

2001 SEQUOIA

FINALLY THERE'S A FULL-SIZE SUV

WITH EVERYTHING YOU'VE EVER NEEDED AND WANTED...

Limited shown in Silver Sky Metallic with available rear spoiler.

Get a look at Sequoia's commanding presence from every angle at www.toyota.com/sequoia/exterior

SEQUOIA LIMITED is the ultimate eight-passenger Sequoia, fully appointed and with these special features: color-keyed front and rear bumpers and overfenders, privacy glass, front and rear dual automatic climate control, heated outside mirrors with power retraction, heated front seats, leather-trimmed captain's chairs with driver's eight-way power adjustment, P265/70R16 tires with unique alloy wheels and a JBL Premium 3-in-1 audio system with ten speakers.

SEQUOIA SR5 is full-size and well-equipped, with solar tinted glass; a rear liftgate with power window; available contrasting color exterior trim; mudguards; power antenna; cloth captain's chairs; automatic climate control; cruise control; power windows, door locks and dual outside mirrors; Deluxe 3-in-1 stereo with six speakers; and more.

For a complete list of standard features, please see page 20.

Want to get even more involved with the Toyota you're considering? Just look for the arrows like the one below.

You'll find them with specific features in this brochure. Each one directs you to a demonstration or an expanded explanation of that specific feature on our Web site. Curious?

Look for the arrows and follow the link.

www.toyota.com 

Sure, you can find lots of information about each model at our Web site. Did you know you can also find vehicle prices? Financing and leasing tips?

Even the location of your nearest dealer? You'll find the items below and more at our address, 24 hours a day, seven days a week.

- News about Toyota
 - Vehicle walkarounds
 - Panoramic interior views
 - Vehicle color selector
 - Toyota Motorsports
- Vehicle prices (MSRP)
 - Financing and insurance information
 - Lease options and benefits
 - Toyota dealer locator
 - Additional brochure requests

Limited shown in Silver Sky Metallic with available rear spoiler.
Features vary by model. Please see page 20 for a complete list of standard features.

RIDE COMFORT AND HANDLING FAR BEYOND WHAT YOU'D EXPECT IN A FULL-SIZE SUV. WHEN WE DESIGNED SEQUOIA TO BE AN ALL-TERRAIN VEHICLE—FROM THE WILDS OF THE GREAT OUTDOORS TO THE OFTEN DAUNTING BYWAYS OF THE CITY—WE DESIGNED ITS FRONT AND REAR SUSPENSION SYSTEMS ACCORDINGLY. THE GOAL WAS TO ACHIEVE PEAK PERFORMANCE IN KEY AREAS: HANDLING, COMFORT AND QUIETNESS, A SMOOTH AND STEADY RIDE OVER ROUGH ROADS, AND SURE CRUISING AT HIGHWAY SPEEDS. SEQUOIA EXCELS IN ALL OF THESE, TAKING TO A NEW LEVEL THE ALL-IMPORTANT BALANCE BETWEEN FEELING IN CONTROL AND NOT FEELING EVERY BUMP AND POTHOLE. THE RIDE IS QUIET AND SMOOTH, THE DRIVING SURE AND RESPONSIVE. IN TODAY'S WORLD OF SUVs, YOU'VE NEVER FELT ANYTHING LIKE IT.

SEQUOIA'S 5-LINK COIL-SPRING REAR SUSPENSION is one of the major reasons for its smooth, quiet ride. Featuring optimized rear control arm geometry, a stabilizer bar with ball-joint-type links and high-damp bushings, the rear suspension is engineered to absorb the road's imperfections. Sequoia also has a particularly long wheel stroke (the range of up-and-down wheel motion) that helps handle potholes and pavement separations while keeping the ride smooth and comfortable.

YOU'LL FEEL MANY THINGS IN A SEQUOIA. ADVENTURE. PASSION. THAT FAMILY-BONDING THING. WHAT YOU WON'T FEEL ARE ALL THE ROAD'S IMPERFECTIONS.

SEQUOIA'S ADVANCED SUSPENSION SYSTEM features an independent double-wishbone coil-spring front suspension, specially tuned low-pressure nitrogen gas shock absorbers and stabilizer bars. This sophisticated suspension system, along with Sequoia's rugged chassis with high torsional rigidity, helps minimize body movement over rough roads, and helps absorb road irregularities without transferring them to the vehicle body and passengers.

SR5 shown in Desert Sand Mica with available Alloy Wheel Package and roof rack.

EXPECT EVEN MORE FAMILY FUN WITH THIS MUCH ROOM.

Sequoia's vast amount of passenger and cargo space is matched only by the many versatile ways in which that space can be used. Sequoia's second- and third-row roominess translates to comfortable seating as well as even more cargo capacity when one or more of the seats is folded or removed. One of Sequoia's special features is the 60/40 split second-row seat which, with the operation of a single lever,* tumbles forward, allowing easy entry to the rear seats. The 50/50 split rear seats recline, slide, fold, tumble and can be removed completely, creating a wide, flat cargo area. Sequoia's power rear window provides convenient access to that area, too. In this and so many other ways, you won't find a better family vehicle than Sequoia.

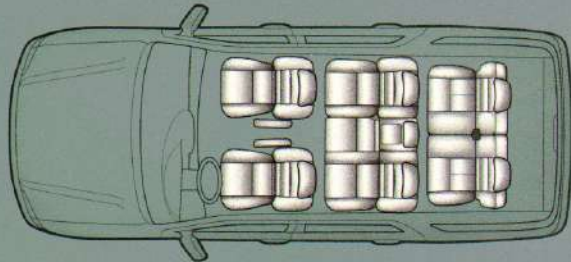

*Located on 40% passenger side.

SEQUOIA'S REAR SEATS PROVIDE OPTIMUM VERSATILITY.

