

Saab 93
Convertible

Born from jets.

Saab was founded by 16 aircraft engineers and their high performance spirit lives on. We've been designing open-air cars for 20 years now. A bit unexpected from a car manufacturer born in Scandinavia. Where the climate is extreme and the seasons unpredictable at best. But then again, it's driven us to develop true four-season, four-seater convertibles that inspire and surprise. So whatever the season, prepare yourself for pure driving exhilaration – and a blue sky state of mind.

Innovation on a higher plane.

At Saab, we make sure creative thinking runs free. From pioneering turbo technology to achieving top-class safety in an open-top car. And the proof is everywhere – especially in the Saab 9-3 Convertible. Complete with innovative solutions you'll appreciate every day behind the wheel – whether exploring the city or aiming for the mountain top. So don't be surprised if your Saab 9-3 Convertible becomes your favourite car for every season. It's designed to be.

It's in our genes.

Slip into the new cockpit of the Saab 9-3 Convertible and experience a spirit born from jets. Because this four-season, four-seater is always ready for takeoff. Our sky-high heritage lives strong. As in the cockpit-like driver's environment, the immense power at hand and a sensational feeling of control. And of course sleek aerodynamics that keeps your car firmly on the ground. Even in flight.

Pilots wanted.

The new cockpit has a driver-focused, ergonomic design. Instruments and controls are positioned in logical groups, with relatively few controls in each group. The most frequently used controls can be operated with your hands still on the wheel.

Night Panel – designed to help reduce distraction when driving in the dark. Press a button and all the instruments except for the speedometer fade out. When your attention is required, the relevant instrument lights up.

Profiler – allows you to customize systems like the climate control, rain sensor, parking assistance and anti-theft alarm so they work the way you like. Conveniently controlled with the steering wheel buttons.

Electrically heated seats – a Saab innovation. Extends the open-top season.

SCC – Saab Car Computer. Integrated in the speedometer, controlled with the steering wheel buttons. Shows outdoor temperature, fuel consumption, estimated distance on remaining fuel, distance to target, estimated time of arrival and speed warning.

ACC – Automatic Climate Control with dual-zone. Allowing different temperatures for driver and passenger. An electrostatic air filter excludes particles.

Fully automatic soft-top – raises and latches in only 20 seconds. Available with remote operation. Excellent insulation from outside noise, heat or cold. Heated glass rear window for improved all-weather visibility.

