

1982 FORD **GRANADA**

LOOK OUT WORLD
HERE COMES FORD

1982 FORD GRANADA GLX SERIES

In such a fast-moving world, it's good to know that some things don't have to change simply for the sake of change. The 1982 Ford Granada is a good case in point. From the distinctive grille to the clean-lined rear deck and tail-

lamps, Granada has retained its classic styling and trim contemporary design. And you can still seat as many as six passengers in Granada's roomy, comfortable interior. However, two rather significant changes have been made for '82. First, Granada's

model lineup now includes two fine 4-door wagons, both of which have more cargo room than any American-built wagon in their class.* And second, a new deep-well trunk design has been incorporated into Granada sedans. The deep-

well design enables you to stow luggage in a handy upright position. Unchanged are the richness and fine detailing of Granada's interior styling. And, of course, throughout Granada is Ford's continuing commitment to quality.

If you're considering a new car this year and you appreciate the finer things in life, consider the new Ford Granada. It combines tasteful good looks and state of the art technology. 1982 Ford Granada. Something to arrive in. See it today.

Cover and Back Cover: Granada GLX 4-Door in Pastel Vanilla. Below: Granada GLX 2-Door in Medium Pewter.

THIS IS FORD GRANADA FOR 1982.

Granada L 2-Door, pages 8-9.

Granada GL 4-Door, pages 6-7.

Granada GLX 2-Door, pages 2-3.

Granada GL Wagon, pages 10-11.

In 1981, Granada underwent dramatic changes that saw it shed hundreds of pounds of weight and emerge as the most fuel-efficient, aerodynamic Granada ever.

In 1982, the changes continue with Granada offering an expanded model lineup that includes two new wagons in addition to a wide selection of 2-door and 4-door sedans. There are three series which include GLX 2- and 4-door sedans, the most luxurious Granadas; the GL series with a new wagon and 2- and 4-door sedans, a pleasant combination of luxury and practicality; and the L series also with a new wagon, 2- and 4-door sedans. All of these new Granadas represent the kind of outstanding value that car buyers seek today. Now let's examine each series in detail.

GRANADA L

If the standard equipment of an automobile is a measure of its value, then Granada is a standout value in its class.

The value starts with Granada's fuel-efficient powerteam of 2.3 liter OHC 4-cylinder engine and fully synchronized 4-speed manual transmission that posts excellent fuel economy ratings — 33 est. hwy. and [22] EPA est. mpg*. With the new optional 20-gallon fuel tank, that computes to a highway range of 660 miles.

For precise steering, add Granada's rack and pinion steering and MacPherson strut-type front suspension to contribute to Granada's smooth, comfortable ride. Then add electronic engine controls and a maintenance-free battery. Add power-assisted front disc brakes, with rear drum brakes and 14-inch P-metric steel-belted radials to help stretch gas mileage. Also add dual rectangular halogen headlamps with their brighter, whiter light, and a driver's mirror that's remote-controlled for added convenience. And for your entertainment, every Granada includes an AM radio as standard equipment (may be deleted for credit).

Granada L value surrounds you inside with all vinyl color-keyed door trim panels that feature bright accents and armrests with integral door-pull handles. Walnut woodtone appliques adorn the dash around the instrument cluster and on the right side. Steering column mounted levers place the turn signals, headlamp dimmer, horn, windshield wipers and washer at your fingertips. The comfortable bucket seats, covered in cloth and vinyl, feature deluxe seat belts with comfort regulators and inertia seat back releases on 2-door models. There's an integral coin tray in the shift boot, cigarette lighter, front and rear seat ashtrays and much, much more.

Granada L's handsome exterior features a bright grille and surround molding plus bright protective moldings along the body-sides and bright moldings around side windows and

windshield. Bright, light-weight high-strength steel bumpers with front bumper guards — more value. Deluxe wheel covers — even more!

Granada L (shown also on pages 8-9) is a value story in itself.

GRANADA GL

Granada GL (shown on pages 6-7) features wheel covers that are color-keyed to the body color, any one of 14 lustrous Granada paint selections. Paint stripes outline hood, decklid and bodysides. Front and rear bumper rub strips and rear bumper guards are added to the bumpers.

GL interiors feature deep cut-pile carpeting and soft luxury vinyl seat trim on low-back bucket seats.

Walnut woodtone appliques on the luxury door trim panels match the appliques on the dash and add all-around warmth to the interior. Overhead, the cloth headliner is color-keyed to the interior, your choice of six colors.

To round out Granada GL interiors, there's a luxury steering wheel and the luxury sound package contributes to comfortable riding environment.

Granada GL, tastefully done with you in mind.

