CHRYSLER CANADA 
Changing the landscape.

WE KNOW WHAT YOU'RE LOOKING FOR!

When it comes to buying your next new car, we know there are things you *need* and things you *want*. For example, it must be durable. Perform well. You *want* a car that's fun to drive. A machine that puts a smile on your face when you slide behind the wheel.

ABOUT THIS CATALOGUE.
Since the time of printing, some of the information you'll find in this catalogue may have been updated. Ask your Dealer for details before ordering. Some of the equipment shown or described in this catalogue is optional and may be available only at extra cost.

You want youthful, contemporary styling outside. And solid comfort - plenty of room inside. You need and want all this - and it has to be affordable. Step up to Sundance. One of the best-equipped, most fun-to-drive cars on the road today! With an impressive list of standard features - plus Chrysler's outstanding 7-year/115,000-km warranty - your choice is simple!

THE EXCITING SUNDANCE RS.

For those who like their excitement turned up a notch, Sundance RS is the ticket! RS moves you right up to a 2.5-litre engine. Or you can go with extra horses - the new optional 2.5-litre Turbo I. With it you can also select the optional 14-inch cast aluminum wheels, shown here, with performance handling All-Season radials.

Fog lamps - with covers - set into the integral front air dam, eye-catching two-tone paint, rear luggage rack and performance bucket seats are standard with RS. Plus the clean aerodynamics, wedge-shaped profile with

flush-mounted windshield and aero-styled halogen headlamps that you'll find on every 1989 Sundance. Plymouth Sundance RS. It's the only way we know of to drive the most excitement for the money you spend.

