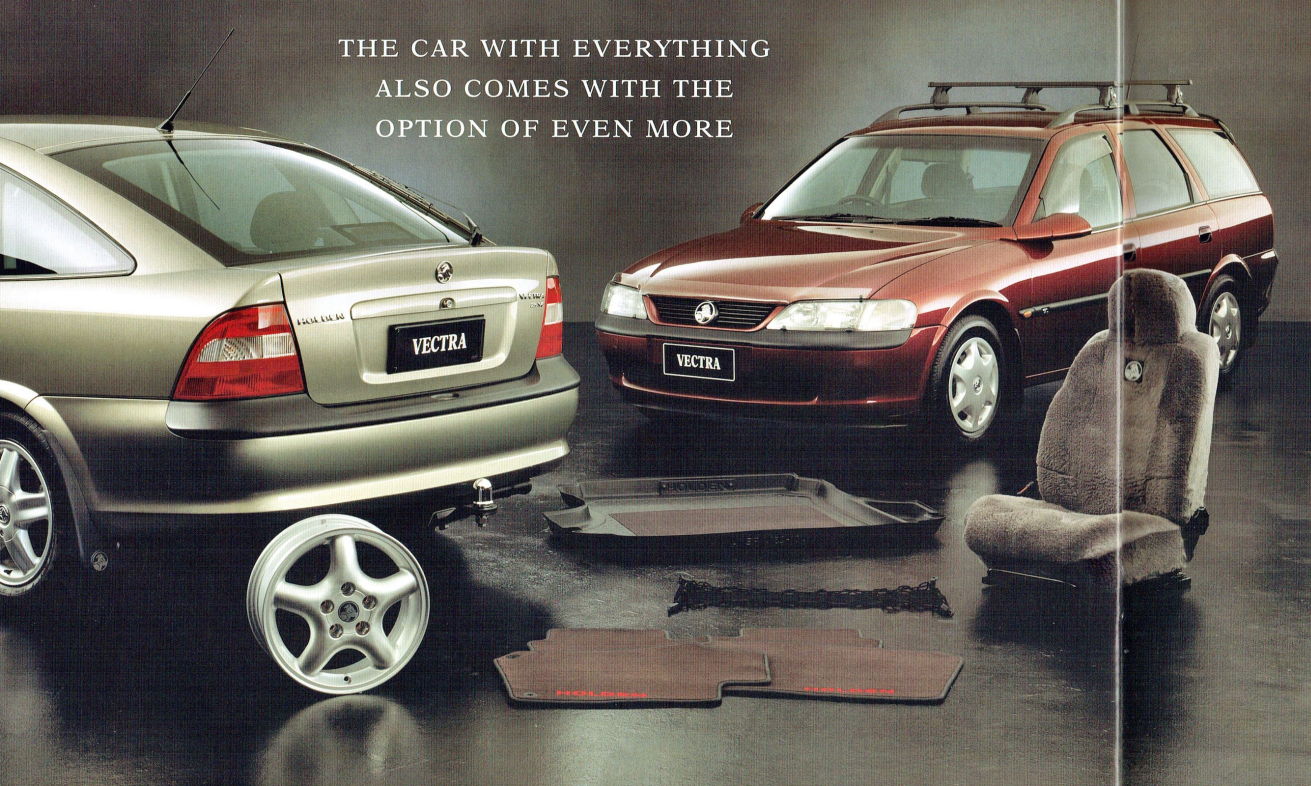

Dual airbags

On CD models driver's and front passenger's airbags come as standard. Triggered in milliseconds, they embrace advanced pyrotechnics and airbag deployment technology. The driver's side has a full 60 litre bag. Your front passenger is protected by a big 120 litre version.

Twin illuminated vanity mirrors

Adding to your comfort and convenience, CD models come with lots of thoughtful touches such as driver and passenger illuminated vanity mirrors. Everything is at your fingertips including front and rear power windows (express-down on front) with safety auto-reverse. This triggers the moment something gets in the way, such as an inquisitive child's hand.

THE CAR WITH EVERYTHING
ALSO COMES WITH THE
OPTION OF EVEN MORE

A full range of accessories enhance the experience of Vectra ownership even further.