GRANADA GLX

Granada GLX (also pictured on pages 2-3) displays the kind of luxury and distinctiveness usually reserved for much costlier cars. GLX's warm, inviting interiors surround you with luxurious touches like plush

18-ounce cut-pile carpeting. Luxury-level door trim panels are enhanced by rich dark burl walnut woodtone appliques with matching appliques in the instrument cluster. Pleasant sounding electronic warning chimes remind you to buckle up.

For your comfort, standard seats are deep-cushioned low-back buckets trimmed in glove-soft vinyl. Or, if you wish, you can have the option of split bench seats (shown on pages 4-5), or a flight bench seat which gives you 3-passenger seating in front.

Passengers in the rear are treated equally well with comfortably wide, deep seats, softly padded rear quarter trim panels with integral armrests and courtesy lighting. Even your luggage gets special treatment in GLX with Granada's fully carpeted, new-design deep-well trunk. The deep-well design, standard on all Granada

sedans, permits luggage (or grocery bags on a shopping trip) to be loaded in an upright position.

GLX's low profile is enhanced by rich blackout trim on the door frames and "B" pillar. The lower bodyside molding is as good-looking as it is functional. It features a ribbed design in tough vinyl that is color-coordinated with the exterior paint color and helps protect the car from door dings when parked in close quarters.

Paint stripes on the bodysides, decklid and hood, dual remote control mirrors and stylish turbine wheel covers add further luxury touches to GLX.

GRANADA WAGONS

The introduction of the first Granada wagons (also seen on pages 10-11) is significant news. Offered in GL and L series, these wagons have more cargo space than any American-built wagon in their class.**

The Granada GL offers the perfect blend of utility and luxury (room for six

passengers or 73.6 cu. ft. of cargo with the second seat down). The GL wagon shares many of the sedan's luxury features. Examples: luxury cloth/vinyl bench seat; door panels of soft vinyl trim with walnut woodtone appliques; matching walnut woodtone appliques in the instrument panel; deep-pile carpeting.

Granada L in similar fashion takes its styling cue from the L sedans. And none of the L's extra value features are left out. In fact, you can add to them special wagon value features (shared by GL and L wagons alike). A 3.3 liter (200 CID) 6-cylinder engine is standard as is the new 3-speed SelectShift Automatic transmission. It features a locking torque converter that helps save fuel (for details, see page 14).

New GL and L wagons — built with contemporary styling in the Granada tradition and built with Ford's commitment to quality.

* Projected Ford Division estimates for comparison. Your mileage may differ depending on speed, distance and weather. Actual highway mileage and California estimates will probably be lower. See your Ford Dealer for his 1982 EPA Gas Mileage Guide.

** Based on 1981 EPA Volume Index. Excluding other Ford Motor Company products.

FORD GRANADA - A CLOSER LOOK.

Above
Far left: Precise Rack and Pinion Steering.
Center: Power Assisted Front Disc Brakes.
Left: New Redesigned Trunk.

Below
Left: Halogen Headlamps
Center: New 3.8L V-6 Engine.
Right: MacPherson Strut Type Front Suspension.

was tested on the road for nearly 1,200,000 miles. The new V-6 3.8L engine provides power equivalent to Ford's 4.2L V-8 engine. Gas mileage estimates are 27 est. hwy. and 19 EPA est. mpg.* The new V-6 engine is an option available on all Granada sedans and wagons.

Power-Assisted Front Disc Brakes

Granada's power-assisted front disc brakes are the pin slider design. They consist of three major pieces; a rotor, caliper housing and anchor plate. When the

brakes are applied, the caliper slides on machined surfaces, centers automatically and applies pressure equally through brake pads to both sides of the rotor. In addition, the rotors used in Granada are vented for better heat dissipation than the non-vented type.

New Redesigned Trunk

A new, totally redesigned luggage compartment is an important Granada feature for '82. The new design provides an additional five inches of depth compared to the previous design. The extra five inches form a

deep well in the center of the trunk, making it easy to stand grocery bags or luggage in an upright position. Trunk capacity measures 16.8 cubic feet.

Two-Way Liftgate

Another innovation from Ford, the Wagonmaster. The new optional Two-Way Liftgate gives you the added convenience of an independently operating window. In tight spaces, the window can be unlocked and opened separately for quick and easy small package loading and unloading.

SelectShift Automatic Transmission with Locking Torque Converter

The new SelectShift transmission incorporates a locking torque converter that provides a near mechanical linkup between the engine and transmission in all three forward gears. This reduces much of the

torque converter slippage found in automatic transmissions without the lockup feature. The new transmission is standard equipment on both the GL and L wagons.

MacPherson Strut-Type Front Suspension

Granada uses a modified strut-type front suspension modeled after the proven MacPherson design. This front suspension system is one of the contributors to Granada's smooth, comfortable ride.