**SUNDANCE.
A COMPACT CAR
WITH A
FULL-SIZE FEEL.**

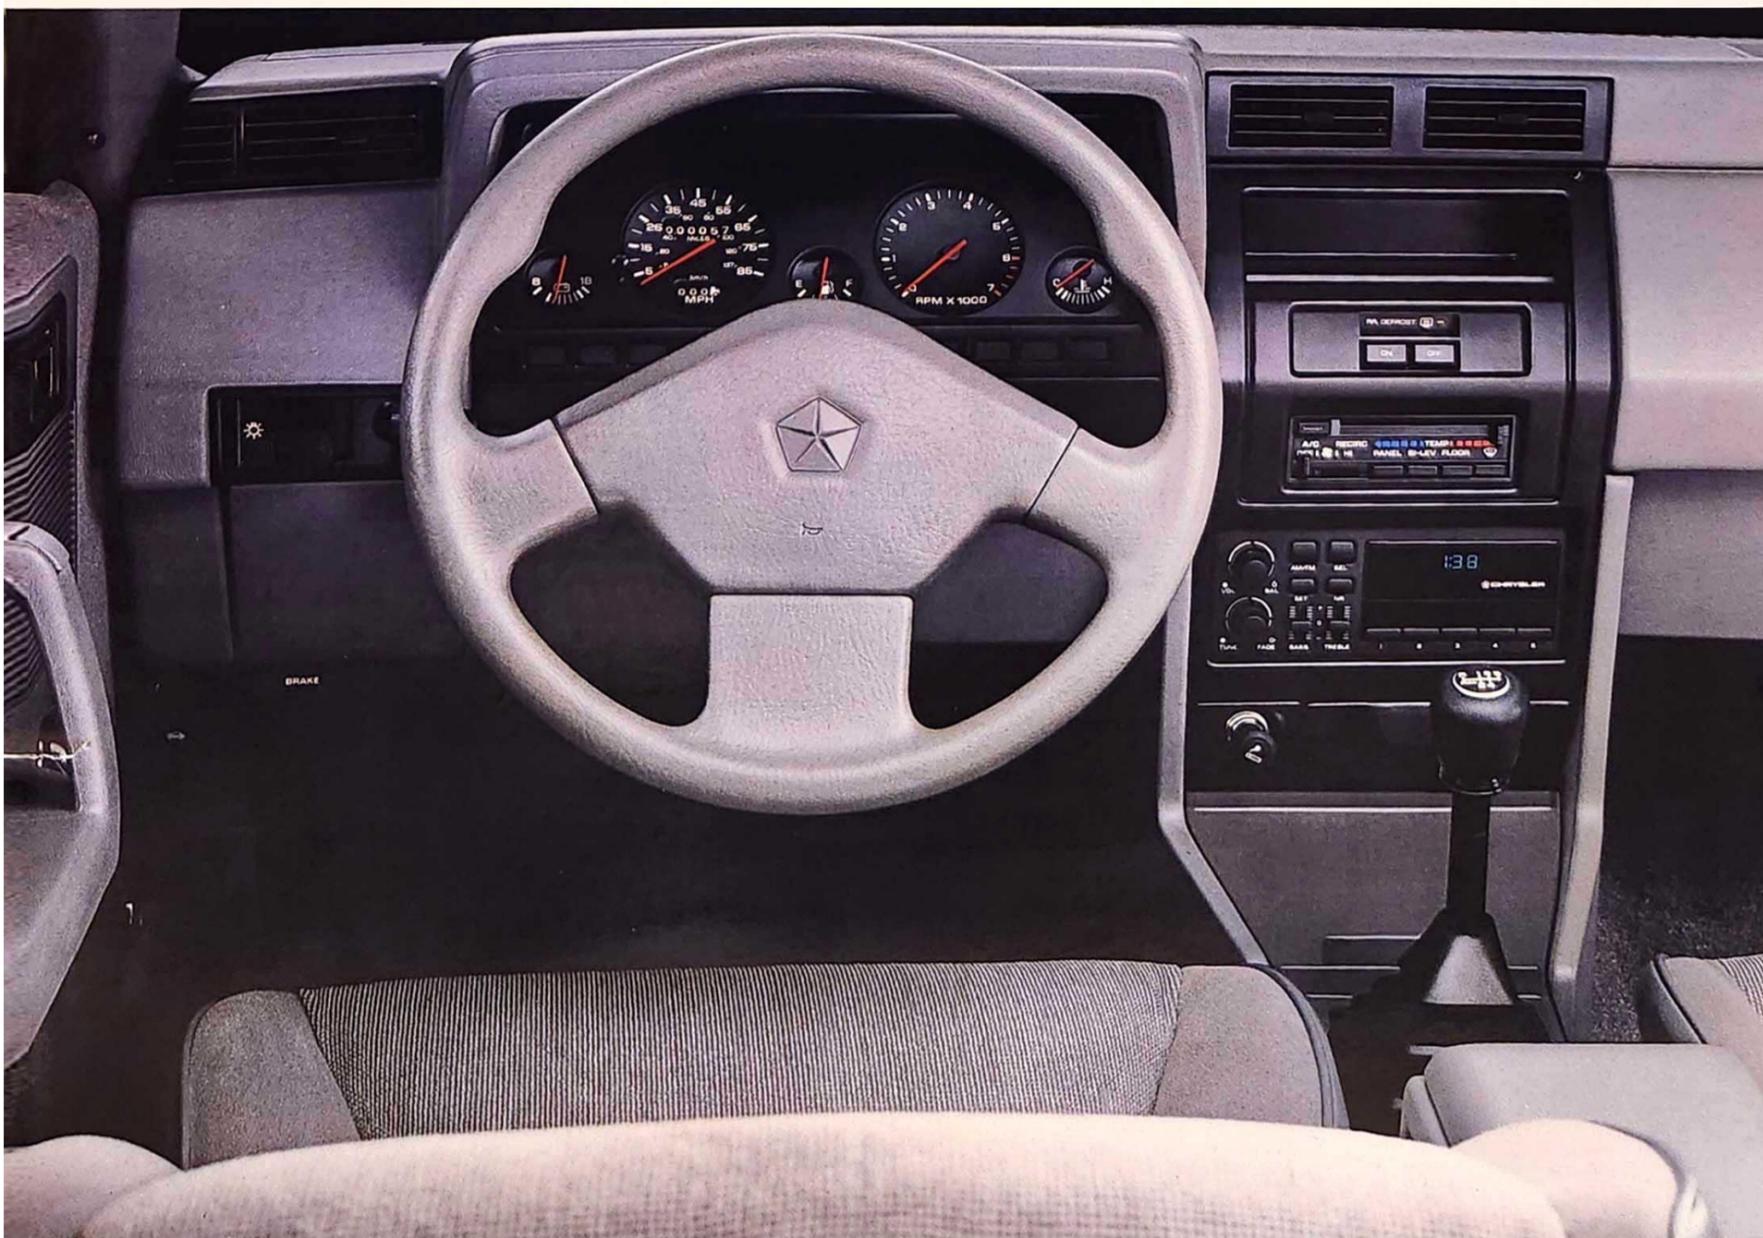

Step inside. The roominess will surprise you. The interior appointments will delight you.

