

The Kia K4 Hatchback

Movement that inspires

Sporty, versatile and energetic.

Designed for your busy, on-the-go lifestyle, the sporty new K4 Hatchback delivers comfort, versatility, performance and advanced technology for a bold and ambitious driving experience.

International model shown.

Dual-zone automatic climate control¹
with auto defog and a 5" dedicated climate control display¹.

Digital Key¹
lets you use your smartphone as a secure key, allowing you to lock and unlock the doors and start the engine without the need for a keyfob.

Built with connectivity in mind.

The K4 Hatchback comes with standard front and rear USB charging ports, and wireless Apple CarPlay® and Android Auto™. Plus 3 free years of Kia Connect, a world of smartphone-based support services that enhance your security, comfort and confidence every time you get behind the wheel.

¹ Available feature. See features page or visit kia.ca for full details. International model shown.

A panoramic command centre
features available dual 12.3" digital displays¹. Each system control and convenience is perfectly placed for maximum visibility and easy reach.

Spacious comfort throughout.

The K4 Hatchback's interior provides generous accommodations, with contoured seating and impressive head and leg room. It's a comfortable, well-appointed environment with next-level features that rival many larger automobiles.

¹ Available feature. See features page or visit kia.ca for full details. International model shown.

The K4 Hatchback's spacious cargo area provides up to 1,680 L (59.3 cu. ft.) of flexible space for all your getaway gear.

A powerful design statement.

The K4 Hatchback is the latest iteration of Kia's unique Opposites United design language. The bold proportions; the unique "floating roof" profile; the wide, confident stance - together they push the design envelope in powerful new ways.

The look of the tiger - reborn

The all-new K4 Hatchback sports the latest expression of Kia's famed tiger-nose grille - adding a distinctive, smooth-flowing face to a hatchback with cut-above design and appearance features.

Sporty and athletic attitude, with attention to every detail

The K4 Hatchback's sporty attitude is made clear by its muscular flanks, available GT-Line accents, floating roof design, and available 17" and 18" alloy wheels - all set off by Kia's exclusive star-map positional lighting and taillamps that add pronounced visual edges to the front and rear.

Safety and technology that's clearly a cut above.

The K4 Hatchback comes with standard safety and technology features that are usually reserved for larger, more expensive vehicles. These include Advanced Driver Assistance Systems (ADAS) such as Smart Cruise Control with Stop & Go capability; safety features like rear side airbags; wireless over-the-air (OTA) vehicle system updates; and much more.

Forward Collision-Avoidance Assist (FCA 1.5)²

is designed to alert you of a potential collision with a vehicle, pedestrian or cyclist and can apply the brakes to reduce or avoid impact. FCA 2.0¹ adds a Junction Crossing function that detects potential intersection collisions and Evasive Steering Assist to help steer you around collision situations.

Lane Following Assist²

uses a camera at the front windshield to detect lane markers on the road to help keep you in the centre of your lane.

Blind-Spot Collision-Avoidance Assist^{1,2}

uses radar to detect vehicles in your blind spot and may apply braking power when an approaching vehicle is detected within a certain distance, next to or behind your vehicle.

Rear Cross-Traffic Avoidance Assist^{1,2}

uses rear facing sensors to monitor left and right rear sides, and warn or even actively apply the brakes if there's traffic approaching from either side.

¹ Available feature. See features page or visit kia.ca for full details. International model shown.