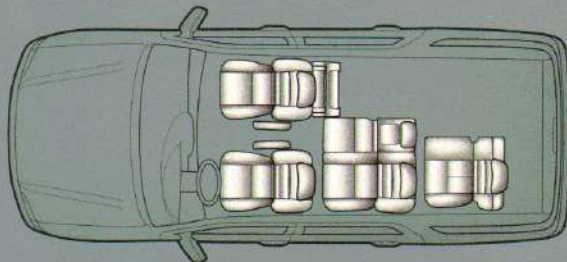

Comfortable for passengers, they also remove with ease, creating even more cargo volume and an expanse of flat space that can be very handy indeed. Bulky cartons, large or oddly sized items, yard tools, camping gear, sports equipment, the weekly shopping—you provide the challenge, Sequoia provides the solution.

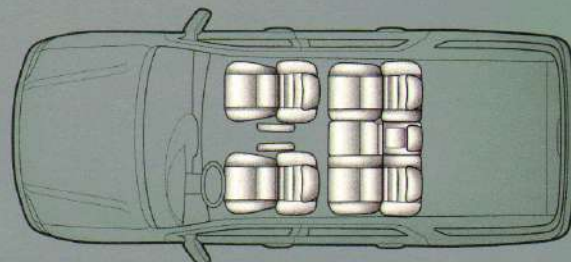

WITH ALL THE SEATS IN PLACE, Sequoia provides spacious, comfortable seating for eight, with 27.8 cu. ft. of cargo capacity.

REMOVE HALF THE THIRD-ROW SEAT AND TUMBLE PART OF THE MIDDLE-ROW SEAT to accommodate long cargo items like skis, fence posts, yard tools and the kids' sports equipment.

REMOVE THE THIRD-ROW REAR SEATS COMPLETELY, and now you've got a flat cargo area with a 65.3-cu.-ft. capacity. (128 cu. ft. with second-row seats tumbled forward.)

Watch Sequoia's seats take their various versatile positions at www.toyota.com/sequoia/versatility

Limited interior shown in Oak with available JBL Premium 3-in-1 AM/FM ETR/Cassette/CD with 6-disc in-dash CD changer.

Take a tour of Sequoia's spacious interior at www.toyota.com/sequoia/interior

THE AVAILABLE OVERHEAD ACCESSORY METER has a compass, readouts for instant and average fuel economy,* and outside temperature. A HomeLink®** garage door opener/home security system is also built-in.

SEQUOIA'S VERSATILE CENTER CONSOLE has many conveniences: dual cup holders that can handle extra large cups, two 12-volt outlets in front and one in back, two-level storage space and removable CD tray, and even a memo pad holder.

EIGHT-WAY ADJUSTABLE POWER DRIVER'S SEAT CONTROLS allow you to easily set leg, hip and back positions until you're in absolute comfort for driving.

THE AVAILABLE REAR AUTOMATIC CLIMATE CONTROL† is part of a powerful and very efficient system. Front and rear cabin temperatures can be adjusted in tandem or separately, with amazing precision.

FULL-SIZE ROOM AND COMFORT. YOU'LL FIND IT ALL INSIDE SEQUOIA.

In town or out, you'll appreciate the many things that make driving Sequoia such a pleasure. Its seats are accommodating, spacious and supportive, and are available in rich leather trim. Controls and instruments are logically and conveniently positioned along the sweeping console. The center panel carries the available JBL Premium 3-in-1 CD audio system,* providing concert-quality sound from ten speakers spaced throughout Sequoia. Stylish metal-tone trim highlights the Limited's interior. There's a host of convenient pockets and spaces for holding things, and a large center console that's the height of convenience. Everything speaks to quality, to luxurious understatement, from the fabrics and textures to the choice of colors. Time spent in any other full-size SUV really can't prepare you for the sensory experience of Sequoia.

*See page 23 for EPA mileage estimates. **HomeLink® is a registered trademark of Johnson Controls. †Standard on Limited. Available on SR5.

*Standard on Limited. Available on SR5.

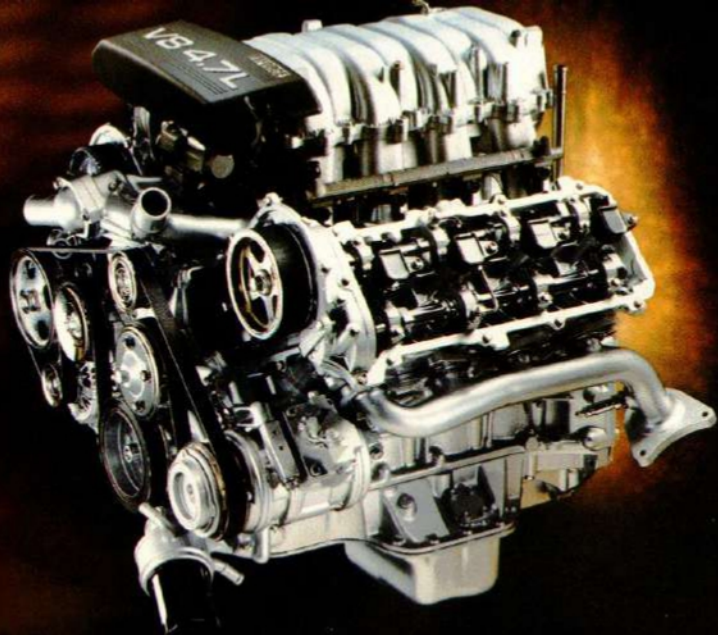

THE CONFIDENCE OF POWER WHEN AND WHERE YOU NEED IT.

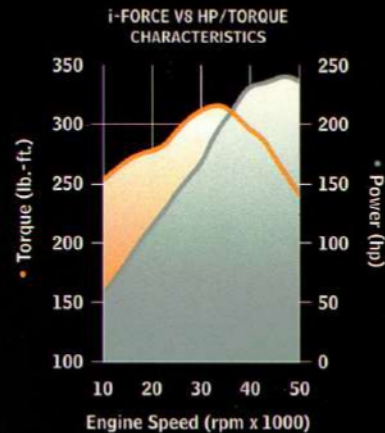

Sequoia puts your confidence in overdrive with the power of a 4.7-liter i-FORCE V8, delivering 240 horses and plenty of torque. The i-FORCE V8 is also remarkably smooth, quiet and efficient. Its acceleration is most impressive, which can be very reassuring out on the crowded highway. The Sequoia has been rated an Ultra Low Emission Vehicle (ULEV) by the EPA, which means it goes the extra mile to help reduce emissions. Clearly, Sequoia sets the standard for balancing the real-world needs of a driver with the needs of the planet.

