JACKAROO V6

Whether you're heading for some serious off-roading or simply negotiating the backstreets of Bondi, Jackaroo's unique blend of practical design and amazing comfort and performance will take you there and beyond.

At first glance, you'll notice that the Jackaroo has a compact, aerodynamic design compared to its competitors. Something which is confirmed from the moment you take your position behind its ergonomically designed dash and begin to experience its amazing driveability and ease of handling.

And inside, the Jackaroo is cavernous. With an intelligent use of space boasting class leading dimensions in several areas and the practicality of 7 adult seats*. Another practical design that can be easily converted into a number of amazing seating and cargo configurations.

SE interior shown.

Under the bonnet lies a highly advanced and amazingly responsive 3.2 litre 24 valve V6 engine.

The only 75 degree all alloy V6 in a four wheel drive and developing a formidable 130kW of power at 5200rpm and 260Nm of torque at 3750rpm.

So wherever you're going, Jackaroo has what it takes to get you there.