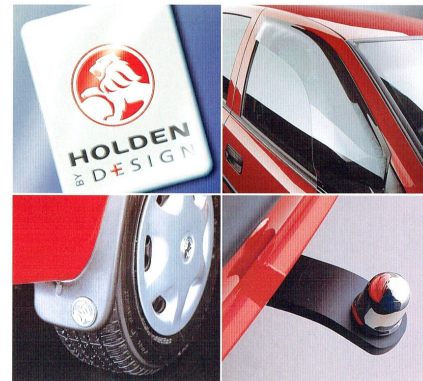

Whatever item you choose, you can be sure it embodies the quality of finish and fit that first attracted you to a Holden Vectra.

Everything, from weathershields to alloy wheels, fully complement the sleek styling. Specially contoured mudflaps, bonnet and headlamp protectors also help maintain the investment value of your pride and joy. The extensive menu makes choosing your new Holden Vectra almost as pleasurable as driving one. For the complete list of accessories see your Holden Dealer.

Holden By Design

For those who want to express their individuality, Holden By Design offers exclusive enhancements designed to make your Vectra special.

For an example of just how special, see the Vectra iD series in the centre spread.

Driver and passenger weathershields

Complementing the stylish lines of Vectra's doors, they significantly reduce the impact of rain and wind in the cabin. These are available in full-size or stylish slantline.

Design approved tow bar

The towing package includes a tow bar, tow bar tongue and wiring harness that have all been designed to match your Vectra perfectly. Fitted on Vectras with 4 cylinder engines it gives you a 1,100kg towing capacity. This rises to 1,300kg when you harness your load to the V6. (Chrome tow ball and cover extra.)

Specially contoured mudflaps

Integrated into Vectra's body design, specially moulded mudflaps complement the sleek styling and help protect your investment.

THE PACKAGE WOULDN'T BE COMPLETE WITHOUT EXTRA PEACE OF MIND

WE'RE WITH YOU

ALL THE WAY.

Your new Vectra comes with the added peace of mind of the nationwide support of Holden and its Dealer network.

3 YEAR OR 100,000KM NEW VEHICLE WARRANTY

Every Holden Vectra comes with a 3 year or 100,000km New Vehicle Warranty*, whichever comes first. This factory backed bumper to bumper warranty covers everything from the engine, transmission, clutch, interior and exterior components including corrosion.

An extended New Vehicle Warranty is also available.

THE REASSURANCE OF 3 YEAR/24 HOUR ROADSIDE ASSISTANCE

Peace of mind is also provided in

the form of 3 year/24 hour Holden Roadside Assistance.**

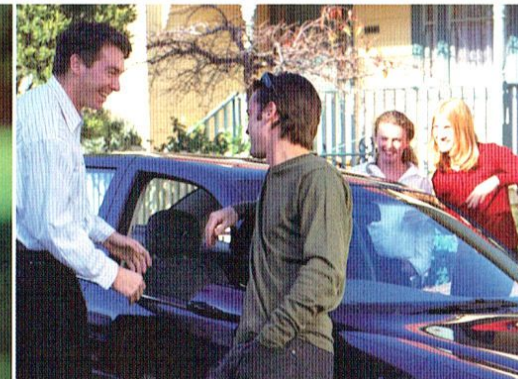

One of Australia's most comprehensive assistance packages, it is complimentary

for the full term of your new Holden Vectra's Warranty.

In the event of the unexpected happening, from your keys being

locked in the car to mechanical and accident advice, help is readily available by simply calling the toll-free number 1800 817 100.

This service is delivered from over 900 centres by Assist Australia and the combined resources of the Australian motoring organisations.

EXTENSIVE NATIONAL

DEALER SUPPORT

With over 350 dealers strategically located nationwide, the Holden service network is the largest in the country. Each Holden Service Centre is staffed by a team of trained technicians who have access to regular factory training, bringing them up to speed on the latest technology.

Should you require more information on the extensive benefits of Vectra ownership, contact Holden Customer Assistance on 1800 033 349. Monday - Friday, 8am - 6pm.

*Refer to your owners manual or see your Holden Dealer for full terms and conditions. **Refer to your Holden Roadside Assistance booklet or see your Holden dealer for full terms and conditions.