Right before your eyes, a full array of electro-mechanical gauges, situated so the sport steering wheel — leather-wrapped on RS — doesn't obstruct your view.

Just to the right, there's a console

with features which include lots of storage space, a centre armrest and a removable cup holder. There's also an AM stereo/FM stereo radio. Standard.

Look around and enjoy. No doubt about it, Sundance is a very special automobile.

**NOW CARRY CARGO
AND PASSENGERS
AT THE SAME TIME.**

With a 60/40 split of the rear bench seat, you can carry one passenger plus cargo. With both sides folded down, there's over 930 litres (33 cu.ft.) for a vacation's worth of luggage!

**RELAX IN SOLID
COMFORT.**

Our standard seats are like other people's luxury seats. Contoured low-back front buckets are cloth-and-vinyl covered, with reclining backs and adjustable headrests. On Sundance RS, the performance front seats have additional lateral support, adjustable lumbar support for the driver, four-way adjustable headrests and premium cloth seat facings with a unique strobe motif.

CORROSION PROTECTION.

It starts even before the first coat of paint goes on.

We make extensive use of galvanized steel, galvanized steel, and pre-coated steel treated with zinc-rich primer. Then, the whole body is immersed in Uniprime® coating, for extra protection.

Plus lower bodysides are coated with a resilient urethane primer under the paint which protects against flying stone chips.

The result is long life and value you can bank on.