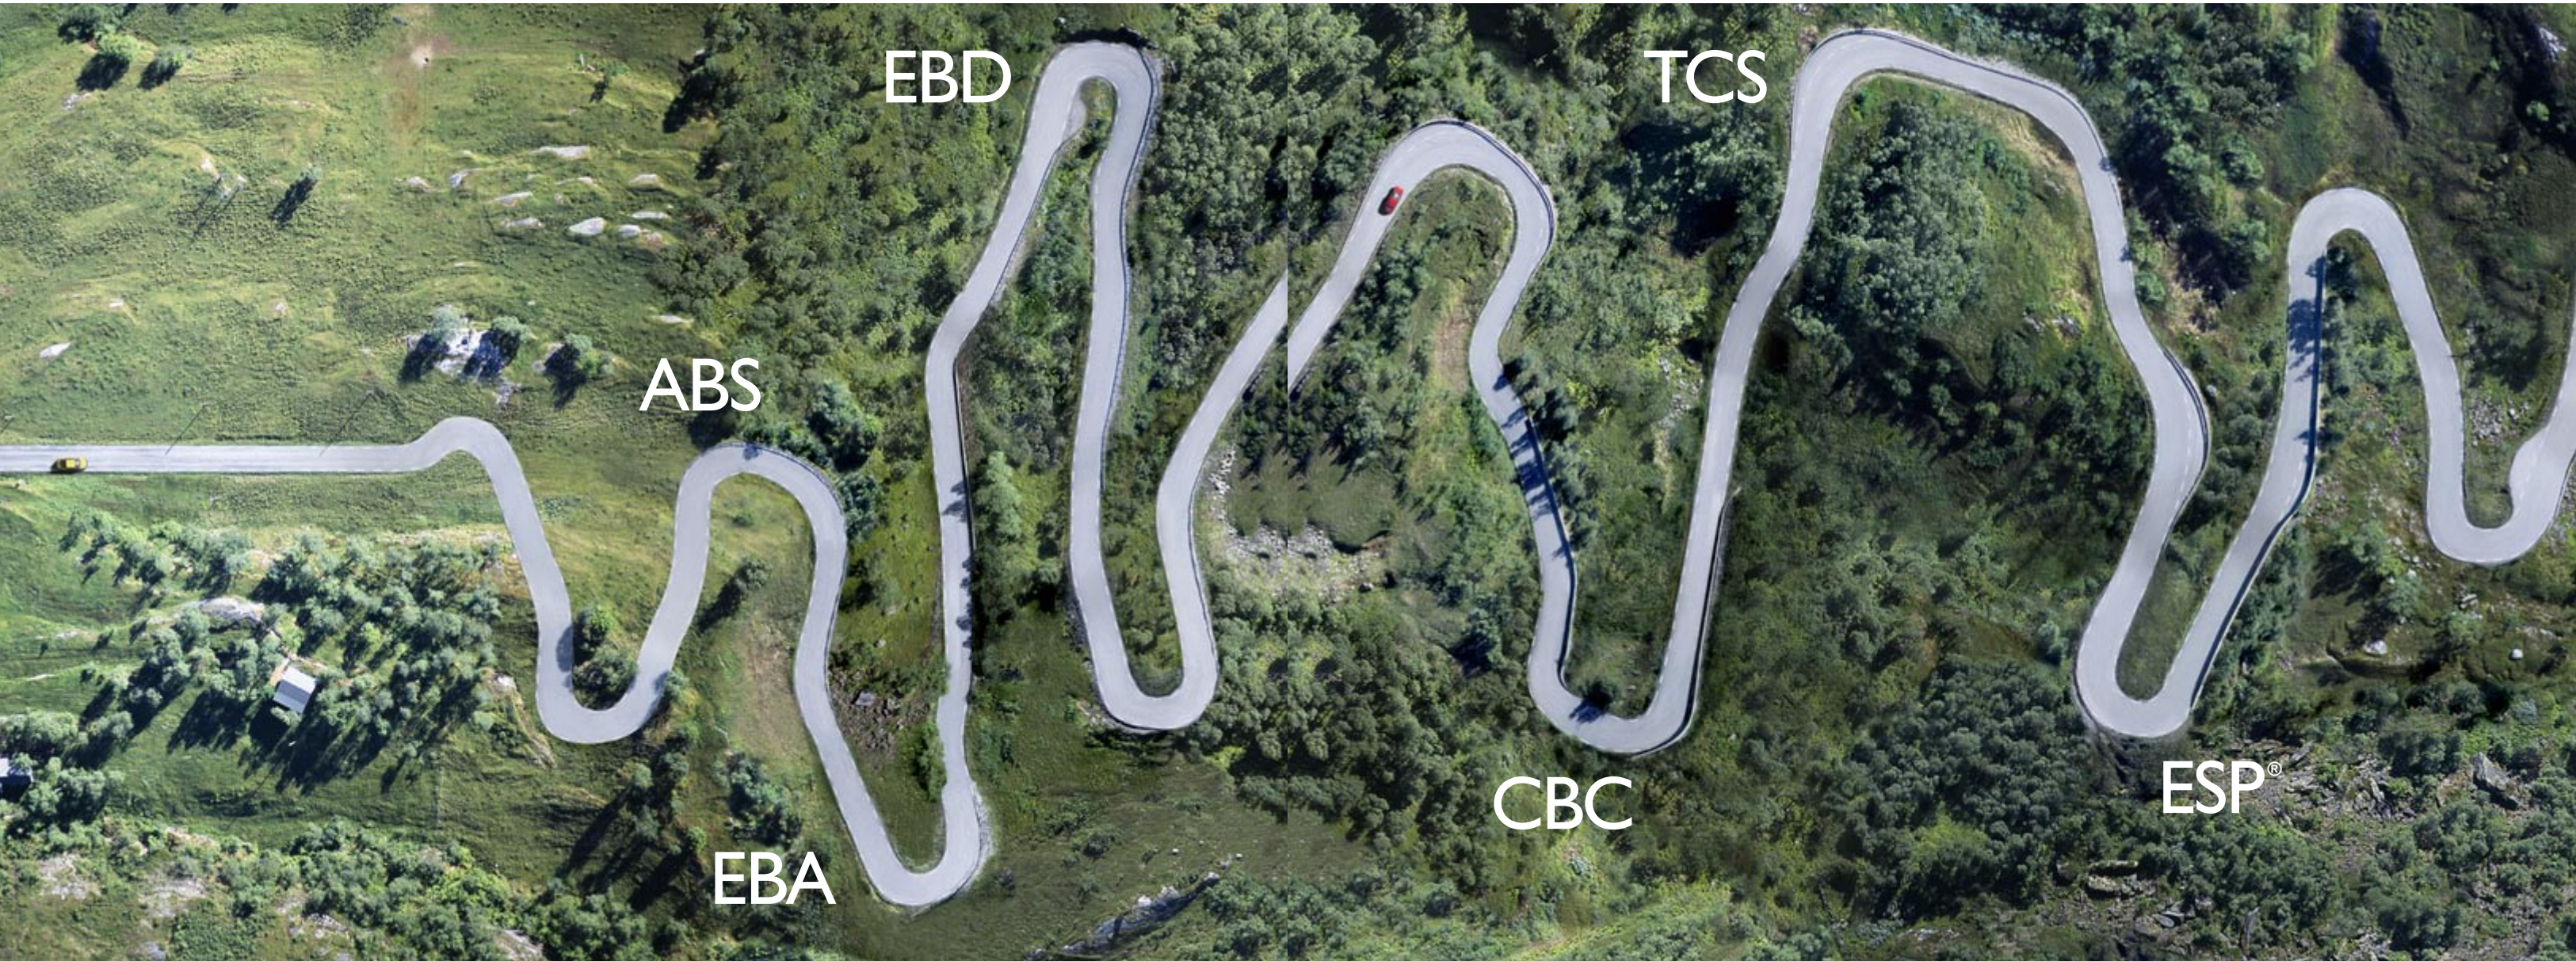

ReAxs

If only all open-air cars were created equal. Just get behind the wheel of the Saab 9-3 Convertible, steer into a curve and then press the accelerator. Feel how the car cuts through the bend like a carving ski. This is ReAxs in action – a Saab-unique chassis system that allows a certain degree of passive rear wheel steering. So experience the g-forces at the base of your spine with every tight bend in the road. The Saab 9-3 Convertible makes it happen.

Top down. Rev up. Make your jet stream.

An inspired flight.

ABS – Anti-lock Braking System. Designed to help provide firm braking with steering ability.