SR5 shown in Imperial Jade Mica with available Alloy Wheel Package and roof rack.

Get a closer look at Sequoia's i-FORCE V8 at www.toyota.com/sequoia/iforcev8

THE 4.7-LITER 32-VALVE DOHC i-FORCE V8 is the driving force behind Sequoia. The i-FORCE V8 packs a powerful punch: 240 horsepower and 315 lb.-ft. of ground-grabbing, trailer-pulling torque. An advanced intake system allows the engine to breathe deeper, producing commanding performance and powerful low-end torque. The i-FORCE V8 also features an Electronic Throttle Control System with intelligence (ETCS-i), which helps the engine run quietly, smoothly and efficiently.

TOWING CAPACITIES: Sequoia's standard towing capacity is 6,500 lbs. (6,200 lbs. for 4WD models), providing plenty of pull for your boat, travel trailer, jet skis, dirt bikes, ATVs...well, you fill in the blank with your favorite form of fun. Please note that all figures reflect the weight of occupants, equipment and cargo. For each model, a Class III or Class IV receiver hitch and sway control device are either required or recommended additional equipment. See your Toyota dealer for details.

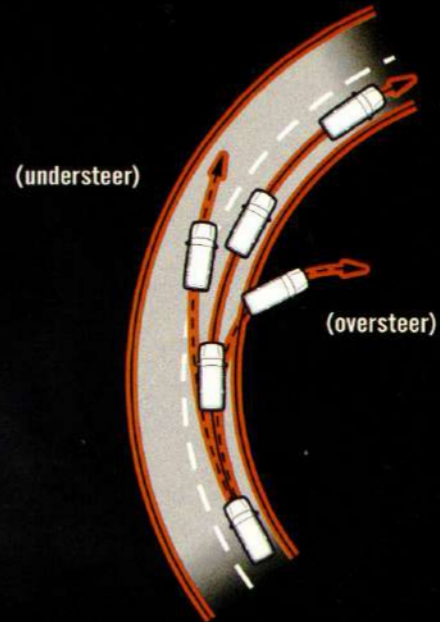

EXPECT THE UNEXPECTED. AND KNOW YOU'RE READY FOR IT.

Forging ahead under the various conditions the road throws at you means being prepared. And in Sequoia, you're in command of highly sophisticated and reliable drivetrain technologies and safety features. Among them is a 4-wheel Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD), standard on all models. Under sudden or hard braking conditions, the 4-wheel Anti-lock Brake System uses its sophisticated computer and sensors to modulate brake pressure to help avoid wheel lock-up and maintain steering control.

