

2014 LINCOLN MKZ

CONSIDER A NEW PERSPECTIVE. There is a vehicle made to take you on the most memorable of journeys. It comes from an unexpected place, and promises to take you to so many more.

It is the 2014 Lincoln MKZ. From the Lincoln Motor Company.

Driving is an experience. It is a discovery that holds the wonder of roads not yet traveled.
The joy of new sensations. Never-ending possibilities.

And what do you take away from every drive? Everything you encounter along the way.

That's why we put so much into every Lincoln.

WE BELIEVE IN EXPERIENCING – FULLY.
START NOW BY SCANNING THIS BROCHURE WITH YOUR SMARTPHONE.

Don't just *look* at this brochure; watch it come to life. Experience Lincoln now on your mobile device. Download the Experience Lincoln app¹ from the App StoreSM or Google Play.TM Open the app and select the "Have a brochure?" menu item. Then, scan the images on the following pages. They're marked with the  icon. We'll surprise you with demonstrations, interactive experiences and videos that turn 2D into 3D, right on your screen.

ONE SEAMLESS CONNECTION KEEPS IN TOUCH WITH ALL SIDES OF YOU:
SYNC WITH MYLINCOLN TOUCH.

The conversationalist. The audiophile. The protector. The provider. Phone, entertainment, navigation,¹ climate. See the connection? For the many things you do, we offer a single, simple interface: SYNC[®] with MyLincoln Touch.^{TM2}

With vibrant, color-coded graphics, your choices are clear. A large, 8" full-color center screen and crisp LCD gauges are supported by intuitive buttons on the steering wheel. Touch what you need, or control it with easy voice commands.

Dial numbers and answer calls without picking up your phone. Your contacts download automatically. Request music from favorite sources, including your MP3 player, phone, USB or SD card, then achieve auditory bliss through 14 speakers, compliments of the THX[®] II Certified Audio System.¹ Simply state a street address, and the Navigation System¹ will direct you to your destination, even while you are en route. SYNC with MyLincoln Touch brings it all together, beautifully.

Scan this image to get into contact with SYNC with MyLincoln Touch.

¹Available feature. ²Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

EVERY SECOND, YOU'LL FEEL THE DYNAMIC INTERACTION
OF LINCOLN DRIVE CONTROL.

Like light and dark, ride and handling is a pair. Why do some cars focus only on handling the twisting turns, but they make drivers suffer firmness? Others offer smooth ride comfort, but where are the butterflies in your stomach?

The reality is that roads have their ups and downs. The heart-racing curves are accompanied by long, sometimes potholed stretches. The secret is adapting, at every moment. MKZ has this down to a science. Literally. Using a suite of advanced sensors, MKZ with Lincoln Drive Control constantly adjusts its suspension in the blink of an eye to give you the best of both worlds. It helps you carve corners with agility, and travel comfortably over harsh surfaces. At any point, if you choose to dial up the yin or the yang, the choice is yours: select Sport¹ or Comfort for a change from Normal.

EVER WONDER WHAT YOU'VE BEEN MISSING?
WE CAN HELP.

There's so much intrigue in this world. The question of what's beside you, behind you or in front of you shouldn't be part of the mysterious unknown. Allow us to shed some light on the subject.

Equipped with radar,¹ ultrasonic sensing¹ and miniature cameras,¹ MKZ can help detect certain things that you may not. For instance, it can alert you to objects in your blind spots.¹ An audible alert system can help warn if traffic is crossing the path behind you.¹ In tight areas and parking lots, it displays guidelines and full-color images from the rear to assist you in backing up, and keeps a mindful eye to guard the recycling bin. MKZ even watches for lane drift, then offers a gentle nudge or shudders the steering wheel to alert you to steer back toward the middle of your lane if necessary.¹ The more you know, the better.

Scan to see what's hidden within this image: Blind Spot Information System.

¹Reverse Sensing System, rear view camera, BLIS® (Blind Spot Information System) with cross-traffic alert, and Lane-Keeping System are available features. Lane-Keeping System does not control steering. Driver-assist features are supplemental and do not replace the driver's judgment.

DON'T LET UNCERTAINTY BLOCK YOU IN.
ACTIVE PARK ASSIST CAN HELP YOU WITH THE TIGHT SPOTS.

You always use your best judgment when maneuvering. But some situations aren't simply black or white. That's why we offer the assistance of advanced technology.

Thanks to active park assist,¹ you can leave your parallel parking concerns at the curb. Let us handle the steering for you. Using radar sensing, this advanced system locates an appropriate space, then literally steers into it for you while you control the brake and accelerator pedals. In addition, when cruising on the expressway, you can't control the driver in front of you. Are you too close? Is he slowing down? Instead of constantly changing your controls, MKZ can detect the speed of the vehicle ahead, then smoothly adjust to maintain your preset gap from it.¹ (And if you're curious, the small boxes above are the same size, although they may not appear so. Perception is a tricky thing.)

Scan this image to get behind the wheel with active park assist.

¹Active park assist, and adaptive cruise control and collision warning with brake support, are available features. Driver-assist features are supplemental and do not replace the driver's judgment.