*Projected Ford Division estimates for comparison. Your mileage may differ depending on speed, distance and weather. Actual highway mileage and California estimates will probably be lower. See your Ford Dealer for his 1982 EPA Gas Mileage Guide.

Granada is an outstanding example of Ford's response to the special needs of today's driving. It's a response that represents Ford's continuing commitment to quality.

In Granada, you see a car that recently underwent a dramatic transformation and emerged from it with a totally new design. Trimmer by hundreds of pounds, with a smooth, comfortable ride and a more aerodynamic body design than its 1980 counterpart, the newest Granadas feature gas mileage estimates of 33 est. hwy.

and 22 EPA est. mpg.*

The 1982 Granadas are not only built for the times, but they are built with an attention to detail that makes them fine automobiles and worthy of close inspection by the most quality-conscious new car buyers.

Precise Rack and Pinion Steering

Granada's precise handling characteristics are a benefit of its rack and pinion steering. This type of system eliminates much of the complex linkages of conventional recirculating ball-type

steering systems. There's also a power assist option that greatly eases tight maneuvering situations.

Halogen Headlamps

Halogen headlamps are another example of advanced technology in Granada. The halogen design is more efficient than conventional sealed beams, requiring less energy to emit a brighter, whiter light.

New 3.8 Liter (232 CID) V-6 Engine

Typical of Ford's engineering thoroughness, this new lightweight V-6

FORD GRANADA DATA CENTER

FORD LIMITED CORROSION PERFORATION WARRANTY

Granada, like all new model Ford cars sold in the 50 United States, is covered by Ford Motor Company's 3-year, unlimited mileage corrosion perforation warranty. Under this warranty any part which, in normal use, rusts through from corrosion within three years of retail delivery or first use will be repaired or replaced free of charge by the selling dealer after inspection by a Ford representative. Exhaust system components or parts which develop corrosion perforation as a result of accidents or other damage are not covered.

FORD-PAID REPAIR PROGRAMS AFTER THE WARRANTY PERIOD

Sometimes Ford offers adjustment programs to pay all or part of the cost of certain repairs. These programs are intended to assist owners and are in addition to the warranty or to required recalls. Ask Ford or your dealer about such programs relating to your Ford or Lincoln-Mercury vehicle.

To get copies of any adjustment program for your vehicle or the vehicle of interest to you:

Call Ford toll-free at 1-800-241-3673. Alaska and Hawaii call 1-800-243-3711 and in Georgia call 1-800-282-0959.

Or write Ford at: Ford Customer Information System Post Office Box 95427 Atlanta, Georgia 30347.

We'll need your name and address; year, make, and model vehicle, as well as engine size; and whether you have a manual or automatic transmission.

Projected Ford Division estimates for comparison. Your mileage may differ depending on speed, distance and weather. Actual highway mileage and California estimates will probably be lower. See your Ford Dealer for his 1982 EPA Gas Mileage Guide.

TECHNICAL SERVICE BULLETINS

All vehicles need repairs during their lifetime. Sometimes Ford issues Technical Service Bulletins (TSBs) and easy-to-read explanations describing unusual engine or transmission conditions which may lead to costly repairs, the recommended repairs, and new repair procedures. Often a repair now can prevent a more serious repair later. Ask Ford or your dealer for any such TSBs and explanations relating to your Ford or Lincoln-Mercury vehicle.

To get copies of these Technical Service Bulletins and explanations for your vehicle or the vehicle of interest to you:

Call Ford toll-free at 1-800-241-3673. Alaska and Hawaii call 1-800-243-3711 and in Georgia call 1-800-282-0959.

Or write Ford at: Ford Customer Information System Post Office Box 95427 Atlanta, Georgia 30347.

We'll need your name and address; year, make, and model vehicle, as well as engine size; and whether you have a manual or automatic transmission.

"ASK YOUR FORD DEALER"

FORD GRANADA OPTIONS SELECTOR

A

C

D

E

F

G

Granada options give you the opportunity to equip your new Granada to your personal specifications. Options add not only to the appearance, comfort and convenience of your new car, but to its overall value as well.

Audio

- AM/FM Monaural Radio with dual front speakers*
- AM/FM Stereo Radio**
- AM/FM Stereo Radio with 8-Track Tape**
- AM/FM Stereo Radio with Cassette Tape (A)** Uses space-saving 60-min. cassette tapes.
- Premium Sound System.* Power amplifier and larger rear speakers available with all stereo systems.