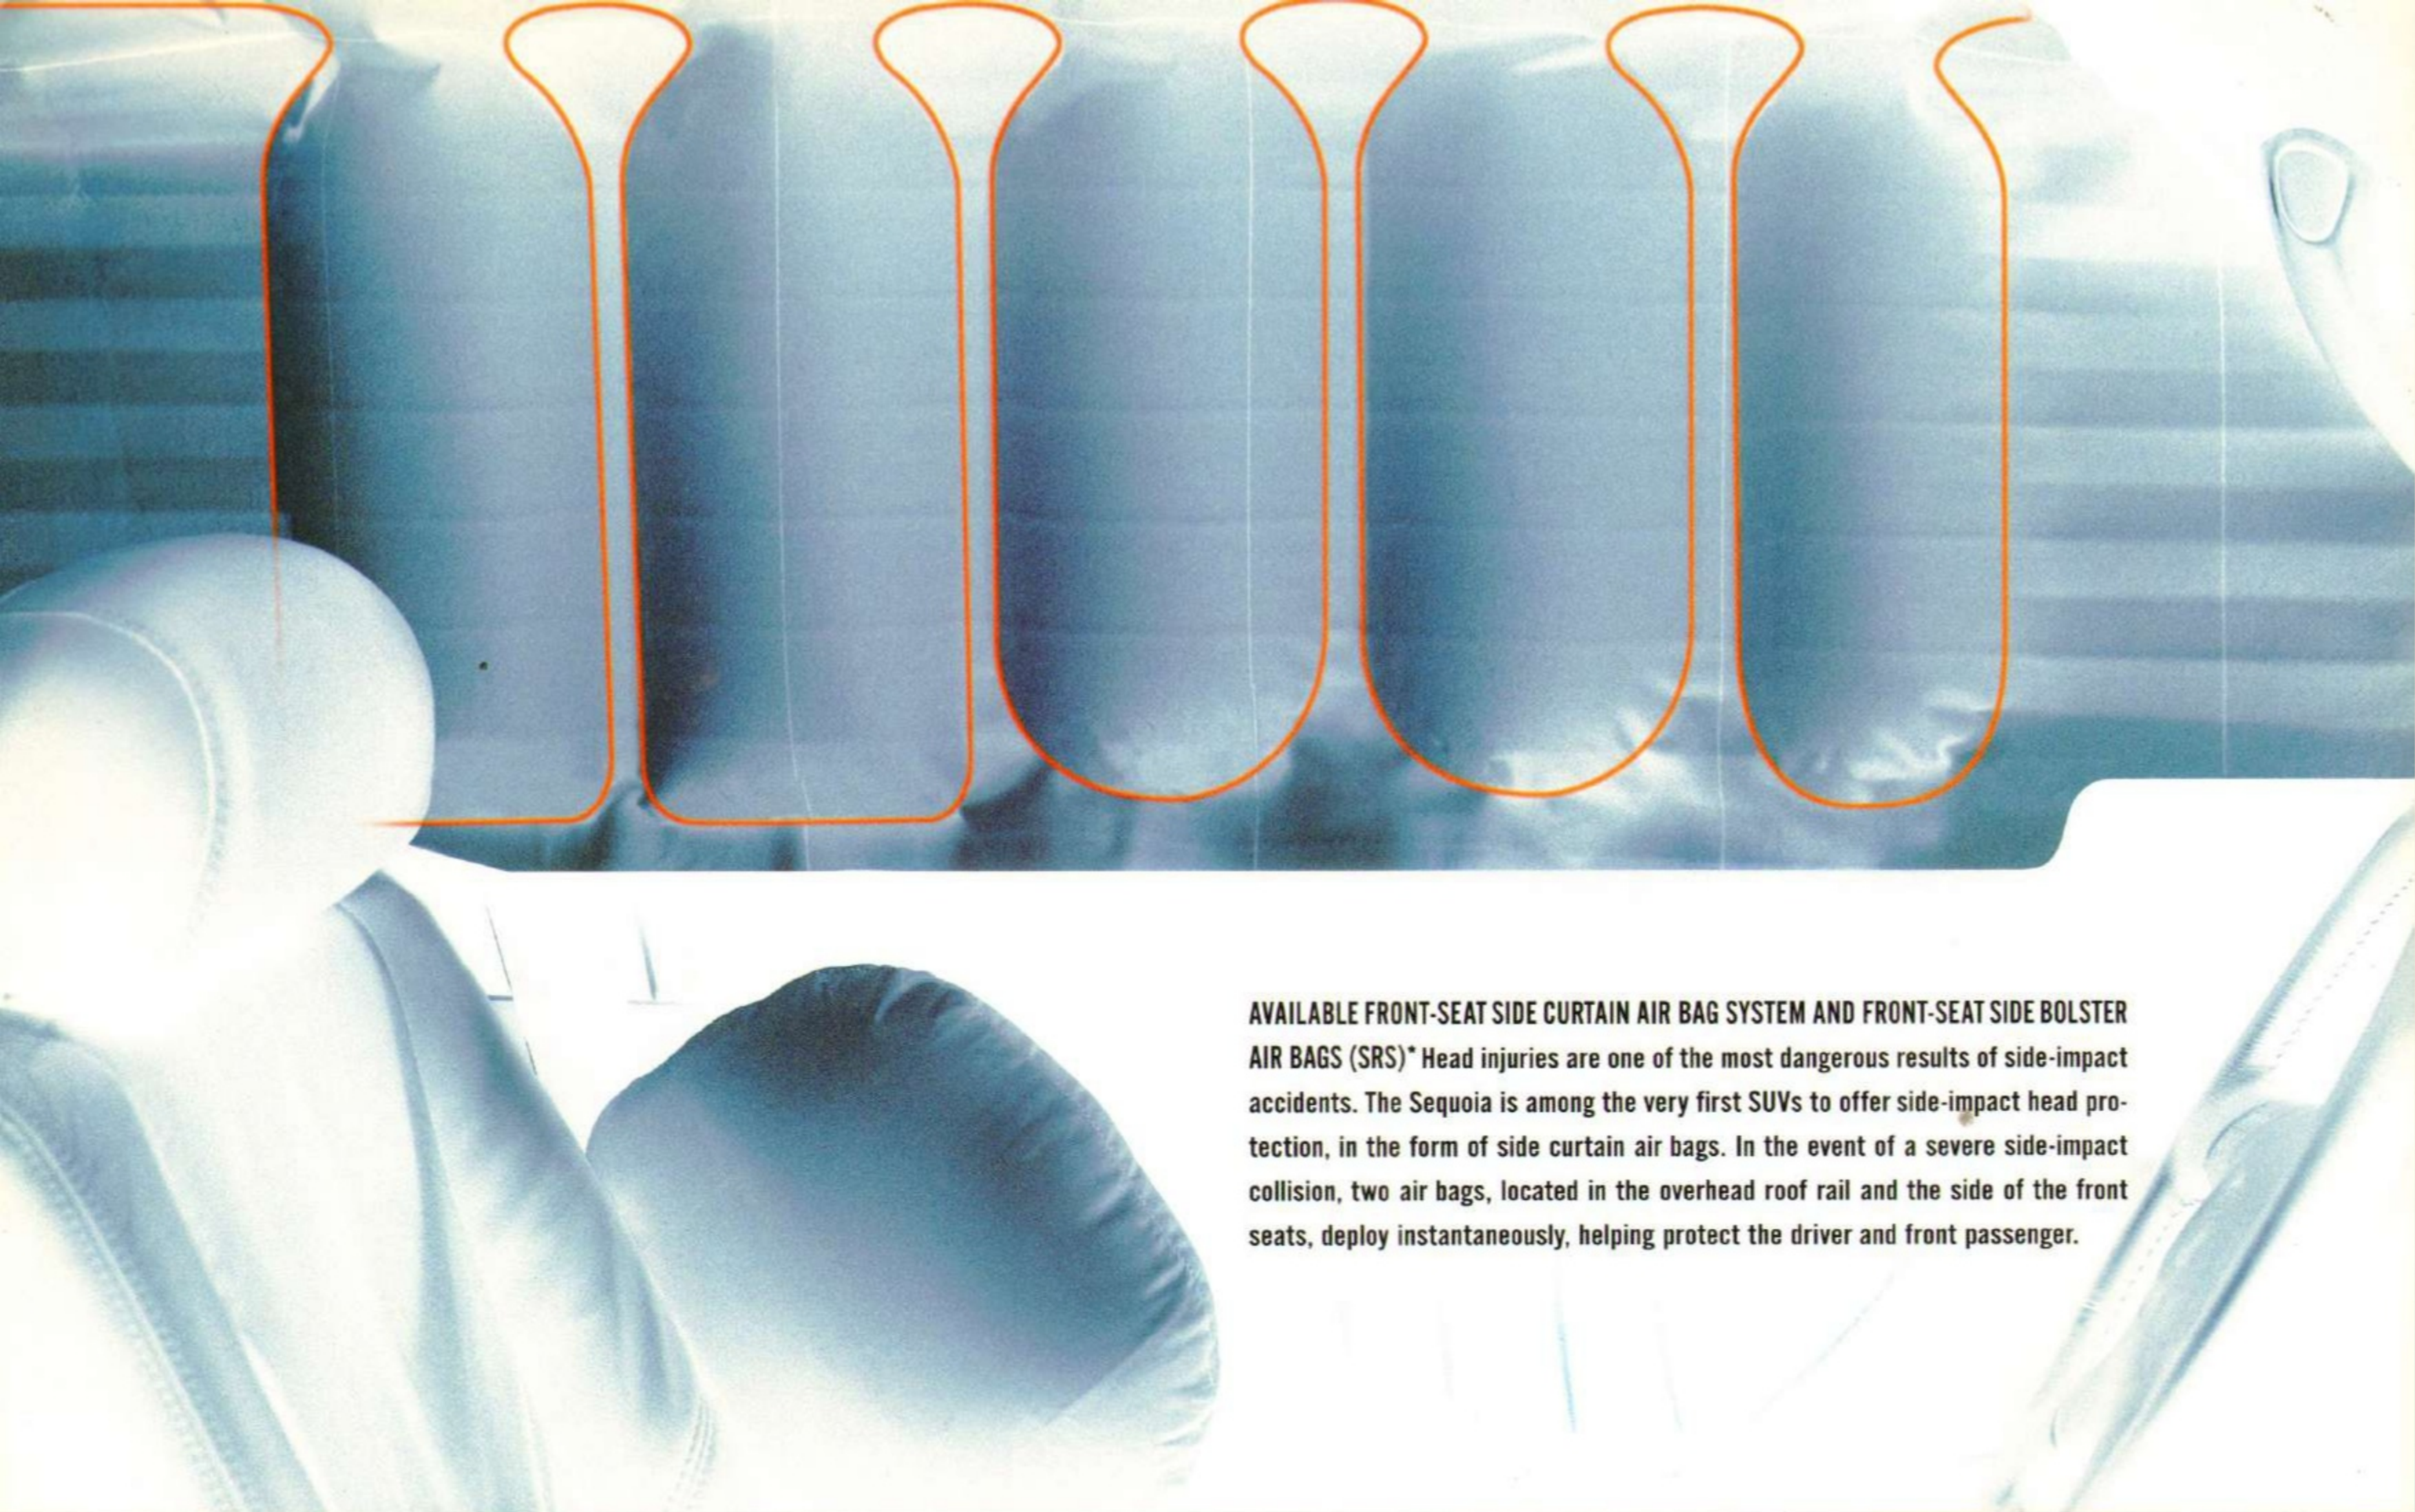

VEHICLE SKID CONTROL (VSC)

When situations arise that could present a loss of traction, it's good to know your Sequoia has Vehicle Skid Control (VSC). This system's [1] computer uses input from [2] wheel-speed sensors, [3] a yaw-rate sensor, [4] a deceleration sensor, [5] a steering wheel angle sensor and [6] an active brake booster to regulate individual brake and throttle control to help counteract skidding (understeer) and spinning (oversteer) and help maintain your course.

MULTI-MODE 4WD AND ACTIVE TRAC. Unpaved roads, mud, rain, snow and ice can all cause problems. Sequoia's answer: available Multi-Mode 4WD. If traction is reduced at any wheel, Sequoia's advanced Active TRAC 4-wheel electronic traction control system steps in to transfer torque to the wheels with the most traction. The end result – Sequoia keeps you going on any surface (dry, slippery, wet), on-road or off.

