

2019 PACIFICA

 eHYBRID

PACIFICA HYBRID AWARDED “TODAY’S PARENT™ APPROVED” SEAL

The Chrysler Pacifica Hybrid has earned the coveted “Today’s Parent Approved” seal as a result of both lab and real-world parent testing. To earn the rating, Pacifica Hybrid passed exhaustive product testing, excelling in and beyond three core categories: quality, ease-of-use and value for money. *Today’s Parent Approved* editors and parent testers were impressed with the Pacifica Hybrid’s results, covering a wide range of features, including safety and security,

space for occupants and cargo, finish quality, ride and handling, and the entertainment system. Also factored was how well this vehicle meets the day-to-day needs of families, such as installing car seats, lifting strollers in and out, loading up hockey gear and taking family road trips, as well as the remarkable hybrid fuel economy, in assessing the Pacifica Hybrid’s overall value.

LIMITED SHOWN IN BILLET METALLIC

GET MORE OUT OF EVERY KILOMETRE

From maximizing driving range and saving fuel while reducing emissions, the Pacifica Hybrid conserves resources without compromising versatility and space. Increasing your options for less dependence on gas, the Pacifica Hybrid offers an astounding 2.7 L_e/100 km (105 MPG_e) fuel efficiency rating in city driving,* easily covering an average daily commute up to 51 km (32 miles) of electric range and a total driving range of up to 835 km (519 miles)?

EFFICIENCY TO KEEP YOU HUMMING ALONG

Working seamlessly together, the gas and battery operations allow drivers to effortlessly gain efficiency with the worry-free choice of power and charging, designed for simplicity. You’ll easily monitor your driving history and real-time results on the unique Pacifica Hybrid information screens, allowing for optimized efficiency. With the capability to perform highway cruising or city driving on battery power, you’ll also have peace of mind knowing the gas engine is always ready to take over as needed.

TOURING-L INTERIOR SHOWN WITH ALLOY NAPPA LEATHER-FACED SEATS WITH PERFORATED INSERTS AND ICE BLUE ACCENT STITCHING

TOUCH-FRIENDLY INFORMATION

The intuitive information screens of the Pacifica Hybrid notify you when the vehicle is running, deliver easy-to-monitor energy output and input, and offer driving tips for maximum efficiency. Pacifica Hybrid comes standard with the Uconnect® 4 multimedia centre, featuring the Largest-in-Class³ 8.4-inch touchscreen. The radio includes Hybrid Electric Pages with helpful information about your vehicle's Power Flow, Driving History and Charging Schedule.

HYBRID APP

Stay connected to your Pacifica Hybrid from the convenience of your phone to view Driving History and charging progress, locate a charging station, and more. The SiriusXM Guardian⁴ smartphone app delivers remote access to the Hybrid's sophisticated technology, making life simpler along the way. Once downloaded to your smartphone, the app can be used to check the battery charge, vehicle range and estimated time to full recharge. Includes a one-year subscription.⁴

7-INCH IN-CLUSTER DISPLAY CENTRE

This premium display delivers configurable graphics integrated between the cluster gauges. Along with driver assist features like turn-by-turn navigation⁵ and Parallel and Perpendicular Park Assist,⁶ the unique Hybrid customizable screen is further enhanced with Electric and Hybrid power gauges that provide information about regenerative braking in-flow, efficiency and much more.

EFFICIENCY COACH

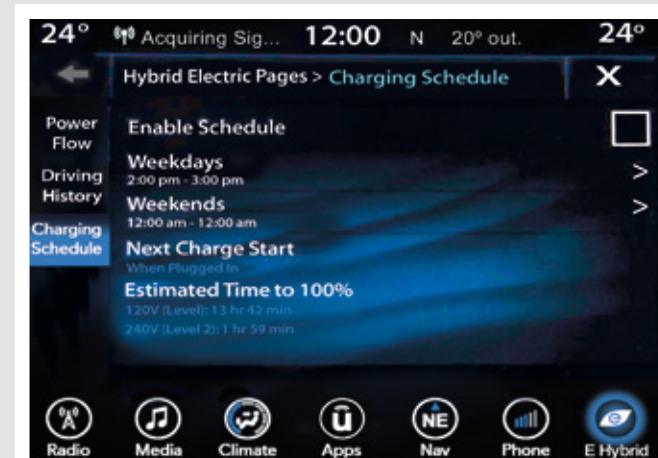

The in-cluster display centre on the Pacifica Hybrid includes a coaching feature to help optimize fuel efficiency by showing a small green light to let you know when you're driving efficiently. When driving beyond the eco-friendly range, the light turns white so you can always be aware of your performance-to-efficiency operation.