OUTWARD APPEARANCE IS A REFLECTION OF INNER BEAUTY.
OUR DESIGN REFLECTS THAT.

What is this? Open your imagination and let it wander. We spend a lot of time there — in our imaginations. In order to look at things differently, we look at different things. The road, the sea, the sky are all fertile ground for exploring the unexpected.

Visualize the graceful underwater motion of a manta ray. It was that unusual aquatic creature that inspired us to create the open, flowing shapes of the MKZ interior. A fascination with suspension bridges led to the arched design of the center console. And the distinctive split-wing grille mimics the wingspan of an eagle taking flight.

Feel free to study the sunset, listen to your dreams, look deeply into a cloud formation. Then ask yourself: What is your idea of beauty? Does it emanate from within? Only you can answer that. You are the beholder.

Scan the inkblot for our interpretation of elegant design.

OUR VALUES MAKE US WHO WE ARE. From our inception, we were built on a passion to develop an automobile that we believed people would truly want to drive. Our result: the perfect combination of function and beauty.

Some things never change.

Open to possibilities.

Life is full of opportunities, challenges and adventures that bring chances for new experiences. With MKZ, you see things in a whole new way. A class-exclusive,¹ fully retractable panoramic roof² makes the here and now even brighter. And puts the future within reach with the simple push of a button. The retractable, all-glass panoramic roof quickly slides back on uniquely designed tracks. So open yourself up to something new. You'll be amazed at what unfolds.

Ruby Red Metallic Tinted Clearcoat with available equipment. ¹Class is Luxury Midsize Sedans vs. 2013 competitors. ²Available feature.

NOTHING STANDS IN YOUR WAY.

Challenge the conventional. Do things differently. We do. With MKZ, it's evident in the way we've designed around what isn't there – rather than what is. Like a standard push-button transmission that takes the place of an intrusive shifter knob, and opens up an already spacious interior. A graceful center console that complements the cabin, instead of constricting it. And interior lighting – door locks, reading lamps and door sills – that is soft and subtle where it needs to be. All because we won't let anything interrupt your comfort zone.

Light Dune leather with available equipment.

A WISE CHOICE.

Rewarding power? A rush of confidence? With MKZ, you choose. Then make the drive your own, with the 240 horsepower¹ of the standard 2.0L EcoBoost® I-4 engine – efficient and exciting. Or select the 300-horsepower V6² – designed to leave others in your rear view. Both are finely tuned for commanding performance. And the power to do things your way.

Available equipment shown. ¹Figures achieved using 93-octane premium fuel. ²Available feature.

THE BEST OF BOTH WORLDS.

With MKZ Hybrid, you get it all. A state-of-the-art lithium-ion battery for more power and less weight than its predecessor, and up to 85 mph in electric mode. A 2.0L Atkinson-cycle engine that's engineered for best-in-class fuel economy with an EPA-estimated rating of 45 mpg hwy.¹ And SmartGauge® with EcoGuide for coaching and guidance to help you get the most from your drive. Fuel-efficient. Equally luxurious. And better than you even imagined.

Ingot Silver Metallic with available equipment. ¹EPA-estimated rating: 45 city/45 hwy/45 combined mpg. Actual mileage will vary. Class is Luxury Midsize Hybrid Sedans vs. 2013 competitors.

A hands-on experience.

Touch. It's one of the most powerful senses. With MKZ, that's evident in the feel of the heated, leather-trimmed front seats. Crafted and finished with double-stitched seams. Contoured and adjustable in 10 ways. And it shows in touch screens that light up with the swipe of a finger, allowing you to easily adjust your sound and temperature. You feel it in rich woods and aluminum finishes.¹ Sleek to the touch and pleasing to the eye. Sit inside MKZ, and you too are touched.

Available equipment shown. ¹Available feature.

Move forward – confidently.

Confidence is earned with experiences. Especially the unexpected ones. Like when a curve suddenly unfolds before you and MKZ with AdvanceTrac®¹ and Curve Control helps you stay on your intended path. Or when the road turns slippery, and All-Wheel Drive² helps get you through. MKZ. Wherever you go, it's nice to have a sense of assurance by your side.

Smoked Quartz Metallic Tinted Clearcoat with available equipment. ¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature.

A LASTING IMPRESSION.

A dazzling smile. A contagious laugh. A confident walk. What makes you take notice of someone – or something? With MKZ, it's the dramatic detailing. Highlighted in the tasteful accents of sculpted chrome door handles, a chrome split-wing grille, and bright dual exhaust outlets. And in taillamps. Distinctively designed to catch the attention of other drivers. In more ways than one. One look, and you'll know. This is something worth remembering.

You decide where to go from here.

THERE IS ONLY ONE YOU. Find beauty in things others fail to notice. Realize that experiences can take you further than any possessions. Figure out what is important to you, and embrace it. We did. And it's apparent in everything the 2014 Lincoln MKZ offers. Like intuitive technology that seamlessly connects you to your world. And a distinctive exterior that sets it apart as something different, and you as someone unique.
