Klipsch® Reference Premiere Audio System¹ with 24 speakers

COMFORT

When you're the host, QX80 has your guests' comfort handled. The **UV and IR cut glass** windows help reduce the effects of outside light, heat and ultraviolet and infrared rays. If a first- or second-row passenger enters feeling too warm, QX80's **Biometric Cooling** will detect their body temperature and adjust the fan speed.^{1,2} With available **heated, ventilated and massaging first- and second-row seats**, everyone can set and achieve their own standard of comfort.

INFOTAINMENT

With **Google built-in**, you can access your favorite apps, including maps, music and more, with just your voice.^{5,6,7} As you listen, the 24 high-performance speakers of the available **Klipsch® Reference Premiere Audio System** can help bring out the emotion and clarity of every note. When a call comes in, available **Individual Audio** helps to create an isolated sound zone so the driver can converse while passengers continue to jam.^{3,8}

DRIVER ASSIST

As you maneuver, the **3D Around View® Monitor** gives you eight exterior views of the QX80 in one image, while **Invisible Hood View** projects an image of what's directly in front of the vehicle to reveal potential obstacles.^{4,9} As you cruise the expressway, available **ProPILOT Assist 2.1** can help keep you centered in your lane, allowing you to drive virtually hands-off.¹⁰