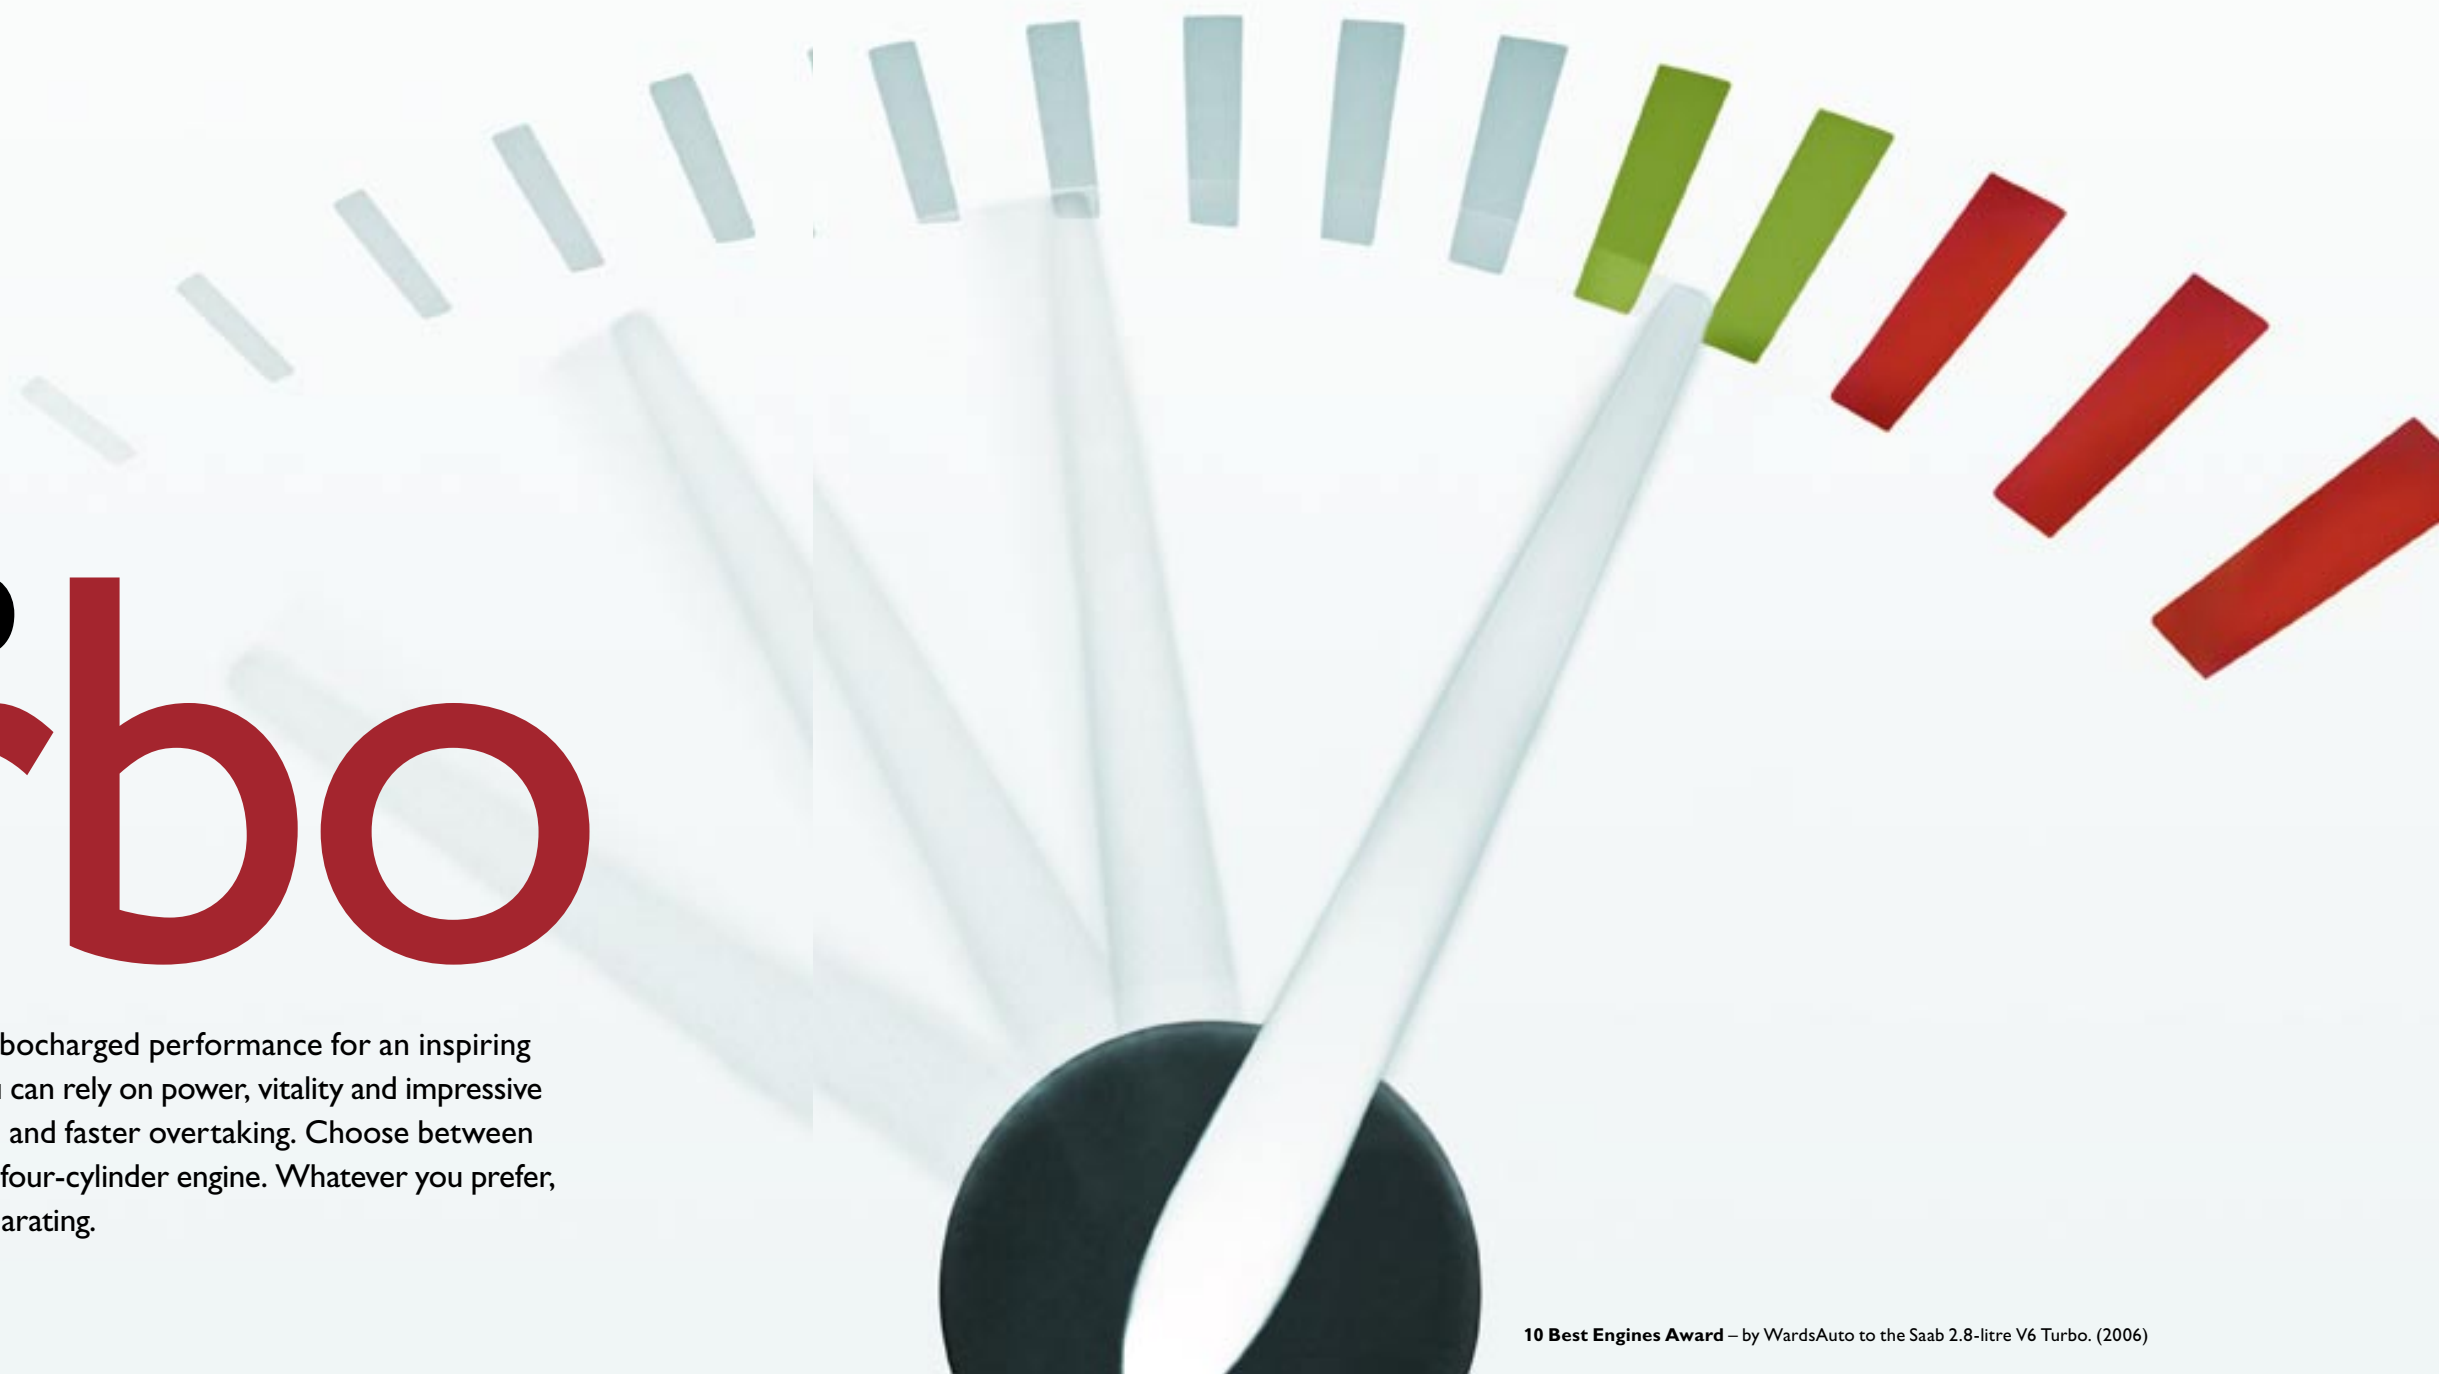

EBA – Emergency Brake Assist. Designed to amplify the braking force if you press the brake pedal quickly.

EBD – Electronic Brake-force Distribution. Designed to balance the brake force between the front and rear wheels depending on load.

CBC – Cornering Brake Control. Designed to help reduce the tendency to pull to one side when you turn and brake simultaneously. Integrated in the ESP® system.

TCS – Traction Control System. Designed to help reduce wheel-spin when accelerating on a slippery surface.

ESP® – Electronic Stability Program with smoother, more progressive action. Designed to help reduce skidding on a slippery surface. Brakes one or more wheels and reduces the throttle opening, if necessary.

Saab Turbo

The Saab 9-3 Convertible gives you turbocharged performance for an inspiring driving experience. Top up or down, you can rely on power, vitality and impressive mid-range torque for rapid acceleration and faster overtaking. Choose between the incredible V6 Turbo, or the inspiring four-cylinder engine. Whatever you prefer, open-top driving has never been so exhilarating.

10 Best Engines Award – by WardsAuto to the Saab 2.8-litre V6 Turbo. (2006)

