

14 TRANSIT CONNECT VAN+WAGON

THE IDEAL COMMERCIAL VEHICLE. AGAIN.

With a masterful combination of size, efficiency, cargo room and durability, Ford Transit Connect has secured its hard-working reputation with small business owners, construction site managers, trade contractors and more. New for 2014, its available turbocharged, direct-injection 1.6L EcoBoost® 4-cylinder engine¹ delivers 178 hp,² 184 lb.-ft. of torque and a maximum towing capacity of 2,000 lbs. (907 kg).³ All best in class.⁴ Maximum payload rating of 1,720 lbs. (780 kg)⁵ is also best in class. Access is easy through your choice of rear door: 180° swing-out cargo doors with or without fixed glass,¹ or the ease of a single liftgate¹ with fixed glass that's easy to raise and lower. Large exterior panels supply the signage space to showcase your company name and details, conveying a professional image for your business. Transit Connect Van has a huge appetite for work. Get ready to be served.

¹Available feature. ²Figure achieved using 93-octane premium fuel. ³When properly equipped. ⁴Class is Small Cargo Vans. ⁵When properly equipped. Cargo and load capacities limited by weight and weight distribution. ⁶9.4L/100 km city and 6.7L/100 km hwy (30 mpg city/42 hwy). 1.6L EcoBoost 4-cylinder, Van. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary.

ALIGNS WITH YOUR LINE OF WORK.

At just over 6' (1.8 m) tall, Transit Connect Van easily negotiates parking garages and other low-clearance areas. But don't let its compact size fool you. With the equivalent of over 8 million kilometres covered in arduous testing, this Built Ford Tough® truck can handle what you throw at it. AdvanceTrac® with RSC® (Roll Stability Control™),¹ which includes Torque Vectoring Control and Curve Control, adds an additional layer of driving confidence. Loading and unloading cargo, manoeuvring through traffic, and even parallel parking are no problem. Designed with a low load floor height under 2' (0.6 m), moving things in and out is no sweat through dual sliding side doors.² Add in a 40' (12-m) curb-to-curb turning diameter for negotiating tight places, along with a rear view camera² and Forward and Reverse Sensing Systems² for help in parking, and you've got a van that helps you get more done — each and every day.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature.

MEASURES UP TO BIG EXPECTATIONS.

Starting with a best-in-class maximum payload rating of 1,720 lbs. (780 kg).¹ As well as best-in-class cargo room that's 8 cu. ft. (227 litres) more than its nearest competitor. Behind its comfortable front seats trimmed in durable vinyl or rugged cloth,² Transit Connect Van holds the long, tall and short of your business. Fold the passenger seat down, and you can carry items over 9' (2.7 m) long inside.

Behind the seats, the flat load floor features a durable vinyl floor covering and cargo tie-down hooks to help keep things in place, so deliveries or on-site repairs are a snap. Near-vertical walls help you make the best use of all that room to transport larger loads, and it's washable for quick cleanup after your work is done. With low side and rear load-floor heights, plus 180° swing-out rear cargo doors, Transit Connect Van performs like your warehouse on wheels.

Transit Connect is an outstanding mobility choice. Aftermarket upfits⁴ by a Ford Authorized Qualified Vehicle Modifier (QVM) can equip yours with a fully automatic wheelchair lift, wheelchair restraint system, power assist seat, hand controls and more. Visit the Mobility section on ford.ca for additional information.

¹When properly equipped. Cargo and load capacities limited by weight and weight distribution. ²Available feature. ³Cargo length with passenger seat folded. ⁴See your Ford of Canada Dealer for more information.

ENHANCES PRODUCTIVITY. ALWAYS GOOD BUSINESS.

A hard worker right from the factory, Transit Connect Van can do even more with custom aftermarket upfits suitable for your line of work. Through its standard single sliding side door or available dual sliding side doors, access durable bulkhead partitions and flexible storage systems that help make the most of what sets Transit Connect apart: its unmatched versatility. Available aftermarket modifications and upfits include: wire, steel and solid bulkheads; racks and bins shelving units; interior cargo packages; drawer storage cabinets; refrigeration units, catering and food service packages; rooftop ladder racks; utility carriers; window security screens and more.

These suppliers participate in either Ford of Canada's Pool Account or Ship-Thru Programs and can help make your Transit Connect even more productive. Contact your Ford of Canada Dealer for complete details.

10.5L/100 km (**27**MPG) CITY¹

PROVEN AT WORK. NOW... IT'S PERSONAL.

We've added a personal dimension to the Built Ford Tough® Transit Connect lineup for 2014: the all-new Ford Transit Connect Wagon. With its modern exterior and flexible interior, Transit Connect Wagon is the ideal space for busy families on the go. Enjoy easy entry and exit through dual sliding side doors, as well as your choice of a rear liftgate or 180° swing-out rear cargo doors.² Under the hood, a fuel-sipping 2.5L 4-cylinder engine has an unsurpassed highway fuel efficiency rating of 7.1L/100 km (40 mpg).¹ Cornering fog lamps² up front throw additional light to the sides of the vehicle – particularly helpful on early-morning adventures. To quickly clear fog, snow, sleet and ice should bad weather move in, a press of the Quickclear™ electric windshield defroster² button activates heating elements fused between layers of windshield glass. It works along with the heated windshield washer jets.² With Transit Connect Wagon, you have everything you need to stay on task. All day. Every day.