POWER FLOW

The Hybrid Electric Pages Power Flow screen displays the current power readings and the flow of power as it returns to the vehicle systems.

- Engine — Displays the amount of power the engine is generating to charge the battery or providing to the drive wheels.
- Electric — Shows the power level the battery is currently providing/absorbing. A negative kW reading indicates the vehicle battery is charging through regenerative braking.
- Climate — The amount of power the climate control system is using to maintain the current interior temperature.

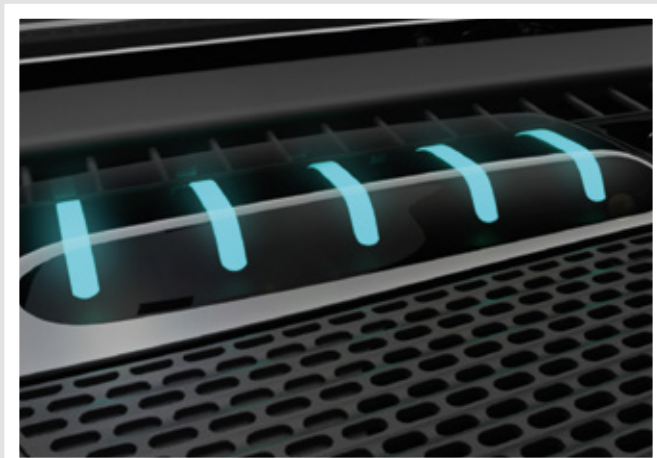

CHARGING SCHEDULE

The Charging Schedule screen allows you to set when you want your vehicle to charge. To do so, press the box next to the setting "Enable Schedule" until a check mark appears in the box; from there, you can set the schedule. In addition to scheduling the charge at regular times that you're home or able to utilize a public or workplace charging station, this feature allows you to take advantage of available lower off-peak electricity rates. For vehicles equipped with the Uconnect® 4C NAV⁵ multimedia centre, the Charging Schedule can also be set using the downloaded SiriusXM Guardian⁴ app on your smartphone.

DRIVING HISTORY

The Driving History screen within the Hybrid Electric Pages app shows the kilometres driven in both Full Electric and Hybrid modes for current and previous weeks. The data is displayed in a bar graph: Electric Mode kilometres in teal and Hybrid Mode kilometres in blue help you to clearly differentiate and observe performance levels at a glance of how much of one system or the other you're using on a regular basis. Most Hybrid drivers will find that their efficiency increases as they become familiar with these tools.

FIVE-POINT CHARGE LEVEL INDICATOR

The convenient charge level indicator, positioned on top of the dash, is visible at a glance and from outside the vehicle so it's easy to identify the battery's charge level from a distance. Each of the five brightly coloured bars represents a 20% charge level; two illuminated bars indicate a 40% charge and so on, up to five illuminated bars or a 100% fully charged battery.

THE BEST *OF BOTH WORLDS*

LIMITED SHOWN IN BILLET METALLIC

UP TO 835 KILOMETRES TOTAL DRIVING RANGE²

GOING FURTHER ON LESS

The core power source of the Pacifica Hybrid is the 16kWh lithium-ion battery, delivering up to 51 km (32 miles) solely on zero-emissions electric power from a single charge;² allowing maximum efficiency at lower city speeds. If more power is needed, the gasoline engine is automatically engaged. As you slow the vehicle, the Hybrid's regenerative braking system and motor function as a generator by redirecting power to the battery to extend the electric range. The Hybrid technology provides up to a 835-km (519-mile) total driving range² with a full fuel tank and charge.