Engine and driver control.

Standard equipment

- Turbocharger and intercooler
- Coil-on-plug ignition
- Four valves per cylinder
- Dual overhead camshafts
- Sequential multi-point fuel injection
- Dual sport exhaust pipes (V6 Turbo)
- Manual 6-speed transmission
- ReAxs chassis geometry system
- Lowered sport chassis (Aero only)
- Anti-lock Braking System (ABS)
- Traction Control System (TCS)
- Electronic Stability Program (ESP®)
- Headlamp washers
- Steering wheel adjustable for reach/rake

Engine alternatives

- 2.0 Turbo (210 hp/221 lb-ft.)
- 2.8 V6 Turbo (250 hp/258 lb-ft.)

Optional equipment

- Sentronic 5-speed automatic (2.0 Turbo)
- Sentronic 6-speed automatic, including steering wheel shift buttons (V6 Turbo)
- Xenon headlamps (standard on Aero, low beam only)
- Integrated front fog lamps (standard on Aero)
- Auto-dimming interior mirror (optional on Aero)
- Rain Sensing windshield wipers
- Rear Parking Assistance

The V6 Turbo – combines extremely high torque with refinement across the rev range. Includes features such as a twin-scroll turbocharger, variable inlet cam phasers, 24 valves, roller cam followers, sinter-forged connecting rods and a double-wall exhaust manifold.