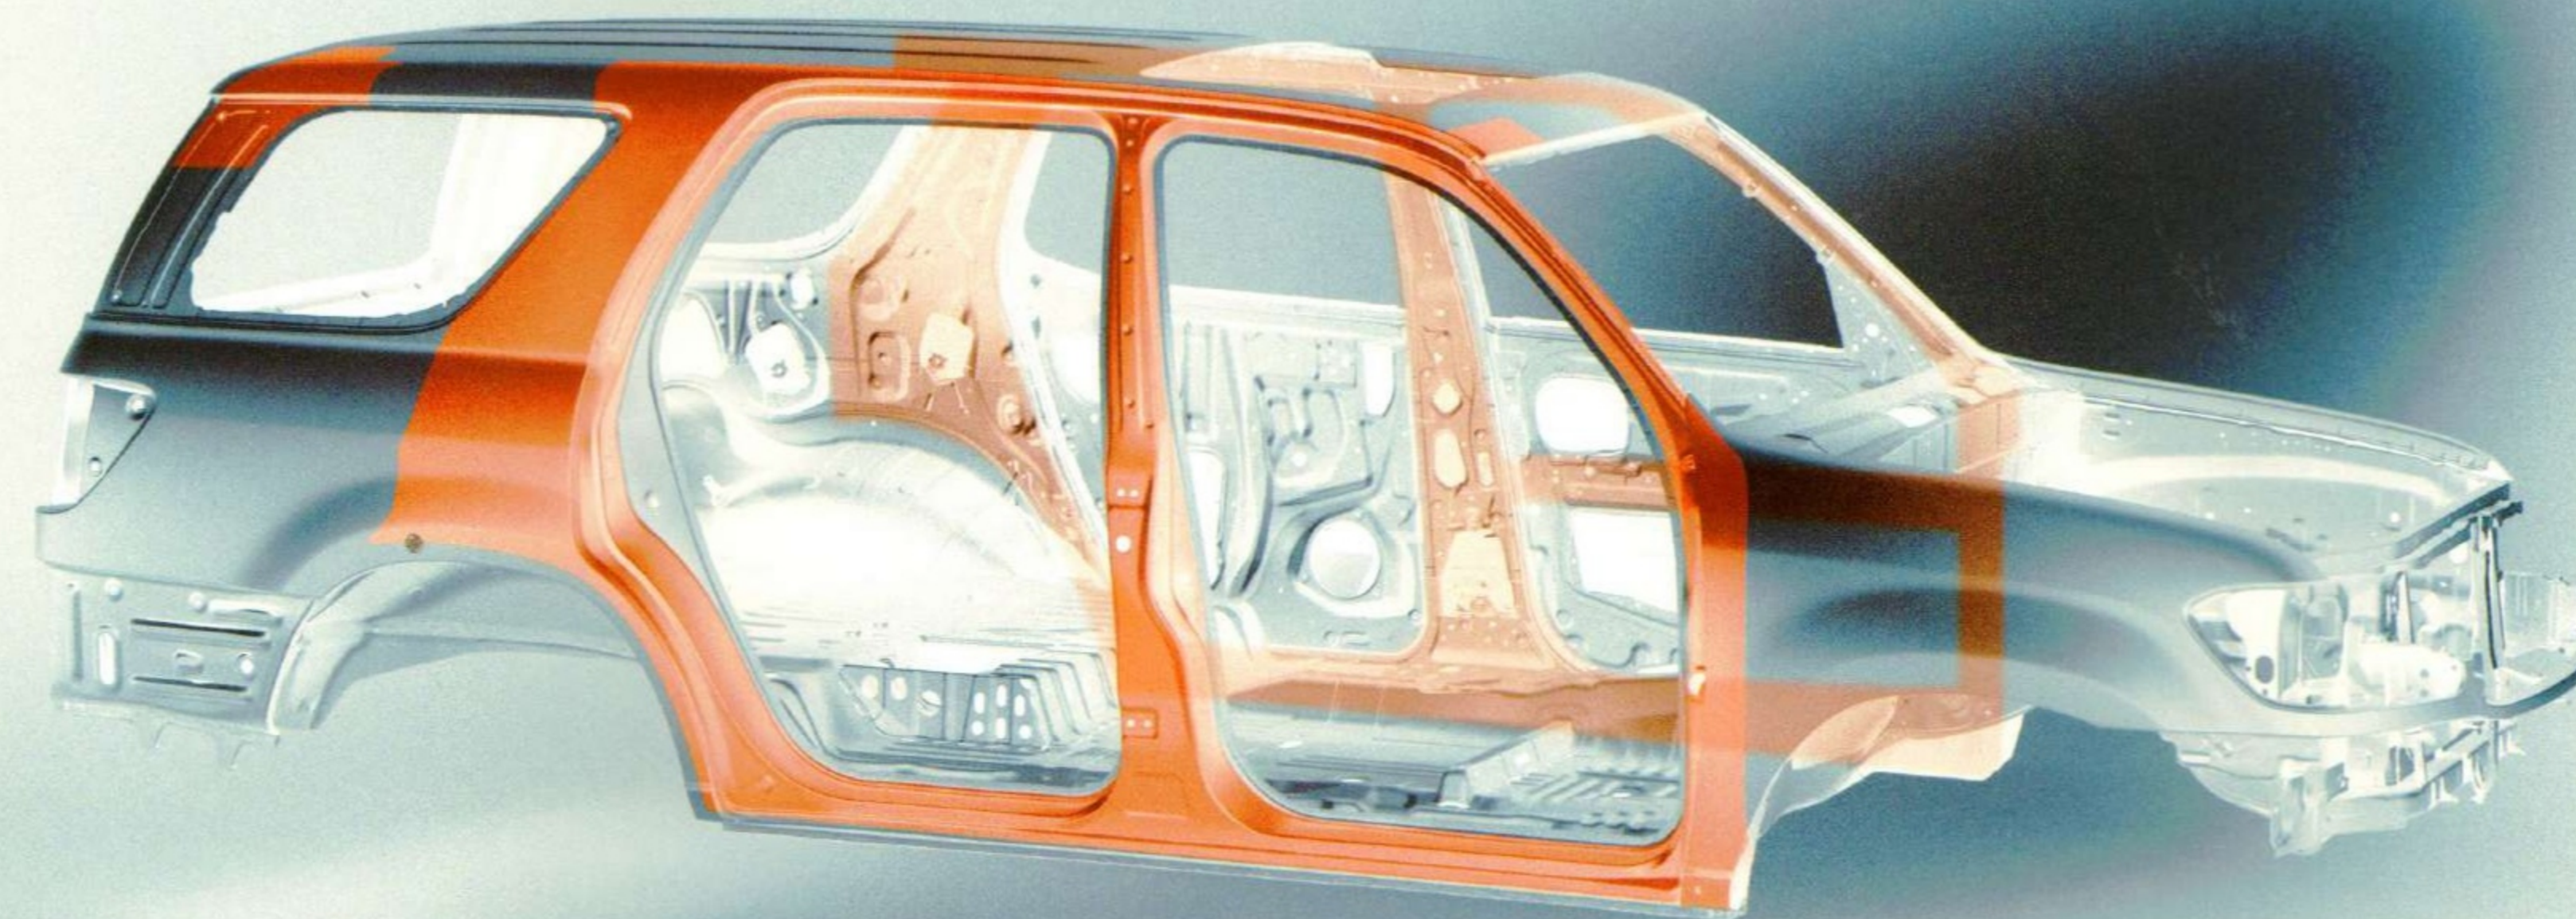

AVAILABLE FRONT-SEAT SIDE CURTAIN AIR BAG SYSTEM AND FRONT-SEAT SIDE BOLSTER AIR BAGS (SRS)* Head injuries are one of the most dangerous results of side-impact accidents. The Sequoia is among the very first SUVs to offer side-impact head protection, in the form of side curtain air bags. In the event of a severe side-impact collision, two air bags, located in the overhead roof rail and the side of the front seats, deploy instantaneously, helping protect the driver and front passenger.

SAFETY FEATURES Front energy-absorbing crumple zone ■ Side-impact door beams ■ Available Daytime Running Lights (DRL) with auto on/off feature ■ Standard 4-wheel Anti-lock Brake System (ABS) with Brake Assist and Electronic Brake-force Distribution (EBD) ■ Standard Vehicle Skid Control (VSC) + TRAC (2WD models) ■ Standard Vehicle Skid Control (VSC) + Active TRAC (4WD models)** ■ Multi-Mode 4-wheel drive (4WD models) ■ Soft energy-dissipating interior trim ■ Adjustable front, middle and rear outboard headrests ■ Driver and front passenger air bag Supplemental Restraint System (SRS)* ■ Available front-seat side curtain air bag system and front-seat side bolster air bags (SRS)* ■ Driver and front passenger seat seatbelt warning sensor ■ 3-point seatbelts in all eight seating positions ■ Emergency Locking Retractor (ELR) on driver's belt, Automatic/Emergency Locking Retractors (A/ELR) on passenger belts ■ Front seatbelt pretensioners with force limiters ■ Child Restraint Seat (CRS) tether anchors and ISO-FIX seat anchors in middle- and rear-row seating positions ■ Child-protector rear door locks