EFFICIENT 3.6L PENTASTAR™ V6

When more power is needed, such as accelerating quickly to merge on the highway, the Pacifica Hybrid meets the demand. The powertrain provides a commanding 3.6L Pentastar VVT V6 engine that delivers an impressive 260 horsepower and 236 lb-ft of torque. This specially adapted engine uses a reduced air/fuel compound, compared to conventional engines, for advanced fuel efficiency. It works with the electric motor, contributing to Best-in-Class¹ fuel economy ratings of 2.7 L_e/100 km (105 MPGe) city / 3.1 L_e/100 km (91 MPGe) highway.¹

AUTOMATIC POWER EXCHANGE

Alternating between electric and gas power is seamless, thanks to the Electrically Variable Transmission (EVT), featuring two electric motors — both capable of delivering power to the front wheels. With an electric driving range of up to 51 km (32 miles);² the Pacifica Hybrid is less dependent on gas, helping lower emissions for a greener environment while increasing savings at the pump and beyond.

THE POWER OF SAVINGS AND CHOICE

The Hybrid battery may be charged with a standard Level 1 (120-volt) home outlet and an available Mopar® Level 2 (240-volt) charger, which can restore full power in as little as two hours.⁷ The port located above the driver's side front fender allows easy charging access after exiting the vehicle.

When purchasing a Pacifica Hybrid, you may qualify for government incentive program rebates by province. Please visit www.chrysler.ca/pacifcahybrid/govtrebates for more information. The battery has a fully transferable 10-Year/160,000-Kilometre Limited Warranty.⁸ [click to view warranty]

THE MOST ADVANCED ENTERTAINMENT SYSTEM IN ITS CLASS³

AVAILABLE UCONNECT® THEATRE REAR-SEAT ENTERTAINMENT SYSTEM

INDUSTRY-LEADING REAR-SEAT ENTERTAINMENT³ SYSTEM

The available Class-Exclusive³ Uconnect Theatre rear-seat-back entertainment system allows passengers to watch movies, play built-in games and connect personal devices to stream content throughout the vehicle. The system enables second-row occupants to bring their digital lifestyle along for the ride and connect simply, either wirelessly or using USB and HDMI device connectivity.

FIRST-ROW CONTENT CONTROL

The available Blu-ray®/DVD player with integrated video USB port in the first-row centre stack can be used to play movies on the two Uconnect Theatre 10-inch touchscreens. From the first-row 8.4-inch touchscreen, parents can mute, turn off and lock out content displayed on each screen.

MOBILE THEATRE AND GAME CONSOLE

Uconnect Theatre integrates apps and games on dual, 10-inch HD touchscreens, allowing separate media or games to display simultaneously. Keep curious minds in the backseat engaged as they follow your travels with the “Are We There Yet?” app on navigation-equipped models⁵ which displays distance and time remaining to programmed destinations. Seven included games, like checkers, tic-tac-toe and bingo, ensure the crew is entertained along the way.

PREMIUM ACOUSTICS

The standard built-in Active Noise Cancellation technology enhances cabin quietness. It allows for a premium sound quality through the standard six-speaker audio system, available Alpine® 13-speaker audio system or available Class-Exclusive³ harman/kardon® 20-speaker surround-sound audio system, creating a mobile soundstage.

7-INCH FULL-COLOUR CUSTOMIZABLE IN-CLUSTER DISPLAY CENTRE

UCONNECT® REAR ENTERTAINMENT SYSTEM – 10-INCH TOUCHSCREENS

LARGEST-IN-CLASS³ *8.4-INCH* *TOUCHSCREEN*

STAY CONNECTED WHILE PLAYING IT SAFE

Seamlessly communicate, navigate, and stay entertained as you focus on the road with the standard Largest-in-Class³ 8.4-inch Uconnect[®] touchscreen. The system also makes it easy to manage the hybrid power and charging features, climate and multimedia controls, as well as available preferred seat, mirror and radio settings. With your compatible phone paired, Voice Text Reply⁹ can announce and read incoming texts as well as reply with preset responses. Siri[®] Eyes Free¹⁰ allows you to make voice commands¹¹ with your compatible iPhone[®] and use Do Not Disturb to hold calls and texts or send automated replies while driving.