**Dual speakers front and rear included

Appearance

- RH Remote Control Mirror.* Standard on GLX.
- Dual Accent Paint Stripes. Standard on GL and GLX.
- Metallic Glow Paint
- Tu-Tone Paint*
- Full Vinyl Roof*
- Rear Vinyl Roof.* For GL 4-door only.
- Leather-Wrapped Steering Wheel*
- Squire Option* (wagons). See pages 10-11.
- **Comfort**
- Air Conditioner. Manual controls. Tinted glass recommended.

- Tinted Glass-Complete*
- Flight Bench Seat*
- Split Bench Seats with Dual Recliners.* For GL, GLX only.
- Flip-Up Open Air Roof (B)*
- Pivoting Manual Front Windows (C)*
- **Convenience**

- Quartz Electric Sweephand Clock
- RH Illuminated Visor Vanity Mirror
- Console (D)*. Conveniently arranged system featuring electronic digital clock with elapsed time and date; graphic display warning module that indicates low fuel/low washer fluid levels, and tells you when headlamp low beam/taillamps need replacement.
- Luggage Rack (Wagons)
- Illuminated Entry System (E). Lifting either driver or passenger door handle turns on interior lights and illuminates the door lock cylinder.
- Electric Rear Window Defroster
- Tilt Steering Wheel (F)*
- Interval Windshield Wipers
- Cornering Lamps
- Light Group. Includes lights for luggage compartment, glove box, ashtray, engine compartment. Also dual beam map/dome light, and

rear door courtesy light switches (4-door and wagon models only).

- Rear Window Wiper/Washer* (wagons)
- Two-Way Liftgate* (wagons)
- Fingertip Speed Control (F)*
- **Interiors** (shown on model pages 4-10)

Performance

- 3.3 Liter (200 CID) 6-Cylinder with SelectShift Automatic Transmission*
- 3.8 Liter V-6 Engine with SelectShift Automatic Transmission*
- Extended Range Fuel Tank (sedans only)
- Traction-Lok Axle.* Automatically transfers power to the rear wheel with the most traction. (See your Ford Dealer for availability.)
- SelectShift Automatic Transmission (includes locking torque converter with 3.3L and 3.8L engines)
- Floor Shift. For SelectShift automatic transmission with bucket seats only.
- Heavy-Duty Battery
- Cold Weather Group. Includes heavy-duty battery and alternator, plus engine block immersion heater.
- Heavy-duty Suspension*
- **Power Assists**
- Power Lock Group. Includes

power door locks on all models plus remote decklid release on sedans.

- Six-Way Power Seat Adjustment.* Split bench seat driver's side.
- Four-Way Power Seat Adjustment.* Flight bench seat only.
- Variable Ratio Power Steering*
- Power Side Windows*
- **Protection**
- Rear Bumper Guards.* (Front bumper guards standard.) Included on GL, GLX.
- Bumper Rub Strips.* Included on GL, GLX.
- Bodyside Protection Molding
- Appearance Protection Group. Carpeted front floor mats, door edge guards, license plate frames.
- Lower Bodyside Protection. Provides an application of vinyl under the paint along

the lower sides of the body to help protect against stone pecking. Important on gravel or heavily salted roads.

Tires

- P-Metric Steel-Belted Radial Tires in black sidewalls (BSW), white sidewalls (WSW), and raised white letters (RWL). Consult your Ford Dealer for tire size availability.
- TR-Type Steel-Belted Radial Tires (190/65R 390 BSW). Includes aluminum wheels and special suspension components.
- Conventional Spare Tire
- Wheel Covers/Wheels (G) From Left:
 - Wire Wheel Covers (4)*
 - Aluminum Wheels (4)
 - Luxury Wheel Covers (4)*

Also well worth considering...

Ford Motor Company's optional Extended Service Plan

covers major components on new Ford cars and light trucks for longer than the vehicle's basic warranty. The cost is so moderate for the protection you get that it could pay for itself the first time you need it. Your Ford Dealer will be happy to detail the Plan for you. It is available on cars and light trucks sold and normally operated in all 50 United States and Canada.

Options Availability

This year you can save money on the options you select for your new Granada by choosing one or more Value

Option Packages. Pick Value Package No. 183A, for example, and four options — Tinted Glass, Light Group, Electric Rear Window Defroster and Leather-Wrapped Steering Wheel — are included at no extra charge. There are 11 Granada Value Option Packages in all, each offering you two or more no-extra-charge items when you buy the whole package. It's the smart, money-saving way to buy options — equipment items you'd probably select for your new Granada anyway. Be sure to ask your Ford Dealer

for all the money-saving details on Value Option Packages.

1982 Granada options are not confined to these pages but are shown throughout the catalog. Options, whether or not they are identified, are offered at extra cost. Options designated by an asterisk (*) are offered either in combination with other options, or are subject to additional ordering requirements or limitations. Availability of some features described here and elsewhere may be subject to delay.
