

ECONOVAN

4WD MAXI

Econovan Maxi 4WD

This is the hard-working van that can take a crew and a load to almost anywhere. The 4.7 metre overall length and high roofline mean there's plenty of space inside. Econovan Maxi 4WD has seating for 6 people, or the back seat can be folded forward, to make extra loadspace. And there's a rear step bumper for easy loading.

So load up and head off. A 2.0 litre petrol engine and 5-speed manual floor mounted transmission as well as power assisted rack and pinion steering mean

Econovan Maxi 4WD is a pleasure to drive in the country or in the city. When the need arises its 4-wheel-drive capabilities will make light work of sand, snow, mud and gravel — which makes Econovan Maxi 4WD especially suited for work at mining, construction, logging and survey sites. Econovan Maxi 4WD also makes a great unit for camper conversions.

A limited slip differential helps smooth out the rough roads and tracks. And Econovan Maxi 4WD has a special automatic timing shift

mechanism that lets you change to 4WD on the move when the front wheeling hubs are engaged.

Driver and passenger comfort is enhanced by many sedan-like features. The driver's seat has a step-reclining adjustment. Binnacle mounted switches are within easy reach. There is a remote release for the fuel lid and the rear door. For extra comfort in all seasons, Econovan Maxi 4WD is fitted with a 4-speed ventilation system. This may be a hard-working van, but it's very easy on the driver and passengers.

 Ford Australia - We're moving with you.

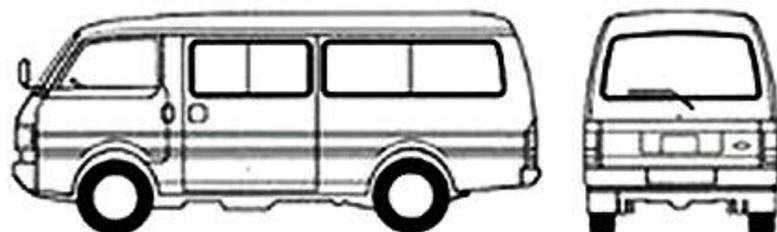

Econovan Maxi 4WD

Bodystyle	: Glass Van, 4x4
Engine	: 2.0 Litre Petrol
Transmission (Number of Forward Gears)	: 5 & 2 Manual
Rear Wheel Configuration	: Single
Cargo Area Dimensions (mm) — Internal Length (Floor Level)	: 2915
— Internal Width (Floor Level)	: 1540
— Internal Height	: 1350
Gross Vehicle Mass (kg)	: 2830
Kerbweight (kg)	: 1570
Payload* (kg)	: 1260
Maximum Permitted Axle Loading (kg) — — Front	: 1440
— Rear	: 1700
Rear Axle Ratio	: 4.777
Gross Combination Mass (kg) (GVM Plus Trailer Mass)	
— For Trailer With Brakes	: 3930
— For Trailer Without Brakes	: 3490
Wheels — Front	: 14x5J
— Rear	: 14x5J
Tyres — Front (Radial)	: 185R14
— Rear (Radial)	: 185R14
Turning Circle (kerb to kerb)	: 11.6

*Payload is defined as GVM less kerb weight. Kerb weight includes all fluids, full fuel tank, less driver and passengers.

- Vinyl seat facings • Half-sliding centre side and right hand rear windows and half fixed rear right hand side windows • Vinyl floor-covering in the cabin and cargo area • Tripmeter
- Quartz analogue clock • Air conditioning is optional at additional cost and is available from your Ford Dealer

Engine: 2.0 Litre Petrol Engine

- 4 cylinder overhead camshaft crossflow petrol engine • Taxable horsepower (RAC rating) 18.34 HP
- Compression ratio 8.6:1
- Bore/Stroke 86mm x 86mm (3.39" x 3.39") • Maximum horsepower 62.9 kW @ 5000 rpm • Maximum torque 152.9 Nm @ 2800 rpm

Transmission Manual

- Five speed all-synchromesh transmission with floor mounted shift
- Gear ratios 4.712, 2.632, 1.479, 1.000, 0.825; Reverse 4.050 • Transfer gear ratio — High Range 1.000, Low Range 2.210

Steering

- Power assisted rack and pinion steering; Ratio — 21.4:1

Suspension

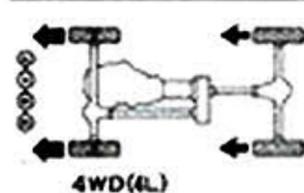

- Fully independent front suspension system with torsion bar springs • Rear suspension features two stage semi-elliptic leaf springs with splayed shock absorbers • Semi-floating rear axle

Brakes

- Dual line, power-assisted with a load-sensing gravity valve • Ventilated front disc brakes • Self-adjusting rear drum brakes

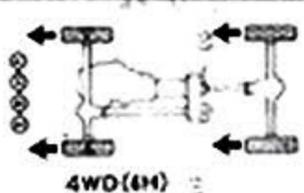

Fuel

- Econovan Maxi 4WD is designed to run on unleaded fuel

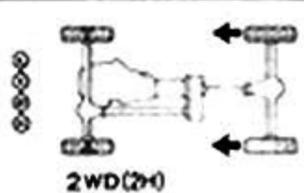

4WD (4L)

This setting provides both the traction on all four wheels of 4WD and the pulling power of Low Ratio gearing. Use this for very steep gradients, especially where engine compression braking is needed.

4WD (4H)

This setting provides the traction of 4-wheel-drive and the benefits of High Ratio gearing. Use this for travelling on unmade roads, in snow, or on sand.

2WD (2H)

This setting provides the Econovan 4WD with excellent city and highway capabilities.

PLEASE NOTE:

1. This specification sheet contains a general description only of the Ford Product referred to on the sheet, its specifications and features and the optional equipment which is currently available for use on or in connection with such product. Generally the optional equipment referred to is available at extra or variable cost. Certain optional equipment can only be used or ordered in combination with other optional equipment. 2. The illustrations, information and specifications presented and referred to in this specification sheet were correct at the time when the specification sheet was approved for printing. However, Ford Motor Company of Australia Limited reserves the right, subject to the laws of Australia and/or any applicable State or Territory thereof and/or the regulations of any competent Authority which may apply from time to time, at its discretion at any time and without prior notice to discontinue or change the models, features, specifications, designs and prices of the product referred to in this sheet and any optional equipment therefor without incurring any liability whatsoever to any purchaser or prospective purchaser of any of such products. 3. All capacities, measurements, dimensions and weights quoted in this specification sheet are approximate only. 4. Because of the possibility of changes in models and the information, specifications, features, standard equipment and optional equipment of or for the product referred to in this specification sheet a prospective purchaser is strongly advised to consult an Authorised Ford Dealer for the latest information on models, specifications, features, standard equipment, optional equipment, prices and availability before placing an order. 5. From time to time deliveries are delayed by causes outside the reasonable control of Ford Motor Company of Australia Limited, or its Authorised Ford Dealers. When an order has been placed, please keep in touch with your Authorised Ford Dealer.