HYBRID SCREENS DISPLAY

The standard 8.4-inch touchscreen display includes the intuitive Hybrid Electric Pages to monitor the vehicle's performance. You can adjust your charging schedule for your convenience or less expensive off-peak hours, view your power flow and driving history, and more.

3D NAVIGATION IMAGERY⁵

Identifying your whereabouts is an exact science with the available Uconnect 4C NAV multimedia centre's integrated navigation system,⁵ including 3D landmarks, city models, digital terrain maps, enhanced graphics and one-step voice destination entry.

This advanced available in-vehicle connectivity offers a 4G Wi-Fi Hotspot¹² and helps when you need it most with Roadside Assistance Call and SOS Call from your touchscreen or rearview mirror button. The SiriusXM Guardian mobile app keeps you connected by turning your phone into your vehicle's command centre. The one-year subscription⁴ includes Remote Vehicle Start to start your car and unlock the doors from virtually anywhere, as well as Stolen Vehicle Assistance alerts, Send & Go[™] and much more.

SiriusXM
TRAFFIC

SiriusXM
TRAVEL LINK

The five-year service subscription¹³ includes real-time detailed information about traffic, construction and road closures and works in tandem with the GPS Navigation⁵ in your vehicle. It can also display weather forecasts, fuel prices, sports scores and movie schedules.

SiriusXM satellite radio¹³ is standard and includes a one-year subscription to a variety of music, news, sports and specialty channels. You can set up alerts of your favourite song, artist or sports team playing on another channel, and Instant Replay lets you pause, rewind and replay programs and songs.

androidauto

This plug-and-play available capability provides a safer way to use Android[™]¹⁴ while in your vehicle, sharing information while you easily access the best of Google[™]: Google Maps with voice-guided navigation⁵ and Google Play Music, place phone calls or send and receive messages, and ask Google any question by voice command.¹¹

The smarter, safer way to use your iPhone¹⁴ inside your vehicle and plug in to seamlessly integrate with Uconnect. The available compatibility allows you to use the touchscreen or Siri¹⁰ to make calls, access Apple Music, send and receive messages, get directions optimized for traffic conditions and more while staying focused on the road.

100+

STANDARD AND AVAILABLE
SAFETY AND SECURITY FEATURES

LIMITED SHOWN IN BILLET METALLIC

PARK-SENSE® REAR PARK ASSIST WITH ACTIVE BRAKING⁶

Park-Sense Rear Park Assist offers a network of sensors to help guide you into parking spaces by providing visual and audible alerts of a detected obstacle's distance. The available system's Active Braking technology can automatically apply the brakes to prevent a possible rear collision in low-speed parking situations.

PARALLEL AND PERPENDICULAR PARK ASSIST⁶

Parallel parking assistance is available on either side of the vehicle and can start searching for a parking position as soon as the driver activates the system using a dedicated centre-stack button. Perpendicular parking assistance allows the vehicle to back itself into a suitable space, automatically controlling the steering-wheel angle while the driver controls the gears, brake and accelerator.

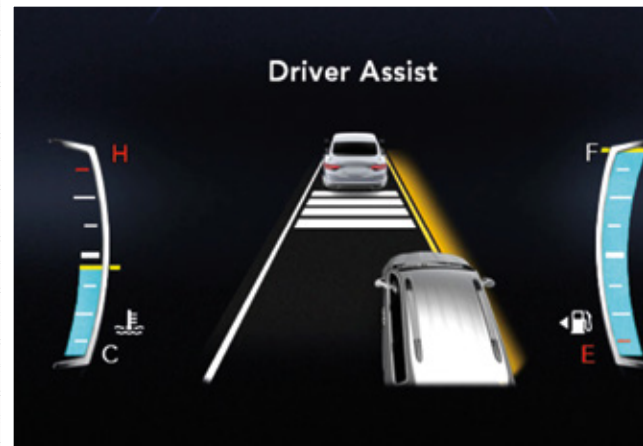

ELECTRONIC PARK BRAKE

Activated by a button located near the Rotary dial E-shift, the standard Electronic Park Brake switch eliminates the traditional pull park/emergency brake handle. It includes the additional safeguard override feature of SafeHold, which can secure the wheels if it detects the driver has exited the vehicle while it's at a standstill but not in the Park gear.