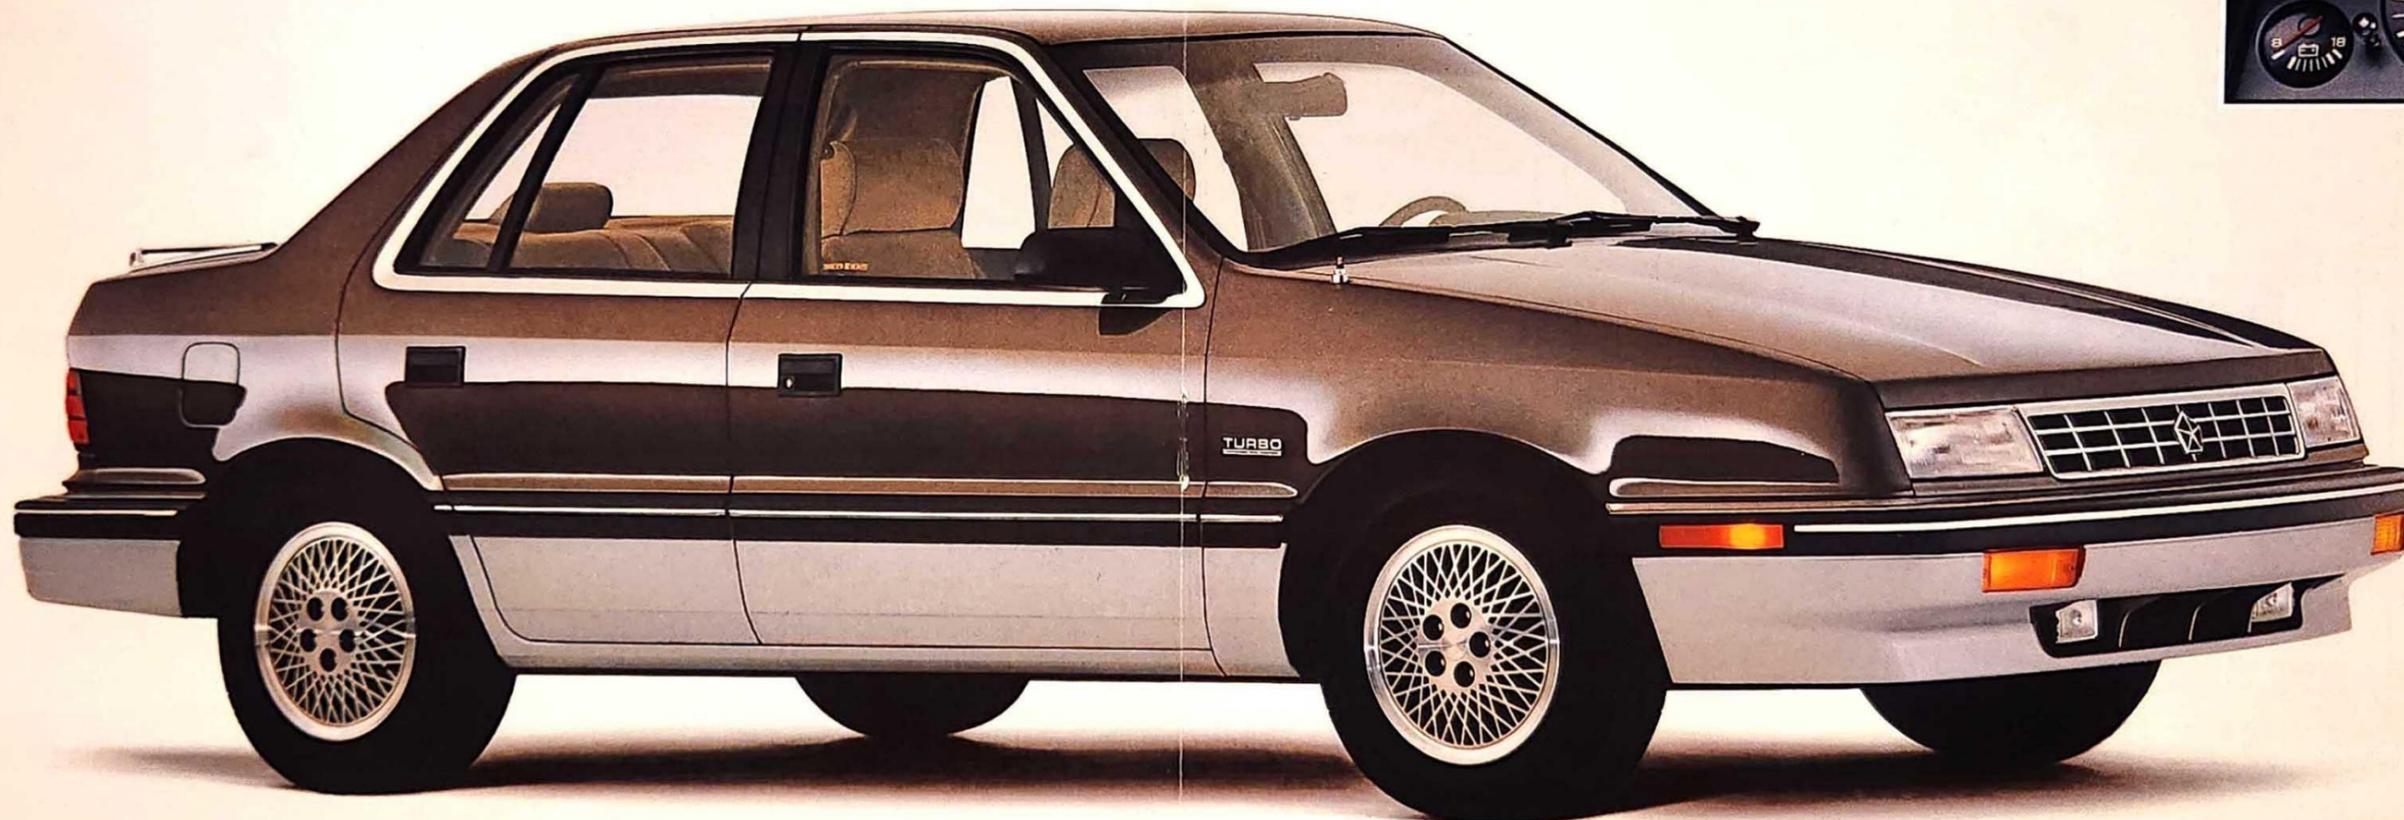

EQUIPMENT AND VALUE.