THE SMARTEST WAY TO OWN A NEW VECTRA

HOLDEN FINANCIAL SERVICES SMARTCHOICES

Holden Financial Services offer you a most extensive range of options designed to assist you in owning a new Vectra more affordably.

The SmartChoices range of vehicle finance allows you to select the terms, conditions and pricing structure to best suit your circumstances.

SmartBuy offers affordable, flexible finance with low monthly repayments[†] and the security of a guaranteed minimum buyback price.^{††}

SmartDrive offers you competitive small business lease options, with flexible terms, payment and maintenance options normally only enjoyed by large fleet buyers. Now that's smart!

For more information and a detailed brochure see your local Holden Dealer or freecall the SmartChoices hotline on 1800 642 000.

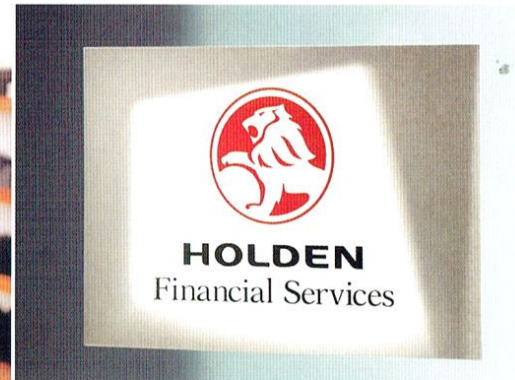

THE GM CARD FROM HOLDEN A GREAT DEAL MORE REWARDING

Simply by putting your everyday expenses like bills and shopping on your GM Visa or GM MasterCard, you'll be saving towards your next new Holden.[#] For every \$20 you spend on credit purchases Holden will contribute \$1 towards your next new Vectra.[#] You can swipe

thousands of dollars off the best price you can negotiate on a new Vectra.[#]

The Rebate can be transferred to other eligible members of your family.[#] So even if

you're a fleet buyer you can save hundreds, even thousands off a second new car.[#]

The GM Card offers no annual fee in the first year (currently \$18) and a competitive interest rate with up to 55 days interest free on credit purchases.^{##} Unlike other credit cards, it doesn't take long to accumulate significant rewards. In fact, the GM Card offers extra rewards to enjoy immediately.

Every quarter the GM Card Rewards Extra Program brings you exciting new savings and special bonuses. You are also entitled to special privileges such as free entry into selected Golf events and Motor Shows.

To apply, visit any Westpac/Challenge Bank/Bank of Melbourne branch, Holden Dealer, or call the GM Card 24 hour Customer Service Line on 131 200.

[†]Fees and charges apply. For the annual percentage rate applicable to you contact your local Holden Dealer. Subject to credit approval and current terms and conditions. ^{††}Conditions apply. A disposal fee of \$350 applies plus charges for excess wear or excess kilometres may also apply. For full terms and conditions please refer to the relevant policies at your local Holden Dealer. [#]Subject to The GM Card from Holden Program Rebate Rules. Members of Federations, Associations, Unions and affiliated bodies or company employees who are eligible for a fleet allowance have the choice of using the fleet allowance or GM Card Rebate, whichever is of the greater value. Full details of terms and conditions are available on request from your local Westpac/Challenge Bank/Bank of Melbourne branch. ^{##}Where account is fully paid by the due date each month. Interest rate where account is not fully paid and for cash advances is currently 15.4% p.a. Government charges also apply.

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and/or is available at extra cost. Further, Holden Ltd. reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Holden Ltd. A.C.N. 006 893 232 or General Motors-Holden's Sales Pty. Ltd. A.C.N. 004 668 831 in its published sales literature, and neither company accepts any liability for any such unauthorised action. Holden Ltd. and General Motors-Holden's Sales Pty. Ltd. have authorised dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such dealers carry adequate stocks of service parts, but neither Holden Ltd. nor General Motors-Holden's Sales Pty. Ltd. makes any promise other than that contained in the New Vehicle Warranty given by Holden Ltd. that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden product are subject to the conditions set out in all vehicle handbooks. Details also available from Holden on request. *Fuel consumption figures based on A52877 tests. These figures are provided to assist you in comparing the fuel consumption of Vectra with other vehicles. The actual fuel consumption will depend, however, on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use. Copyright Holden Ltd.