SURROUND-VIEW DISPLAY

Whether parking, changing lanes or simply backing out of your driveway, the available full-surround-view camera⁶ — with visual and audio alerts — provides an overhead display of your vehicle's surroundings on the Uconnect® 8.4-inch touchscreen.

LANE DEPARTURE WARNING WITH LANE KEEP ASSIST⁶

A forward-mounted camera determines vehicle position within lane lines, displaying a cluster warning if the system detects you've crossed either line without using a turn signal. The available system then applies torque to the steering wheel to correct the movement. If no corrective action takes place, it can help gently nudge the vehicle back in the lane using corrective steering input.

ADAPTIVE CRUISE CONTROL WITH STOP AND GO⁶

By using radar and video sensors, this available system identifies forward-path vehicles to help maintain a safe distance at cruising speeds. It maintains one of four driver-selectable preset distances and in certain conditions, such as stop-and-go traffic, the system brings the vehicle to a complete stop without driver intervention.

FORWARD COLLISION WARNING WITH ACTIVE BRAKING⁶

Using radar and video sensors, this available system detects whether the vehicle is approaching another vehicle or large obstacle too rapidly. When an object is detected, the system provides audible and visual warnings and can assist the driver in avoiding the incident by applying the brakes.

BLIND-SPOT MONITORING WITH REAR CROSS-PATH DETECTION⁶

This available system monitors rear blind zones on either side of your vehicle when driving forward. If a vehicle is detected, an indicator in your sideview mirror and selectable audible chime will alert you. The system also includes Rear Cross-Path Detection to alert you of vehicles and objects when in Reverse.

TECHNOLOGIES THAT EXPAND YOUR *SAFETY NET*

AVAILABLE SURROUND-VIEW CAMERA⁶ SHOWN ON THE 8.4-INCH UCONNECT[®] TOUCHSCREEN

ACTIVE SAFETY FEATURES

Parking, changing lanes, driving in heavy traffic or reversing out of your driveway are all simple tasks that can be achieved with the Pacifica Hybrid. Along with keeping an eye on blind spots and the road ahead, Pacifica Hybrid offers features that automatically slow and stop the vehicle if it's too close to another or help steer it back into your intended lane.

PARKVIEW[®] REAR BACK-UP CAMERA⁶

When driving in Reverse, the standard ParkView Rear Back-Up Camera⁶ perspective is in the 8.4-inch Uconnect touchscreen. The system includes static or dynamic grid lines, which adjust to the direction the steering wheel is turned. The wide-angle view of what is immediately behind your vehicle allows you to better access a clear path for backing out of parking spots.

SAFETY AND SECURITY FEATURE PACKAGES

Two package options bundle advanced safety features to enhance driver and passenger safety and security. SafetyTec[™] Group⁶ includes: Park-Sense[®] Rear Park Assist with Active Braking⁶ and Blind-Spot Monitoring with Rear Cross-Path Detection.⁶ The Advanced SafetyTec Group's active safety systems include Forward Collision Warning with Active Braking,⁶ Adaptive Cruise Control with Stop and Go,⁶ Lane Departure Warning with Lane Keep Assist⁶ and more.

8 STANDARD AIR BAGS¹⁵

Every model gives the peace of mind of eight air bags, including front multistage air bags with adaptive venting technology, side-curtain air bags, driver and front-passenger inflatable knee bolster air bags, and front-seat-mounted side-impact air bags. The front air bags are able to open at varying levels of inflation, based on occupant size and the severity of impact. Side air bag inflatable curtains extend over both front and rear seating rows.

ADVANCED LIGHTING TECHNOLOGY

Pacifica's standard automatic quad-halogen projector headlamps and premium fog lamps provide more controlled illumination for increased visibility. LED Daytime Running Lamps provide enhanced illumination and unmistakable road presence, while standard LED taillamps produce a distinctive and illuminated halo. Available Auto High-Beam Headlamp Control adjusts brightness based on ambient light and oncoming traffic.