There are a lot of smaller equipment items that Sundance RS, shown here, and Sundance share in common.

Every car, for instance, comes with dual remote-control outside mirrors. Wide bodyside mouldings to protect against parking lot dings. And sporty wheel covers.

Inside there are three-point shoulder belts for the outboard rear passengers. There's built-in provision for child-seat anchors. And on five-door models, the rear doors have child-protection door locks. All standard.

Of course there are "elective" options you wouldn't expect to find standard, but which you may wish to add to tailor Sundance to your individual needs. You should know that Chrysler has grouped a number of popular options into packages, with discounts that can amount to as much as free automatic transmission or free air conditioning, depending on the package(s) ordered. This can make a very significant difference to the new car's bottom line price — make sure you ask for details.

MILLION-KILOMETRE ODOMETER.

Sundance's standard instruments. Legible and comprehensive.

On Canadian cars, of course, the speedometer reads in kilometres. But note the main odometer. You read right. One kilometre short of a million kilometres. It's not really likely that many Sundances will go that far, but it does tell one thing ... this car is planned to be a survivor.

CHRYSLER AND QUALITY!

For generations, Chrysler has stood for excellence in engineering. Our goal has always been to engineer quality and value into every Chrysler product.

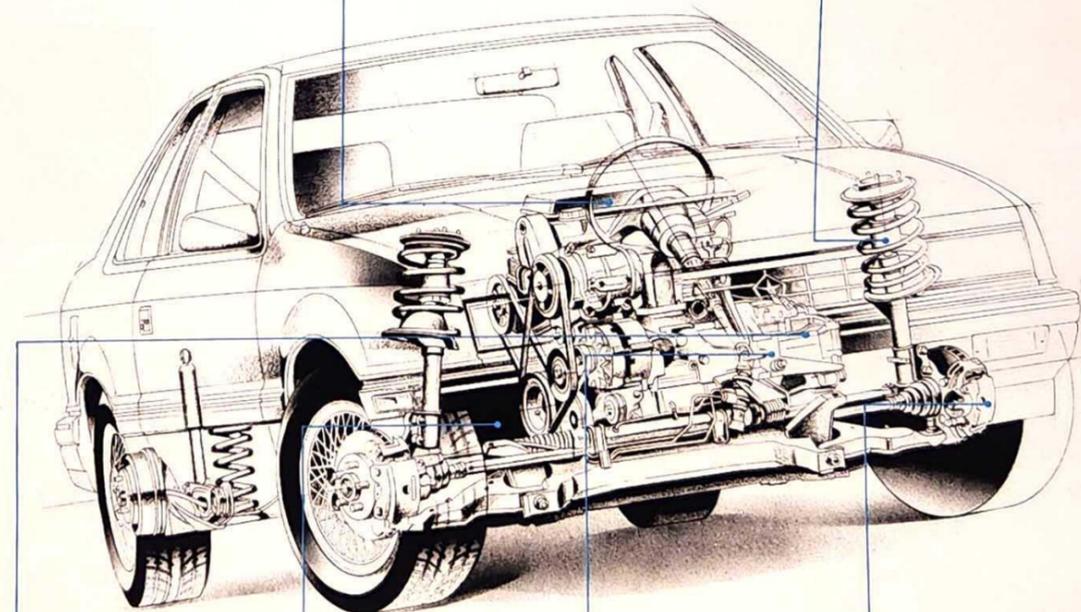

Today, that translates into innovation and leadership in developing vehicles that not only fill a need, but provide you with lasting value, year after year.

Chrysler is in the midst of a technological revolution. During the past decade, billions have been spent on new plants, processes and products.

With a growing army of assembly-line robots and industrial computers our commitment to you is to build vehicles that are not merely of equal quality, but the best quality in their class, without exception.

OPTIONAL TURBO I. The 2.5-litre turbocharged EFI engine, featuring counter rotating balance shafts, is included in the Turbo Engine Package. Available on Sundance and Sundance RS.

