

MKS

Refreshingly luxurious.

Beauty is more than skin deep.

Inside and out, MKS is full of special touches. A signature Lincoln split-wing grille flows up the elegant front end and into HID headlamps, which enhance an already attractive exterior – complete with a redesigned rear decklid. A flowing interior is highlighted with push-button start, rich leather-trimmed seats and premium woods, a rear sunshade¹ that helps keep the temperature inside the vehicle comfortable, and a dual-panel moonroof¹ that opens the cabin to bring fresh air and abundant light to both front and rear passengers. Beauty. It's in the eye of the beholder.

Power play.

Choice is the greatest power.

Sometimes, in order to discover your true potential, you have to push your limits. The same can be said about MKS. The standard 3.7L Ti-VCT V6 has Active Grille Shutters that automatically open and close to help improve aerodynamics and fuel efficiency.¹ While the 3.5L EcoBoost® V6 engine² is designed to give you optimal fuel efficiency¹ – and performance. Active noise control² picks up on unwanted engine sounds, then uses your audio system to send opposing sound waves in order to cancel them out – giving you refined interior acoustics to help make music or conversation even more enjoyable.

¹13.1L/100 km city and 9.0L/100 km hwy (22 mpg city/31 hwy), 3.7L V6, AWD. 13.9L/100 km city and 9.5L/100 km hwy (20 mpg city/30 hwy), 3.5L EcoBoost V6, AWD. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary for all ratings. ²Available feature.

Adaptation is key.

MKS makes it easy to embrace change. For example, Lincoln Drive Control with continuously controlled damping lets you select between 3 drive modes – Comfort, Normal or Sport – to match your driving style. Because road surfaces are always fluctuating, the system reads inputs 500 times per second, and then quickly adjusts to make sure your car and the road are in unison. Standard Intelligent all-wheel drive helps you get through tough road conditions. Electric power-assisted steering gives the right amount of steering assistance for your driving situation. While Torque Vectoring Control automatically adjusts the speed between your front wheels for enhanced cornering and agility, so you can adapt to your surroundings without missing a beat.

Inner peace.

Comfort zone.

Take a seat inside MKS, and experience all it has to offer. Beginning with the multicontour¹ front seats with Active Motion[®] that are heated and cooled, leather-trimmed, and designed to help relieve the fatigue in your upper legs and lower back. And a steering wheel that's warmed with the touch of a button¹ – just like the heated, outboard rear seats.¹ If you find peace in the great outdoors, MKS gives you a bit of that too, with a dual-panel moonroof¹ that brings a touch of the outside, in. It's time to get comfortable.

¹Available feature.

In touch.

Personal connections.

With MKS, it's simple thanks to SYNC®¹ with MyLincoln Touch.™¹ Voice commands let you make calls and request music without taking your hands off the wheel. A 6-month prepaid subscription to SiriusXM® lets you enjoy commercial-free music, world-class news, sports, comedy and entertainment.² While a simple touch of the signature 8" colour LCD screen starts your favourite song from your MP3 player piping through your vehicle speakers. The sound will fade automatically so you don't miss a call or incoming text. To keep you even more plugged in, a media hub with 2 USB ports, an SD card reader and an audio input jack lets you plug in your devices. Here, staying connected is a breeze.

HEAR THE DIFFERENCE. The THX® II Certified Audio System³ gives every passenger a front-row seat to the concert. Specialized sound processing technology, combined with 16 speakers and 700 watts of power, brings the feel of a live show to your everyday commute.

¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in the loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyLincoln Touch voice recognition and screens available in English, French and Spanish. Some features may be locked out while vehicle is in motion. ²SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca. ³Available feature.

| SYNC ((SiriusXM))

Second nature.

MKS makes parallel parking easy thanks to active park assist.¹ Ultrasonic sensors measure open spaces, and help find a parking spot as small as 1.2 times the length of your vehicle. Then, the system guides you into it, while you control the brake, shifter and accelerator, helping to make parallel parking almost unparalleled.

BE AWARE. When you're backing out of – or into – a parking spot or garage, the standard Reverse Sensing System uses sensors on the rear bumper and a warning sound to help alert you, while a rear view camera gives you a clear picture of what's behind you.

THINK AHEAD. The Forward Sensing System on MKS uses sensors on the front bumper to detect objects that are in front of you when you are travelling slowly, and then sounds an audible tone if something is there. It's just one more way Lincoln helps you stay ahead of it all.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.
¹Available feature.

A sense of awareness.

BE MINDFUL. Your MKS has features that are designed to help you see things that might otherwise be out of view. BLIS® (Blind Spot Information System)¹ uses radar sensors to help you detect when a vehicle is in your blind spot, and then alerts you with a light in the corresponding sideview mirror. Cross-traffic alert¹ lets you know when a vehicle is crossing behind you as you slowly back out of a parking spot, and alerts you with a glowing icon in your sideview mirror and an alarm.

STAY THE COURSE. MKS can help you stay centered. The Lane-Keeping System^{1,2} can alert you with a steering wheel vibration if it senses you drifting out of your lane, and can then apply steering wheel torque to help direct you to steer back into it. The Driver Alert System displays a coffee cup icon in your gauge cluster if it detects that you need to take a break from driving.

BE PREPARED. Adaptive cruise control and collision warning with brake support¹ adjusts to fit your driving style. Using radar to constantly scan for slower vehicles in front of you, it can automatically change your speed to maintain your preset gap – and can even pre-charge the brakes to help prepare you for a sudden stop.

Lincoln Automotive Financial Services Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Lincoln Automotive Financial Services. Ask your local Lincoln Dealer for details or check us out at LincolnAFS.ca.

Ford Extended Service Plan Help protect your investment and add to your peace of mind by complementing your Lincoln purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with the Lincoln Maintenance Protection Plan (LMPP), which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your local Lincoln Dealer for details.

Lincoln Limited Warranties Your 2015 Lincoln MKS comes with a 4-year/80,000-km Basic Warranty. Your Powertrain Warranty, Safety Restraint System coverage and Corrosion coverage last even longer. See your local Lincoln Dealer for details.

Lincoln Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 4-year/80,000-km New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Lincoln Dealer for details and/or a copy of all limited warranties.