All-aluminum design – reduces engine weight. Gives the car better weight balance for more agile handling.

Chassis tuning – springs, shock absorbers and anti-roll bars are fine-tuned for a crisp, firm response.

Xenon headlamps – provide more daylight-like light. Integrated automatic beam-length control. Powerful halogen lamps for the high beam. (Optional on 2.0T, Standard on Aero)

Turbocharging – gives the engine powerful torque delivery, especially in the medium rev range. Results in rapid acceleration for faster overtaking.

Saab Trionic – for the 4-cylinder turbo engines. One of the world's most advanced engine management systems, developed by Saab. Analyses combustion through ionization measurement.

Sentronic 6-speed – automatic transmission that also allows manual gear shifting. Includes paddles on the steering wheel for manual shifting.

Rain sensor – starts the windshield wipers automatically. Adjusts wiper speed to suit the rain's intensity. (Optional)

Auto-dimming mirrors – help reduce glare from high beams from behind. (Optional on Aero)

Rear Parking Assistance – helps estimate distances when parking. Audible signal as you approach an object behind the car. (Optional)

Powerful brakes – with robustly dimensioned discs, ventilated at the front.

Multi-link rear axle – with four links per wheel. The special toe links are designed to make the rear wheels toe-in slightly when braking from high speed, helping to keep the car steadily on course.

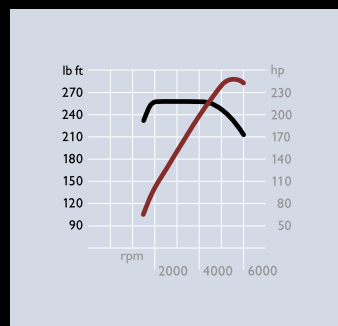

Details are subject to change, please check with your Saab Retailer.

Aero

Ready to fly? Then just turn on the ignition of the Saab 9-3 Aero Convertible – and spread your wings. The 250 horsepower V6 Turbo comes alive with a thrilling rumble. Experience 258 lb-ft of torque in action and the dynamic handling of the finely-tuned chassis. Not to mention a steering response that will take your breath away. Prepare for the most intense Saab open-top driving experience ever.

V6 Turbo

V6 Turbo – delivers an incredible 250 horsepower and masses of torque from idle to red line. You'll have a huge 258 lb-ft to play with. Power delivery is instant.

Dual sports exhaust – tuned to provide a sporty sound from the 2.8-litre V6 Turbo engine.

Sports chassis – tuned for the Aero performance and lowered 10 mm to provide enhanced stability. Firmer springs and stiffer shock absorbers mean better body control, cornering and braking.

ESP® Plus – Electronic Stability Program Plus. Specially tuned to the V6 Turbo. Smoother and more progressive operation enables agile driving without unnecessary interference.

Just fly away.

With the all-inspiring Saab 9-3 Convertible you're ready to enjoy pretty much anything. Smart versatility is everywhere. Like the creative CargoSET and Smart Slot systems. Or the voice-controlled Infotainment system – a perfect travel companion when exploring remote places, for keeping in touch or to simply drive to the beat of your favourite music.

Up or down? It's a matter of seconds.

Comfort opening – press a button on the key and you'll lower the top and all windows, unlock the doors and de-activate the anti-theft alarm in a single operation. All in just 20 seconds. (Optional)

CargoSET – Self Expanding Trunk. Automatically expands the luggage capacity to 351 litres (12.4 cu. ft.) as you raise the top.

Smart Slot – a storage system with exchangeable accessories. Neatly integrated in the centre console.

Wind deflector – easy to fit and to fold for convenient storage. Reduces back draft when driving with the top down. (Accessory)

The ambience of a coupe.

A soft-top like no other – because sometimes you travel under cover. With the roof up, you’ll probably forget you’re driving a convertible. This top is swift and smooth to operate, silent and steady – offering the ambience of a comfortable and sleek coupe. Inside, it’s even colour-matched to the upholstery for a totally integrated experience.

Triple-insulated top – extremely sturdy, stable and smooth. Provides excellent insulation from outside noise, heat and cold. The heated glass rear window improves visibility in all weather conditions.

A no-compromise rear seat – space for grown-ups, easy entrance, retractable head restraints and seat belts with pre-tensioners and load limiters.

Command centre.

DVD/GPS navigation – voice instructions and easy-to-read symbols on the large colour touch screen. (Optional)

DVD disc – included in the navigation system with maps covering most of North America. Detailed information on points of interest to serve as a virtual travel guide. Read about restaurants, hotels, museums, recreation sites, service/gas stations and much more.

XM Satellite Radio®* – features up to 100 channels with commercial-free music and the best in news, sports, comedy, talk and more. (Part of Audio Package for 2.0T, standard on Aero)

OnStar® – including one-year Safe and Sound Plan provides you with 24-hour access to advisors who can help in a variety of situations. If your air bags deploy, an advisor will receive a signal, call in to the vehicle and contact emergency services. (Optional)

MP3/AUX connection – on the front panel of the Infotainment system. Allows you to plug your MP3 player or other portable audio equipment into the car's audio system.

*Includes three trial months beyond which service fees apply.

Versatility and infotainment.

Standard equipment

- Saab Infotainment with single CD (2.0T)
- Saab Infotainment with 6-disc CD changer (Aero)
- Premium 150 Sound System (2.0T)
- Prestige 300 Sound System (Aero)
- Steering wheel control buttons
- MP3/AUX connection
- Smart Slot storage
- CargoSET (Self Expanding Trunk)
- XM Satellite Radio**** (Aero)

Optional equipment and accessories, examples

- DVD navigation*
- Prestige 300 Sound System
- OnStar® In Vehicle Communications System**
- XM Satellite Radio**** (2.0T)
- Telephone holder (accessory)
- CD storage case (accessory)
- Comfort opening
- Interior and cargo mats
- Scratch protection/seating mat
- Smart slot accessories
- Multi-storage box
- Wind deflector

Luggage capacity – the CargoSET-function automatically expands the luggage capacity as you raise the top.

