

2014 LINCOLN NAVIGATOR

A POWERFUL STATEMENT IN ANY SETTING. There is a vehicle made to take you on the most memorable of journeys. It comes from an unexpected place, and promises to take you to so many more.

It is the 2014 Lincoln Navigator. From the Lincoln Motor Company.

Confidence and purpose.

It's the foundation on which you lead your life, and it's evident in the way Lincoln Navigator was designed. Like with a standard THX® II Certified 5.1 Surround Audio System that makes listening to your favourite music even more enjoyable, as well as power-deployable running boards, power liftgate, and power-folding heated mirrors that make everyday driving more convenient. Best-in-class towing that lets you tow up to 8,700 lbs. (3,946 kg)¹ with ease. And a 5.4L V8 flex-fuel engine that's designed to effortlessly navigate the back roads as easily as city streets, and gives you the power to confidently take on every curve life throws your way.

Tuxedo Black Metallic. Monochrome Appearance Package with available equipment. ¹When properly equipped. Class is Luxury Extended Utilities vs. 2013 competitors.

A PERSONAL CONNECTION.

It's what makes life more enjoyable, and it's served up in everything Lincoln Navigator offers. Like SYNC,^{®1} which seamlessly connects you to your world with simple voice commands, and lets you make hands-free calls, listen to text messages, and scroll through your personal MP3 playlists to hear the music you want to hear. And with 911 Assist,^{®2} which can call for help and give the operator an urgent message, even when you can't. Here, it's about knowing that you're never out of touch.

Stone leather with available equipment. ¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. SYNC voice recognition available in English, French and Spanish. ²The vehicle's electrical system (including the battery), the wireless service provider's signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated.

Open space.

What does it mean to you? With Lincoln Navigator, it means 3 rows with space for up to 8,¹ and best-in-class 3rd-row leg room² right where you need it. It's a standard PowerFold[®] 60/40 split bench in the 3rd row that folds flat with the touch of a button, and a 2nd row with heated seats and dual DVD headrests.¹ It's genuine wood accents in walnut swirl or olive ash,³ and front-row, rich leather-trimmed seats, heated and cooled to 6 temperatures, and adjustable in 10 ways. It's room for everyone and everything, and a space just for you.

Charcoal Black leather with available equipment. 7-passenger configuration shown. ¹Available feature. ²Class is Luxury Extended Utilities vs. 2013/2014 competitors. ³Olive Ash wood accents available with Monochrome Limited Edition Package only.

GRAND PLANS.

Accept challenges others shy away from, knowing that anything is possible if you put your mind to it. With Lincoln Navigator L, this is evident in the ability to carry heavy loads and tow up to 8,500 lbs. (3,856 kg).¹ In a 6-speed automatic transmission with tow/haul mode that can monitor your vehicle's driving conditions and help control its speed, especially in downhill situations. In standard trailer sway control,² which helps steady your vehicle's motion and ease your mind; and in the 1,206 litres (42.6 cu. ft.)³ of total space behind the 3rd row that lets you carry just about anything, even at a moment's notice.

Navigator L. Ingot Silver Metallic. Available equipment. ¹When properly equipped. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ³Cargo and load capacity limited by weight and weight distribution.

SECURE IN YOUR SURROUNDINGS.

It's a great feeling that you experience from the inside out with Lincoln Navigator. Peace of mind comes from a structural safety cage and airbags, front and front-seat side for driver and front-passenger, and full side curtains for outboard passengers in all 3 rows. The SOS Post-Crash Alert System™ can unlock doors and flash lights to let others know you need help.¹ On slippery surfaces and in emergency manoeuvres, AdvanceTrac® with RSC® (Roll Stability Control™) can apply the brakes and reduce your engine speed to help you stay on your intended course.² Here, security is more than just a feeling, it's a state of being.

¹SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

THERE IS ONLY ONE YOU. Pursue what intrigues you. Realize that experiences can take you further than any possessions. Consider what is important to you, and embrace all of it. That's how the 2014 Navigator was designed, and it's apparent in everything it offers. With its powerful presence and luxurious interior, it just may steer you in a whole new direction.