LIMITED INTERIOR WITH ALLOY NAPPA LEATHER-FACED SEATS WITH PERFORATED INSERTS, BLACK ACCENT PIPING AND ICE BLUE ACCENT STITCHING

OPEN AND AIRY *INTERIOR*

NAMED ONE OF WARDS 10-BEST INTERIORS

This Award-Winning interior's design, crafted details and tech features impress families and drivers alike. Premium leather-faced seating features Best-in-Class³ first-row legroom, while its ergonomic design bolsters body contours. The 12-way power adjustable driver seat, including four-way power lumbar support, customizes your position.

Within reach are the standard Largest-in-Class³ 8.4-inch touchscreen and the standard Rotary dial E-shift, while Keyless Enter 'n Go™ with proximity entry and push-button start gives you easy access to your home away from home.

A PERFECT CLIMATE

When temperatures outside are less than ideal, Pacifica Hybrid has you covered with available premium features like heated and ventilated front seats and a heated steering wheel, which can be operated using climate controls on the Uconnect® touchscreen.

The standard tri-zone automatic temperature includes a rear-seat control panel. With available remote start, the heated steering wheel and heated or ventilated front seats can be programmed to activate automatically. The new Cold Weather Group on Touring Plus brings an extra layer of warmth to cloth seats.

LET THE SUNSHINE IN

Passengers will appreciate awe-inspiring views while enjoying cloud formations or counting stars through the overhead glass. The spacious interior is visually expanded with the light-infused Class-Exclusive³ available Tri-Pane Panoramic Sunroof with third-row fixed glass and power dual-pane first- and second-row sunroof. The sunroof features deep-tinted glass and a power sunshade for the front portion, as well as a manual sunshade for the fixed rear glass.

UNMATCHED PASSENGER AND CARGO *VERSATILITY*

2ND-ROW CAPTAIN'S CHAIR REMOVED, 3RD-ROW SPLIT-FOLDING SEAT STOWED*

FORM AND FUNCTION ON YOUR SIDE

The Pacifica Hybrid includes seating for seven, with easily removable second-row Captain's Chairs and third-row Stow 'n Go® fold-in-floor seating and storage for an expansive rear cargo volume. Occupants in all three rows will notice the abundant shoulder-, leg- and headroom for a relaxing, comfortable ride. The available hands-free power liftgate and sliding side doors give owners the freedom to open the vehicle with a key-fob press, or a simple foot kick, for the ultimate in convenience.

*Properly secure all cargo

SMART STORAGE AND SEATING FOR SEVEN

Without compromising space for efficiency, the Pacifica Hybrid delivers seating for seven and a multitude of seating and storage configurations to meet the needs of your busy life on any given day. The easy-to-remove second-row Captain's Chairs give occupants plenty of personal space while seated as well as to move about when parked. With a fold-in-floor third-row seat and second-row seats removed, the flat cargo space can fit a stack of 4- x 8-ft sheets of plywood. Having the ability to change configurations as readily as needed, with all the space of a minivan, is what the no-compromises Pacifica Hybrid is all about.

THERE'S A SPOT FOR THAT

Versatility is virtually endless with the most innovative minivan in its class.³ The seating systems on Pacifica Hybrid allow you to remove the second-row seats and to fold and stow third-row seats, enabling you to go from seating up to seven to seating two passengers, with any combination in between.

EASY DOES IT

Making it seemingly effortless for third-row passengers of all sizes to get in and out is a convenience that considers your time and effort. The second-row seats roll forward so the headrest meets the front-seat headrest. This upward and forward sliding movement allows third-row passengers to step into the vehicle without having to crawl over the second row.

FRONT AND CENTRE

The Pacifica Hybrid offers centre consoles that provide clever functionality, storage and organization for all of your gear. All versions of the available centre consoles offer four cup holders, including two for the front row and two for the second row. An additional open forward bin, inset into the floor, is deep and wide enough to hold a grocery bag or purse. Also included are connections for 12-volt and USB charging, lined storage surfaces and a stylish tambour door on models equipped with the Super Console.

FOLD-IN-FLOOR THIRD-ROW SEATS

The standard third-row fold-in-floor 60/40 split-bench seat stows directly into the floor. With second-row seats removed and third-row seats stowed, 3,979 L (140.5 cu ft) of space means loading up is as easy as loading in.