* Includes single CD, 6.5" colour screen with voice guidance and information display, 25 Mb's optical bus. At time of print, detailed Map Coverage is available for most urban areas of the United States and certain Metropolitan areas in Canada (Quebec City, Montreal, Ottawa, Toronto, London, Windsor, Halifax, Winnipeg, Edmonton, Calgary and Vancouver). Coverage is significantly limited outside these areas.

** OnStar includes 12 months of the Safe & Sound package. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. Subscription service agreement required. OnStar acts as a link to emergency service providers. Call 1-888-4-OnStar (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Policy and system limitations and details.

*** Includes three trial months beyond which service fees apply.

Details are subject to change, please check with your Saab Retailer.

CD storage case – for the Smart Slot. Keeps six discs protected. Easy to take with you when you leave the car. (Accessory)

Telephone holder – in the centre console compartment. Connects your phone to the exterior antenna and charges it while on the road. (Accessory)

Saab Infotainment CD changer – includes AM/FM stereo tuner with RDS, MP3 compatible 6-disc single-slot fascia-mounted CD changer and MP3/AUX connection for portable audio equipment.

DVD Navigation* – utilizes a DVD disc and GPS satellite positioning. Guidance by voice instructions and easy-to-read symbols on the large colour touchscreen. Requires OnStar®. (Optional)

New Sound Systems – two upgraded systems to choose from. Premium 150 with a total of 150 watts amplifier output has a front centre speaker that improves the sound distribution. Prestige 300 (300 watts) also has a subwoofer that further enhances the bass.

Wind deflector – reduces back draft and enhances comfort when driving with the top down. Easy to fit and to fold for storage. (Accessory)

Cup holders – one in the centre console compartment, one that unfolds from the fascia.

Surrounded by stars.

In the Saab 9-3 Convertible you are surrounded by comprehensive safety systems day and night. No surprise then that EuroNCAP has given the Saab 9-3 Convertible their highest safety rating, five stars for front and side impact. In fact, few open-top cars share this achievement. And it reflects our real-life safety philosophy that focuses on what happens on the road in real-life conditions. At Saab, we are continuously working to raise the safety level of our cars – saving real lives out on the roads.

Five stars – Saab 9-3 Convertible. Top rating in the European New Car Assessment Program (EuroNCAP) crash tests. (2004)

Maximum rating: Good – Saab 9-3 Convertible. For Saab Active Head Restraints (SAHR) in Britain's Thatcham insurance research centre crash tests. (2005)

Dyna Cage

Crumple zones – front and rear.
Designed to help distribute collision forces over a wide area.

Pop-up bars – behind the rear seat. The system's sensors are designed to detect a roll-over and help to activate both pop-up bars and seat belt pre-tensioners.

Passenger compartment – with a sturdy structure of longitudinal and cross-beams designed to help protect against crash forces.