PLYMOUTH SUNDANCE TECHNICAL INFORMATION

ELECTRONIC FUEL INJECTION. Standard electronically-controlled system automatically adjusts air/fuel mixture for smoother operation, winter or summer.

PRECISION HANDLING SUSPENSION. Includes gas-charged front Iso-struts and rear shock absorbers, plus front and rear anti-sway bars.

CLOSE-RATIO, 5-SPEED MANUAL OVERDRIVE TRANSMISSION. A gear for every road condition, with the overdrive advantages of quiet operation and enhanced fuel economy at highway speeds.

STAINLESS STEEL EXHAUST SYSTEM. Made of corrosion-resistant stainless steel for extended life.

ELECTRONIC LOCK-UP TORQUE CONVERTER. Eliminates slippage natural to automatic transmissions. Enhanced fuel economy is the result. Used with non-turbo engines.

DIAGONALLY-BALANCED BRAKING SYSTEM. Floating caliper power front disc brakes and rear self-adjusting drum brakes are connected into diagonally-balanced hydraulic circuits.

STANDARD ENGINE. The 2.2-litre EFI engine with 5-speed manual overdrive transmission is standard. 3-speed TorqueFlite automatic transmission is optional.

SUN ROOF. Let the sun shine in with this popular option. Comes with wind deflector and sun shade. Optional.

PREMIUM AM STEREO/ FM STEREO RADIO.

With memory scan, up and down seek and scan, Dynamic Noise Reduction†, cassette player with auto reverse, fast forward and rewind, automatic metal tape sensor, tape program music search, joystick balance/fader speaker control, 4-speaker system. Standard on RS, optional Sundance.

AM STEREO/FM STEREO RADIO. Electronically-tuned with Dynamic Noise Reduction†, bass treble slide controls, 4-speaker system. Standard on Sundance. Also available as option with cassette, shown here.

POWER WINDOWS, DOORS AND MIRRORS. Frequently not available on cars this size. A luxury many people don't want to be without. Optional.

TILT STEERING COLUMN. Adjusts to the comfort preference of individual drivers. Ideal for multi-driver families. Optional.

ELECTRONIC SPEED CONTROL.

Disengages automatically if the brake pedal is applied, yet will resume the previous set speed at the touch of a button. Optional.

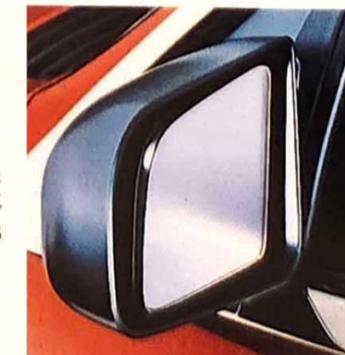

LARGE LIFTGATE. Supported by gas struts with remote release near driver's seat. Pivoting rear shelf panel hides valuables stored in carpeted cargo area underneath. Standard.

DUAL VISOR VANITY MIRRORS WITH COVERS. Make it easier to look your best. Driver's visor also has handy map pocket. Standard.

DUAL REMOTE OUTSIDE MIRRORS. Inside adjustment makes switching drivers easier and safer. Standard.

Cloth with vinyl trim contoured low-back performance front bucket seats. Four-way adjustable head restraints and seatback recliners. Driver's side adjustable lumbar support. Standard on Sundance RS.

Cloth with vinyl trim contoured low-back premium front bucket seats. Adjustable head restraints and seatback recliners. Standard on Sundance.

TRAILER TOWING: Ask your Dealer for Chrysler Canada's special brochure.

Ask about the Chrysler Canada Physically-Disabled Assistance Program.

All of Chrysler Canada's North-American-built cars are protected by warranty coverage that spells confidence. Upon expiration of the 12-month or 20,000-kilometre Basic Warranty, the Powertrain Warranty extends coverage up to 7 years or 115,000 kilometres*. The Corrosion Warranty covers body sheet metal against rust-through for 3 years (regardless of distance driven) and outer body panels are covered up to 7 years or 160,000 kilometres. See your dealer for full details.

*A deductible may apply.

Leasing: Any Chrysler, Dodge or Plymouth car or Dodge Truck can be leased from your local Chrysler Dealer - The Leasing Professional.