Properly secure all cargo

EVERY DAY IS A
*MOVING
EXPERIENCE*

HANDS-FREE LIFTGATE

SEGMENT-EXCLUSIVE³ HANDS-FREE
POWER SLIDING DOORS AND LIFTGATE

A single kick motion under the hands-free dual sliding doors or liftgate opens the vehicle when the key fob is with you. Whether you're carrying packages or a sleeping baby, loading in and getting everyone settled has never been smoother.

Properly secure all cargo

HAND OVER THE KEYS WITH CONFIDENCE

Ideal for families with new drivers, the available KeySense programmable key fob helps promote safe driving habits and limit distractions. Using a four-digit PIN programmed through the Uconnect[®] touchscreen, the KeySense fob can limit vehicle speed and audio volume and block select SiriusXM satellite radio channels.¹⁴ KeySense will also mute the audio when front seat belts are not buckled and prevent disabling of available active safety systems.

KEYLESS ENTER 'N GO[™] WITH PROXIMITY ENTRY AND
PUSH-BUTTON START

The standard passive entry system allows you to open doors as well as start the vehicle with a keyless, push-button ignition via a personalized fob. With the fob on or near you, simply pull the door handle or rear liftgate latch to unlock the vehicle. The available power sliding doors and rear liftgate can also be opened with the touch of a button.

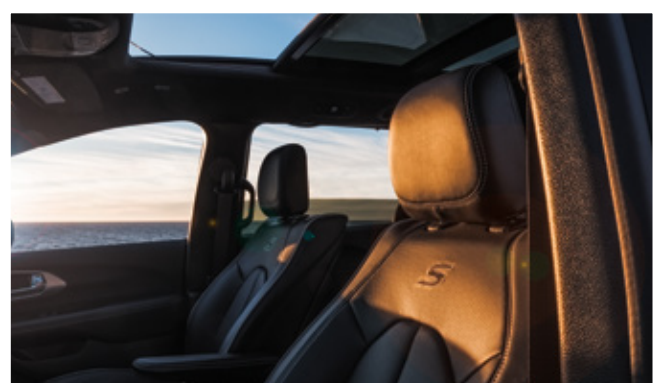

S APPEARANCE PACKAGE *WRAPPED IN ATTITUDE*

The available S Appearance Package gives Pacifica a sporty look inside and out. Black exterior accents include grille surrounds, headlamps, daylight opening mouldings, Black Noise aluminum wheels, as well as unique Chrysler wing and “S” badging. Inside, Black elements throughout feature Light Diesel Grey accent stitching on seats, steering wheel, instrument panel and doors, along with embroidered “S” logo and Piano Black accents.

- Unique 18-inch Black Noise aluminum wheels
- Black grille surround with Black Chrysler wing badge
- Black Stow ’n Place® roof rack system

DISCLAIMERS: (1) Based on *EnerGuide* fuel consumption ratings for minivans in the WardsAuto Small Van segment. 3.1 L_e/100 km (91 MPG_e) highway. 2018 Chrysler Pacifica Hybrid with 3.6L Pentastar VVT V6 Hybrid engine and eFlite Electrically Variable Transmission. L_e/100 km is an equivalent measure of gasoline fuel consumption for electric energy consumed by Plug-in Hybrid Electric Vehicles (PHEV) operating in electric mode. Miles per gallon equivalent (MPG_e) ratings based on imperial gallon. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. (2) Electric range based on *EnerGuide* combined fuel consumption ratings, full battery charge and hybrid mode. Driving range based on *EnerGuide* combined fuel consumption ratings, fuel tank capacity, full battery charge, and hybrid mode. Your actual driving range will vary based on driving habits and other factors. (3) Based on the latest available competitive information for minivans in the WardsAuto Small Van segment. Excludes other vehicles designed and manufactured by FCA US LLC. (4) All SiriusXM Guardian-equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. (5) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. (6) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. (7) Requires purchase and professional installation. See Chrysler retailer for details. (8) See your retailer for complete details and copy of the warranty. (9) Preset voice to text messaging and incoming text message reading requires a MAP-enabled phone. (10) Siri Eyes Free requires an iPhone equipped with Siri. Certain features not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. (11) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. (12) Wi-Fi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. (13) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. (14) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates may apply. (15) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (16) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. (17) Not compatible with all garage door openers.