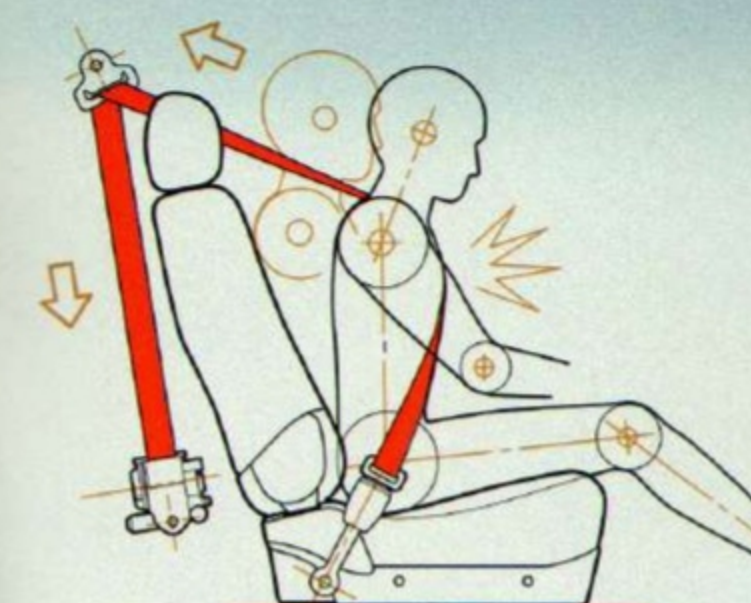

*See page 22 for more information on Toyota's air bag Supplemental Restraint Systems (SRS). **4-wheel traction control in 4WD only. Rear-wheel traction control in 2WD mode.

TOYOTA MAKES CHILD SAFETY A TOP PRIORITY IN EVERY VEHICLE. Sequoia features tether-strap anchors and ISO-FIX attaching points for secure Child Restraint Seat (CRS) installation. For adults, Sequoia features 3-point seatbelts throughout, and headrests in all outboard seating positions as well as second-row middle. Front seatbelts have pretensioners that cinch the seatbelt in the event of a severe frontal collision, and force limiters that help control the amount of pressure over the torso.

3-point front seatbelts with pretensioners and force limiters.

For a closer look at Sequoia's rugged design, visit www.toyota.com/sequoia/safety

SEQUOIA'S STRUCTURE ITSELF CONTRIBUTES SIGNIFICANTLY TO ITS SAFETY. The floor area has been extensively reinforced and is designed to help maintain the integrity of the passenger compartment in the event of an accident. Sequoia's rugged ladder frame with fully boxed front sub-frame reduces vibration, at the same time contributing to a quiet interior. Sequoia features specially engineered crumple zones, reinforced pillar structures and side-impact beams on all doors.

SR5 standard styled steel wheel
SR5 available 5-spoke aluminum alloy wheel

SEQUOIA SR5 STANDARD FEATURES

- Multi-reflector halogen headlamps with auto-off feature
- Washer-linked variable intermittent windshield wipers
- Solar tinted glass
- Color-keyed power remote-controlled outside mirrors
- Color-keyed grille, door handles and body side moldings
- P245/70R16 tires on styled steel wheels with chrome wheel arch moldings (2WD models)
- P265/70R16 tires on styled steel wheels with color-coordinated fender flares (4WD models)
- Mudguards
- Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD)
- Vehicle Skid Control (VSC) + TRAC (2WD models)
- Vehicle Skid Control (VSC) + Active TRAC (4WD models)¹
- Multi-Mode 4-wheel drive (4WD models)
- Fuel tank and transfer case skid plates (4WD models)
- Privacy glass rear quarter and tailgate windows
- Power windows and door locks
- Power rear window with electric defogger and intermittent wiper
- Orange-illuminated analog instrument cluster with speedometer, tachometer and fuel gauge meters; LCD odometer with twin tripmeters; and seatbelt disconnect, air bag, door ajar, battery, oil pressure, brake, check engine and low-fuel level warning lights
- Digital quartz clock
- Cruise control
- Defroster-linked CFC-free automatic climate control
- Dual sun visors with vanity mirrors and sliding extensions
- Maplights
- Illuminated entry system
- Tilt steering wheel
- Driver and front passenger air bag Supplemental Restraint System (SRS)²
- Fabric-trimmed doors with integrated speakers, map pockets and courtesy lamps
- Fabric-trimmed multi-adjustable front captain's chairs with adjustable headrests
- Fabric-trimmed 60/40 split/fold-down/tumble second-row bench seat with adjustable headrests and center armrest
- Fabric-trimmed 50/50 split third-row bench seat with recline/slide/fold/tumble/remove functions and adjustable outboard headrests
- Multi-function center console with front and rear dual cup holders, dual 12-volt auxiliary power outlets, covered armrest storage compartment and note pad holder
- Remote hood and fuel-filler door releases
- Cargo area 12-volt auxiliary power outlet and grocery bag hooks
- Anti-theft and engine immobilizer systems
- Deluxe 3-in-1 AM/FM ETR/Cassette/CD with 6 speakers

Limited standard split 3-spoke aluminum alloy wheel

SEQUOIA LIMITED STANDARD FEATURES

- All SR5 Standard Features Plus²:
- Auto on/off headlamp feature
- Integrated fog lamps
- Color-keyed bumpers, fender flares, running boards, grille and body side moldings with chrome insert
- Dual color-keyed power remote heated outside mirrors with auto-retract feature
- P265/70R16 tires on unique 16" aluminum alloy wheels
- Roof rack
- Privacy glass rear side, rear quarter and tailgate windows
- Towing receiver hitch
- Multi-function accessory meter with compass, outside temperature, current and average fuel consumption, fuel range functions and HomeLink^{®3}
- Dual zone front and rear defroster-linked CFC-free digital automatic climate control
- Dual sun visors with illuminated vanity mirrors, sliding extensions and secondary visor
- Metal-tone interior trim
- Leather-trimmed doors with integrated speakers, map pockets and courtesy lamps
- Leather-trimmed power-adjustable heated front captain's chairs with 8-way adjustable driver's seat and adjustable headrests
- Leather-trimmed 60/40 split/fold-down/tumble second-row bench seat with center armrest and adjustable headrests
- Leather-trimmed 50/50 split third-row bench seat with recline/slide/fold/tumble/remove functions and adjustable outboard headrests
- Multi-function remote keyless entry system
- JBL Premium 3-in-1 AM/FM ETR/Cassette/CD with 10 speakers

¹4-wheel traction control in 4WD only. Rear-wheel traction control in 2WD mode.
²See page 22 for more information on Toyota's driver and front passenger air bag Supplemental Restraint System (SRS).
³In addition to or in place of.
⁴HomeLink[®] is a registered trademark of Johnson Controls.

