Part # 99999 03VQE14

Designed for on-the-go families.

The 2014 Kia Sedona has everything a growing – and always going – family needs to keep up with life.

There's a fuel-efficient, 3.5-litre V6 engine with 269 horsepower – for smooth, confident performance that helps make even long drives feel effortless – and a fully array of standard safety features, including full-length side curtain airbags and Electronic Stability Control (ESC) with Traction Control System (TCS). Plus a long list of comforts and amenities to keep parents and their young passengers comfortable, happy and relaxed.

PRACTICAL INTERIOR LUXURY. Sedona EX Luxury models come with standard leather seats for elegance, comfort and easy clean-ups while heated front seats and a standard folding front-row side table underscore the practical luxury of Sedona.

LOAD IT UP. An available power tailgate makes it even easier to move your gear in and out of Sedona's massive cargo area. With removable second-row seats and a third-row bench that neatly stows in the floor, you'll have up to 4,007 litres (141.5 cu. ft.) of space for big loads.

REARVIEW CAMERA.¹ Whenever you shift into reverse, an image from an integrated rear-facing camera is displayed in the corner of the rearview mirror, letting you see things behind your vehicle that you might not see by looking over your shoulder. Standard on Sedona EX and EX Luxury.

POWER SLIDING DOORS. Sedona EX and EX Luxury models come with standard power sliding doors, a convenience you'll truly appreciate when your hands are full with grocery bags – or a sleeping child. For safety, the doors automatically retract if they encounter an obstacle when closing.

RAIN SENSING WIPERS. When the first few drops of rain or flakes of snow land on the windshield of Sedona EX or EX Luxury, the standard rain-sensing wiper system activates to help provide optimal visibility.

SUN AND SKY. The Sedona EX Luxury is equipped with a standard power tilt and sliding sunroof that bathes the cabin in natural light. With the push of a button, it slides open to let you enjoy driving in the open air.