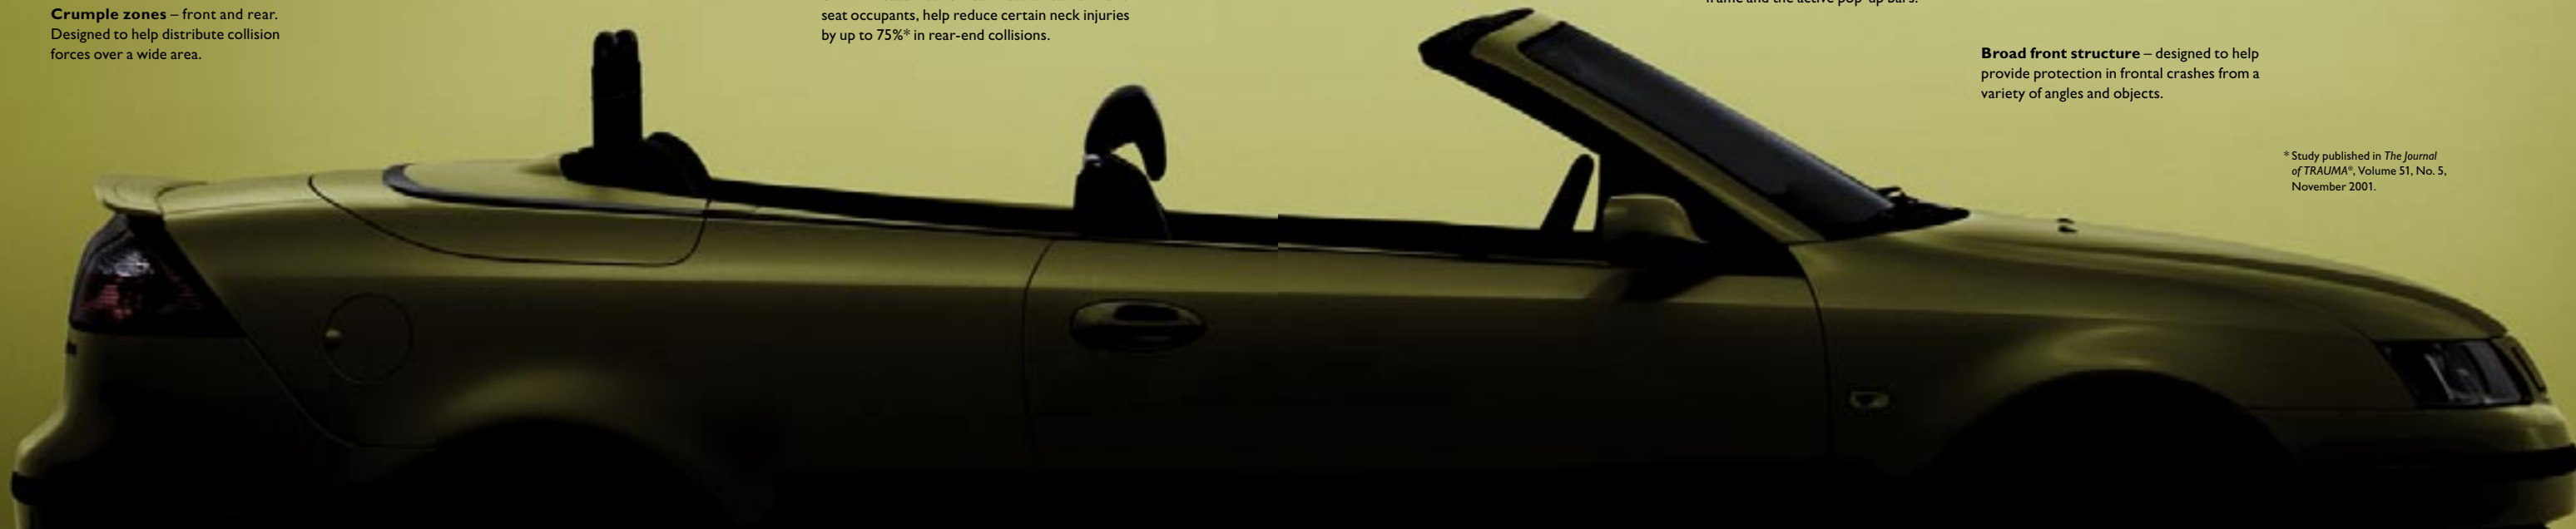

SAHR – Saab Active Head Restraints. For front seat occupants, help reduce certain neck injuries by up to 75%* in rear-end collisions.

Head/thorax side air bags – in the front seats. Two-stage units that help protect both the thorax and head for front seat occupants.

DynaCage – roll-over protection system by means of the heavily reinforced windshield frame and the active pop-up bars.

Broad front structure – designed to help provide protection in frontal crashes from a variety of angles and objects.

* Study published in *The Journal of TRAUMA*®, Volume 51, No. 5, November 2001.

What's your altitude?

Be one with your Saab 9-3 Convertible – by designing it just as you want it. Choose between two models, each with its own individual character and flair. For your most intense Saab driving experience, go directly to the Aero model. Once you've found your car, you can tailor it exactly as you like. Why not try it out on **saabcanada.com**.

Saab 9-3 Convertible

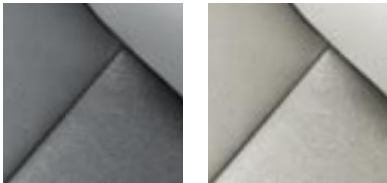

2.0T

The Saab 9-3 Convertible model has our powerful 2.0-litre turbocharged engine, producing 210 hp. The sporty character continues on the outside with colour-keyed lower body parts and twin 5-spoke alloy wheels. The interior represents natural Scandinavian simplicity. Refined and clean with leather-appointed upholstery.

- Examples of equipment**
- 2.0-litre, 4-cylinder turbocharged engine
 - 210 hp and 221 lb-ft of torque
 - 16" twin 5-spoke alloy wheels, all-season tires
 - Electronic Stability Program (ESP®)
 - Body-coloured side skirts/bumper extensions
 - Leather-appointed upholstery
 - Sport leather steering wheel
 - 8-way power driver's seat
 - Cruise control/Saab Car Computer
 - Saab Infotainment with single CD
 - Premium 150 Sound System
 - Automatic Climate Control (ACC)

Leather, Slate Grey Leather, Parchment

Leather upholstery refers to leather seating surfaces.

5-spoke Double Bridge 17"×7½"
(Optional as part of Appearance Package)

Sport leather steering wheel

Saab 9-3 Convertible Aero

The ultimate expression of our devotion to active driving. Slip into the body-hugging seats. Grab the thick leather-clad 3-spoke steering wheel and you're ready to tackle the g-forces. Inside – appointed-leather and contrasting metallic trim accents on the centre console, gear lever and steering wheel.

Examples of equipment

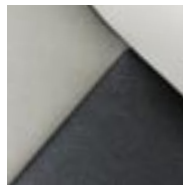

- 2.8-litre, 6-cylinder turbocharged engine
- 250 hp and 258 lb-ft of torque
- 17" 5-spoke alloy wheels, all-season tires
- Lowered sport-tuned chassis
- ESP® Plus
- Dual sport exhaust pipes
- Body-coloured front spoiler, side skirts, rear bumper skirt and rear spoiler
- Integrated front fog lamps
- Metallic trim, centre console
- Sport leather-appointed upholstery with accents
- 8-way power front seats
- Aero sport steering wheel
- Saab Infotainment with 6-disc CD changer
- XM Satellite Radio®*
- Prestige 300 Sound System
- Automatic Climate Control (ACC)

First class amenities.

All-round inspiration. Buying and owning a Saab 9-3 Convertible should be as inspirational as driving it. So we've designed a wide range of programs that make it easy, secure and economical for you to own and drive your car. For more information, simply ask your Saab Retailer or visit saabcanada.com.

Your Ownership.

At Saab, one of our top priorities is customer satisfaction. Our aim is to offer an ownership experience, which develops into a long-term partnership based upon mutual benefit and pleasure. To preserve this commitment from the very outset, we have built your Saab to standards which reflect the tradition of quality and responsibility that our name represents. But it goes well beyond that. As a Saab customer, you can count on Saab's commitment to excellent service from the moment you approach a Saab Retailer and throughout your entire ownership. This pledge is the very foundation of all Saab's interaction with you. And you will find evidence of this commitment everywhere.

Limited Warranty – a 4-year/80,000 kilometre, whichever comes first, limited new-car warranty and a six-year anti-perforation warranty applies to every new 2007 Saab 9-3 Convertible. Ask your Saab Retailer to provide the terms and conditions of these limited warranties.

Powertrain Warranty – in addition to the Limited Warranty, General Motors will warrant each 2007 model year passenger car for 5 years, or 160,000 kilometres with no deductible, whichever comes first, from the original in-service date of the vehicle, for warrantable repairs which are required as a result of defects due to material and/or workmanship to the Powertrain components. See your Saab Retailer for terms and conditions.