SR5 OPTION PACKAGES

- Preferred Package—Includes leather-trimmed interior (seats and steering wheel) with power-adjustable heated front captain's chairs with adjustable headrests and JBL Premium 3-in-1 AM/FM ETR/Cassette/CD with 6-disc CD changer and 10 speakers
- Alloy Wheel Package—Includes P265/70R16 tires on 16" 5-spoke aluminum alloy wheels, color-coordinated fender flares and running boards, rear door privacy glass and towing receiver hitch
- Styled Steel Wheel Package—Includes P265/70R16 tires on 16" styled steel wheels with color-coordinated fender flares (2WD SR5 models)

ADDITIONAL OPTIONS

ALL MODELS

- Daytime Running Lights (DRL)
- Power tilt/slide moonroof with sunshade²
- Available driver and front passenger seat side curtain and side bolster air bags Supplemental Restraint System (SRS)¹

SR5 MODELS

- Roof rack
- Rear door privacy glass
- Towing receiver hitch
- JBL Premium 3-in-1 AM/FM ETR/Cassette/CD with 10 speakers
- Dual zone front and rear defroster-linked CFC-free digital automatic climate control
- Fabric-trimmed power-adjustable front captain's chairs with adjustable headrests

LIMITED MODELS

- Rear spoiler
- JBL Premium 3-in-1 AM/FM ETR/Cassette/CD with 6-disc in-dash CD changer and 10 speakers

TOYOTA FINANCIAL SERVICES⁴

You're thinking about driving a Toyota. You may also be thinking about whether you should buy or lease your Toyota. Toyota Financial Services (TFS) offers a variety of finance and lease programs to complement your lifestyle and work within your budget. Ask your participating dealer about our Toyota Touch Lease Plan, Retail Finance Plan, Toyota Touch Preferred Option Finance Plan and College

Graduate Finance Program. We are confident there is a TFS program tailored to meet your needs. At TFS we realize that buying or leasing a vehicle is a major investment. To help you protect your investment over time, we've developed a broad spectrum of quality insurance products. Whether you plan to buy or lease, in most cases you may include the cost of TFS insurance products in your financing

contract. Ask your participating dealer about our Toyota Extra Care vehicle service agreements, Guaranteed Auto Protection (GAP) coverage, Toyota Auto Care prepaid maintenance plans and Credit Insurance Program. Your peace of mind is our priority. Like to share your thoughts? Please call our Customer Assistance Center at 1-800-331-4331.

WARRANTIES⁵

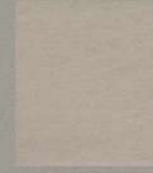

Every Toyota Car, Truck and SUV has excellent warranty coverage. However, given Toyota's worldwide reputation for quality, reliability and dependability, you may never find out just how good our new vehicle warranty really is. But, should you ever need it, we've definitely got you covered:
Basic Coverage: All components other than normal wear and maintenance items are covered for 36 months/36,000 miles.
Powertrain Coverage: Your engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and air bags are covered for 60 months/60,000 miles.
Rust-Through Coverage: Corrosion perforation of sheet metal is covered for 60 months/unlimited miles.

Federal Emission Coverage: Components under the federal emission defect warranty are covered for 36 months/36,000 miles and specified major emission control components are covered for 8 years/80,000 miles. Specified major emission control components under emission performance warranty are also covered for 8 years/80,000 miles. In addition, emission performance warranty is applicable for 24 months/24,000 miles in states and local jurisdictions that require a periodic EPA-approved inspection and maintenance program.
California Emission Control Coverage: In California and any other state that adopts California emission warranty provisions, performance warranty and defect warranty coverage is applicable for 36 months/50,000 miles and specific control devices are covered for 7 years/70,000 miles.

Accessory Warranty: Toyota-approved accessories are covered for 12 months, regardless of mileage, or for the remainder of any new vehicle warranty (except for car covers, which are covered for 12 months).
An Added Benefit: You may be eligible for transportation assistance if your vehicle is required to be kept overnight for warrantable repairs. For complete details of Toyota's warranties, please refer to the Owner's Warranty Information booklet.

will not inflate. To decrease the risk of injury from a deploying air bag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the air bag modules and do not lean against the door. Do not put objects in front of an air bag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. Please see your Owner's Manual for further instructions.

⁴Toyota Financial Services is a service mark used by Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc. Products are available through your participating Toyota dealer. See your participating dealer regarding features and benefits, requirements and eligibility conditions on these and other Toyota Financial Services products, programs and services.
⁵See your Toyota dealer for more details about the new vehicle warranty.

YOUR OWNERSHIP EXPERIENCE.

From your first drive home in your new Sequoia until the day you part with it, we want your entire ownership experience to be enjoyable and satisfying. That's why at every Toyota dealership you'll find answers to your questions, help with selecting Genuine Toyota Parts and accessories, and quality service to help keep your Sequoia in top shape. The location of your nearest Toyota dealer can be found on our Web site at toyota.com.

ASSEMBLED IN THE U.S.A.

The full-size Sequoia is assembled down home in the U.S., at the Toyota Motor Manufacturing Indiana (TMMI) plant a few miles south of Princeton—the same facility where the popular Toyota Tundra full-size pickup is assembled. Commitment to quality is clear-cut in the plant's state-of-the-art technology and assembly processes. Most of all, that commitment shows in the dedication of the Americans who work there, many of whom have a hand in the assembly of your Toyota Sequoia. That's quality you can drive, quality you can feel.
