The 24-valve 3.7L V6¹ is designed to push you back into your seat. And the 2.0L hybrid¹ seamlessly combines electric and gasoline power.

Open up to more views and space than a typical sunroof. The only thing between you and the sky is the available, fully retractable panoramic glass roof.

Adapts continuously to the road you're on. Lincoln Drive Control reads the surface, senses your connection with it, then responds.