Saab Roadside Assistance – offers emergency help around the clock anywhere in Canada and in most of the U.S. during the warranty period of 5 years, or 160,000 kilometres, whichever comes first. Terms of the Roadside Assistance agreement are available at your local Saab Retailer.

Courtesy Transportation – during the warranty coverage period of 5 years or 160,000 kilometres, whichever comes first, alternate transportation and/or reimbursement of certain transportation expenses will be available under the Courtesy Transportation Program if your vehicle requires warranty repairs. Several transportation options are available. See your Saab Retailer for terms and conditions.

Technical specifications

2.0 Turbo
In-line 4-cylinder turbo engine.
1998 cc (121 cu. in.).
SAE rating 210 hp at 5500 rpm.
SAE peak torque 221 lb-ft at 2500 rpm.
Double Overhead Camshafts (DOHC).
4 valves per cylinder.
Turbocharger and intercooler.
Saab Trionic 8 Engine Management.

Transmission
Manual, 6-speed. (Standard)
Sentronic, 5-speed automatic with manual shift capability. (Optional)

2.8 V6 Turbo
6-cylinder (V6) turbo engine.
2785 cc (170 cu. in.).
SAE rating 250 hp at 5500 rpm.
SAE peak torque 258 lb-ft at 2000 rpm.
Double Overhead Camshafts (DOHC).
4 valves per cylinder.
Turbocharger and intercooler.

Transmission
Manual, 6-speed. (Standard)
Sentronic, 6-speed automatic with manual shift capability. (Optional)

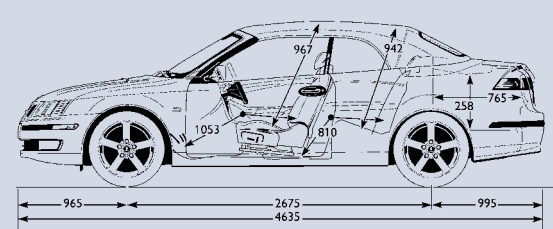

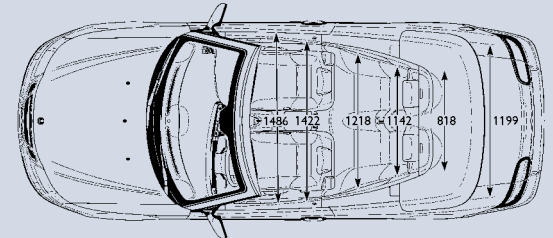

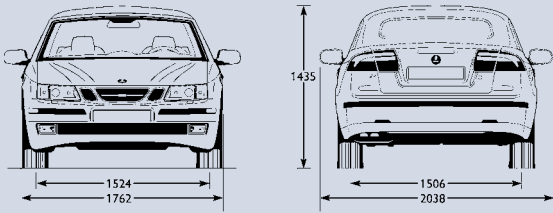

Fuel tank capacity
62 litres (13.6 imp. gallons).

Transmission
Transversely mounted drive unit.
Front-wheel drive.
Electronic Stability Program (ESP®/ESP® Plus), designed to help reduce wheel-spin and sliding.

Steering
Power-assisted rack-and-pinion steering.
Steering wheel adjustable for angle and reach.
Turning circle: 10.8 m (35.4 ft.) curb-to-curb.

*Some conditions apply, see Owner Manual.

The 17-inch all-season tires have a lower aspect ratio that aids performance and handling. However, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at recommended levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices. For further information on all these topics, please consult the Owner Manual, your local Saab Retailer or call 1-888-888-SAAB.

Dimensions shown in millimetres

(Standard on 2.0T)

10-spoke 16"×6½" (ALU 43)

Important Information

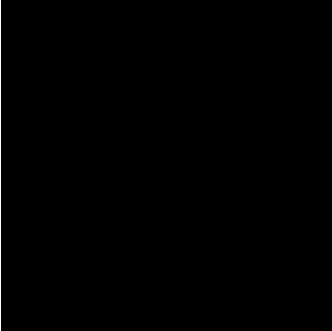

Assembly
The 9-3 Convertible and its components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

An Important Note About Alterations and Warranties
Installations or alterations to the original equipment vehicle (or chassis) as distributed by Saab are not covered by the New Vehicle Limited Warranty and Powertrain Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by Saab or GM. Saab and General Motors are not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

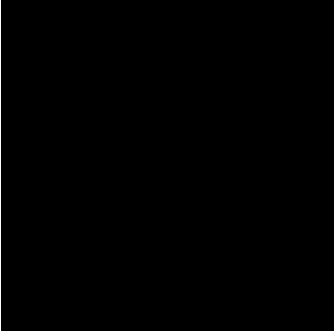

Important Words About This Brochure
We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of the printing, please check with your Saab Retailer for complete details. Saab reserves the right to lengthen or shorten the model year or any product for any reason, or to start and end model years at different times.

A Note About Child Safety
Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Children are safer when properly secured in rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner Manual and child safety seat instructions for more information.

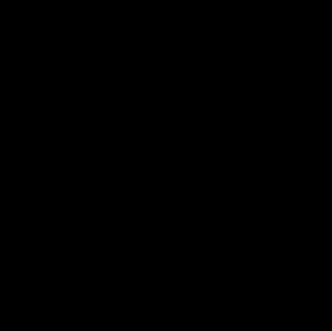

Saab, GM, the Saab logo, the GM logo, and the slogans, emblems, vehicle model names, vehicle body designs, and other marks appearing in this brochure are the trademarks and/or service marks of Saab or General Motors Corporation, their subsidiaries, affiliates, or licensors. US vehicles shown in this brochure. Please consult your Saab Retailer for the latest information.

Saab AB and Saab Automobile AB are today two unaffiliated companies with a common history. Saab Automobile AB manufactures cars and is a subsidiary of General Motors Corporation. Saab AB has its main operations in defence, aviation, space technology and civil security. Gripen, developed by Saab AB, is the first of the new generation, multi-role combat aircraft to enter service. For more information about Saab AB, please visit www.saabgroup.com.