¹10.5L/100 km city and 7.1L/100 km hwy (27 mpg city/40 hwy). 2.5L 4-cylinder, Wagon. Class is Small Cargo Vans. Excludes other Ford products. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. ²Available feature.

XLT Van. Frozen White. Titanium Wagon. Deep Impact Blue. Available equipment.

FOCUSED ON FLEXIBILITY.

Transit Connect Wagon lets you exercise your creativity inside. With more available configurations than any other vehicle in its class, options are endless. Carry passengers. A track bike. Personal gear. Or carry it all together. No worries here. With all seats up, Transit Connect Wagon can seat up to 7 people. Along the way, they can enjoy a panoramic fixed-glass Vista Roof^{®1} with power sunshade, power 2nd-row windows with one-touch-up/-down,¹ and 3rd-row seats that slide to enhance leg room or storage space. To transport long items along with passengers, fold one side of the seating flat. Up above, a front overhead storage shelf keeps frequently needed items close at hand. For passengers, an aircraft-style mid-vehicle overhead console¹ features closable bins – perfect for off-the-floor and out-of-view storage of personal items. Transit Connect Wagon. A multi-purpose vehicle for multi-motivated you.

¹Available feature.

SPACE FOR UP TO 7. AMENITIES FOR ALL.

Transit Connect Wagon surrounds you in comfort and safety. Optional on XLT and standard on Titanium, enjoy stylish leather-trimmed seats. Everyone's H₂O or coffee can stay close at hand thanks to cupholders in each row (including 2 in the 2nd-row centre armrest¹). Your mobile phone can stay charged with the centre console's 12-volt powerpoint, while passengers in back can plug in their portable devices with powerpoints on the back of the centre console and in the rear cargo area. An in-floor storage compartment¹ behind the passenger seat is perfect for out-of-view storage of small personal items. Plus, it's comforting to know that a Safety Canopy[®] System with rollover sensor and side-curtain airbags for all outboard passengers is part of 6 standard airbags² on Transit Connect Wagon. Safety, after all, is always in style.

¹Available feature. ²Always wear your safety belt and secure children in the rear seat.

Titanium 7-passenger Wagon. Medium Stone leather trim. Available equipment.

OPENS THE LINES OF COMMUNICATION.

Voice-activated Ford SYNC^{®1} delivers hands-free calls, reads text messages aloud, and plays music in response to simple voice commands. Once paired with your phone, it can download your contacts and play Bluetooth[®]-streaming music. Or, plug in your MP3 player, USB or iPod[®] to listen to your favourite artist or podcast. Just touch a button on the steering wheel and say things like "Call: John Reynolds at work" or "Play playlist: Road trip." SYNC also includes 911 Assist[®] with GPS location reporting. SYNC. Say the word.

Transit Connect responds to your touch as well, via the 6.5" colour LCD touch screen on SYNC¹ with MyFord Touch.^{TM1} Simple graphics or voice commands make it easy to control your phone, entertainment, navigation and climate. With SiriusXM[®] Satellite Radio,² you can listen to your favourites all across Canada. Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music, world-class news, sports, comedy and entertainment.

¹Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyFord Touch voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. ²Available feature.

Our commitment to you: Peace-of-Mind Protection

- Basic Coverage: 3 years/60,000 km
- Powertrain Limited Warranty: 5 years/100,000 km
- Corrosion Warranty: 5 years/unlimited distance
- Roadside Assistance: 5 years/100,000 km

Certain conditions apply. For more information on these warranties and coverages, ask your local Ford of Canada Dealer or visit ford.ca.

Ford Extended Service Plan. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your Ford of Canada Dealer for details. **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca. **Genuine Ford Accessories.** Ford of Canada warrants that its authorized Dealers will repair or replace any Genuine Ford Accessory that is properly installed by the authorized Dealer that sold the accessory and found to be defective in factory-supplied materials or workmanship. The accessory will be warranted for 24 months/unlimited distance, or the remainder of your 36-month/60,000-km (whichever occurs first) Basic Coverage in the New Vehicle Limited Warranty. Contact your local Ford of Canada Dealer for details. **Ford Licensed Accessories (FLA)** are warranted by the accessory manufacturer's limited warranty. The warranty coverage will vary by accessory manufacturer. Ford Licensed Accessories are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Ford of Canada Dealer for details regarding the accessory manufacturer's limited warranty and/or for a copy of the FLA product limited warranty offered by the accessory manufacturer. **For prompt, courteous answers to your questions: Ford Customer Relationship Centre 1-800-565-3673; Ford Credit Customer Service Centre 1-877-636-7346.**
